They Need Our Support---

Neglect Threatens Our Best Defense Against Delinquency

ESTIMATED 100 BOYS PARTICIPATED THIS YEAR

Officers and managers of both Little League and Babe Ruth League are staging the final double header next Friday night at City Park. Plans are complete to have the first game be between two All-Star selections of Little Leaguers and the second to be played by Clanton. This will be Parent's Night

This year marks the end of the second season of Litle League, and the first official Babe Ruth season. The two programs have made an exceptionaly good basis for Clanton's over-all Recreation Program---and that is rapidly coming to be something for which we can all feel proud.

However, the public's response to the youngsters has fallen far short of expectations. In fact, There Can Be No Little League in Clanton in 1956 Unless Something is Done and Done NOW! And of course, without Little League graduating the boys upward, the Babe Ruth League will naturally die, too.

Everyone connected with these two Leagues have done everything in their power to eliminate the few objectionable features, and now earnestly solicit your cooperation, if you wish the continued operation of the two Leagues. There are ninety boys in uniform this year; all indulging in clean, supervised play; building better bodies and minds—

And so few people in the stands supporting them that it isn't worthwhile to pass the hat.

Friday night the officers and managers hope to receive contributions sufficient to pay off this year's losses and have a nest egg for the beginning of 1956.

Won't you come help make Clanton for Juvenile Sports rather than Juvenle Delinquency?

Your presence and your help is needed and will be appreciated.

Cracklin' Corn Bread Favorite Of All Davys

No wonder Cracklin' Corn Bread was a favorite of the original Davy Crockett! Just try it on your own young lad. There'll be no need to use the famous hero to put it over . . . its own delicious flavor will make it *HIS* favorite, too, and you'll find that the whole family joins him in his enthusiasm.

This modern recipe is a favorite with busy housewives for it's so simple to prepare, keeps well and tastes just as good when reheated for second meals. Best way to serve it is piping hot, with a good helping of butter or margarine, preserves or syrup. Try it once and you'll make a double recipe next time around, for sure!

Davy Crockett Cracklin' Bread

- 2 cups Self Rising Corn Meal
- 1 cup sifted Self Rising flour
- 1 egg, beaten
- 1⅔ cups sweet or diluted evaporated milk
- ⅓ cup bacon drippings, melted and cooled
- 1 cup cracklings*

(If plain corn meal is used, add 6 teaspoons baking powder and 1 teaspoon salt.)

Mix corn meal and flour in mixing bowl. Combine egg and liquids and add to dry ingredients, stirring gently during addition. Stir just until ingredients are mixed. Fold two-thirds of the cracklings into the batter. Pour batter into well-greased square (8 x 8 x 2-inch) baking pan. Sprinkle top with remaining cracklings. Bake in hot (400°F.) oven until done, about 25 minutes. Serves 6.

*To fry cracklings, place small pieces of bacon in a heavy fry pan and cook over low heat until bacon is crisp and brown. Stir as needed to brown evenly. Drain on paper towels.

Roberts, Montevallo, Ala., Rt. 2; Earl Melton, Clanton, Rt. 4; R. M. Foshee, Clanton, Rt. 4; A. R. Taylor and Richard Muncher, Clanton; W. A. Rasberry, Jemison. Rt. 2; C. O. Jones, Clanton; S. A. Jones, Clanton; and A. L. Lenoir, Maplesville.

Ala. Host To So. Govs. Convention

While at Chicago, the Governor issued invitations to all representatives of newspapers, radio and television networks who were "covering" the national Governor's Conference, to come to Alabama in October "to cover" the Southern Governor's convention.

Alabama will be host State this year, and Grand Hotel, Point Clear in Baldwin County, will be headquarters for the meeting, Oct 17-21.

The Governor told the news gatherers that he would guarantee them some good news stories, and said they would be given an opportunity to see the growing State Docks at Mobile, "our fine Gulf beaches" and "some of the best fishing in the world.".

Join Regular Army On The Buddy Plan

CHILTON COUNTY YOUNG MEN volunteer for Regular Army under Buddy Plan. (Left to Right) James Downs, Verbena, Bobby Chandler, Verbena, and Leonard Chandler, Clanton, Rte 2, enlisted i nthe Regular Army last week under the Army's Buddy plan so they can be assured of staying together during their entire period of basic training. They are shown taking the oath of enlistment administered by Captain L. O. Barfield, U S Army Recruiting Officer, at the US Army Recruiting Main Station in Montgomery.

Signing up under the Buddy plan for Regular Army volunteers last week were three Chilton County young men, Bobby Chandler, son of Mr. and Mrs. R. E. Chandler, Verbena, along with two of his cousins, Leonard Chandler, son of Mr. and Mrs. W. A. Chandler, Clanton, Rte. 2, and James Downs, grandson of Mrs. Edna Downs, Verbena.

The Chilton County young men enlisted under the Army's Buddy plan which makes it possible for friends, neighbors, classmates and relatives to stay together during their entire period of basic training.

Bobby Chandler, a graduate of Verbena High School, class of May 1955, chose the Signal Corps under the Army's plan for volunteers to select their branch of service when they enlist.

Both Leonard Chandler and James Downs chose the Ordinance Corps for their branch of service.

All three young men were sent from Montgomery to Fort Jackson South Carolina for indoctrination basic training and further assignment.

Issue For Improvement---

Folsom Backs Bond Bill For State Parks

Montgomery.—Charging that the State Parks system has been "neglected since the day it was estab- and make them national as well as tourist centers, and self-supporting lished by Gov. Bibb Graves," Gov James E. Folsom has urged passage of a $5 million bond issue bill "to improve these fine playgrounds and recreational centers of all our people."

The bill is now in committee.

The governor pointed out that no new cabins have been built in any of the State Parks since the first structures were built by CCC boys during the Graves administration.

He said that when the Parks have been modernized and developed "and made worthy of our great State, I will invite everyone to come to Alabama and stay in these parks, located amid some of the finest scenery in the U. S.—but some of these Parks are at present a disgrace to the State. If they are not improved, the Governor said, "four or five should be closed."

Major State Parks are Joe Wheeler Park located near Guntersville, on the great lakes; De Soto in DeKalb County where there is located a 16 mile drive along the rim of the Grand Canyon of the South; on Cheaha Mountain, highest point in the State, where views from cabins show pine-covered slopes, valleys and lakes; Monte Sano in Madison County where, among other attractions, there is a "dude ranch"; Gulf Shores, and Fort Morgan, where cabins and a hotel respectively, rim the white sands and blue waters of the Gulf.

Other major parks are located at Oak Mountain, Shelby County; Little Mountain, in Marshall; Auburn and Negro park near Guntersville.

Swimming, boating, fishing and picnic facilities and other facilities are available at most of the parks, with cheap cabin rates for overnight or weekly guests.

Governor Folsom said, however that these parks which are not self-supporting because of insufficient development, have had only routine maintenance plus minor improvements since the days of Bibb Graves.

He is, therefore, urging support for the bill which would give the Parks a $5 million "shot in the arm"

Ryan Named Pres. Of Land Bank

John L. Ryan, senior vice president of The Federal Land Bank of New Orleans, has been named president of the bank by the board of directors.

Mr. Ryan has been an employee and official of the land bank for 34 years. He started as a clerk in the bookkeeping department in September 1921 and gradually advanced to the presidency of this great institution that serves 30,000 farmers in this district.

Mr. Ryan is a native of New Orleans. He received his preparatory education in the parochial schools of the city and graduated from the College of the Immaculate Conception in 1921, and immediately went to work for the Federal Land Bank, which he has served his entire adult life.

The new president of the land bank is thoroughly familiar with every detail and phase of the institution and is widely known in farm circles throughout the fifth farm credit district.

Mr. Ryan offers a fine example of how an industrious, intelligent, and ambitious young man can start at the bottom and work his way to the top of a great business institution. He has served in every single department of the bank and has a first-hand knowledge of every operation connected with it.

The new president is friendly, fair minded, courteous, considerate, and is well liked by all who know him in the bank and in the field.

He has the experience, the training, the knowledge, the personality, and the administrative ability to make the bank a great president.

Mr. H. O. Pate, president of the New Orleans Bank for Cooperatives was named general agent of the fifth farm credit district by the Farm Credit Board, and James E Kelly, president of the Federal Intermediate Credit Bank, was named acting general agent.

BILLINGSLEY-BETHSALEM NEWS

The annual all day singing was held at Bethsalem Sunday attended by a large crowd and plenty of good singing and dinner enjoyed by all.

Mr. and Mrs. James Morris Williams and son visited Mr. and Mrs. G. W. DeFreeze last week end in Fairfield.

Mrs. C. C. Martin and children and Misses Willie Pearl, Nancy, and Sarah Ann Chandler attended revival services at Shiloh last Friday night.

Miss Ruth Chandler of Clanton spent the week end with Mr. and Mrs. Clyde Chandler and family.

Misses Willie Pearl, Ruth, Nancy, and Sarah Ann Chandler, Dean, Robbie, and Dot Mims, Jean and Shirley Johnson, and Betty Jo Friday attended church at Pleasant Valley Sunday night.

HORSESHOE BEND may become Alabama's first National Military Park, according to a resolution just passed by the Alabama Legislature. They asked Congress to approve the bill introduced by Congressman Albert Rains, fifth district, to make Horseshoe Bend a National Military Park. This air view shows the site of the battle of Horseshoe Bend where Gen. Andrew Jackson, Davy Crockett, Sam Houston and a brave regiment of soldiers broke the power of the Creek Indian Nation. Also shown is the historic covered bridge which crosses the river nearby. The bridge, which is one of the oldest in the state, will be preserved as a part of the park.

HEALTH HORIZONS

The Fruitful Older Years

Old age need not be a barren, lonesome period of life. World-wide specialists in the problems of aging gathered recently for a meeting in St. Louis, Mo., and concluded that modern medical and psychological research has made it possible for the older years to be both fruitful and productive.

Of paramount importance, the experts say, is a hobby or interest which stimulates the mind.

They warned against the use of strong medications and recommended a moderate, well-balanced diet.

One of the specialists, Dr. Harold E. Himwich, research director of the Galesburg State Hospital, Galesburg, Ill., saw new hope in a chemical substance which relieves many of the mental and emotional ailments associated with aging.

Dr. Himwich experimented with monosodium 1-glutamate. He gave it to 27 elderly mental patients in his hospital. The chemical was added to tomato juice.

Of the 27 patients 17 showed "striking" improvement after receiving the monosodium 1-glutamate. Previously, they had not responded to any treatment.

Monosodium 1-glutamate has been combined with niacin and other B vitamins in the compound L-Glutavite, now widely used as a cerebral tonic for the aged.

Greater Benefit

Dr. Himwich's work was done with extreme mental cases Persons of advanced age with only minor symptoms of mental disorders presumably receive greater benefit from the substance.

The St. Louis meeting, sponsored by the Catholic Hospital Association, was recorded on motion picture for distribution to television stations under the title, "The Fruitful Older Years."

Howard College Extension School Opens Sept. 19

The Howard College Extension Division for Christian Training will begin its fall term here at the First Baptist Church, Tuesday night, September 13 at 7:00 O'clock. Three courses will be taught, but only two periods of about fifty minutes each. Two courses will be taught parallel.

Dr. and Mrs. J. Gilbert Hutchinson and the Rev. Clarence Clinkscales will be the instructors. Mrs. Hutchinson will teach the preview of the Sunday School lessons; Dr Hutchinson will teach a course in New Testament: "Book of Mark." That is the schedule for the first semester.

The schedule for the second semester will be the same except Rev. Clinkscales class will take up studies in I and II Timothy, Titus and Philemon.

The registration per semester is $2.00 and the tuition is $4.50 per course. Therefore, the entire se memester will cost only $11.00 plus books. You just cannot afford to miss an opportunity like this.

Worthy students can receive financial aid by filling out an application blank with the register. Some churches in the past have made it possible for some of their people to attend the school by paying the registration and tuition. This is a forward step on the part of any church or individual since there are Sunday School teachers and prospective teachers that would like to especially take advantage of the Sunday School preview.

Classes will be held only one night each week and will continue for 17 weeks. It is the arm of Howard College reaching out right to our front door. Beware lest you let this golden opportunity slip and leave you unprepared.

M. Lockhart, Director.

Mrs. Vera Griffin, Reg. 32-34-3

Pilgrim Rest To Have Homecoming

The annual Homecoming and all day singing will be at this church Sunday, August 21. We invite all singers to come. Also our revival will begin the same day with Rev A. L. Dennis doing the preaching and he urges everyone to attend the meetings throughout the following week. 32-3

MT. PISGAH NEWS

Jeanette Duren

The attendance Sunday and Sunday night was very good and we invite each and everyone out each Sunday.

The WSCS of Mt. Pisgah will meet at the home of Mrs. Lloyd Foshee at 1:30 p.m.

We had a good number at prayer meeting Wednesday night. There will not be prayer meeting for the next two weeks.

Mr. and Mrs. Edward Perry from Pine Level visited Mr. and Mrs Reuben DeVaughn Sunday afternoon.

Mt. Pisgah sent three girls, Carolyn DeVaughn, Jo Doris Brown and Scarlett Ray to Methodist Assembly Grounds at Blue Lake. They returned with very nice reports.

We were glad to have Mr. Lewis Duren, who has been in Georgia back at church.

Mr. R. W. Duren, Jr., will be home this week end from Little Creek, Virginia.

We were glad to have Mr. and Mrs. Elbert Baker with us Sunday and hope they can come back soon

CHILTON COUNTY NEWS

CLANTON, ALABAMA THURSDAY, AUGUST 18, 1955

At Speigner---

All-Stars Will Play Draper Saturday

The Chilton County All-Stars were idle over the past week-end. The game with Prattville was called off due to a mix-up in Prattville schedule.

The Stars will swing back into action Saturday afternoon when they go to Speigner to play the always tough Draper Prison team.

Sunday afternoon the Centreville base ball club will make their first appearance at Clanton's City Park for this year. The Stars will play at Centreville Saturday August 27

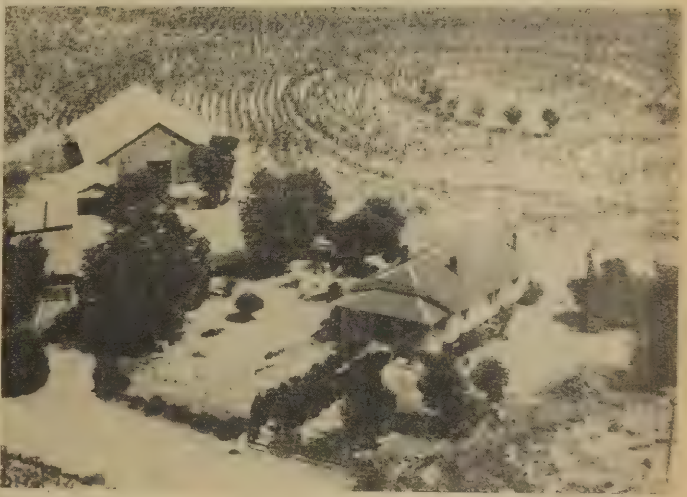
The All-Star hope to give the local fans a double-header for Sunday, August 28th. The Billingsley team will be here for one of the games. The other team is not a certainty as yet. The Stars will play at Billingsley Saturday September 3rd

The Stars are making every effort to bring some of the top Birmingham teams to City Park before the season ends. Also under consideration at this time are plans to stage a Joe Ellison Day at City Park in honor of Clanton's only professional ball player. This game to be played during the latter part of September when Joe has returned home.

The leading hitters for the Stars are Grant. 356, J. Smith 321. B Easterling 3.10, J. P. Easterling 297, Ellison 296, Guin 292, and Lowery .288.

Bobby Wyatt has won 11 lost 1 and Grant has 5 wins and no losses. The Stars have a record of 23 wins and 8 losses.

Whose Farm Is This?



Now here's a "Mystery Farm" that can easily be recognized. There are so many landmarks in this photo that we won't try to point any of them out.

If you think you know who owns the farm pictured above, come to the News office before four o'clock next Saturday afternoon and tell us. You'll probably be a winner and get two free passes good at any Wadesonian Theatre in Chilton County; you may also win the Grand Prize of $12.00 in merchandise; and you can't lose a thing.

Come on in and guess. The prizes are waiting and we have plenty for everyone.

ISABELLA NEWS

(MRS. J. H. WELLS)

Mulberry Church—

There was regular services at Mulberry Sunday with our pastor, Rev. Evan Johnson delivering two fine messages. Between Sunday School and worship service Mrs. K. S. Weeks gave a chalk talk using as her theme the 23rd Psalm. The Veazey Sisters rendered the music while Mrs. Weeks drew the pictures.

The nominating committee probably will be ready to recommend nominations for the departments heads (except WMU president) next Sunday. Be thinking and praying about this important matter and be ready for a vote next Sunday morning.

The nominating committee is composed of the following people: Jack Tucker, Julius McCraw, Mrs. Garland Smith, Mrs. Walter Lecroy Charles Calfee, and Mollie Smith.

The pastor is having a class for all new members at the Training Union hour. All new members are urged to attend.

Jean McCraw and Anna Mae Fox are to give a report next Sunday on their trip to Shocco Springs.

A number of our people attended the Youth Rally at Northside Mission in Clanton last Saturday night. J. B. Mizzell delivered the messsage of the evening.

Did you notice that Mulberry's name was on the Hundred Club in last week's Alabama Baptist as we had 111 present in BTU on July 31.

The Laura Williams Circle will meet with Mrs. Buster Sexton on Thursday, August 25 at 4 p.m.

Mrs. Clyde Hightower and daughter Kay of Bynum are spending this week with their parents and grandparents, Mr. and Mrs. J. D. Conway.

Mr. and Mrs. Olin Johnson of Alex City were Sunday guests of Rev. and Mrs. Evan Johnson.

The E. S. Jones week end guests were Mr. and Mrs. Andrew Jones and children of Birmingham, Mr. and Mrs. Lloyd Jones of Tuscaloosa and Miss Jessie Mae Holcomb of Birmingham.

Mrs. Avoleen Lecroy had the misfortune last week to get her left hand injured while working in the shop.

The J. H. Wells' week end visitors were Mr. and Mrs. Erly Dobbs and son Ricki of Montgomery, Mr. and Mrs. Andrew Jones and children of Birmingham.

Mr. and Mrs. H. L. Ratliff spent a long week end in Tallahassee, Fla. visiting their daughter and family Mr. and Mrs. C. B. Williams and daughters. The Williams are moving to Houston, Texas this week

Mrs. C. J. McKemmis and daughter Ann of Maryland were Monday spend the day guests of Mr. and Mrs. E. S. Jones.

The A. J. Lecroy's Sunday guests were Mr. and Mrs. Joe M. Cosey of Birmingham and Mr. and Mrs. C K. McEwen of Isabella.

Mr. and Mrs. Preston McGhee and daughter Mary Alice of Maplesville and Mr. and Mrs. James Alexander and son George of Pensacola spent Sunday with the Lewis McGhees.

Mrs. Euna Manning returned from Tuscaloosa Saturday after spending the week there with her daughter Mrs. K. S. Weeks. Mrs. Manning's week end guests were Mrs. C. H. Oliver and daughter Barbara and Shirley Walker, all of Birmingham, Mrs. K. S. Weeks and son Karl of Tuscaloosa, Clifford, Micky, and Hudson Manning of Marbury.

Mrs. Emma Manning was honoree at her 80th birthday party on Saturday night, August 13 at the home of her daughter, Mrs. J. H. Wells. Look for a write up later about the party.

Last Sunday Mr. and Mrs. R. C. Veazey and sons Randall and Kenneth visited the C. W. McDonells in Ensley

On Thursday of last week Mrs. J. H. Wells afternoon guests were Mr. and Mrs. W. A. Crumpton of Ensley.

We are sorry to report that Mr. T. Tucker, at the time of this writing, is in the Veteran's Hospital in Montgomery. He underwent an operation there last week. He is doing nicely and hopes to come home this week

John R. Large is still in the Veteran's Hospital in Montgomery. He will appreciate your visits and cards.

Little Pam Ratliff has been sick at her home this week. She is improving now though.

The Winners!

Only five correct answers to last week's "Mystery Farm." Come on, you can do better than that.

Samuel Sansom won the Grand Prize of $12.00 in merchandise and below is a list of the other contestants who guessed correctly. Each will receive two free passes good at any Wadesonian Theatre in Chilton County:

SWEET POTATO TREAT

Your friends will talk for weeks about this toothsome dish once you give them a taste. A delicacy we owe to the Southland, Sweet Potato Treat is so easy to make you'll want to use it as a standard companion piece for your favorite ham recipes.

6 medium sweet potatoes
2 bottles Dr. Pepper
2 tablespoons butter
⅛ teaspoon cinnamon
1 box marshmallows

Pare and slice sweet potatoes lengthwise into half-inch strips, filling casserole which has been well buttered. Pour Dr. Pepper over sweet potatoes and dot with butter. Dust with cinnamon, top with 8 or 10 marshmallows, and bake one hour in 300 degree oven.

Lewis Neutral On Road Bill; Tingle Is Against It's Passage

Several people have attempted to recruit me on one or the other side of the controversial bill involving some changes in the County road department.

It is my personal opinion that the issues involved are political in nature and I have therefore refused to state an opinion in favor of or against the pending legislation. In addition, I wish to make it clear that the present controversy predates my arrival in Chilton County by a matter of many months.

Whatever is the final outcome of the present confusion, it wil be he duty of all road employees to work with the law as written, and it will be my desire to give the taxpayer a business-like operaion just as free of politics as possible.

-s- H. J. Lewis

* * *

First, I would like to say that when I ran for Probate Judge of Chilton County, I did not stoop to mud slinging or slander to get elected. I will not stoop to such in the controversy on the present bill regarding the Board of Revenue and Control.

I have always maintained as much as possible politics should be left out of our road department, schools, and churches.

Since I have been chairman of the Board of Revenue and Control I have tried to be democratic in every way. We open our meetings with prayer and ask God to help us do what is right.

This bill which our representative will introduce, in my opinion, will not work. The engineer would have no control over the men he is working.

Second, nominating the members of the Board by district is not possible because we are working under the unit system, and under the unit system, a board member cannot represent a single district only.

Everyone should have the right to vote for a board member because the board spends the money of all the people and not money from one district.

The representative challenges me to deny that I have stated that my chief inerest in the road crew was the political influence it exerted. This is the most rediculous statement I have ever heard and I defy him to prove it. I understand that Mr. Speaks stated that we have more money than ever before to build roads, but it i my opinion that if his bill is passed into law we will be unable to build any roads at all.

In closing, I would like to make this statement, our representative is a young man, educated, and has a wonderful opportunity of making a name for himself in our county, but he cannot do so unless he represent all the people of Chilton County and not just a chosen few We can be of more service to the people if we work together in harmony, instead of working at cross purposes.

-s- M. D. Tingle

ALABAMA HIGHLIGHTS

Alabama's first producing oil well was brought in at Gilbertown in Choctaw County on Feb. 17, 1944 by the Hun Oil Company.

Thirty-one cotton mills were in operation in Alabama in 1900 and they had a total of 411,328 spindles and 8,549 looms. The mills used 134,371 bales of cotton a year.

In 1930, Alabama had 103 cotton mills operating nearly 2,000,000 spindles and more than 26,000 looms. These mills used more than 600,000 bales of cotton a year.

"Everybody Wins" Campaign---

sition pure and simple. Its object is to further expand the growing list of subscribers to The Chilton County News; to advertise the 1955 Ford V-8 Fordor, supplied by Clanton Motors, Inc. your local dealer for Ford cars, and to open a way for our friends and readers in this area to profit mightily through whatever spare time they might have during the next few weeks. So the plan works to the ultimate benefit of all concerned.

Paper Easy To Sell

One of the easiest things to sell in Clanton and surrounding areas at this time is The Chilton County News. Its excellent news coverage together with clear cut, representative advertising, display and classified, have placed the paper as the number one news representative of this rapidly developing area.

With the continual influx of new people in this area there is a potential of literally thousands now residing here who would be glad to become regular subscribers if merely asked to do so.

Contest to Last 7½ Weeks

This subscription drive will not be a long drawn-out affair, but will extend over a period of only 7½ weeks. Just think of being able to acquire your own for keeps—such highly valuable prizes in so short a time and for only a little interest and lively action on you part.

The first step toward immediate benefits and ultimate success is to clip the entry blank and free vote coupon appearing in the lower right hand corner of the official anouncement in this issue.

Then by using that "early effort" coupon appearing on the front page (good only during the first week of the contest) which is worth 100,000 premium votes for prompt action when accompanied by the very first subscription you obtain—new or renewal—you're off to a flying start with a really substantial number of votes toward winning one or more of the prizes offered.

Here's a word of advice to those who want to make the most of this unusual opportunity. Although the contest does not officially start until next Wednesday morning, there's nothing to prevent ambitious ones who really want to win from starting out right now gathering the easily obtainable subscriptions from friends, neighbors and acquaintances while the "getting is good." A word to the wise should be sufficient!

Give Information, Assistance

In order to give every contestant the fullest cooperation possible, a contest department has been opened up at The Chilton County News office, where the campaign editor will help you in every legitimate way with advice and suggestions regarding how best to go about winning the prize you most desire.

Contestants residing anywhere outside the city limits of Clanton have an equal opportunity in the big race for the grand awards and for a quick start.

For complete information on the contest, contact the contest manager by calling 32, Clanton or better still, stop in at the contest headquarters.

Time is limited. Act today!

MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA OF AUGUST 8, 1955

Board Meeting
August 8, 1955

The Board of Revenue and Control of Chilton County, Alabama met in regular session at the county courthouse at Clanton, Alabama, on Auust 8, 1955, at 9:00 o'clock a.m. The following were present: M. D. Tingle, Judge of Probate and Chairman of said Board, and the following Associate Members of said Board: Lonnie L. Cost, A. H. Smith, Sherman Motley and J. M. Dunlap. Judge Tingle presided as Chairman of the meeting and, a quorum being present, declared the meeting open for the ransaction of business.

WHEREUPON, the Clerk of the Board read the minutes of the meeting of the Board held on July 25, 1955, whereupon the Chairman of the Board asked for corrections or additions to said minutes, there being no corrections or additions to said minutes and the same being correct, Mr. Cost made a motion that said minutes stand adopted as read, whereupon Mr. Dunlap seconded said motion, which motion was unanimously carried, and all the members of said Board affixed their signatures to said minutes in the presence of the Board and the Clerk.

Mr. Dunlap offered the following preamble and resolution for adoption; which were duly seconded by Mr. Smith;

WHEREAS, the ideal for the youth of Chilton County, the State of Alabama, and the United States of America is exemplified by the Christianity, beauty, talent, character, kindness and humility of Miss Patricia Huddleston who has been selected as "Miss Alabama of 1955" and who will be selected as "Miss America of 1955" in Atlantic City.

NOW, THEREFORE, BE IT RESOLVED by The Board of Revenue and Control of Chilton County, Alabama that Patricia Huddleston be, and she is hereby commended for her achievements.

AND BE IT FURTHER RESOLVED: That the Board expresses its sincere wishes that the blessings she so richly deserve will follow her throughout her life.

AND BE IT FURTHER RESOLVED: That a copy of this resolution be forthwith forwarded to Miss Patricia Huddleston of Clanton, Alabama, and a copy released to the press.

The above stated preamble and resolution were adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

WHEREUPON, the Clerk of the Board presented to the Board a list of claims and accounts filed with him against the County. Whereupon the Board proceeded to audit all such claims, and it appearing to the Board that each of the following claims are itemized and sworn to, as provided by law, with evidence of delivery of each item to the county, as provided by law. That the materials, machinery, equipment, supplies and services purchased by the county for use on public roads, bridges and ferries were inspected and approved by the County Engineer, as provided by law. And it further appearing to the Board that all said claims are just, due, correct and unpaid and that no part thereof has been previously paid. Whereupon Mr. Motley offered the following resolution for adoption; which was duly seconded by Mr. Cost; and unanimously adopted by the vote of the Chairman and all the members of the Board: BE IT RESOLVED AND ORDERED: That said claims are hereby audited, allowed, passed and approved by the Board. And be it further ordered by the Board that each of the claims, payable to the respective parties, as hereinafter set out, for the materials or services, as hereinafter set out, and in the amounts, as hereinafter set out, be allowed. AND BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board is hereby directed and authorized to draw a proper county warrant on the county treasury for the correct amount in the payment of each of said claims, in favor of the person, firm or corporation to whom it is due, from the funds listed:

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Cost offered the following resolution for adoption; which was duly seconded by Mr. Motley:

BE IT RESOLVED: That The Board of Revenue and Control of Chilton County, Alabama does hereby nominate for membership on the Chilton County Board of Equalization, for the term beginning October 1, 1955, the following persons: Mr. A. J. Lecroy, Mr. J. A. Jackson and Mr. Obe Smith.

The above stated resolution was adopted by a majority vote with Messrs. Cost, Motley and Smith voting "Yes," Mr. Dunlap not voting. Whereupon the Chairman declared said resolution duly adopted.

Mr. Cost offered the following resolution for adoption; which was duly seconded by Mr. Motley:

BE IT RESOLVED: That the Board of Revenue and Control enter into the following agreement with the Highway Director of the State Highway Department:

This agreement entered into this date between the Board of Revenue and Control of Chilton County and the Highway Director of the State Highway Department provides for the addition of the following described road to the existing State Aid County Road System of Chilton County, which was executed and approved by the Highway Director on ______________, 19___.

(Description of Road) From a point in Jemison on SACP-3126-A, Northwesterly approximately 2.0 miles, thence westerly approximately 3.5 miles to a point on FAS Rt. 178, at a point approximately 1.5 miles northwest of Bessie. The length of the proposed addition is approximately 5.5 miles.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Smith offered the following preamble and resolution for adoption; which were duly seconded by Mr. Dunlap:

WHEREAS, the County has employed a competent engineer to select, subject to the approval of The Board of Revenue and Control, county employees in the road department on the basis of ability.

AND WHEREAS, the Board has instructed the said engineer to choose all county employees working under him on the basis of their ability to perform the most work at the least cost to the people of Chilton County, AND WHEREAS, the Board of Revenue and Control is of the opinion that county employees should not be chosen on a purely political basis,

AND WHEREAS, it is not fair, just or right that a county official use public funds to pay county employees so as to influence their vote,

AND WHEREAS, the present system of employing county employees tends to eliminate the above evils,

NOW, THEREFORE, BE IT RESOLVED: That The Board of Revenue and Control of Chilton County, Alabama feels that the passage of a local law amending the present law, with reference to the method of employing county employees in the road department and nominating Board members by a county-wide vote, is detrimental to the public interest of the peoples of Chilton County.

AND BE IT FURTHER RESOLVED: That a copy of this motion, together with the foregoing preamble, be forthwith mailed to the Hon. Francis Speaks, Representative of Chilton County, and the Hon. Dave L. Yarbrough, Senator of the 15th District of Alabama.

The above stated preamble and resolution were adopted by a majority vote with Messrs. Smith Dunlap and Tingle voting "Yes;" and Messrs. Cost and Motley voting "No;" whereupon the Chairman declared said resolution duly adopted.

Mr. Dunlap offered the following preamble and resolution for adoption; which were duly seconded by Mr. Smith:

WHEREAS, Chilton County, Alabama has plans for the construction and improvement of a permanent type of paved road in Chilton County, Alabama, which said road is from Enterprise toward Cooper, and which said road has been designated as project number SACP-3155-A, and

WHEREAS, a map of said project is duly filed and recorded in the office of the Judge of Probate of Chilton County Alabama, in map book number three, at page number sixty-nine, and

WHEREAS, on said map there is designated the property owners across whose property said right-of-way and easements pass, and

WHEREAS, all said designated property owners have executed conveyances to Chilton County of said rights-of-way and easements except across the properties designated on said map as Tract 22; Tract 25; Tract 25-A; and Tract 26, and

WHEREAS, it is necessary to make, construct, widen and extend said public highway or road over and across said tracts of land for the use of the citizens of Chilton County, Alabama and the public at large.

NOW, THEREFORE, BE IT RESOLVED: That Chilton County proceed immediately to institute and prosecute condemnation proceedings to acquire the necessary rights-of-way and easements for the construction and improvement of said highway project upon, over and across the lands designated on sai dmap as Tract 22; Tract 25; Tract 25-A; and Tract 26. All of said lands lying and being within the boundaries of the right-of-way of said map as recorded

AND BE IT FURTHER RESOLVED: That Joe Mullins, an Attorney at Law, be, and he is hereby employed and authorized to file and prosecute said condemnation suit on behalf of Chilton County and to do any and all acts necessary for the acquisition of said rights-of-way and easements as shown by said map and specifications approved by the State Highway Department.

AND BE IT FURTHER RESOLVED: That compensation for services rendered by said Attorney shall be fixed at a reasonable amount upon entering final decree in the Probae Court in said matter.

AND BE IT FURTHER RESOLVED: That the highway shown and embraced within the property lines of said map as recorded be, and the same is hereby declared a publbic road or highway.

The above stated preamble and resolution were adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Motley offered the following resolution for adoption; which was duly seconded by Mr. Cost:

BE IT RESOLVED: That The Board of Revenue and Control does hereby request the Hon. James E Folsom, Governor of the State of Alabama, and the Hon. Herman A. Nelson, Director of the State Highway Department, to lend their influence and support to the construction of a state road from Maplesville via Montevallo to Bessemer.

AND BE IT FURTHER RESOLVED: That when said road is constructed that that portion of said road lying within the boundaries of Chilton County be designated as a state highway and maintained by the state.

AND BE IT FURTHER RESOLVED: That a copy of this resolution be forthwith mailed to the Governor and the Highway Director.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Cost offered the following resolution for adoption; which was duly seconded by Mr. [illegible]

BE IT RESOLVED: That the County enter into an appropriate agreement with the Highway Director to use State Grant Money for the construction of a paved road from Collins Chapel School via Teel's Store to the Waxahatchee Creek Bridge.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Motley offered the following resolution for adoption; which was duly seconded by Mr. Cost:

BE IT RESOLVED: There being no further business to come before the meeting, that said Board adjourn. The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

I, Harold H. Smyer, Clerk of The Board of Revenue and Control of Chilton County, Alabama, hereby certify that the foregoing minutes CAL. Forecast: Continued Cool

What could be nicer than riding with a ton and a half of ice in your car these hot days? Real cool thought, say you, but impractical. Yet that's exactly the effect with Chevrolet's new air conditioner. Vital part of the apparatus is a comparatively small compressor, scarcely larger than a football, which is shown above on one of the ice cakes that total 3,000 pounds. Other basic parts are a condenser, liquid receiver, and cooling coils. All parts fit neatly under the car's hood.

The Head of the Household His Responsibility

"If you are unwilling to serve the Lord, choose you this day whom you will serve . . . but as for me and my house, we will serve the Lord" Joshua 24:15. (ARV).

This advice came from a distinguished soldier and statesman, Joshua by name, and is very much to the point. It is from his farewell address to his fellow-countrymen whom he had served so well and loved so much.

When Joshua made the statement, "As for me and my house, we will serve the Lord," he was proceeding on the assumption that every married man is actually the head of his own house. That appears to be somewhat of a moot question in these modern [illegible]

[illegible]

Nothing else so helps to arm each member against the temptations that he meets in his daily living. "Wherewithal shall a young man clense his way? By taking heed thereto according to thy word." (Psalm 119:11).

Family worship proves to the children that the spiritual convictions of their parents are genuine and deep, not shallow and hypocritical. Can our families afford to miss anything as valuable as this in their daily program?

Just a Bible passage and a prayer, however stumbling it may be. Any Christian father or mother can do that. Or is there some weak spot in father's or in mother's faith in God. If there will be an honest endeavor to follow in Joshua's steps declaring, "As for me and my house, we will serve the Lord."

COUNTY OF CHILTON

Notice is hereby given that a bill substantially as follows will be introduced in the Legislature of Alabama and application for its passage and enactment will be made, to-wit:

A BILL TO BE
ENTITLED
AN ACT

Relating to Chilton County: To amend Act No. 872, H. 1118 approved September 12, 1951, which established the Board of Revenue and Control of Chilton County and abolished the Court of County Commissioners.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Section 8 of Act No. 872, H. 1118, approved September 12, 1951, the Act which established the Board of Revenue and Control of Chilton County and abolished the Court of County Commissioners, is amended to read as follows:

"Each associate member of the board shall be a resident and qualified elector of the district for which he is elected, and shall reside in the district during his continuance in office. Each associate member of the board shall be nominated by the voters of the district who are authorized to participate in any primary election, caucus, or convention called or held by any political party for the nomination of candidates for election to said office ,and the nomination of candidates for election as members of the board by the voters of the entire county is hereby prohibited."

Section 2. Section 13 of said Act No. 872 is amended to read as follows:

"The board shall employ a clerk who shall devote his entire time to the duties of his office. The clerk shall receive such compensation for his services as may be determined and fixed by the board. The board may also employ such other clerical help and assistance as may be deemed necessary for the proper efficient and economical operation of the board. The clerk shal enter the minutes of all proceedings of the board in a well bound book provided for that purpose, which bood shall be kept in the office of the board and shall be open to public inspection at all reasonable hours. The minutes of the meetings of the board shall be entered and recorded in the minute book within ten days from the adjournment of every regular or special meeting. The clerk shall have the minutes of each meeting reproduced within ten days after the meeting, and place a sufficient number of copies thereof in a conspicuous place in the office of the probate judge for public distribution, and shall also post a copy thereof in a conspicuous place in the courthouse and at three other public places in Clanton; and a copy thereof shall likewise be posted in at least three conspicuous places in each of the following municipalities: Maplesville, Thorsby, Verbena, and Jemison. The clerk shall present to the board at each regular meeting a list of all claims which have been filed against the county. He shall keep a complete record of all receipts and disbursements of county funds, and must be prepared at all times to show the exact financial condition of the county."

Section 3. Section 17 of said Act No. 872 is amended to read as follows:

"It shall be the duty of the county engineer to: 1) perform such engineering and surveying service as may be required, and to prepare and maintain the necessary maps and records; 2) maintain the necessary accounting records to reflect the cost of the county highway system· 3) build or construct new roads, or change old roads when ordered to do so by proper order of the board; 4) construct and maintain all county roads on the basis of the county as a unit, without regard to any district or beat lines ,insofar as that may be feasible. The county engineer shall also supervise and direct all such assistance, labor, and road hands as are necessary to maintain properly and construct the public roads, highways, bridges, and ferries of Chilton County, and he shall have authority to prescribe their duties; provided, the right of the county engineer to hire and fire employees shall be subject to the approval of the member of the board in whose district the person to be employed or discharged is assigned. Any member of the board shall have the right to discharge any employee within his district for cause, or when he is not needed."

Section 4. Section 28 of said Act No. 872 is amended to read as follows:

"It shall be the further duty of each associate member of the board to inspect the roads and bridges in his district from time to time, and to hear the suggestions and complaints of the citizens, and report the same to the board with his recommendations. The board member shall also advise with the county engineer concerning the progress of his district, particularly, and assist in securing rights-of-ways and assist in public relations generally Any board member shall have the power and authority to hire or to fire those employees to be used in his district."

Section 5. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law. 30-4tc

STATE OF ALABAMA
COUNTY OF CHILTON

Notice is hereby given that a bill substantially as follows will be introduced in the Legislature of Alabama and application for its passage and enactment will be made, to-wit:

AN ACT

To create the office of Deputy Solicitor for Chilton County; to provide for his election, and the method of appointment in the event of a vacancy; to fix his salary and define his powers and duties; and to repeal all general and local laws in conflict herewith sofar as they relate to Chilton County, Alabama.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. There is hereby created the office of Deputy Solicitor of Chilton County.

Section 2. The Deputy Solicitor hereby created shall be elected by the qualified electors of the County of Chilton at the General Election to be held for the election of State and County officers in November, 1958, and every four years thereafter, and shall hold office for a term of four years beginning on the first Monday after the second Tuesday in January next after his election, and until his successor is elected and qualified.

Section 3. A vacancy in the office of such deputy solicitor shall be filled by appointment of the Circuit Solicitor of the Circuit in which Chilton County then is, and the appointee shall hold office for the unexpired term and until his successor is elected and qualified.

Section 4. It shall be the duty of the deputy solicitor of Chilton County to represent the State of Alabama in all cases in the courts of the County, in all preliminary proceedings, applications for bail and habeas corpus and other criminal proceedings in said county requiring the services of a prosecuting attorney; to aid and act for the solicitor of the Circuit Court before the Grand Jury and in all matters of the Circuit Court, and in the absence of the Circuit Solicitor to perform all of his duties; also to attend coroner's inquest and examine witnesses and select such witnesses as in his judgment should be and appear before the Grand Jury or before the courts on preliminary hearing or habeas corpus, and when called upon to do so by the Commissioner's Court, or any governing body of said county, to represent the County of Chilton in all litigation in which it is engaged.

The Deputy Solicitor shall be clothed with all other powers and shall be charged with all duties now given or imposed upon the deputy solicitor of said Chilton County, Alabama, by any laws now in force or hereafter to be prescribed by law for deputy solicitors it being the intention of this Act that said Deputy Solicitor shall prosecute all cases in which the deputy solicitor is required to prosecute.

It shall be the further duty of the deputy solicitor of Chilton County to aid and assist the sheriff and any other law enforcement officers of Chilton County, when called upon, in making any preliminary investigations of any crime or crimes committed in the County; the School Attendance officer or officers in the investigation of violations of School Attendance Laws; to aid and assist the Public Welfare Director and assistants, when called upon by them; and in the absence of the Judge and Clerk of the Chilton County Law and Equity Court of Chilton County, Alabama shall have the power to take oaths in support of complainant and to issue warrants in all criminal cases provided that such warrants shall be made returnable to the Court having original jurisdiction of the offense charged.

Section 5. That the Deputy Solicitor for Chilton County, Alabama shall receive a salary not less than $2,400.00 per annum, to be paid out of the general fund of said County in 12 equal installments.

Section 6. The sections of this Act and the parts of each section are hereby declared to be independent sections and parts of sections, and the holding of any section or part thereof to be void, ineffective or unconstitutional shall not effect the other sections or parts thereof, it being now declared that the other parts or other sections would have been enacted regardless of any section or part of section which might be held unconstitutional, inoperative or ineffective.

Section 7. The Act of the Legislature creating the Office of County Solicitor of Chilton County, Alabama general and local law, regular session 1939 and special session 1939, Page 258 and local laws of the regular session 1949 Act to 209 is hereby repealed and said office is abolished. It is further provided that Lawrence F. Gerald, Jr., who was elected County Solicitor of Chilton County, Alabama, in November, 1954 and who took office the first Monday after the Second Tuesday in January, 1955, be appointed and serve as Deputy Solicitor until the first Monday after the second Tuesday in January, 1959, or until his successor is elected and qualified.

Section 8. All laws or parts of laws, both local and general, in conflict with the provisions of this Act are hereby repealed in so far as they relate to Chilton County.

Section 9. This Act shall go into effect upon its approval by the Governor. 30-4tc

Rules and Regulations

1. Any reputable resident of this city or surrounding territory is eligible to enter the contest and compete for prizes and receive weekly commission checks.

2. No salaried office employee of this newspaper is eligible to enter contest. This does not apply to country correspondents.

3. Winners of main prizes will be determined by (a) their earned votes, said votes being represented by ballots issued for bona fide new and renewal subscriptions, and (b) free coupons clipped from this newspaper—said coupons to be printed in this and our next three issues in denomination of 100 votes each this and next week; 50 votes each the third week, 10 votes each the fourth week and then discontinued. No more than ten coupons of each denomination will be credited to any one contestant.

4. Participants in this subscription drive are not confined to their own town or community in which to secure new or renewal subscriptions, but may take orders anywhere in this section; or, for that matter, anywhere else.

5. Votes are issued free. It costs the subscriber nothing extra to cast their votes for any contestant. Votes must be asked for at the time of paying subscription, however, otherwise subscriber waives this privilege.

6. Votes once issued are not transferable. Contestants cannot pool their votes in favor of another contestant. Should a contestant withdraw from the race, his or her accumulated votes will be cancelled.

7. Any dishonesty or collusion on the part of contestants to nullify competition, or any other combination formed to the detriment of other participants or this newspaper will not be tolerated.

8. Exact vote standing of each contestant will be published in this newspaper in proportion to earned votes; however, votes issued in the form of ballots, or special votes therefor, may be held in reserve by contestant only insofar as it does not affect position in published standing. The free vote coupons, clipped from this newspaper, must be cast within one week of publication.

9. In event of a tie for any one of the prizes offered, an award of identical value will be given each tying contestant.

10. Participants in this drive are authorized to accept new and renewal subscriptions and give temporary receipts for same (official receipts will be sent direct from this office) but it is understood and agreed that they will be responsible for all money collected and will remit such amounts in full to the contest department on regular report days.

11. No statements or promise made by any representative or participant varying from the rules and regulations appearing in the columns of this newspaper will be recognized by the publisher.

12. In case of typographical or other error it is understood that neither the publisher nor contest manager shall be held responsible except to make necessary correction upon discovery of same.

13. All active participants will be paid twenty percent cash commission ($1 out of $5) of their individual subscription collections each week as it accrues. It is to be understood, however, that in the event any contestant becomes inactive (failing to make weekly reports) his or her name will be removed from the published list of contestants until such time as participant again becomes active.

14. It is understood and agreed that the winners of first and second prizes will consider their weekly pay checks in the light of an "advance," which are returnable upon presentation of prize—thus obviating double compensation. This does not apply to third, fourth, fifth and sixth bonus check winners.

15. To insure absolute fairness in the awarding of prizes, the race will be brought to a close with a sealed ballot box. During the entire last "period" of the drive, a ballot box—locked and officially sealed—will be placed in the vaults of a local bank, where contestants themselves may deposit their final collections and reserve votes in utmost secrecy. In this way no one—not even the publisher or contest manager—can possibly know the actual strength of the various participants, which precludes any possibility of favoritism and insures fairness to the minutest degree.

16. Twenty-five thousand extra votes will be given contestants for each 5-year subscription (or extension from previous contest subscription payment to 5-years) turned in by them during their first week in contest, and during third week of the drive half as many special extra votes will be issued on same basis.

17. Any subscription once turned in can be extended during either first or second "period" by making extension payment, and remainder of votes will be issued thereon same as if full amount had been paid at the very beginning.

18. Any contestant who earns as much as $50 in commissions during their first week of the drive, will receive an extra bonus of $25 cash in addition to regular commissions earned or any other special prize won.

19. Ten thousand free "report day" votes will be given participants making a subscription report on Tuesdays, Thursdays and Saturdays during drive.

20. This newspaper guarantees fair and impartial treatment to all participants, but should any question arise, the decision of the Advisory Board will be absolute and final.

21. In becoming a member of this "Everybody Wins" prize subscription drive contestants agree to abide by above condition.

FAIRNESS ASSURED

"Weekly Payroll"

Advisory Board-- It is the sincere aim of this newspaper to conduct this campaign from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealing is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board will be decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise, and from which a committee shall be selected to act as judges and award the prizes.

Plan In Brief

The object of this big "Everybody Wins" prize contest is three-fold. Primarily, to increase the already large subscription list of this newspaper, to collect advance subscription payments from present readers, and at the same time afford local wide-awake, energetic men and women (married or single) and young people of this trade territory an opportunity to profit in a BIG way through whatever spare time they might have during the next few weeks. So, it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and effectively, the most attractive and altogether desirable awards ever offered by any newspaper in this section have been made ready for distribution among those who participate most actively. Ambition and energy are the only requisites for success.

Let it be understood at the very outset that this is not a "lucky drawing" nor something-for-nothing affair, but a strictly legitimate competitive proposition for enterprising men and women, and one in which all active contestants will receive a liberal commission check each Monday morning covering results obtained by them during the past week, while striving to win one of the major awards. An outstanding feature of this big contest is the fact that "Everybody Wins." There will be no losers in this race.

How To Enter—What To Do

The first thing to do is to clip the Entry Coupon appearing on the opposite side of this page, fill in your name and address and mail or deliver in person to contest department at once. This coupon starts you in race with 5,000 FREE votes; and, by using the Early Effort coupon appearing on front page of this issue with your first subscription (this coupon good ONLY during first week of contest!) you would then be entitled to an extra 100,000 PREMIUM votes for taking IMMEDIATE action—all of which speeds you on your way to win. Only ONE such Entry Coupon and Early Effort Coupon will be accepted for each participant.

The next step is to obtain from contest department one of the little special receipt books, printed for the purpose, partial list of present subscribers showing expiration dates, etc. Thus equipped, you have but to see your friends, neighbors, relatives and acquaintances and ask them to subscribe to this newspaper through you. Just remember this: Anything worth having is worth striving for. Six and a half short weeks and you may be riding in YOUR OWN big automobile for a long, long time to come, or otherwise several hundred dollars richer in purse as the result of a little well directed effort NOW!

Then, too, as more fully outlined below, this newspaper offers "early starters" substantial special cash prizes for substantial results during the very first week of this contest, the small requirements necessary to qualify as a winner being easily attainable and well worth the little extra effort it requires. Try it and see!

How To Win The Big Prizes

It takes votes to win the big prizes, and they are secured in the following ways: First by clipping the free vote coupon appearing in this newspaper. Begin gathering them NOW while they are good for 100 votes each. After next week these coupons will be reduced to 50 votes each; the following week to only 10 votes each, and after that they will be discontinued entirely. Only ten coupons of each denomination will be credited to any one contestant and they must be cast within one week after publication.

Another, and much faster way, to accumulate votes in our "Everybody Wins" prize contest is by securing new and renewal subscriptions to this newspaper. Votes are issued on each subscription secured, the number varying according to amount paid and during which "period" same are received at the contest department. SEE SCHEDULE OF VOTES BELOW.

Early Start Means Easy Finish

The advantages of an early start are manifest. This "Everybody Wins" prize contest is of such short duration that immediate action is necessary for greater success. Subscriptions taken during the early part of drive not only carry the MAXIMUM number of votes, but "early starters" who are first in field will undoubtedly get the "cream" of new and renewal subscriptions, while those who put off starting until a later date will of course have to take what is left.

Don't lose valuable time "waiting to see what the other fellow is going to do" but get into the game today, without delay, and show the "other fellow" how to do it!

HERE'S HOW WINNING VOTES ARE OBTAINED

Schedule of Votes and Subscription Rates of

CHILTON COUNTY NEWS

Here's A Test On Your Highway I. Q.

How's your highway I. Q.? What do you know about some of the little things that cause big accidents?

A pamphlet quiz to find out how much motorists know about the facts of driving has been prepared by safety engineers for Lumbermens Mutual Casualty Company.

C. L. R. Nichols, resident vice president of Lumbermans and American Motorists Insurance Company, suggests that you might try these quiz questions on some of your friends:

1. What is the minimum safe distance in dry weather at which to follow another car? (a) 10 feet for each 10 m.ph.)? (b) one car length for each -0 m.p.h.? (c) 20 feet? or (d) three car lengths for each 10 m.p.h.?

2. What are the conditions of the roads on which at least 80 per cent of last year's traffic fatalities occured? (a) wet? (b) dry?

3. Do more accidents occur in good weather or bad weather?

4. What should you do if you become fatigued while driving? (a) speed up to make your destination before you fall asleep? ,b) pull over to the curb and rest? (c) stop and eat a heavy meal? or (d) take some pills?

5. What is the fastest and safest way to stop a car? (a) slam the brake pedal hard? (b) ease the brake pedal to a deliberate stop? (c) pull the emergency brake and depress the fool pedal? or (d) pump the brake pedal gently but firmly?

6. When a tire blows out, what is the best thing to do? (a) apply the brakes quickly? (b) apply the brakes gently or not al all? (c pull off the highway? (d) speed up to counteract the affect of the blowout?

7. There are four specially engraved invitation to death on the highway. Which is the greatest cause of death? (a) reckless driving? (b) not having right-of-way? (c) driving on wrong side of center line? (d) excessive speed?

8. Where is the best place to put an old tire you think may blow out if driven far? (a) either front wheel? (b) in the garage? (c) spare wheel? (d) either rear wheel?

9. Drunken drivers or drivers who have been drinking are involved in one out of how many fatal accidents? ,a) 24? (b) 6- ,c) 18? (d) 106?

10. In addition to the specific wording on the signs, the shapes of highway signs have significance. Indicate the shap of the signs which have the following meanings (a) stop, (b) caution, (c) railroad crossing and (d) reduce speed.

Nichol says that these are the correct answers:

1. (b) One car-length for each 10 m.p.h. This should compensate for emergency stops and for any advantage in braking distance the car ahead may hold over yours.

2. (b) Dry. Dry roads are no guarantee of safety, according to Nichol. He says that speed and careless driving are more dangerous than the condition of the road.

3. Good weather. Only one out of five fatal accidents occurs in inclement weather.

4. (b) Pull over to the curb and rest. Avoid starchy foods, heavy meals and liquids. Drugs, which slow up reactions, are dangerous.

5. (d) Pump the brake pedal firmly but gently, particularly on wet or icy pavement.

6. (b) Apply brakes gently or sudden application of the brakes may cause a car to overturn.

7. (d) Going too fast for road, weather and visibility conditions is the most common cause of faeal accidents.

8. (b) A worn out tire is a menace to the driver, his passengers and to others on the road. Nichol says the best place for a worn tire is in the garage, the rubbish pile or used as a swing for the kids.

9. (b) Six out of six. The figure for pedestrian deaths only is even higher. One of every four adult pedestrians killed in traffic had been drinking.

10. (a) Octogonal, (b) Square (c) Circular, (d) Diamond-shaped.

National Guard Company Receives Trophy For 1st Time

1st Lt. Jack Whatley, State Highway Patrolman, commands the 762d, which is attending its fourth summer camp. The company was activated in 1951. Other officers include 2nd Lt. Russell C. Summerlin, 2nd Lt. Hiram P. Jenkins, 2nd Lt. Robert A. Saxon, platoon leaders and CWO James C. Reeves, motor officer. Eighty enlisted men are attending the camp here.

The selection was based on actual strength compared to authorized strength, percentage of attendance at camp, qualification of personnel with individual weapons percentage of personnel MOS qualifield, company area, quarters and administration, company supply and mess, training, military courtesy and appearance of personnel. Officers of the staff of State Headquarters, Alabama National Guard, comprised the teams which selected the winning company.

The trophy, awarded to non-divisional units of the Alabama National Guard this year for the first time, will be kept for one year, then passed to next year's winning company.

Governor Folsom arrived here by plane at 2:00 p.m., toured the troop area and inspected training before presenting the award, and attended a reception at Remington Hall.

Lenoir-Jones—

Miss Doris Louise Lenoir and Charles Reynolds Jones were married at 6:30 a.m. at the home of the bride's parents, Mr. and Mrs B. C. Lenoir, Thursday.

The setting for the ceremony was arched in soft light from burning pink candles in branched candelabra silhouetting a background of greenery, casting a soft glow over the improvised altar which was flanked by palms, white floor standards of white mums and ivy. Rev. Louis Brasher performed the ceremony. Braxton Lenoir, brother of the bride, lighted the candles Wedding music was presented by Miss Janice Miller.

Given in marriage by her father the bride wore a chantilly lace dress, fashioned with a scalloped neckline, outlined in seed pearls and tiered shirt.

Her illusion veil was shoulder length and she carried a bouquet of roses centered with an orchid. Miss Segie Thompson was the bride's maid of honor. She wore a pink organdy dress and carried a bouquet of pink roses.

Bobby Earl Jones was best man.

The bride's mother wore a navy blue crepe dress trimmed with lace. The bridegroom's mother wore a pink suit, their corsages were pink roses.

A reception followed the ceremony.

In the dining room, the bride's tables was covered with a cloth of exquisite lace and marked with the tiered wedding cake mounted on a mirrored plaque, surrounded at the base with fern and pink rose buds. A miniature bride and groom grand the top of the cake.

Pink sherbert punch was served from a crystal bowl. Illuminated candles in crystal holders completed the table appointments.

When the couple left for a wedding trip, the bride wore a brown faille dress with eggshell satin accessories.

Mr. Jones and his bride will reside in Double Springs, where he will teach.

Sunday School attendance was 93, which is low. It would be in order for each member to make a special effort to make this better next Sunday, and we hope this will happen

There was several visitors, among those that was there was Mrs. Amber Green from Friendship church. We are always happy to have visitors.

The worship service for the 11:00 hour was one to be remembered for a long time to come. We had two to come for baptism, Mr. Rex Pelham and Mr. Hillard Gay. The singing slowed up and in looking around to see what happened, there were many tears. It was much joy to everybody to see the power of the Holy spirit at work. Here is hoping we may have many more services like this one.

Our BTU leader, Mr. Jimmie Green made a very nice talk on the work for the Training union. We all know this organization is one of the best, if not the best in our church. We are thankful for our leaders.

I think it is in order to say to the men working on the pastor's home once again thank you all for your services. It is marvelous the way our men have responded.

May we all resolve to make each day better than the one before. Let us all see how well we can get along, and how many words we can say to others that will make them happy.

The reason a lot of people do not recognize an opportunity when they meet one, is that it usually goes around wearing overalls and looking like hard work.

Farmers Can Get Aid On Cover Crops

Applications for prior approval are being accepted at county ASC office from now through September 2. Farmers who fail to apply in person at the County Office, or write to the County Office will not be considered for payment. Program support monies are available to assist in paying for seed and fertilizer materials equivalent to approximately one-half the cost of needed materials.

Crops that are on the eligible list include: Austrian Winter Peas, Hairy or Wollypod Vetch, Willamette Vetch, Common Crimson Clover (clean), Reseeding Crimson Clover (certified seed only), Blue Lupine, Caley Peas, Hungarian Vetch, Dixie Wonder Peas, Bur-Clover (clean), Ryegrass, Rescue Grass, Oats.

The assistance offered is primarily to encourage the establishment of soil conserving winter cover. Crops may be grazed and-or turned for green manure (soil improvement). None of the above crops planted with program assistance monies may be saved for hay or harvested for seed.

Recommended seeding dates are: Winter legumes should be planted between September 1 and October 15 in Central Alabama, Ryegrass and Rescue Grass should be planted between August 15 and October 15, and Oats should be planted between August 15 and November [illegible]. Certain lime and fertilizer requirements must be met to be eligible for seed purchase support monies. Fertilization requirements are consistent with [illegible] recommendations for good crop management and can be further explained when applications for prior approval are filed.

Winter cover crops, particularly legumes, are a basic necessity in some soil maintenance and crop production program. Four our "land's sake"—plant a minimum of 1-4 of your crop acreage in winter legumes and-or grass on time. Contact your County ASC office. Support monies are available to encourage and assist you in developing your fall planting program. Don't forget, September 2 is closing date for accepting applications.

Newsprint Company Gives Away Pine Seedlings

Two million pine tree seedlings will be made available to land owners and farm youth this winter by the Coosa River Newsprint Company.

Officials of the company have announced that one million trees will be contributed to FFA and 4-H Club members. An additional million trees will be available to small landowners on a matching basis. The maximum number of trees to be given to any one FFA or 4-H Club member is five thousand, whereas ten thousand may be given to each landowner who purchases a like amount from the State Department of Conservation.

The seedling pines are being grown in the company's modern tree nursery near Childersburg. Chilton County's allotment of trees will be lifted from the seedbeds in December for distribution through Dist. Forester W. J. Culberson at the Wilton Woodyard.

Persons desiring to participate in the program should contact Mr. Culberson at Montevallo or J. T. McMillan at Wilton Woodyard as soon as possible to complete the necessary application blanks and to establish the date of distribution.

The Coosa River Newsprint Co. is vitally interested in the promotion of good forestry practices in Chilton County. The trees contributed under this program will aid in the reforestation of idle and poorly-stocked timberlands and increase the value of the county's important crop of forest products.

4-H Clubbers Prepare For Dairy Show At County Fair

4-H Club and Adult Jersey breeders and owners are putting the finishing touches on their cattle in preparation for the big County Fair and Dairy Show to be held September 5th-10th.

The Danish system of judging will be used again this year. This system does not call for competitive showing or judging, but the cattle are compared with the ideal type Jersey. In placing the cattle, they will be divided into three groups, blue, red, and white. Each color group can earn a certain number of points. Blue, 3 points; red, 2 points; white 1 point. When all cattle have been placed, the total number of points will be divided into the total premium money and exhibitor will receive premiums based on the total points awarded their entires. Plans include most generous premiums for all exhibitors.

4-H exhibitors will compete for best fitted and showmanship award registered Jersey heifer donated by the Chilton County Jersey Cattle Club. This will, of course, be awarded on a chain basis. That is, the winner must agree to give this animal's first heifer to some other outstanding 4-H Club members.

A special interest feature will be animals previously purchased and awarded to outstanding 4-H Club members by the Jones Seed and Feed Company of Clanton and Shelton Truck and Tractor Company, and Chilton County Jersey Cattle Club.

Expected exhibitors are as follows: Charlie Gibbons, R. O. Williams, O. H. Lawrence, W. A. Williams, J. C. Heida, Buford Lawrence, Bobby Joe Mims, Lynn Higginbotham, Jimmy Northcutt, Peggy Brown, Jimmy Bice, Benny Davis, James C. Lawrence, Dan Smith Reuben Hayes, Ernest Hayes, Joan Smitherman, Benny Joe Mims, Eugene Tucker, Patsy Boles, Harold Nelson.

Health Better Than 10 Years Ago, Says Gill

Montgomery.— Alabama's health and medical care facilities today are far better than they were 10 years ago, Dr. D. G. Gill, Alabama's State Health Officer said today.

Major improvements have been made since the passage of the Hill-Burton Hospital Construction Act by Congress in 1946, Dr. Gill said. "The State Health Department's Division of Hospital Planning was created the next year, and fore than 60 facilities have been built under their direction."

"Every part of the state has benfitted from these new, modern and efficient facilitise," he said. "In addition, the federal funds made available under the Hill-Burton Act have undoubtedly stimulated the increase in locally financed hospitals and clinics."

What does CHRYSLER'S giant expansion program mean to you?

DEMAND FOR 1955 CHRYSLERS RESULTS IN HUGE EXPANSION! *This new Chrysler plant, started last March, includes a continuous conveyor system 14 miles long, will add 40% to Chrysler's production facilities.*

The greatest new-car buying opportunity of the year!

Thanks to the record-breaking demand for its 1955 cars—the "hottest" cars of the year—Chrysler has had to expand tremendously. Upon completion of this Giant Expansion Program, the new plant shown above can boost Chrysler Windsor V-8 and New Yorker production a full 40 per cent!

We know that huge automobile plants aren't built in a day. It's a job that takes several months. That's why we've tried to stock up on enough new 1955 Chrysler Windsor V-8's and New Yorkers to take care of our customers through the season. We've filled our entire year's supply now, at mid-year.

Pick from our big array of models and color combinations

Right now, our showroom looks like a Chrysler catalog come-to-life! We can give you an almost unlimited choice of color combinations and body styles—something we haven't been able to do since the big "run" on 1955 Chryslers began the day they were first introduced. But indications are that there just won't be enough to go around. So we urge you to come in now.

Trade-in value of your present car will never be higher than it is now

That's right! Every day you wait, your present car is worth less and less. Now's the time to trade.

And we're the ones to trade with for top-dollar. Because we need used cars.

Why we're anxious to get your car

Once our present stock of new Chryslers is moved out, we won't get any more. That's why—today—we're in a hurry to get our used car stocks filled out, so we can be all set later on. Because there's nobody unhappier than an automobile dealer without automobiles to sell.

We're inviting you to take the 100-Million-Dollar Ride today

If you've been waiting for a real buy on your new 1955 Chrysler Windsor V-8 or New Yorker . . . wait no longer! When these cars are gone, *that's it!*

Stop in today. Take the wheel and take off on Chrysler's *100-Million-Dollar Ride*—the ride all America is talking about.

Then get the figures on your trade-in allowance . . . the best you'll find in town . . . and choose from our great selection of models and color combinations.

We think you'll agree, this truly is *the greatest new-car buying opportunity of the year!*

CHRYSLER PENNANT WINNERS

Producers Urged To Check Cotton Fields Carefully

Cotton boll worm damage found be very heavy in many sections county—worms found feeding on uares, young bolls, and mature tton. Damage to crop estimated high as 25 per cent of total posle yield in extreme cases. Farm-s that have late planted growthy tton should keep constant check fields. Boll worm population d damage can build up very rap-y.

Should heavy infestations be de-cted applications of (BHS-DDT) 5-0 or 3-10-0 should be started once. Aerial dusters are being ployed in the county and in many ses will be the most practical thod of applying insecticides.

Keep checking late planted cot-n for worm damage. If assist-ce in contacting nearby aerial sting service representative is eded call your County Agent's fice, telephone number 165.

Editor, Chilton County News:

In the August 18th issue of the News appeared several comments by some of our County officials and citizens on the merits of a proposed bill to change again, or nullify in part, Act No. 872, H-1118 which established the Board of Revenue and Control of Chilton County as of September 12, 1951. There are usually two sides to every question and I hope you will allow me a little space to comment on both the proposed bill and what has been said and written by those who seek another change in our system of county government.

Surely, the intelligent people of Chilton County are not being misled by these sweet smelling expressions of interest in the tax-payers? I refuse to believe their memories are so short. In the first place who is the inspiration behind the proposal to change again our system of county government. It's not difficult to change again our system of county government. It's not difficult to see the hand of Jacob in this politically inspired scheme It sounds and smell like the brainchild of two former county officials who were consigned to a political grave-yard in 1954, and they haven't found out yet there will not be a resurrection morning. Wolves have been known sometimes to travel in sheep clothing, and I warn those who are interested in our County's government to look behind the cloaks in which these self-designated champions of the people are parading. Their records may be one of self-service rather than public service.

The taxpayers of Chilton County are as much interested in good government For the People as they are in good government By the People, and they are not going to be easily fooled about the motives and schemes of those who would save the Tax Payers. The only part the Taxpapers ever play in government is to Pay the Freight, and they have a right to expect the best possible government for the least tax dollar. The tax payer pays the highest price for a Spoils Government, and don't be fooled by high sounding words about returning the government to the people. The people had better return to the government and demand the best posable government for their tax dollars. It seems silly to plug up the leaks in our political barrel in 1951 and in 1954 open them up again.

The clamor for another change in our system of government appeared soon after the last election when some of our newly elected County Commissioners found out that some of the spoils had been taken out of our County government. They simply couldn't stand it, and they have yelped long and loud for a change. A change from what to what. They first sounded

O'Neal Gin At Maplesville Turns Out Two Bales

Earl O'Neal, of the O'Neal Gin & Warehouse Co., of Maplesville stated Monday that he had ginned two bales of cotton this year. The first bale, stated O'Neal, was brought in Monday a week ago by Cethus Ford but was not ginned because of a new transformer being installed. The bale weighed 522 when baled.

The second bale was brought in this past Monday and belonged to Robert McAfee. This bale weighed 528 pounds.

When frying foods, place inverted pie pans over the burners not in use. The pans will be much easier to clean than the burners.

Cross Burned Tuesday Night

A cross was burned in front of the home of Tom Collins Tuesday night late according to Sheriff R. Odell Payton. Collins lives on US 31 just north of Bean Grocery. Sheriff Payton stated Wednesday noon that his office was making a complete investigation.

Cotton Loan Rate Is Announced

The 1955-56 Commodity Credit Corporation cotton loan rate for middling 15|16 inch cotton is set at 33.97c per pound. A very large majority of Chilton's cotton in recent years has stapled above one inch. Loan rate for Middling 1-1|32 inch is 35.57c per pound.

Official grade and staple reports (Gren Clas Cards) are available at no cost to all cotton growers. Your ginner is qualified as an official sampling agent. Ask him to send a sample of each bale of your cotton to the classing office. Know what you have to sell and realize the premium that you are entitled to on quality cotton.

Howard College Extension School Opens Sept. 13th

The Howard College Extension Division for Christian Training will begin its fall term here at the First Baptist Church, Tuesday night, September 13 at 7:00 o'clock. Three courses will be taught, but only two periods of about fifty minutes each. Two courses will be taught parellel.

Dr. and Mrs. J. Gilbert Hutchinson and the Rev. Clarence Clinkscales will be the instructors. Mrs. Hutchinson will teach the preview of the Sunday School lessons; Dr. Hutchinson will teach a course in New Testament: "Book of Mark." That is the schedule for the first semester.

The schedule for the second semester will be the same except Rev. Clingscales class will take up studies in I and II Timothy, Titus and Philemon.

The registration per semester is $2.00 and the tuition is $4.50 per course. Therefore, the entire semester will cost only $11.00 plus books. You just cannot afford to miss an opportunity like this.

Worthy students can receive financial aid by filling out an application blank with the register Some churches in the past have made it possible for some of their people to attend the school by paying the registration and tuition. This is a forward step on the part of any church or individual since there are Sunday School teachers and prospective teachers that would like to especially take advantage of the Sunday School preview.

Classes will be held only one night each week and will continue for 17 weeks. It is the arm of Howard College reaching out right to our front door. Beware lest you let this golden opportunity slip and leave you unprepared.

Korean Casualty To Be Buried At Cooper

The body of Corp. Charles H. McCullers, of Cooper, is being shipped home for final burial according to relatives. Corp. McCullers is the son of Mr. and Mrs. Clarence McCullers and a nephew of E. N. Esco, of Clanton.

Corp. McCullers died in a prisoner of war camp in North Korea in 1951. Funeral arrangements will be announced by Martin Funeral Home.

Speaks To Attend Work Confab

Governor James E. Folsom has appointed State Representative Francis W. Speaks of Clanton as a delegate to the Southern Regional Education Board's fourth annual Legislative work Conference in Biloxi, Miss., August 31-September 2.

Delegations of legislators appointed by the governors of the 14 states of the Southern Regional Education Compact will be welcomed by Lt. Governor Carroll Gartin representing Governor Hugh White of Mississippi before settling down to study the crisis in higher education resulting from rapidly expanding enrollments.

The legislators are going to study such ways of meeting the crisis as statewide planning surveys, self-evaluation by colleges and universities, and regional cooperation to avoid unnecessary duplication and to support programs which the states cannot individually develop.

In addition to Francis W. Speaks, the Alabama delegation includes: Harry J Huddleston, Sheffield; George C. Hawkins, Gadsden; Neil Metcalf, Geneva; M. H. Moses Fyffe; Otto E. Simon, Mobile; and E. W. Skidmore, Tuscaloosa.

CARD OF THANKS

The kindness and sympathy of our many friends shown in the passing of our loved one, Norvell Simpson, are more deeply appreciated than any words of thanks can ever express. We shall always hold grateful remembrance all the many expressions of sympathy —Mr. and Mrs. Thomas W. Lawson, Mrs. J. W. Thompson and family.

Big Subscription Contest Just Starting; Enter Race And Win One Of Many Valuable Prizes Offered By The *News*

By Bill and Doris Gupton, Contest Editors

If an opportunity were presented whereby you could own a new Ford V-8 Sedan, worth exactly $2385.56, without cost on your part during the next seven weeks, would you seize that opportunity and make the most of it?

Or, if you were offered $750.00 cash for a little spare time during the next few weeks—with the positive assurance of being liberally compensated for every result obtained—would you stand back, hesitant and undesided? At first, no doubt, you would entertain the thought that "surely it is not real." But, while thinking all these things if, indeed, thinking at all you'd let someone else more alert and aggressive, step in and beat you to it!

Now the reason for the above statement is that the Chilton County News is offering just such opportunities to wide-awake energetic men and women, as well as to the more ambitious young people residing in Chilton County, when it invites you to enter its big "Everybody Wins" prize subscription contest. It is just starting and you most certainly can profit mightily through spare time effort during the next few weeks.

Opportunities Beckon

Volumes could be written on the subject of "Our Opportunities." It is one of the queerest elements that enter into this complex existence of ours which is life. Opportunity means everything or it means nothing, depending upon how it is met and handled by different individuals. One person's failure to recognize it, for example, proves to be another's success.

Some of us sometimes wonder why people always seem to get ahead in this world, and alas, far too often we lament our lack of opportunities. Sometimes we make the flimsy excuse that we're too busy to take part in a proposition of this kind. Truly, we realize that everybody's busy these days. But, according to the writer's observations, it is the busiest people in every community who invariably win the biggest prizes.

Sometimes, too, while taking stock of our blessings, we mistakenly claim that Old Man Opportunity must have passed us by enroute elsewhere, or that we were not home when he knocked upon our door. However, such claims rarely ever are based on facts. Instead, we just simply failed to recognize and seize opportunities when presented to us. Isn't that true?

Meet Opportunity Half Way

Dame Fortune is now knocking at your door. She is literally pounding upon it with both fists to awaken you to the opportunities existing in this "Everybody Wins" subscription contest to utilize whatever spare time you will have during the next few weeks toward winning prizes worth thousands of dollars. Greet this opportunity NOW—before it becomes too late—and make the most of it.

Remember, it costs absolutely nothing to try and you positively cannot lose. Remember, too, that anything worth having in life is worth striving for. Just a few short weeks of interest and effort and you may be riding in your own new Ford, worth a small fortune on today's market—very soon and for a long, long time to come.

You, Yes, You Can Win

It will be observed by the first list of entries appearing on the front page of this issue that only a comparatively few have entered the race so far. There are far too few entries, in fact, considering the extensive area to be covered its population and the magnitude of this big prize offer. And it is by no means too late for anyone with sufficient ambition to better themselves a bit and share in the distribution of prizes to be awarded just seven weeks from this Saturday which is Oct. 15th.

Next week, when the first standing contestants is announced marks the real beginning of what is destined to be a most interesting and highly profitable competition among local people of this area. It might be said in passing that those who have indicated that they are "out to win" by makin g a good showing at that time—undoubtedly will meet with better public response than those who have not manifested proper interest in their own behalf.

Make up your mind right now —this very minute—to become an active participant and be a big prize winner.

Here's Opportunity To 'Duck' A Lion

The Clanton Lions Club will operate a ducking stool at the Chilton County Fair. This will furnish a lot of fun for both the members of the Lions Club and the patrons who participate in the "ducking."

Members of the local club will take their turn and sit on a perch above a tank of water. Men, women and children who are accurate enough to hit a target-latch with a baseball will dump the gentlemen in the cold, cold water.

Now is the chance to "duck" your favorite (or unfavorite) Lion.

In the places of business of the Lions Club members you will find a roster of the local club and ballots so you can choose the one or ones that you want to "duck." Vote FREE as many times as you like. The dozen or two Lions receiving the largest popular votes will of course be your target. Vote now and join the fun at the County Fair.

Chilton Praised On Topping Fund Quota In Cancer Drive

Birmingham, Ala.—Residents of Chilton County were praised today for their efforts in the 1955 Crusade of the American Cancer Society.

Chilton County exceded its quota of $1,325.00 by raising $1,783.84, according to an announcement from Dr. James L. Brakefield, state crusade chairman.

This year's campaign was the second in succession with E. R. Yeargan of Thorsby as chairman, assisted by Robert I. Thompson of Thorsby as co-chairman.

"The citizens of your county," Dr. Brakefield said, "owe a real debt of gratitude to those leaders and workers who devoted their time and efforts to making this campaign a success. The people of Alabama and America are indebted to your county for making a real contribution to the American Cancer Society's program for alleviating human suffering and saving lives."

Invitational Casting Meet At Wetumpka

The Wetumpka Rod and Reel Club is sponsoring the Invitational Casting Tournament on August 27 and 28 at the club's casting pool. Men, ladies, intermediates, and juniors may compete in the 10 casts events, which will include skish bait distance, spinning distance, wet fly, dry fly, and skish fly on Saturday, August 27, and spinning accuracy. 3-8 oz. accuracy 5-8 oz. accuracy, skish bait accuracy, and team events on Sunday, August 28.

On Saturday night the club will hold a barbecued chicken supper for all attending the two day casting competition.

Youth Rally At The Northside Mission, 27

There will be a youth rally at Northside Baptist Mission this coming Saturday night. The public is cordially invited. There will be a special program with lots of good singers. If you miss it you will surely miss a treat.

The next visit was in Red Wing, Minn., where [illegible] they went to Eau Claire, Wisc. for a visit with relatives of the Turnquist family [illegible] Minn., [illegible] and her family. On the [illegible] trip they stopped in Spring Valley, Minn., and visited [illegible] old time [illegible] by many years ago, Mrs. [illegible] Engh Gulbrandson and Mrs. [illegible] son. [illegible] to good old Alabama was uneventful until they reached Sheffield Alabama, where they saw Mrs. Stanphill and daughter Tommie Mae who [illegible] time when Mr. Stanphill was cashier of the Bank of [illegible]. There they were taken out to the great Muscle Shoals plant and shown around Sheffield, Tuscumbia and Florence, their first trip there.

Our next stop was Decatur, Ala., where we visited with our neice and daughter of Mr. and Mrs. Foss Mrs. T. J. Wingfield and her family. Here we enjoyed a delicious dinner, from there on to Birmingham where we said "so long" to our fellow travelers and then came home to good old Thorsby and Home Sweet Home. It was a wonderful trip of some over 2700 miles in all, but home looked mighty good to us, and after experiencing that awful heat up in that country we want to agree with Mr. R. I. Davis and say yes, that Thorsby is a Summer Resort.

Thorsby Institute News—

Rev. and Mrs. Richard Peterson and children from Elon College, N. C., visited the Congregational Christian Church Sunday. Richard graduated from Thorsby Institute in 1938.

We were sorry to hear of the death of Norvell Simpson, Clanton. Norvell attended Thorsby Institute in 1952.

Mr. Rangor Ekblad, president of the board of Trustees of Thorsby Institute, left Friday to visit his mother and realtives in Chicago.

The Ladies Guild will meet at the Thorsby Institute Dining Hall on Thursday, August 25, at 2:30 p.m. Mrs. S. E. Jenkins and Miss Helen C. Jenkins will be the hostesses.

Mr. Charles Williams expects to teach at the Institute again and coach the boys. They did very well under him last year, playing several outside games and winning them. He is also a very good math teacher and if you are expecting to go to college you will find that those who have studied under him show what they are doing in college.

Deviled Ham Jumbo

It's a submarine . . . it's a jumbo . . . it's a dagwood! Whatever name you give it—it is a heap-big sandwich made with zesty, wonderful tasting, deviled ham. This can be a "take along" or "eat at home" sandwich, simply made by spreading Underwood Deviled Ham on split French rolls, topped with onion and green pepper rings. This man-size sandwich is packed with flavor, packed with nutrition thanks to the whole-ham goodness of the deviled ham.

So plan on a "quicknic"—a quick-to-fix family picnic—on the back porch or in the yard or at the shore. Here are some other popular Underwood Deviled Ham combinations for picnic fixin's:

Deviled ham.....sliced cheese.....chopped black olives
Deviled ham.....sliced tomatoes...grated cheese
Deviled ham.....peanut butter.....chopped apple
Deviled ham.....sliced eggs.......shredded cheese

Mr. and Mrs. Dave Oswalt and family of Montgomery were the guests of Mr. and Mrs. Horace Williams Sunday.

Mr. and Mrs. Clyde Wood moved into the Lamar Williams apartment Monday.

Bean and Robinson Picnic —

The families of the Beans and the Walter Robinson enjoyed a joint picnic at Lake Forest Sunday. It wasn't planned to be a joint affair, but it was only very near friends and relatives who enjoyed a very happy day together. Around 250 people enjoyed this day.

Mr. and Mrs. James Blackmon, Mrs. F. G. Blackmon, Geraldine Leeroy, Horace Blackmon, all visited Mr. and Mrs. R. B. Squires and son of Mobile over the week end. Mrs. F. G. Blackmon is spending a week with them.

Mr. and Mrs. Henry Parker left Friday for El Paso, Texas to visit their daughter and husband, Capt James Donald.

Mr. and Mrs. R. H. Goodgame spent last week in Memphis, Tenn., Tupelo, Miss., and visited his brother Sam Goodgame in Marktree Ark.

Mr. and Mrs. Eugene Williams of Birmingham spent the week in Thorsby with her parents, Mr. and Mrs. Thomas Manning.

Miss Susie Bean of Tupelo, Miss., arrived here Friday and Mr. and Mrs. Helder Bean and son Dewitt of Dorsey, Biss., arrived Saturday and visited Mrs. Susie Benson, Mrs Estelle Hayes, and daughter Paula Margaret. They attended the Bean reunion at Lake Forest Sunday.

American Legion Auxiliary—

The new year is getting underway, although our National Convention will not be held until October in Miami, Florida.

The new 1955-56 membership cards are a little different this year and dues are now payable. If you look on your card you will see they are good until October 20, but the sooner you get your dues in the sooner our unit will be among the first top units to reach their quota. Each former member, both senior and junior, are urged to pay theirs and bring a new member. But bring, or send, your own dues as soon as possible whether you bring in a new member or not. Your's is the first important ones. Every member is on the membership drive for 1955-56.

Our next meeting will be held Tuesday night, August 16, at Legion Hall. All members are urged to be present at this meeting. Committee appointments are now being made. If you are on one of the numerous committees you have a sacred trust imposed in you and your integrity is on trial—so lets all come through with flying colors.

Last year we broke the record of our unit in membership. Let's do even better this year. We can!

Mrs. Lowery Celebrates Birthday—

Mrs. W. P. Lowery, who was 85 years young on Tuesday, July 26. Her daughter-in-law, Mrs. Lessie Lowery of Clanton, called for her and her companion, Mrs. Dora Bates, to come and eat supper with her. Upon arrival Mrs. Lowery found a birthday supper ready to eat and friends, relatives and neighbors gathering in with gifts. She received many lovely and useful things and Mrs. Bates was also generously remembered with gifts. They are both grateful for the lovely meal and the many kind rememberances of others. Mrs. Lowery is "back home" in her own old home place here and is always happy when her friends and neighbors call on her. Her many friends here wish her many more happy birthdays.

Sunday guests of Mrs. W. P. Lowery and Mrs. Dora Bates were Mr. and Mrs. A. A. Thornburg and Hudson Ezekiel of Shelby; Mr. and Mrs. Douglas Lowery and family of Florida; Jack Lowery of Birmingham and Mr. and Mrs. Henry Bates of Adamsville.

Mrs. Alice Powell had as her dinner guests Sunday, Mr. and Mrs Horace Kendrick and family and the Grady Popwells of Birmingham; Mr. and Mrs. Luther Kendrick and family of Clanton; Mr. and Mrs. Roy Kendrick, Roy Jr., and Mr. Jarrett.

Birthday Celebration—

On Saturday night, August 13, Mrs. Emma Manning celebrated her 80th birthday at the home of her daughter and husband, Mr. and Mrs. J. H. Wells.

This happy occasion was held out in the yard. In the center was a crochet lace covered table with a basket of cut flowers at one end and arrangements of Coca-Colas at the other end. To one side there was another table centered with a floral arangement of dahlias and gladioli. These were surrounded by a circle of chairs where the guests were seated. Hung above in the open space were colored balloons, a display of paper animals and crepe paper with the lights shining against these; it made a very colorful scene.

As each guest entered they registered and put their gifts on a table near by.

A number of games and contests were enjoyed, directed by Mrs. Willie Mae Jones and Mrs. Dot Weeks, with a prize going to Mrs. Novice Jones.

A large three tier pink and white birthday cake with the 80 candles and Happy Birthday on it was presented to the honoree as Happy Birthday was sung.

The gifts were opened by Mrs Manning with the assistance of Barbara Oliver and Shirley Walker. The gifts were displayed on a table where pictures were made of them and the honoree.

Mrs. Marianne Dobbs kept the registration book where 50 guests registered.

Cookies, mints, candy, and cold drinks were served to all present by the hostess and daughters, Mrs. Andrew Jones and Mrs. Erby Dobbs, and son-in-law, Erby Dobbs

Winners Chosen In Overseas Doll Show

The Overseas Doll Contest, sponsored locally by the MYF of First Methodist Church, Clanton, was held in the church basement on August 3rd. Twenty-two girls from various parts of the County submitted dolls which they had made and dressed.

Chosen as the top doll maker by three local judges were Patricia Traywick, Holley Griffin, [illegible] Campbell, Carol Gray, Mary Paula Johnson, and Gloria Ann [illegible]. [illegible] which had been donated by the following merchants: Bell Hardware Co., Chicago Sales, City Grill, Callen Alred Drug Co., Chilton Home Furnishings, Daniels, David Lee's, Elmore's, Farley Drug Co., Fashion Shoppe, Hat Shoppe, Jitney Jungle, Goodyear Service Store, Dixie Cafe, Bob's Drive In, Kemp Dry Goods Co., Levine's, Mullins & Scott, Pigs Grocery & Mkt., Scott's Studio, Sutley Jewelry Co., Tiffin Furniture Store, O. P. Klinner and Sons, Thrifty Store, Watson's, Wright Drug Store, WKLF, Mullins Supply Co., Piggly Wiggly.

The local contest was the first step in a nation-wide contest to make dolls for the children overseas. On September 7th, the dolls from Chilton County will participate in a regional contest in Birmingham. The winning dolls from this contest will go to New York for the national contest; and the girl who is judged the nation's top doll-maker will be awarded a free trip overseas. She will make her trip two weeks before Christmas and will distribute the contest dolls to the orphanages and hospitals in six countries.

The Young People of First Methodist Church wish to thank all girls who entered the contest; and particular thanks are extended to the merchants who cooperated by giving prizes.

Marines Approve Rigorous Training

Little Creek, Norfolk, Va.— Suntanned and hardened Leatherneck reservists of the 38th Special Infantry Company, Marine Corps Reserve of Montgomery, Ala., completed their two weeks stay here at the Naval Amphibious Base Friday, August 19, by firing the M-1 rifle at the main rifle range located at Dam Neck, Va.

The highlight of the Montgomery unit's summer camp came Monday afternoon however, when members of the unit stormed ashore during a mock assault on a fortified position, employing all the tactics and techniques they learned the previous week via the classroom and demonstraiton method.

The Montgomery Marine reservists, in combat attire, unloaded from big transport ships out at sea, scurried down cargo nets into small landing craft and moved to establish a beach-head.

The "Heart of Dixie" State Leathernecks swarmed ashore in one wave to advance across the beach which was held by enemy aggressors consisting or regular Marine Corps troops of Troop Training Unit here at Little Creek.

Overcoming land mines, barbed-wire entanglements, and a heavy screen of simulated fire, the local citizen Marines, after a seven hour battle captured their objective.

During the two weeks the Montgomery reservists spent here at Little Creek, Va., they came face to face with all the modern amphibious tactics that battle-hardened Leathernecks have proven effective in actual combat.

To the man, the Montgomery unit, commanded by Major William D. Rummans Jr., USMCR, voiced hearty approval of the rigorous training they received here this summer.

Fall Seeding Hints For Home Gardens

Auburn, Ala.—Gardeners sometimes are foiled by dry weather in their attempts to get fall vegetables to come up. Here are some practices that will help give the tiny seeds a good start:

A smooth seedbed prepared about two weeks before planting will hold moisture better than freshly prepared soil.

If the dirt is dry at planting time open a shallow trench and fill it with water. As soon as the water has been taken up, plant the seed slightly deeper than in the spring and cover them with dry earth.

Even if there is enough moisture in the ground when seed are planted, it will help to cover the rows with cardboard, straw, leaves, or some other material. This mulch keeps ground moisture from evaporating as rapidly and also prevents heavy rain from packing the soil. The cover must be removed after the seed have sprouted so the young plants can come up.

You can bake large potatoes in halves to save time and fuel.

HALF MILLION 1955 PONTIACS — The 500,000th 1955 Pontiac, a Star Chief Safari, Custom Station Wagon, gets final inspection approval from Buel E. Starr, (right) General Manufacturing Manager, as he turns the inspection card over to R. M. Critchfield, Pontiac General Manager. The historic Pontiac came off the assembly line August 11th. It is the first time Pontiac has produced a half-million cars in a single model year. Critchfield predicted the Pontiac Division will build more than 550,000 passenger cars during the 1955 model run.

Good Beef-Type Calves Grow Into Top Price Steers

Auburn, Ala.—A feeder calf's conformation doesn't improve with age. It remains pretty much the same from birth until the animal is sold.

And cattle grades—which determine the price a grower gets for steers—are largely dependent natural conformation. A calf wi usually feed out to a slaughter grade comparable to its breedi although it can sometimes be ed a grade higher. Therefore, advised that cattlemen who w to feed out high grade steers with good stick.

Speaking of cattle feeding in Alabama, it was said this week tha there has been no correlation found between conformation and rate o gain. In other words, poorly bre cattle will probably put on as man pounds as animals with better conformation. But the low grades won' bring as much per pound, becau they won't add as much of the weight in areas of the higher-pric cuts of meat as will cattle of better beef type.

It will soon be time to begin buying feeder cattle. Fall-bought feeder stock is more profitable becau many farmers sell their cattle whe summer pastures have played o and prices are subsequently lowe It is suggested that a good plan fo cattle feeder in this state is to b 350 to 500 pound calves at fro run them through the winter winter grazing and supplemen feed, put them on summer grazi next spring and summer, and th feed them out next fall and winte This way, the farmer who arrang to have winter grazing and feed o sell in the spring, when prices a higher, and take advantage of th seasonal market fluctuation.

Found Party At Lay Dam

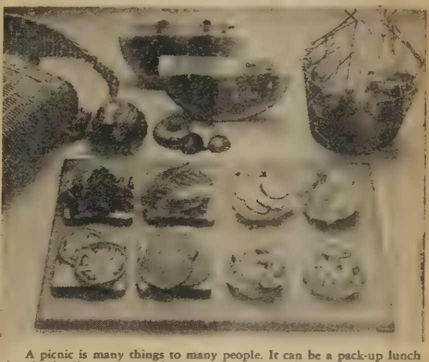
Miss Brenda Branch and Judy Miller were hostesses at a pound party last Thursday night which was given for the Lay Dam community and was given at the basket ball field.

Everyone carried a pound of food to the party and games were enjoyed by all.

Those enjoying this party were the followings: Brenda Branch, Judy Miller, Linda Miller, Priscilla Hubert, Esta Jean Jones, Caroline Dickerson, Diane Williams, June Bean, Carol Ann Scott, Rebecca Baker, Francis Robinson, Glenda Faye Robinson, Mary Ruth Horn from Selma, Edwin Mullins, Charles Gray, James Studdard, Frank Green, Bobby Littleton, Tobey Mayfield, Billy Young, Billy Miller, Kenneth Messer, Kenneth Corbett, Dwight Studdard, John Hollis, Jackson, Eddie Morris, Joey Morris, Denny Wood, Earl Parson, and Jimmy Martin.

Researchers have found that insecticides mixed with water are much safer for calves than are those with oil bases. Oil-base sprays frequently thicken and wrinkle the skin of the young animals, sometimes causing the formation of a thick, horny layer which will crack open.

PACK A PRETTY PICNIC



A picnic is many things to many people. It can be a pack-up lunch for the family — to eat right out in the back yard — or it may involve foods to cook out on a fire at the beach — it may be simple or elegant. Your choice of foods depends greatly on who the picnic is for, the distance it must travel and the equipment you have for keeping foods chilled in transit. Sandwiches made with enriched yeast-raised bread and a variety of rolls are among the popular mainstays of most picnics. Following are a few suggestions for popular sandwiches. Group 1 travels easily — group 2 should be kept on ice or in insulated bags.

Group 1	*Group 2*
Peanut butter	Seafood or fish
Jellies or jams	Eggs
Tomato, green pepper or other vegetables	Meat
	Chicken or poultry
	Cottage or cream cheese

And if you freeze sandwiches ahead, here are a few do's and don'ts: For storing less than one week, wrap sandwiches in double thickness of waxed paper. For longer periods, use pliofilm, cellophane or aluminum foil. Do not store sandwiches for more than one month for the best eating. Keep sandwiches away from freezing surfaces of the freezer to prevent sogginess. Any type of bread may be used, but day-old bread is better than fresh for frozen sandwiches. Spread bread with butter to prevent fillings from soaking bread.

Avoid such fillings as crisp greens like lettuce, watercress or cucumbers. Tomatoes, hard-cooked eggs and jelly do not freeze well either. Some salad dressings will separate when frozen — so try freezing a sample of your dressing to see if it holds together.

HEALTH HORIZONS

Many Women Can Avoid "Needless Misery"

Many women are distressed to find themselves caught up in "moods" for days at a time—nervous, tense, irritable, depressed, often feeling heavy and bloated. Frequently they try to shrug it off, get along as best they can, rarely think of the condition as a medical problem

But doctors who have been studying the matter closely are now convinced there are definite medical causes. An encouraging report on their research has been published in "Reader's Digest" under the title "Premenstrual Tension: the Needless Misery," written by Dr. Robert B. Greenblatt, chief of endocrinology at the Medical College of Georgia.

Dr. Greenblatt estimates that about 20,000,000 American girls and women are subject to this "most common of all female nervous disorders." It has been discovered that several physiological factors combine to cause it—a hormone imbalance, retention of excess fluids in the body (causing the bloating and weight gain) and faulty utilization of sugar. All of these things happen in the week to 10 days preceding the actual beginning of menstruation, and with the onset of menstruation they correct themselves. But this still leaves the women feeling jumpy and miserable during the premenstrual period, causing disruption of family relations, mistakes and inefficiency at work and at school.

New Formula

Various medical investigators attempted to alleviate one or another of these causes of tension with specific drugs. Then, Dr. Greenblatt reports, a New York Medical College physician, Dr. Joseph H. Morton, developed a formula aimed at correcting all the symptoms together—a dehydration agent, a relaxing agent, a stimulant, vitamins for a tonic effect—and recommended a high-protein, low-salt diet for women using the formulation during the tension period. [Dr. Morton's formula was later made available in tablets called Pre-mens.]

Large-scale tests disclosed that the tablets and special diet brought relief to 79 per cent of the women tested. Even fake pills had effect on a few women, Dr. Greenblatt says, which proved that in some cases emotional and psychological factors were important. But the encouraging aspect is that premenstrual tension has been identified as a medical condition which can be successfully treated for a great many women, who no longer have to live periodically with a "needless misery."

HOPE FOR FAILING HEARTS

A new series of chemical compounds will enable victims of heart failure to live longer, more active lives, according to a report published in the current issue of Annals of Allergy.

The report by Dr. Ethan Allan Brown of Boston is the first appraisal of the result of widespread clinical use of a new group of synthetic drugs introduced experimentally several years ago. The new compounds are laboratory-built chemicals that successfully utilize the healing properties of mercury, long known to be the most potent drug available for the treatment of heart failure, but eliminate the toxic properties that caused earlier forms of mercury to be discarded by doctors over 50 years ago.

Some of the new compounds, the most common of which is known as mercuhydrin, were administered by injection while the most recently developed, neohydrin, is used in simple pill form and is taken orally.

Combined with other advances in the treatment of heart failure including diet low in salt content, these new drugs mean "the man or woman with a failing heart lives a much longer time," Dr. Brown points out.

Wide experience with these new laboratory-built compounds indicates, according to Dr. Brown, that the chemists have at last succeeded in retaining the valuable medicinal properties of mercury, known as far back as the ancient Greek and Egyptian physicians, but have synthesized away the undesirable properties that made it useless for therapeutic purposes.

Heart failure, known medically as congestive heart failure, now affects over two and a half million people in the United States and is steadily increasing, Dr. Brown points out, because of the advancing age level of the population. It results when any form of heart disease damages that organ so that it can no longer pump an adequate supply of blood through the system. This failure results in the accumulation of fluids in the body cells and eventually in the lungs and this eventually causes the heart to give out unless the strain is lessened. In 1920 it was observed by chance that certain organo-mercurial drugs, then being experimented on in the treatment of other diseases, caused the body cells to lose their excess fluid, and this gave relief to congestive heart patients. This observation revived interest in the long-forgotten properties of mercurial compounds and laboratory researchers began a 30-year search for new compounds that could be used in the treatment of heart failure.

First to be developed was mercuhydrin, which proved useful in the form of an injection. However, in severe cases of heart failure this necessitated either hospitalization or frequent visits to the doctor's office. Further research by the Lakeside Laboratories (Milwaukee, Wisconsin) led recently to the development of neohydrin, which is effective in oral form.

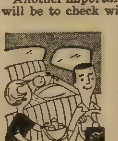
Hot Weather Hints For Baby

by Martha Logan

"Take Baby Along On Your Motor Trip"

No need to exclude baby from your family pleasure trips this summer. Chances are he will enjoy them just as much as the rest of the family and won't be a bit more troublesome.

Tops on your "trip list" will probably be a portable car-crib for baby. Or, if one isn't readily available, a wide bed made by building up the floor in the back so that it's level with the seat. Other "traveling musts" will be plenty of disposable diapers and some new playthings.



Another important consideration will be to check with your doctor or pediatrician about changing baby's formula. Since fresh milk varies a great deal in different sections of the country, the doctor will probably recommend starting your wee one on powdered or evaporated milk before the trip, so that his formula will stay constant. Changes in water supply will affect baby too, so a quantity of bottled water will be another must.

If the excitement and change of locale causes baby to show a temporary loss of interest in food, don't be too concerned. Just keep offering his standard diet of strained meats and strained vegetables along with the liquids, and he will soon be taking them again. Contrary to popular belief, noted pediatricians agree that baby doesn't lose his appetite in summer. He still needs all his vitamins and minerals and plenty of protein. Remember to stock an ample supply of canned baby foods for the trip and don't forget that baby likes variety too. There's no reason why he shouldn't have it either, since Swift & Company alone has eight different varieties of especially prepared meats for babies. This large selection gives you a chance to take along just what baby likes.

That Loosen

Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Lutheran Church—

Next Sunday afternoon we will have the pleasure of again having with us Rev. J. Russell Boggs of Montgomery, who has been absent for two months or more. We are looking forward to hearing Pastor Boggs again, and we hope that our good friends will join with us in this service. A treat is in store for those who attend, in the way of music. Miss Shirley Petersen of Berea College, Ky., will be guest organist and Miss Carole Howard of Howard College will be guest soloist. We know that you will enjoy hearing these talented young ladies, as well as Pastor Boggs, so do plan to attend. We are always happy to have visitors at the [illegible].

Last week the Women of the Church had their meeting at the home of Mrs. Marie Graves and Mrs. Conrad Carlson. This meeting was held in the yard and refreshments were served picnic style. Being out in the open air on a hot day where the shade and breeze was delightful, made it an occasion enjoyed by about 20 ladies.

Thorsby Institute News—

Thorsby Institute will open on Tuesday, September 6, at 10:00 a.m., in the Helen Jenkins Hall. Everyone is invited to attend the opening exercises. There will be a special program which will be interesting. We expect some special music and speeches. We would like to have anyone planning to come here to school to come to the office to find out what subjects he or she can get for the coming year. There are some books [illegible] to those who want them. The school is planning some interesting activities for the year. The first will be a play put on by the Helen Keller Society in October.

Mr. J. M. Timmerman of Clanton, will be back this year teaching English, History and Bookkeeping. Mr. Timmerman is an excellent teacher and the school is fortunate in having him as a member of the faculty. Rev. I. A. Hart will teach Bible, Science and Mechanical Drawing. Mrs. H. S. Petersen will be back teaching voice, piano and will be in charge of the Glee Club. Mrs. [illegible] will be office secretary. Mrs. Emily W. Hart will be the librarian. Mrs. Pearl Mims will be matron again, and Mrs. I. A. Hart will be the bookkeeper. Mr. Charles Williams will teach Math and Economics. The school is very proud of its staff of teachers for the year. The classes being small the teachers are more able to give individual attention.

The Ladies Guild will meet at the Thorsby Institute Dining Hall on Thursday, August 25, at 2:30 p.m. Mrs. S. E. Jenkins and Miss Helen C. Jenkins will be the hosteses. There will be a program and refreshments. Mrs. Charles Howard is president of the Ladies Guild.

Give the School Crowd a Send-Off

BACK TO SCHOOL

Lessons will limit time for play! So, how about letting the youngsters at your house get together one last time before the little red school house tosses a book at summer vacationers.

This fair-thee-well needn't cost you any effort. Let modern prepared foods . . . both canned and frozen . . . do the KP duty. The youngsters will thrill at the chance of putting the meal together . . . so easy for them to do with convenience foods.

Be on the look-out for ready-prepared foods that come frozen . . . all ready to heat and eat . . . from the freezer. Whether your send-off party is for the hopscotch or Mambo crowd, your guests will be delighted to bake up frozen cherry and apple pies for dessert. You'll spot them in double pie cartons in the market freezer case. Inside each box are two individual 5-ounce pies ready-prepared. All they need is an oven-browning that thaws and bakes them at the same time.

Watch the youngsters fork through the tender crust and come up with a big mouthful of juicy filling that's doubly fruity . . . brimming with full-ripened cherries or apples, depending on your choice of pie.

Both varieties of pie are in their own aluminum pie pans. Use these pans to bake the pies. Then let each guest eat dessert from the same pans. Once the feast is over, you can throw the pans away and save on clean-up.

The youngsters can bake these pies in 25 minutes. This gives them enough time to toss together a hearty chicken salad, the short-'n-easy way with cans of boned chicken.

While half the crew fixes salad, the other half can open cans of thick, red tomato soup. Let junior cooks add an equal amount of milk to the soup kettle. This is the "vitamin plus" way to dilute condensed tomato soup. Young people like to sip hot soup from individual cups! So save on dishwashing spoons and bowls with this soup-serving trick.

The whole meal in a nutshell looks like this. You can see that it's easy to do and hearty to eat.

BACK-TO-SCHOOL LUNCHEON

Hot Cups Tomato Soup
Chicken Rice Salad
Buttered Whole Wheat Toast
Individual Cherry and Apple Pies
Milk

Here is the recipe for Chicken Rice Salad. Try Tomato Chicken Salad one of these days soon while tomatoes are at their peak.

Chicken Rice Salad

½ cup diced onion
2 tablespoons butter or margarine
1 5-ounce package pre-cooked rice (1⅓ cups)
1 can (1¼ cups) consommé
½ cup water
1 can (5-ounce size) boned chicken or turkey
½ cup sliced radishes
½ cup diced green pepper
Salt and pepper, to taste
Lettuce leaves

Cook onion in butter in 1½ quart saucepan until onion is clear. Add rice and mix until golden. Add consommé and water and bring to boil, fluffing rice lightly with a fork. Do not stir. Cover and remove from heat. Let stand 13 minutes. Cool rice; add chicken with natural juices, radishes, green pepper, and seasoning. Serve on lettuce leaves. 5 servings

Speaks Road Bill Draws More Fire In Letter From Voter

ut the people of the County on a proposal to legislate Judge Tingle ff the Board of Revenue and Con- rol and appoint a Chairman to be ppointed by Gov. Folsom on rec- mmendation of Rep. Speaks. This cheme back-fired on them and now hey seek step by step to destroy he present system of our County overnment. They had hoped there- y to regain the County's buying ower—and what then. We all now the answer. No one need be oled by these schemes. What hey are trying to do speaks loud- than what they say they are do- g.

Commissioner Cost of District ne published a letter in your pa- er of August 18th which says in rt as follows:

"The people in my District do t want to tell the people in the ther districts who their member the Board shall be. No one feels at the people in the other districts ould tell them who they should minae or name to the Board. me times the people county-wide igh' nominate a man to the Board en as a matter of fact the peo- from the District he will repre- nt would not want him at all. is is nothing but home rule, and e people in m yDistrict are anx- s to see this change made."

Mr. Cost is not fooling anybody en get gets his uncle, Pate Arl- ge, to support this bill through County papers. Neither is he ling anybody when he gets new- appointed Jury Commissioner, ll Porter, to write his piece for paper. If not recommended by . Cost he was certainly appoint- through the influence of Rep. eaks, the Gold-Dust twins of oils Government.

Mr. Cost further writes as fol- ws:

"I have no more say so over the b'ems and personnel in my Dis- ct than the man in the moon."

It begins to look like people of ilton County should have elect- the man in the moon instead of mmissioner Cost. The man in moon has secured the appoint- nt of Mr. Rufus Childers, as d foreman, Mr. Fred Robinson d Mr. Charlie Ellison to the road ws. These are all good citizens Chilton County and their names mentioned only to show Mr. enthusiastic reasoning in t of Rep. Speaks bill to our County government. ere are several other good Di-s t One residents on the road w in District One, and since Mr. t wants to hire and fire some- y I wonder who he wants to get of in this District. Mr. Cost's soning runs true to form when says that the Engineer retains authority to hire and fire Coun- employees, but he doesn't quote bill which requires the approval the Commissioner for the Engi- r to hire or fire anyone. I won- if Mr. Cost thinks the people 't see through all this. I can't why Mr. Cost needs a change the law setting up the present nty government. I have heard the present law forbids top- ng and gravelling drive-ways, t and back yards, yet several tives and close friends have efitted through Mr. Cost's gen- ity with the county's trucks. Cost's eyes are now shedding od'le tears of dollars and cents it seems his relatives and ds are the only ones with buc- when the tears begin to fall. help us if Mr. Cost, Rep. aks and their political co-horts eed in tearing down the system overnment which appears to be ing good results for our tax rs.

r. Cost and Mr. Motley are the two Commissioners who have plained about the unfairness of present law, yet for the sake he record there has been more s built in Mr. Motley's District ng his term than in any other rict in the County. It appears Mr. Motley has a very good crew working his roads, and n't see why he would want to them. It is my understanding employees of the County are d on recommendation of the ineer, subject to the approval majority of the Commissioners. ve heard that sometimes the missioners recommends some ese employees to the Engineer, in turn the Engineer submits names to the Commission, appointments are secured. It rs to me that this is majority democratic government and if Cost and Mr. Motley can't by the majority there is a way out of it. They ran for office under and knowing the nt law, and they should get ere and pitch or get out.

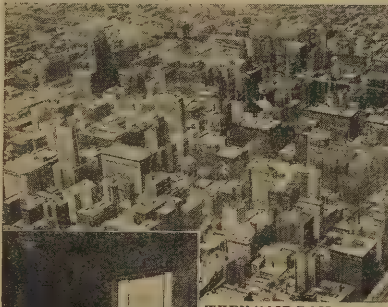
p. Speaks either has a very memory of the promises he the people of Chilton Coun- a candidate or he regards his orm as just something to get n. I wonder if Mr. Speaks re- telling the people of the County that he would not seek to change the present system of government unless by a vote of the people. There are a lot of people who will refresh his memory when he next comes up for election. It occurs to me that Mr. Speaks should be more concerned in explaining his pink votes in the legislature and in keeping his promises to the people than in joining other reactionary die-hard politicians in seeking step by step to undermine our local government. On what meat has our Representative recently fed that he now suddenly becomes the champion of the down-trodden taxpayers?

If Rep. Speaks really wanted to render the tax-payers some service and save some money for them he might take some of the fat salary raise he voted for himself in the legislature and pay for the publishing of the minutes of the Commissioners court. It appears that Rep Speaks is only interested in the taxpayers when he is in Chilton county. It appears that smoke and bright lights in Montgomery have dimmed both his memory and eye-sight and he loses sight of the poor taxpayers when he votes still another tax to be paid by the taxpayers. These same tax payers will one day refresh his memory and clear his vision so that he will be able to read the minutes of the court and see what is going on in the County Mr. Speaks says the cost of publishing the minutes is approximately $3,500.00 per year and Mr. Tucker states that he has received about $850.00 for the first six months of 1955. Mr. Speaks has no doubt become accustomed to handling big money and can't get down to small change. At any reasonable cost the tax payers are entitled to know what is going on in the county and through these minutes they keep posted monthly. The taxpayers are entitled to know the facts about their County government and no honest official will scheme to cover up the facts from them. Know the truth and the truth will make you free, and through the light of publicity the taxpayers can free themselves of those who talk one way and vote another, weep salty tears at home over the plight of the taxpayers and soak them with more taxes in Montgomery. These belly-aching discontents had better get on the ball and help run our county government in the interest of the taxpayers. The reckoning day is coming by and by.

-s- Lonnie Porter.

Preparation For Survival

CHICAGO, THE "I WILL" city of food and transportation, steel production and manufacturing, does not intend to knuckle under to any disaster. The city's recent participation in the national Civil Defense "Operation Alert" civilian preparedness exercise showed results of planning.



WHEN "AIR RAID warning" sounded, children filed from classrooms, quickly and orderly on signal.

KEY CITY officials set up emergency quarters outside city and prepared to restore service.

Letters to the Editor

I was very much surprised at the statement made by the Honorable Judge Tingle in his article in the Chilton County News, August 18, bringing God into politics. He states he has always maintained that road department, schools, and politics should be left out of our churches.

This much I might agree with him on, but I also maintain that God and religion of any kind should be left entirely out of politics and government.

The judge states further and I quote, "Since I have been chairman of the Board of Revenue and Control, I have tried to be democratic in every way. We open our meetings with prayer and ask God to help us do what is right." Unquote.

Just what is democratic about asking God to help our duly elected officers to do what is right in the discharge of their duties? I believe when the people of this county elect their officers to office, they expect them as grown men to be intelligent enough to know right from wrong. If they should do wrong, are the people supposed to excuse them and place the blame on God?

Politicians praying for guidance in their duties reminds me very much of the "Soldier's Prayer" by Mark Twain.

"Oh, Lord, our God, help us to tear their soldiers to bloody shreds without shells; help us to cover their smiling fields with the pale forms of their patroit dead; help us to drown the thunder of their guns with the cries of their wounded, writhing in pain; help us lay waste their humble homes with a hurricane of fire; help us to wring the hearts of their unoffending widows with unabating grief; help us to turn them out roofless with their little children to wander unfriended through wastes of their desolated land in sags and hunger and thirst, sport of the sun flames in summer and the icy winds of winter, broken in spirit, worn with travail, imploring the for refuge of the grave and denied it—for our sakes, who adore, Thee, Lord, Blast their hopes blight their lives, protract their bitter pilgrimage, make heavy their steps, water their way with tears, stain the white snow with the blood of their wounded feet! We ask of One Who is the Spirit of love and Who is the ever faithful refuge and friend of all who are sore beset, and seek His aid with humble and contrite hearts. Grant our prayer. O Lord, and Thine shall be the praise and glory now and ever Amen."

The Honorable Judge should read what Christ said about praying Matthew 6:1-8.

By the way, I voted for the judge.

—Wes Gletty, Route 5 Clanton, Ala.

CLANTON, ALABAMA THURSDAY, AUGUST 25, 1955

Coming To Clanton Drive-In Theatre

ABOVE IS A SCENE from the movie "Abbott & Costello Meet The Mummy" starring Bud Abbott and Lou Costello coming to the Clanton Drive-In Theatre Tuesday and Wednesday, September 6th and 7th.

FIN-FAN ITEMS—

June-July Winners In Fish Contest Named

The Alabama Power Company 1955 Fishing Contest Judges are B. J. Phillips, Sylacauga; Mr. J. W "Dick" Hayes, Clanton; Mr. C. C. Knight, Wetumpka; Mr. Mark W. Harwell Tallassee; Mr. H. W. Boggs, Alexander City. Recently the judges were presented with a list of the outstanding catches made during the months of June-July, and a quick unanimous decision resulted J. B. Jones, Birmingham, took the June prize with his 3-lb. Stripe entry. Mr. Jones used a small Lazy Ike on Pennymotley Creek, Lake Mitchell and entered his catch in the contest at F. Z. Ward's Fishing Camp. The July prize winner was Harrison Robinson of Alexander City. Harrison turned in a whoppin' 7 pound 8 ounce Largemouth Bass caught with a live minnow in Sturdivant Hill Inn. Both prizes consisted of Creek, Lake Martin, and weighed-in by W. L. Pemberton at Lake a cash $10 merchandise certificate to be traded by the winners at his favorite sporting goods store. Each entry will again be considered for the final trophy awards at the close of the contest. November 30th.

The month of August is pretty well spent and, so far, there have been very few entries made. This may be your chance to win a prize

Recent catches are as follows:

Lake Lay—

G. O. Norred's General Store, Talladega Springs, reports: Ernest Chandler, Talladega Springs, used a spinning rig baited with a red head Cisco Kid on Rock Spring Creek to land a 6 pound 12 ounce Largemouth Bass.

Lake Jordan—

Joe Smith's Log Cabin Beach, near the ferry below Mitchell Dam, reports: R. E. Neal, Montgomery, fly fished a Peck's Popping Bug in the upper reaches of Lake Jordan to snag his 5 pound 1 ounce Largemouth Bass.

Joe Stanley's Fishing Camp, Weoka Creek, near Titus, reports: Boyd Williams, Montgomery, reeled in a fighting 4 pound 12 ounce Black Bass from the waters of Weoka Creek with a spinning rig.

Lake Yates—

H. E. Dopson's Store, Red Hill Community, near Martin Dam, reports: Elmer Powell, Glencoe, Alabama, had good luck in the cold stained waters of Lake Yates while fishing a Coosa Nuggett. On his nice string of Stripes was a whopper weighing-in at 3 pounds even.

Fishing prospects are looking much better for the last few days of August. Large schools of Stripes are expected to appear on the surface of all Coosa-Tallapossa Lakes as indicated by past annual records. Bass fishing should also show a sharp upward swing toward larger creels during this period.

The Wetumpka Rod and Reel Club will hold its Annual Invitational Casting Tournament beginning next Saturday morning August 27 at 8:30 a.m. and continuing through Sunday. You are invited to attend this tournament where some of the States top rod masers will participate. Barbecued chicken will be on the bill-o-fare Saturday evening.

CHIEF ALAPOCO SAYS: A person in danger of drowning as much more than his normal strength. For that reason, a rescuer must be very careful. If a boat is available always take it to the assistance of the drowning person. If not, try to throw a line or a life preserver. If none are available, use a shirt or some other garment to tow the person to shore. Only as a last resort take hold of the drowning person. In rescue work as in any other activity around the water, use your common sense—it can save your life.

Ebernezer Baptist Church At Stanton

Rev. J. L. Adams, Pastor

Preaching services at 11:00 a.m. and 8:00 p.m

Training Union at 7:00 p.m.

Prayer Services at 7:30 p.m. each Wednesday night.

We are very thankful to report that both preaching services were good, and the spiritual feeling fine. There were several visitors, and to them we are very grateful.

The Sunday School attendance was 96 and that is an improvement over the previous Sunday. Our Supt. Bobby Eddy asked each member to do some inviting and try hard to get back some of the members who have not been coming here of late. Bobby made a good talk Sunday, and we are very thankful for his sincerety.

It will make Brother Jimmie Green happy to have you do some work for the BTU this week, hoping that there will be more next Sunday than this Sunday. The BTU is one of the best training organizations we have.

Don't forget the meeting of all the men of the church Saturday night of September the 3rd. The purpose of this meeting is to build the church budget to be presented to the church.

Thanks again to the men working on the Pastor's home. It looks like it won't be long before our Pastor will be able to move in.

The success of our church work will depend on our faith, so let us add to that work. Remember James 2-20, Faith without works is dead.

Entered in the Post Office at Clanton, Alabama, as second-class matter under the Act of Congress of March, 1897.

The difference in being in a rut and a groove is whether or not you can see out.

* * * *

Current prosperity is out of balance; ask a Chilton County farmer.

* * * *

They say the only person who doesn't profit by his mistake is a paratrooper.

* * * *

There are folks in our communities who feel that a cash contribution is all that is necessary. Tain't so.

SUPPORT YOUR COUNTY FAIR

It's going the rounds that the folks in charge of the 1955 County Fair are going all out to make this year's fair the biggest and most successful we've ever held.

We have observed that the businesses and businessmen are supporting the fair very favorably and are doing all they can to make it a success.

Now. It's up to the citizens of the county. They will determine whether or not the Chilton County fair of 1955 is a success by the interest which they show in it.

There will be something for practically every taste, from a carnival to cattle shows and canning displays; for every age, from grandma to junior.

This 1955 Chilton County Fair is your fair, you will make it big or let it fall, and from past experience we don't feel that the people of Chilton County will let themselves down.

The Fair will run from Monday, September 5th through Saturday, September 10th; plenty of time for you to see all there is to see and to visit all the booths.

You will still be able to play bingo, register for valuable prizes, receive complimentary gifts and just have a fine time in general.

As we said, it's up to the citizens of Chilton County to make the fair this year and every year, that means you and me and our neighbor.

We can have fun, and it will be much more fun if you are there with your family and friends.

Alabama Legislative Highlights

Montgomery, Ala.—As the Legislature moves towards its end, bills to expand the schools, pay teachers more, provide more help for those suffering from tuberculosis regulate further the State purchasing system, build more public fishing lakes, and expand the State Parks system, having been among those attracting most attention of the lawmakers.

Gov. James E. Folsom's Senate leaders have also placed on a special order, an Administration-backed bill to create a new agency to bring more industry into the State This bill passed the House, 100-0 some weeks ago. The so-called Purchasing Bill is approximately the same as the bill killed in the previous administration, during the 1953 regular session.

School Bills—

The school bills, as they near passage, have taken the shape of a proposed $116 million appropriation. An estimated 528-$30 million in new school taxes—mainly from the so-called Goodwyn bill—will be voted on by all the people, in a referendum, in December.

Governor Folsom's legislative leaders, acting behind a personal plea from the Governor, had earlier proposed that the new school money should come from repeal of the many exemptions to the State Sales and Use taxes. This had also been the program of State School Supt. Dr. Austin R. Meadows. More than 30 items are now exempt from payment of the sales tax.

Repeal of thes sales and use tax exemptions, however, came under fire from the Farm Bureau Federation, and certain business leadership. Though the House Ways and Means Committee, under the leadership of the Governor's floor leader, Rep. George Hawkins, Etowah, and assistant floor leader Rep. Joe Dawkins, Montgomery, pushed through a slightly diluted version of this proposal, the House refused to go along. After resolving itself into a Committee-of-the-whole i[illegible] the Goodwyn proposal of a [illegible] adjusted gross income tax, the [illegible] school money recommendation, subject to referendum.

The Governor, who has stated that "with six children" he has a very personal interest" in schools, has stated his keeness to aid the schools the best he can. Unless there is a last minute reversal, therefore, the Legislature will leave behind it, when it adjourns, the Goodwyn proposal, and let the voters decide the issue.

Aid For T. B. Spfferers—

A bill to raise State aid for TB sufferers from $4 to $6 per day has passed, and is expected to help many who have not been able to afford the cost of the medical attention which would cure them. Circuit Judge George Wallace, Barbour, Bullock and Dale counties, appeared before Senate and House committees during the measure's passage through the Legislature, as also did Marc Ray (Foots) Clements of the State TB Association.

Alabama has one of the highest death rates from TB in the nation—mainly through lack of sufficient TB hospital beds, and financial aid for those seeking cure. TB was "spotlighted" as Alabama's Number One health menace by both Governor Folsom, and Sen. Lister Hill, when the new State Health Dept. laboratory, was dedicated earlier this year.

More Public Fishing Lakes—

Conservation Dept. director W H. (Bill) Drinkard expects to be able to build upwards to 50 new public fishing lakes in the State during the next three years, now that the Legislature has passed a bill to license some pole fishermen one dollar per year.

Contrary to some published statements, the new license will not be needed by residents fishing in their own county, or from private lakes. "Nor shall it include any person or member of his immediate family who fishes on or from lakes owned by him, nor shall it include any tenant or member of his immediate family who fishes . . . on lands or rented by such tenant, and who resides on such (rented) lands," the new law states.

Also, no person under 16 or over 65 will have to buy the dollar license no matter where they pole fish.

The first public fishing lakes in Alabama were opened in 1948-49 Today, there are in operation, or soon to be opened, 16 such lakes.

State records show that there has been a sensational rise in the number of people licensed to fish since the public fishing lake program was launched. In 1940 fishing licenses were issued to 31,609 Alabamians 735 non-State residents. By 1950 this number had increased to 137,208 residents and 3,197 non-residents Last year, 206,625 residents and 7,056 non-residents bought licenses.

Besides bringing health and pleasure to an ever-increasing number of Alabamians and visitors, officials point out, many gasoline filling stations, and small stores find the selling of fishing tackle a proftable sideline, whereas few handled this merchandise prior to 1948.

Companion bills in the Senate and House, to authorize a $5 million bond issue to improve State Parks have both moved out of committees, and are on the calendars However, with time running out for the Legislature, there are doubts whether the lawmakers will complete action on them, though they are being "pushed." If passed, they would have to be voted on in a State referendum.

4-H'ers To Exhibit Starter Beef At County Fair

In order that spectators may have an opportunity to see the type of animals that 4-H Club members are starting their Feeder-Beef projects with, a representative group of feeder animals will be on exhibit in connection with the County Beef Show at this year's County Fair. These same animals will be taken back to the farm and fed until the spring of 1956. Approximately thirty-five (35) 4-H Club members are now in the process of selecting their feeder animals to be fed, fitted and shown in County and State competition during April or early May 1956.

It is felt by leaders of the County Cattlemen's Association and others that the opportunity to observe starter beef animals now as they are being selected for the feeder beef project, and the additional opportunity to see these animals after they have completed the feeding period will be quite interesting and of great value to all cattlemen throughout the county.

Don't miss the opportunity to see our boys and girls and their initial feeder-beef animals that are being used in renewing the Chilton County Feeder-Beef program.

Things we -SEE- and Hear

by "Tuck"

Someone's falling down on the job. That is, Mr. Davis of Bell Hardware fame, informed us the other day that nobody, but nobody, had been down and paid one single bit on our bill since we were there last. Caught us off guard for a minute, but we finally realized, rather involuntarily, that we wuz behind in payment of a Uo Us. Well, we told Mr. Davis that someone would be down there the first of the week to pay some on the bill. Somebody get down there quick, heah; we're broke as you know who.

Heard on the street: (or should we say OVERheard Dr. C. O. Lawrence says that the new hospital is keeping them running pretty regular, but you know, he didn't talk like he minded it a great deal.

And Earl Wilson thinks the girls wear entirely too little clothing on the streets on Saturday (especially on Saturday) and as much as we hate to, we'll have to agree with him.

And Hoover Armstrong says you might as well let him buy the Cokes, he's gonna add them to the bill anyhow.

And here's one we can't understand, everybody says it's hot.

Those guys down at the bank, like Johnny McKinney and Howard Bucknes and David Ballard air-conditioned offices yet. What we don't understand is how they can breathe when they come out here with the rest of us. Whew.

Somebody, I forgot who is was says the bank ain't lendin' any money these days but they'll sure take it if you stick it at 'em. Who wouldn't-

Somebody said ole Ralph Morrison made it the other day(s), but we didn't find out whether or not he gave a washing machine away. We did hear that one of his boys slung one off in the street. That hurts boy, and we ain't talking about the washing machine, neither.

A special note: When rules and regulations are made they are put forth with the idea that everyone, including the ones who enforce them are to follow them to the utmost. Lately we've been noticing a breach of this particular line of thought and we think it is taking advantage of an opportunity that is not really an opportunity. In other words, practice what you preach; if you can't abide by your own rules for pet's sake don't try to tell others how to abide by them.

Fella told me the other day that the cheapest meat he could buy was 105 pounds for a penny. Sounds outrageous doesn't it. He helped an old man up onto a set of scales and held his cane and then was kind enough to "buy" the old man's weight for him. Believe if I were that interested in my weight and didn't even have a cent, I'd have spent that penny for something to go on the inside rather than seeing how much I'l lost on the outside.

YOUR EYES

To be without sight is one of the greatest of personal tragedies, yet many persons constantly mistreat their eyes.

The eye is intended to receive and focus light rays and carry visual impressions to the brain. The eye thus brings knowledge of our environment to the brain and serves as a principal agent in keeping each of us in touch with the world outside our bodies.

Proper care of the eye is essential to general good health; and conversely, good general health is important to the health of the eye. When some part of the eye is damaged, undue strain results in headache, indigestion, backache, nervous disorders and other conditions.

In turn poor sight may be associated with disease, such as syphilis, arteriosclerosis, or diabetes. The normal proces of growing old may affect the eye, since all of the tissues concerned with the nutrition of the eye, especially the blood vessels, change with increasing age, leaving the eye less competent as a functional organ.

Persons with bad eyesight frequently have red and swollen eyelids, with constant watering, and blood shot areas in the normally white areas. Sometimes the eyelids will be crusted together after sleep. A tired eye is unable to work satisfactorily. It becomes easily irritated and is more likely to be invaded by foreign bodies, such as cinders and dust, because the tissues do not normally to get rid of such foreign material.

The normal eye should see clearly and effortlessly at twenty feet and adjust itself readily to greater or lesser distances. But civilization, with its reading and industrial activity, is responsible for most of our eye work being carried on within twenty feet.

Work with good illumination so that the eye is not strained. Get sufficient sleep to rest the eye muscles. Eat nourishing food, because the eye tissues, nerves and muscles derive their health from the food you eat. While working, rest your eyes occasionally by glancing at some object more than twenty feet away.

Hoppers Can Damage Early Cover Crops

Alabama farmers who have early-planted winter grazing beginning to come up are reminded that grasshoppers are especially fond of the tender seedlings.

Damage to young grazing plants in late August and September is the only harm to crops normally done by grasshoppers in Alabama.

The specialists say when the hoppers are found in sufficient numbers to damage pasture stands, farmers should dust the areas with two and one-half percent aldrin or 20 percent toxaphene cotton dust

Gas Co., Tiffin's Furniture Co., Burton Mullins Sewing Center, Peoples' Savings Bank, Thorsby Tractor and Implement Co., Encyclopedia Britannica, Pigs' Grocery, Foremost Dairies, Donovan Coffee Company, Butler Grain Bins and James N. Dennis, Lawrence Paint Company.

Others are expected to participate.

Unused Woods Can Be Used For Charcoal

Auburn, Ala.—Future development of chaircoal production could turn much of this state's scrub hardwood into valuable raw material for a new industry.

Such a possibility is seen by state farm leaders seeking new uses for Alabama's forest resources Windell Vickery of the API Extension Service, who has recently completed a survey of the charcoal industry here, said this week in reporting his findings that state producers now supply less than 20 per cent of Alabama's annual need for high quality charcoal. We are presently burning over 4000 tons per year for domestic barbecuing and heating, the Extension forest products marketing specialist explained. Industrial consumers use another 4000 to 5000 tons in making carbon di-sulphide, munitions fertilizers, feeds and other products.

In supplying Alabama consumers only, state charcoal producers could use from 25,000 to 30,000 cords of low quality hardwood each year. By cultivating markets outside the state, Vickery predicted, we could support a gigantic charcoal industry, thereby offering employment, bringing in extra income, and improving the quality of our forests through the proftable removal of scrub hardwood now occupying an estimated one-third of our woodlands.

BIBLE VERSES

Lee A. Popwell

If my people which are called by name shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven and will forgive their sin, and will heal their land. II Chron. 7-14.

My tongue shall speak of thy word for all thy commandments are right. Psalms 119-172.

And all things whatsoever ye shall ask in prayer, believing, ye shall receive, Matthey 21-22.

If ye shall ask anything in my name, I will do it, If you love me, keep my commandments, John 14-15.

Heaven and earth shall pass away, but my word shall not pass away, Mark 13:31.

One thing have I desired of the Lord that will I seek after, that I may dwell in the house of the Lord, all the days of my life to behold the beauty of the Lord and to inquire in his, Psalms 27:4.

If you abide in me and my words abide in you, ye shall ask what ye will and it shall be done unto you. John 15:7.

Not every one that sayeth unto me, Lord, Lord, shall enter into the kingdom of heaven, but he that doeth the will of my father which is in heaven. Matthew 7:21

And why call ye me Lord, Lord and do not the things which I say Luke 6:46

He that hath my commandments and keepeth them, he it is that loveth me, and he that loveth me shall be loved my my father and I will love him, and will manifest myself to him. John 14:21.

If we confess our sins, he is faithful and just to forgive us our sins, cleanse us from all unrighteousness I John 1:9.

And hereby we do know that we know him, if we keep his commandments. He that sayeth I know him and keepeth not his commandments is a liar, and the truth is not in him. I John 2:3-4.

And whatsoever we ask, we receive of him because we keep his commandments and do the things that are pleasing in his sight, I John 3 22.

Whom have I in heaven but thee? and there is none upon earth that I desire beside thee. Psalms 83:25.

If his children forsake my law, and walk not in my judgment, if they break my statues and keep not my commandments then will I visit their transgressions with the rod, and their iniquity with stripes. Psalms 89:30-33.

For this is the love of God, that we keep his commandments and his commandments are not grievous. I John 5:3.

Blessed are they that do his commandments that they might have right to the tree of life and may enter in through the gates into the city, Revelations 22:14.

Let us hear the conclusion of the whole matter: Fear God, and keep his commandments, for this is the whole duty of man. Eccles. 12:13.

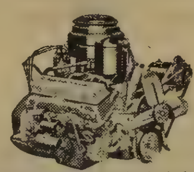
Here's why we say New Chevrolet *Task-Force* Trucks are the most *Modern* trucks for any job today!

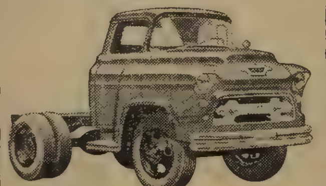
WORK-STYLED LIGHT- AND MEDIUM-DUTY MODELS have their own fresh, functional appearance.

WORK-STYLED HEAVY-DUTY MODELS look every bit as husky, efficient and modern as they are.

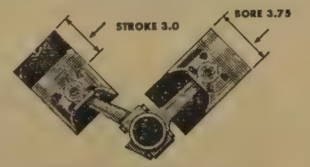


MOST MODERN V8's in the industry. Standard in Low Cab Forward models, an extra-cost option in all others except Forward Control models.

PANORAMIC WINDSHIELD sweeps around the corners to give you a wider, safer view of the road ahead.



REVOLUTIONARY NEW L.C.F. (Low Cab Forward) is much lower than former C.O.E. models yet it offers C.O.E. maneuverability.



OVERSQUARE DESIGN means less piston travel . . . longer V8 engine life.

HIGH-LEVEL VENTILATION provides a more constant supply of outside air.

Plus . . . Five new high-compression valve-in-head sixes—the most advanced sixes in the industry! New, roomy Flite-Ride De Luxe cab—the truck driver's "dream cab!" Huge new Full View rear window (optional at extra cost).

NEW CONCEALED SAFETY STEP stays clear of snow, ice and mud for greater safety regardless of the weather.

NEW 12-VOLT SYSTEM delivers *double* the punch for quicker starting and finer performance.

NEW CAMEO CARRIER is the flagship of the Chevrolet truck fleet! It's the first truly *beautiful* truck ever built!

These are just a few of the reasons why new Chevrolet trucks are the most modern trucks for any job today. Come on in and see why these great new trucks will save hours and dollars on the job! Come see why anything less is an old-fashioned truck!

VOLUME XXXIII CLANTON, ALABAMA THURSDAY, SEPT. 1, 1955 NUMBER 35

Folks and Things ABOUT TOWN

—By Ben

We're afraid some people are prone to change the subject when they are bested in an argument. The other week when we received several letters claiming the county would save between three and four thousand dollars if the minutes of the Board of Revenue and Control were not published we branded it as a lie and proved it with figures for the first six months in this year when the publishing of the minutes amounted to only a little more than eight hundred dollars. Well a letter was written and published showing the cost of all printing and supplies in all of the departments in the courthouse and the writer could not show the amount paid us that he had claimed was spent on minutes alone.

Of course nothing at all would be saved discontinuing the publication of the minutes. According to their wishes three copies would have be be made for Maplesville, three copies for Thorby, three copies for Jemison, three copies for Clanton and the regular number for the records at the courthouse. Besides the typing of all of these copies the Chief Clerk in the office would have to drive to these municipalities and post these copies in three seperate places in the towns, which would consume quite a bit of time we would think. Now add the cost of typing, the posting, the clerk's time, the automobile expenses and we are sure it would come to more than the cost of publishing the minutes. Then besides, it is your right to know how your money is being spent and who is getting it. It gives you a check on your elected officers. Anyway why all this hullaboo all of a sudden about publishing the minutes? Doesn't it look like someone is trying to satisfy a personal grudge? That's the way we look at it.

Now one more thing about that dirty crack regarding us admitting our part in the "spoils" and we'll shut up. Don't look now but that fellow was pointing his finger at you too. That means that everyone who does any business with his own home county is in on the spoils. And from reading the minutes every week or so that includes just about all the businesses in the county and a lot of individuals. Guess that fellow thinks all local money should be sent out of the county.

Jeff Miller says he is absolutely too popular (or unpopular) whichever way you want to look at it. In the vote staged by the Lions Club to see who would get first dunking at the "Ducking Pond" they will have at the Chilton County Fair next week Jefferson seems to come out near the top every time. Jeff is getting kinda worried about it, but we believe it's Jeff's personality. Everyone knows Jeff is a good sport and just about the most likeable guy you could find anywhere. At any rate the Clanton Lions will have a popular booth at the Fair next week. Go out thataway and duck your favorite Lion.

Drive carefully and watch those little fellows now that school has started. They're mighty quick to duck out and across the street without warning.

One of our neighbors boasts that his garden was such a success this year that his neighbors chickens will take first place at the County Fair

First Baptist To Welcome Pastor On Return

Sunday, September 4th, is to be the home coming day in the First Baptist Church, Clanton. We are inviting all our former members to come that day. We are urging all our absentees to be present. We have set a goal of 600 in Sunday School and 200 in training Union. We are urging and pleading with all members of the Sunday School and Training Union to remain for the worship services that day. All this is to welcome our pastor and his family home that day. They attended the Baptist World Alliance in London and have been traveling in Europe for two months.

To make this day the success it should be every member will have to do his very best. Let's show our pastor and his family that we love them and that we can do things in a big way.

No Suspicion Of Foul Play---

THREE DISAPPEAR FROM COUNTY

A wave of disappearances of women and a child has hit Chilton County within the past few weeks and the Sheriff's office has been kept busy trying to locate them.

A 15 year-old girl disappeared from her home North of Jemison Sunday a week ago and was located just Monday night. She was June Wilson, daughter of Mr. and Mrs. Curtis Wilson. She was located in or near Wayne, Michigan and her father left Tuesday to return her to her home.

Mrs. Willie Bell Bearden who left home two weeks ago hasn't been located. According to Sheriff R O'Dell Payton, Mrs. Bearden left her smaller children with some of the older married children and was to be gone only a short time, however, the Sheriff reports that no trace of Mrs. Bearden has been found. Mrs. Bearden is 48 year old. Mrs. Ralph Robinson of Thorsby left home some time Tuesday with three small children and has not been heard from since. Her husband reported she and the children missing when he came in from work late Tuesday afternoon. The Sheriff stated that from his investigation no foul play was suspicioned.

ARC Asked To Aid Flood Victims

The Chilton County Chapter Red Cross has been requested by Area Headquarters, Atlanta, Ga., to raise a quota of $300.00 for flood victims in the Northeastern states.

We began this appeal for funds last Friday. To date we have raised $119.50. We wish to thank those who have so liberally contributed. If anyone in the county desires to contribute to this worthy cause, please mail check to your local Red Cross in Clanton.

We plan to publish the names of contributors later.

Marshall Williams And Wife Thank Friends For Aid

Mr. and Mrs. Marshall Williams have expressed their desire to take this opportunity to thank everyone who assisted them in any way during the recent trouble in Mrs. Williams' family, which required her presence at her home in Hawaii. Everyone was extremely thoughtful and every thoughtfulness was deeply appreciated.

Whether your contribution to their welfare was material, physical or spiritual, it was needed and certainly helped this family in their crisis. Again they say, "Thanks for everything."

Former Resident---

Writer Doubts Public Would Travel To Read Minutes Of County Board

Mr. R. M. Tucker
Chilton County News
Clanton, Alabama

Dear Ben:

You and I have been running newspapers and in and out of County courthouses long enough to recognize the old political smoke screen when we see one. I see where they are trying to use this old trick again on the taxpayers of Chilton County.

First, I would like to state that I am likely to be considered a foreigner, dabbling in the internal affairs of the sovereign County of Chilton. But I grew up in Chilton County, learned the printing trade at Chilton County News and edited your paper for some time. I think this entitles me to evidence a little interest in my old home county. A lot of my people still live there and are among the taxpayers who will pay the big price if the local legislation planned for the County goes through.

It will be a tragic day when this Bill is passed. I have had the pleasure of meeting Rep. Speaks. I was impressed with his sincerity He no doubt feels that he was wronged in the race when he was elected to the Legislature. He surely does not comprehend the magnitude of what he proposes. He must be too young to remember the old days in Chilton County, and he must have forgotten the scandals that rocked the State so very few years ago.

Those who would like to return Chilton County's government to those earlier days are apparently gleefully using Rep. Speaks' Bill as the vehicle to return to wasteful, extravagant government—the government of private driveways, private roads, private fish ponds and other private work at the expense of public taxes. A return to the old system whereby a man handles the affairs of all the people of a County having to answer to only about a fourth of those people, would be tragic. Under this system a Commissioner can, through private this and that as enumerated above, perpetuate himself in of-

Returns 30 True Bills---

Grand Jury Says Courthouse In A Deplorable Condition

**STATE OF ALABAMA
CHILTON COUNTY**

IN THE CIRCUIT COURT OF
CHILTON COUNTY, ALABAMA
July Term, 1955

To The Honorable Oakley W. Melton, as Judge of said Court:

We, the Grand Jury, having been empaneled for the July Term of the Circuit Court and after having received Your Honor's charge, entered upon our investigation of the matters that came before us as Grand Jurors, and submit herewith the following report:

During the course of our investigation we examined a total of 96 witneses involved in 50 cases. We are returning herewith 30 true bills and 20 no bills.

In compliance with Your Honor's charge we did examine some of the records of the public officials, but did not go into any detail study of said records in as much as detailed audits of such records are conducted periodically by the State Examiner of public records. We did study the report of the examination of the records of Tax Collector of Chilton County and the records in the office of the Tax Assessor of Chilton County. A complete audit of the records of these two offices was filed with the Clerk of the Circuit Court on January 4, 1955. So far as we were able to ascertain the records of said two offices are being kept acording to law.

In accordance with Your Honor's charge, the Grand Jury made a detail inspection of the Chilton County Jail and found it reasonably safe for the detention of prisoners. The kitchen where food is prepared for prisoners is up to date and clean in every respect. The food is prepared on an electric stove and the dishes are washed and scalded in a well equipped stainless steel three unit sink. There was only one prisoner in jail and he was questioned as to food and accomodations. The prisoner stated that he was well cared for, he was given a sufficient amount of good wholesome food each day.

There are a number of leaks in the plumbing in the jail building and the water from these leaks on the second floor creates an unhealthful situation. The electrical system controls the cell doors on the first and second floors will not operate. It is noted that the mattresses in the jail need renovating and need also to be provided with clean covers. Many bottles, cans and drums were noted scattered around the jail yard. These should be cleaned up. The Grand Jury found approximately 200 gallons of moonshine whiskey and 200 cans of beer in the vault of the jail. There are two persons who have keys to this vault, one being the jailer and the other Sheriff Payton. It is recommended that when the whiskey and beer is no longer needed for evidence it will be destroyed in accordance with law.

The Grand Jury made a detailed inspection of the county courthouse building and found it in a delapidated and run-down condition and inadequate to meet the needs of various county officials. The Circuit Clerk's office needs more room as valuable records are presently being stacked on the floor and termites are eating off the records on the shelves and floor. The plaster is falling from the walls caused by dampness and rain through the walls. More files and bookcases are needed but there is no available space in which to place them.

The Tax Collector's office needs an awning on the East window. The awning on the East window of the Tax Assessor's office needs to be repaired or replaced. In the Sheriff's office the plaster is cracking and falling away from the walls needs to be repaired. There is no adequate space in the Sheriff's office for the private questioning of witnesses. The Sheriff's books and papers are being kept in a neat and orderly manner.

In the office of the Judge of Probate the plaster is coming loose from the walls and electric wiring should be checked by a competent electrician. The records in the Probate Judge's office are being kept neat and orderly, but additional book space is needed for filing records.

In the County Treasurer's office the plaster in both rooms is in a bad condition and several window casons have rotted out. The only heat for the Treasurer's office is an open fireplace and a heating register should be installed.

The floors in the Court Room need to be scrubbed and treated for protection. Many seats in the court room are in bad need of repair and some are actually dangerous

"Everybody Wins"

Booster Week Is Opportunity For Newcomers In Contest

By Bill and Doris Gupton, Contest Editors

Swinging into line with high hopes and ambition to win one of the truly magnificent prizes being offered by The Chilton County News in its big "Everybody Wins" prize subscription contest, the small but representative group of participants shown below are beginning to hit their stride and henceforth interest in this strictly local competition will grow by leaps and bounds.

With the announcement of an exciting special vote offer, effective only during what is to be known as "Booster Week"—starting Saturday morning, Sept 3rd, and ending Saturday night, Sept. 10th—there's time yet for other ambitious people residing hereabouts, especially in the surrounding communities of this area, to enter the contest now and make themselves important factors and probable winners of the biggest and best prizes

Never before in the Clanton area has there been a contest for local people of such magnitude, where the prizes offered are so valuable and highly desirable, and the winning requirements so liberal and inviting, as the one now being sponsored by the Chilton County News.

One feature alone is enough to make it the most talked of event in recent years. That feature is the offer to award a shining new 1955 Ford Four-door sedan valued at $2385.56 as grand capital prize to the participant in the contest obtaining the most points on both new and renewal subscriptions to this paper by Saturday Oct. 15th, just six weeks from this Saturday.

And, as a second feature—which is sufficiently attractive itself to be first feature in many such contests—$750 in cash will be awarded as second grand prize.

Then, too, under an unique and extremely liberal arrangement, four extra cash bonus awards will be given to third, fourth, fifth and sixth place winners, making six substantial prizes in all to be awarded.

Lastly, to assure immediate compensation to all participants in the contest, a special fund has been created for the express purpose of paying $1 out of every $5 individually collected, payable weekly all in accordance with the plan previously outlined.

So far leadership honors among contestants are almost equally divided, no one having a "walk away" for major prizes, and there's not a single participant in the list—or for that matter an entirely new entrant—who could not, if appropriate action and effort were put into the matter, obtain a sufficient number of the easily obtainable new and renewal subscriptions to be among the "top notch" leaders when the standing of contestants is shown in next week's issue.

It takes some genuine interest and effort, of course, to win these costly prizes, and the ones who exercise these two factors most effectively during the next 38 working days will surely reap their reward.

Merely wishing for the good things of life or putting forth only half-hearted effort in this or any other competition will never capture "blue ribbons" in affairs of this world. It requires some push, pep, and preserverance to compete any undertaking successfully. Only those whose hearts and minds affirm and reflect confidence in their own ability can win life's battles and the world will cheer them lustily.

NOTICE TO THE PUBLIC

A few weeks ago an ordinance was passed regulating the speed zones in the city of Clanton by the City Council and the public was asked to cooperate. But from constant complaints, they haven't done so in a full measure.

Therefore the Police Department has been placed on notice that the ordinance be complied with. The Patrol Car will spend considerable time patroling and will be forced to give tickets regardless of who the offender might be.

If you will stop and figure it mathematically, you will find it is only about 45 seconds difference from the center of town to the city limits driving at the lawful speed and at driving 50 m.p.h. The lawful speed is posted for your convenience.

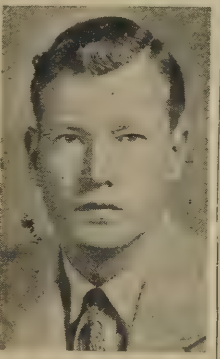
Public Whiskey Pouring At Jail

There will be a public whiskey pouring at the County Jail Saturday morning at 9 a.m. All of the confiscated whiskey that has accumulated from past raids will be poured in the gutter. The Sheriff has invited anyone who wishes to witness the destroying of the spirits to come around.

Voted "Lion Most Folks Would Like To Duck"



LEWIS "Pig" HEADLEY

You can help the department by dipping these lions in a nice cold water bath at your County Fair each evening between the hours of 7 and 9. You want to see a Lion take a (oops) spill! Ballot boxes are located in each of the Lions business establishments for you to vote on the one you would like most to duck. The leader so far, by 5 to 1 vote is Lion Lewis (Pig) Headley. Then follows Jeff Miller, Herman Lecroy, Charlie Tucker, and Jim Wilson.

A tentative list of the sitters are:
Monday night from 7 to 9 o'clock Campbell White, Luke Kendrick

IN THE CIRCUIT COURT
OF
CHILTON COUNTY, ALABAMA
IN EQUITY

Case No. 3236

Notice is hereby given that there is pending in the Circuit Court of Chilton County, Alabama, in Equity, a bill of complaint filed on the [illegible] day of August 1955 by Alabama Machinery and Supply Company, a corporation, against the following described real estate located in Chilton County, Alabama, to-wit:

The Northeast quarter of the Northeast quarter, the Northwest quarter of the Northwest quarter, of Section 4, Township 20, Range 16; the Northwest quarter of the Northeast quarter of Section 5, Township 20 North, Range 16 East; the Northeast quarter of the Southeast quarter of Section 15, Township 21 North, Range 16 East; the East half of the Southeast quarter, Southwest quarter of the Southeast quarter, Southeast quarter of Southwest quarter of Section 23, Township 21, North, Range 16 East; Southwest quarter of Southwest quarter of Section 24, and Fraction B of Fractional Section 24, Township 21 North, Range 16 East, Fraction A and the North half of Fraction B and the Southwest quarter of the Northwest quarter of the Southwest quarter of Section 25, Township 21, Range 16, The Southeast quarter of the Northeast quarter, North half of Southeast quarter, Northeast quarter of the Southwest quarter of Section 26, Township 21, Range 16, the Southwest quarter and the Southeast quarter of Section 33, Township 21, Range 16, the Northeast quarter of Section 34, Township 21, Range 16, the Southwest quarter of Section 34, Township 21, Range 16, The North half of the Southeast quarter and the Southeast quarter of the Southeast quarter of Section 34, Township 21, Range 16.

And against Flaketown Graphite Company, a corporation, C. H. Atwood, [illegible] Atwood, C. H. Preston, [illegible] Preston, Jean C. Read and Nicholas C. Read, and any and all other persons claiming any title to, interest in or encumbrance upon the real estate described above.

Said bill is filed to establish title in Alabama Machinery and Supply Company in and to said lands and to [illegible] all doubts and disputes concerning the same.

Said Alabama Machinery and Supply Company claims title by virtue of deeds from the Sheriff of Chilton County, from Flaketown Graphite Company, a corporation, from the Auditor of the State of Alabama, from R. H. Arrington, as auctioneer, from W. Nash Read and wife Jean C. Read and from J. B. Craven and wife Aileen Craven and by virtue of adverse possession and prescription.

The said Alabama Machinery and Supply Company further alleges in said bill that it and its predecessors in title have been in open, notorious, hostile, peaceful and exclusive adverse possession of said land for more than twenty (20) years preceding the filing of the bill of complaint and that no one except the complainant has, for more than ten (10) years preceding the filing of said bill of complaint assessed or paid any taxes on said land.

Any and all persons, if any, claiming any right, title, interest or encumbrance in said lands or in any part thereof are hereby directed to appear and plead to, answer or demur to the said bill of complaint by the 30 day of September, 1955 or in thirty (30) days thereafter a decree pro confesso may be rendered against them.

August Old-Age Checks Are Cut

Montgomery, Ala.—Commissioner J. S. Snoddy, Director of Public Welfare for the State of Alabama announced today that many old age checks will be cut in August because funds are not sufficient to continue present rates of payment to the increasing number eligible. "This is true," he said, "even though more funds are available for the aged."

Pointing out that the revenue measures enacted by the Special Session of the Legislature are expected to yield about $7,900,000 annually, the Commissioner showed that this is far short of the $20 million increase recommended by the Department to provide $50 average payments to the 110.000 old persons expected to be eligible.

"We hope to receive about $1,900.000 of the new revenues during the current fiscal year," Snoddy added, "but this sum is insufficient with other available funds, to continue present payment rates."

The Commissioner explained that the higher standards for determining need, plus repeal of the relative responsibility law and the change in the property restriction, are among factors contributing to the increased caseload.

"In May, when the repeal of the relative responsibility law took effect, we announced more liberal requirements for getting old age checks," Snoddy explained. Among these more liberal requirements, he listed the following:

1. The amount considered for the essentials in determining need has been increased from $32 a person to $55 each for a man and his wife. Rent as-paid continues to be allowed also up to $30 monthly, but maximum grants remain at $55.

2. Persons can own a homestead with a $5,000 net value (assessment less encumbrances) and have $1,000 reserve (including livestock, cash bonds, cars, etc.) and qualify. Before May, persons owning any real property with $800 or more net value were denied aid.

3. Home produce raised and consumed by the familyl is no longer deducted from food allowances.

The Commissioner said these new regulations already have resulted in an increase in the number receiving old age checks from 63,984 in April to 76,322 in July. And at the end of July there were 13,401 applications for old age in process of investigation.

The reduction in payments will be on the same basis for all old age recipients, Snoddy said. Instead of the 100 percent of budgeted need up to the $55 maximum, old age clients will get 60 per cent of what they need according to the new standards. It is estimated that the average old age payment in August will be about $33.

"Effective in August, all cases not rebudgeted since May have been put on the new standarrds," the Commissioner added, "so that all persons will get the same proportion of what they need." He expressed regret that it is necessary to reduce the percent of need met for the aged.

There have been no addtional funds for the welfare program, other than the aged. The Department therefore, has not liberalized policies for the other public assistance groups, Snoddy said. He pointed out that the Legislature has not yet appropriated any money from the general fund for the welfare program for the next two years.

"We hope very much the Legislature can find sufficient funds to carry out Governor Folsom's program for the people served by the Welfare Department," Dr. Snoddy concluded.

Bessemer Corn Festival Shaping Up For 15th

The "$64,000 question" on the seventh annual Bessemer Corn and Livestock Festival, Sept. 15-17, is "Who will be Queen Bess?"

"Invitations to sponsor girls for this honor have been mailed to 211 clubs and organizations in Blount Chilton, Jefferson, St. Clair, Shelby, and Walker counties," said Mrs. John V. Self, Queen Bess Contest chairman.

The first organization to return its entry form was the Fire Fighters Auxiliary of Bessemer, which has nominated Miss Barbara Simmons.

Entry No. 2 bears the name of Miss Jo Beth Smith, who is being sponsored by the Literary Forum of Bessemer.

"We are expecting between 80 and 90 lovely young ladies in the contest this year." Mr. Self added: Last year, when Miss Carolyn Early of Concord was the winner and Miss Martha Bell of Clanton was the runnerup, there were 78 entries.

The judging will take place on Thursday, Sept. 15, prior to the parade at 5 p.m., but the decision will be a closely guarded secret until the coronation ceremony at the Queen's Ball on Saturday night Sept. 17.

Three out-of-town judges will score the contestants on the following basis:

1. Beauty, features, figure, and vitality.

2. Personality—sparkle, friendly manner, and graciousness.

3. Poise—posture, grace, and assurance.

4. Becomingness of dress—color and style.

All girls competing for the Queen Bess title will ride on Chamber of Commerce floats in the parade.

Although the deadline for submitting entries is Sept. 3, Mrs. Self urged all organizations to reply to the sponsorship invitation as soon as possible.

The featured attraction of the Corn and Livestock Festival is always the District Dairy Show which is rated as the "outstanding event of its kind in the state."

"We are proud of our past festivals," stated James C. Bradley general festival chairman, "but we are working hard to make our 1955 celebration better than previous ones."

Adults, FFA boys, and 4-H boys and girls will exhibit purebred Guernseys, Holsteins, and Jerseys. There will also be team judging contests, showmanship and fitting contests, and the Dairy Maid contest.

The festival is sponsored annually by the Bessemer Chamber of Commerce and the Jefferson County Extension Service.

Stage, Radio Stars Assist Kenny Appeal

Minneapolis, Minn.—Top-ranking stars of the entertainment world — including radio, television, the screen and stage—have joined in urging support of the 1955 annual polio fund appeal of the Sister Elizabeth Kenny Foundation.

KLINE

Funds contributed by the public during the current appeal will enable the Kenny Foundation to continue to administer the Kenny treatment to victims of polio and to rehabilitate persons who have been crippled by polio in the past, according to Marvin L. Kline, national executive director. The Kenny Foundation also trains registered nurses and physical therapists to become Kenny Therapists and provides for research in polio and allied diseases.

Such well-known personalities as Tony Martin, Johnny Ray, Perry Como, Nat "King" Cole, Frankie Laine, and Dinah Shore —each recorded an individual 15-minute radio show in behalf of the Kenny campaign.

Being seen on television appeals are Jackie Gleason, Laraine Day, Emmett Kelly, Jack Dempsey, Mae Williams, Bess Myerson, Sonny Tufts, Nancy Kelly and Macdonald Carey.

DEMPSEY

Disney studios made a special animated film for television.

Dramatic readings for radio were prepared by Joseph Schildkraut, Burl Ives, Walter Brennan and Walter Slezak.

Kenny appeals also were recorded by Roy Rogers, Patti Page, Dorothy Collins, Red Foley, Jimmy Durante, Rosemary Clooney, Eddie Fisher, Jo Stafford, Art Linkletter, Gisele MacKenzie, Peggy King, Liberace, Herb Shriner, Lowell Thomas and Dave Garroway. These are being aired on radio stations across the country.

"The time and effort that these artists in record number have contributed is deeply appreciated by the Kenny Foundation," Kline declared. "Their generous support carries the hope that the public will join with them in making financially possible the continuation and expansion of great humanitarian work."

ACCURATE DIAGNOSIS OF POLIO PRESENTS UNUSUAL PROBLEMS

Minneapolis, Minn.—Accurate diagnosis of non-paralytic poliomyelitis presents a challenging and important problem, even though the medical staff of the Sister Elizabeth Kenny Foundation has diagnosed and treated thousands of cases of the disease.

The patient with paralytic polio can be accurately diagnosed, but non-paralytic polio resembles very closely a great number of other diseases which are almost impossible to distinguish from polio. One of Sister Kenny's contributions to medical science pertained to early recognition of symptoms and necessity of early treatment.

Perfecting of a diagnostic test for polio is a tremendous problem, because polio viruses are elusive things. They are too small to be seen with the ordinary microscope and require living tissue for growth. The problem is further complicated by the fact that polio is not just a one-virus disease, but a disease caused by different viruses.

As a result of tests carried out on patients referred to Kenny treatment centers with suspected polio, a number of unusual infections of the central nervous system were uncovered. The same complicated laboratory tests would seem to indicate that many of these other diseases are indistinguishable from polio by the ordinary techniques available to doctors.

These diseases have in common the same polio symptoms of fever, headache, stiff neck and an increase in the number of white blood cells in the spinal fluid of patients.

Pickles That Grandma Made

Old family recipes for pickles number in the thousands. There are numerous names for most of them, and dozens of slightly different "receipts" for each name. Here are a few old family favorites that have been handed down through generations.

Grandma Sehl's Chili Sauce

- 1 basket (about 28 lbs.) red-ripe tomatoes
- 2 quarts chopped onion
- 2 quarts chopped green peppers
- ⅛ teaspoon Cayenne pepper
- ½ teaspoon ground cloves
- 2 teaspoons cinnamon
- 2 cups sugar
- 4 tablespoons salt
- 1 quart vinegar

Skin, core and chop tomatoes. Mix together everything except the vinegar and cook about 1½ hours. Add vinegar (and more salt and seasoning if needed). Cook until thick. Pour, boiling hot, into hot jars; seal at once.

* * *

Granny Fanny's Corn Pickle

- 8 cups cut corn
- 1 cup chopped onion
- 1 cup chopped green pepper
- 1 cup chopped red sweet pepper
- 4 cups chopped cabbage
- 2 tablespoons prepared mustard
- 1 tablespoon mustard seed
- 1 tablespoon celery seed
- 1 tablespoon salt
- 1 tablespoon turmeric
- 1 tablespoon curry powder
- 4 cups vinegar
- 1 to 2 cups sugar
- 1 cup water

Mix all ingredients. Simmer 20 minutes. Boil 8 minutes. Pour, boiling hot, into hot jars; seal at once.

* * *

Aunt Lula's Spiced Grapes

- 8 cups grapes
- 4 to 5 cups sugar
- 1 teaspoon allspice
- 1 teaspoon cloves
- 1 teaspoon cinnamon
- 1 teaspoon salt
- 1 cup vinegar

Wash, stem and measure grapes. Press to separate grapes from skins. Cook skins until tender in just enough water to prevent sticking. Cook grapes in own juice to loosen seed, then press through sieve. Mix all ingredients. Cook until mixture almost, but not quite, sheets from side of metal spoon, as in jelly test. Pour, boiling hot, into hot jars; seal at once.

SCIENCE IN YOUR LIFE

Peaceful Mornings

One of the trials of motherhood is morning sickness—the nausea and vomiting felt by so many mothers-to-be in the first few months of their pregnancy.

Morning sickness, which occurs to some extent in an estimated three fourths of all pregnancies, may be mild or severe, and may differ in intensity with each child—as many mothers can testify.

Nausea and vomiting are some of the first outward signs of pregnancy. "It's just one of those things we mothers must suffer" is the consoling advice offered expectant mothers by friends and non-professional experts.

Not all their advice is quite so innocuous, however. A number of "witches-brew" morning sickness remedies have been offered through the years, but largely these are ineffective, and sometimes even harmful. It is only in the past decade that scientists have been able to develop methods to alleviate the symptoms of morning sickness.

For the more severe cases of morning sickness, the physician can inject large doses of vitamins B-1 and B-6. Psychotherapy and hypnosis are also used on selected cases.

More recently, the same drug used to prevent car, boat and seasickness has been combined with vitamin B-6 in a tablet designed to control morning sickness.

This tablet, called Bonadoxin, has been tested successfully in 100 patients of Drs. Arthur Weinberg and William E. F. Werner of Far Rockaway, N. Y. The doctors report on this trial in the medical journal *American Practitioner and Digest of Treatment* and say that the tablet curbed morning sickness over long periods for most of their patients.

With the aid of modern medicine, mornings of mothers-to-be can be made far more peaceful.

Continued Need Seen for Kenny Polio Treatment

Minneapolis, Minn.—Need for polio treatment provided by the Sister Elizabeth Kenny Foundation will remain vital for years to come, despite recent discovery of vaccine to combat the disease, in the opinion of Marvin L. Kline, national executive director.

KLINE

"We must continue in the position to treat those not immunized and others who contract polio and be able to retrace our steps to rehabilitate those who have been crippled by the disease in the past," Kline said.

"The current 1955 annual fund appeal is being conducted to assure continuance of the Kenny program which includes providing the Kenny treatment and rehabilitation as well as the training of additional registered nurses and physical therapists to become Kenny Therapists and the sponsorship of continued research into polio and allied diseases."

EDUCATION FOR LIVING

We read in a newspaper the other day that its high schools will plan to teach its students how to talk pleasantly, how to use good English, and how to be at ease in the presence of potential employers and other persons. The school officials have been led to institute the new course because of the discovery that many students, otherwise entirely capable, have missed the opportunity for jobs because of an inability to converse coherently or use correct grammatical construction.

All of us have heard others, who apparently get tongue-tied in the presence of others, we might, in fact, do it ourselves. They stutter, stammer and seemingly lose all powers of intelligent speech and their self control.

Therefore, it seems to us, that any high school course that gives our children such opportunities that would benefit them in their everyday living, would be profitable to all of us and should be pushed by teachers and educators.

Education, after all, is to equip boys and girls for living. Very often, the pupil would do well to know a little less about mathematics and history and learn a iltle more of how to live with, and get along with, his fellow human beings.

We feel, that such a course as this in our county schools would be a boon to the students and would even help the teachers in the higher grades providing the course was started early enough in the student's career as a student.

AND SPEAKING OF SCHOOLS—

A famous educator once said, "the worse time in a young boy's school life is not a rough exam or the back of the 'board of education', he can take those things with a grain of salt. The absolute height of the invasion of his freedom is the first day of school."

Well, whoever said that was right and we suppose that it goes double for you kids over the county who are ending your summer vacations as of Friday of this week.

Yep, it's time to climb out of those bathing suits and don some nice starched collars and dresses. Time to put away that fishing rod and take a ton of books in hand. Time to get your mind off of the frivolities of summer and start thinking seriously for about nine more months. Sounds like quite some time, but just think, at the end of that grueling time, you can pick up that fishing rod again for another summer of fun and fancy.

And say kids, they tell us that our classrooms are bulging at the seams so to speak, this year so how's about some of us resolving right here and now to try and cooperate with teacher so she can teach you more with a little less strain on everybody concerned, from mama to principal.

You know, when you reach even the first grade, you're ready to take on a small responsibility. Well, it's really a big responsibility, because you have to learn to get along with the teacher and the other pupils that you're going to spend the next good many years with. Now, we all know you're capable of doing just that and we know you can get along just fine with most anybody; so you youngsters from six on, starting this year, put you [illegible] foot forward and see for yourselves that it will get you a lot further along that road of life than you may think.

At least think it over kids, and when you enter school this Friday, show the rest of the students just what it's like to do your best. You may be surprised at the affect it might have on the fellow next to you.

Formerly Restricted Data---

A-bomb Role Of Sandia Lab Told By So. Bell Manager

Sandia Laboratory, located in the desert wastelands of New Mexico, ranks alongside such names as Oak Ridge, Hanford and Los Angeles in atomic research.

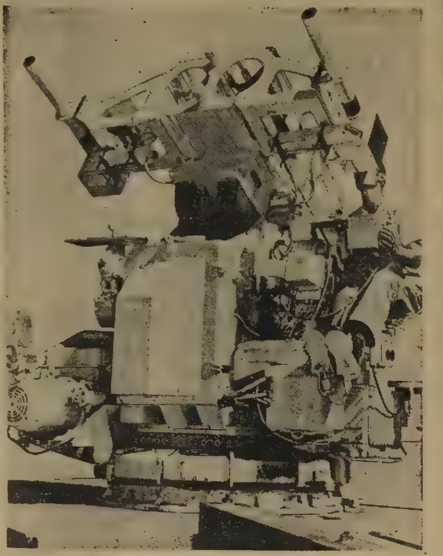
Heretofore a hush-hush organization operating in strict secrecy Sandia is providing the scientific know-how in triggering atomic bombs, cannons, and in perfecting fuzing and arming systems which are making our atomic weapons more and more effective.

Parks Scott, local manager for Southern Bell, today released some formerly restricted data on Sandia Laboratory, which is operated for the Atomic Energy Commission by the Sandia Corpoartion, a Western Electric Company non-profit subsidiary. Western is the manufacturing arm for the Bell System.

Management of the vast Sandia operation is in the hands of Bell System people, transferred for the job from Western Electric, Bell Laboratories, Southern Bell and other operating companies of the Bell System.

The Department of Defense, representing the U. S. Army, Navy and Air Force, is the customer for Sandia's products. Helping Sandia do its job are 3,600 suppliers — large and small companies located in 43 states and several foreign countries who make a great variety of products.

Sandia concentrates on the non-nuclear portions of atomic bombs and shells. The nuclear parts of the weapons are developed and produced by Oak Ridge, Hanford and Los Alamos, also operated for the Atomic Energy Commission. Specifically, the fissionable material—the atomic "powder" that goes into the weapons—is mainly provided by Hanford and Oak Ridge. Los Alamos concentrates on developing an explosive system to meet the needs of the armed forces.



This atomic age telescope was designed at Sandia to study the flight characteristics of bombs, missiles and aircraft during field testing operations. A tracking radar automatically keeps the telescope positioned and focused on the target.

It is Sandia's job to work out a satisfactory fuzing and arming system and all other controls and mechanisms, including, in most cases, the ballistic case or container for the weapon. In addition, Sandia is responsible for developing handling equipment, test instruments, and packaging and it also has important responsibilities in field testing, inspection and quality assurance.

Sandia was only a small shop when the first atom bombs fell on Hiroshima and Nagasaki in 1945 In 1947 a civilian agency, the Atomic Energy Commission, took over the work on atomic weapons from the Manhattan Engineering District, the military organization which supervised the development of the first atom bombs. The change in management from military to civilian emphasized the need for a point of contact to provide closer liaison between the armed forces and the Los Alamos Scientific Laboratory. Sandia Laboratory was give nthe assignment, and the Bell System, with its close knit organization of research and manufacturing, was asked to take on the job.

From that time Sandia Laboratory has grown in size and importance until today it has more than 5,600 employees and a $40,000,000 aid-conditioned plant equipped with the finest tools and machines for doing its job.

Located on the yucca-spotted sands of the Sandia Base are many strange devices—a tracking telescope that looks like an anti-aircraft gun, a rocketdriven sled that travels at nearly supersonic speed and APOTA, the name given to a curious arrangement of oversized barber poles fastened to a huge white dish, all designed by Sandia's engineers to test and explore the new and unfamiliar forces that are encountered in atomic research.

Last year, Western Electric signed a new contract with the AEC to continue the non-profit operation of Sandia until the end of 1958.

Another sign of mankind's transition to a new age—the Atomic Age—is the 280mm cannon above. Sandia Laboratory played an important part in the development of an atomic shell for this cannon.

Things we -SEE- and Hear

by "Tuck"

We've been wondering about that sign down at the barber shop lately. Seems Ollie Blalock, Auklee, Moats and George Wyatt have a saying, in writing, over the rear door of their barber shop. "Do unto others, as you would have them do unto you." What we're wondering is, does that mean just in cutting hair and that's all. Are they that touchess about it or does it go for everything.

Someone mentioned the fact that it was hot and one of the local anglers said, "You ain't hot," say "you aughta be down on the river fishing if you want to see how hot it is." Getting bad when fishing is classed in the same category with working.

The only children that have ever been really bad are the children of the present generation. At least that's what some folks would lead us to believe.

If you ever decide to move, do it across town or across the country, but never across the street. It's just far enough to be too far to walk and not far enough to load a truck. So what do you do? You walk. And believe me you can collect a lot of "junk" in a short year's time. I'm glad we made it but if I ever move again I'm going to make sure it's enough distance to fill a truck and ride to the new site.

You know, you can control your temper. That's shown very vividly when the other fellow is bigger than you are.

"Am I late for my dinner," said the cannibal prince. "Yes, everybody's eaten, said the cannibal king.

Renter to prospective customer: "How do you like the room as a whole?" Customer: "As a hole it's fine, but as a room, not so much."

The way we heard it, Mrs. John Studdard was the only one to come out very good on an auction the other day. She bought a lamp and then won a door prize. How lucky can you get?

Like the fella said, the only thing we don't like about the new cars is the 24 months. Seems ilke they could improve on that particular feature doesn't it.

Cotton is king in Chilton County at present and it won't be long before you'll see truck loads and wagon loads headed for the gins. In fact, we've already seen several of them pass us and it looked like mighty good cotton to us. 'Course we're not judges of fine or any other kind of cotton, but we do know when something looks above average and what we have seen does just that. Hope that's an indication that our farmers are going to get out of the hole they got into when the peaches failed this year. It'll pull some of them through this rough spot we're sure; and as they tell us to remember, it'll all work out for the best.

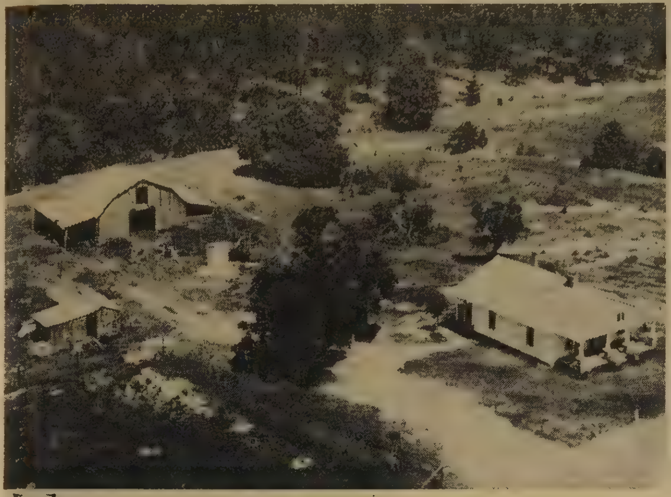
Whose Farm Is This?



When someone yells "take to the woods" this week's "Mystery Farmer" won't have far to go.

The "Mystery Farm" pictured above is located somewhere in Chilton County and we're sure you'll recognize it if you've ever passed by. Now all you have to do to be a winner in this unique contest is to tell us who owns it.

Turn your answer in at the News office before four o'clock next Saturday afternoon and if it's correct we'll mail you two free passes to any Wadesonian Theatre in Chilton County. Too, you'll be eligible to win the Grand Prize drawing next Monday and the winner of this will get twelve dollars ($12) worth of merchandise absolutely free.

You can't be a winner unless you make a guess. Come in today.

The Winners!

John McAfee was winner of last week's Grand Prize in the "Mystery Farm" Contest. The only other persons correctly guessing last week's farm as that of W. E. Robinson were:

Velma J. Thornton

Mrs. E. B. Allison.

Mr. McAfee lives on Lawley, Rt 1, and as winner of the Grand Prize will receive a five dollar gift-certificate redeemable in merchandise at Pig's Grocery & Market, a five dollar gift-certificate redeemable in merchandise at Watson's, and a one-year subscription to Chilton County News.

The other two winners will each receive two free passes good at any Wadesoinan Theatre in Chilton County.

You can be a winner, too. All you have to do is tell us who owns this week's "Mystery Farm" pictured on this page.

A welding machine can help keep your tractor and equipment rolling. Weld broken parts yourself. Then machine won't have to lie idle several days while you order a new part.

Identify Your Own Farm

Lately we've had some difficulty in tracking down some of the owners of the "Mystery Farms" and therefore have been unable to give you a run-down on their farm. We realize that some of you folks don't have time to come in to town just anytime, but if you could make it in any time before the next issue of the paper it would be all right.

Quite a few times we don't know where the farm is ourselves and therefore can't come to see you to get the information we want, so we have to depend on you to come in identify your farm and give us the low-down on it.

These personal glimpses into the lives of our farm families make interesting reading to our subscrbiers and we think, gives the owner of the farm a little good publicity, also.

If your farm is run this week and you get a chance to come in, or better still, make it a point to come in and tell us about your farm and family. Our readers and your friends appreciate it.

A grass-covered area around the chicken house will lower air temperature 10 or more degrees.

Our attendance was very good over the week-end, though some are still absent on the account of sickness. Continue to pray for all that are sick, that God's will might be done at all times. We have so much to be thankful for, yet we don't stop to thank God for all these blessings He bestows upon us.

Sunday is our regular preaching day. We invite everyone out to hear the inspiring message which Bro. Jones has for us. Sunday is also our regular time - call our pastor for another year. We are so very thankful that God sent Bro. Jones our way. He has truly enriched our lives with the gospel of Christ and we will always pray for him as he goes preaching Christ unto the world.

If yu have no other place to worship, we wlcom you to be with us in our services at Sardis.

RUTH HICKS

We are glad to report that Mrs. Alma Schurter is gradually improving at her home here. Among visitors in the Schurter home last week were: Mr. and Mrs. W. C. Beagle of Fulton, Ala., Mr. and Mrs. W. J. Graham and Judy of Birmingham, Ala., and Mrs. Alma Mae Scarsbrooks of Orrville.

Visiting in the home of Mr. and Mrs. Earl O'Neal and family and with Mr. W. M. D. O'Neal recently were Mr. and Mrs. Preston O'Neal of Montgomery, Mr. and Mrs. Kay Jones and sons and Mrs. Mary Jones of Selma, Ala. and a cousin of Mr. W. M. D. O'Neal's Mr. and Mrs. John Barnes of Georgia.

We regret to report that Mrs. Sol Osburn is not doing well at her home.

Mrs. Fannie Hysaw, age 78, died at the residence of Mr. and Mrs Harlie Ester Robertson at 7:55 p.m. on Monday, Aug. 29, 1955. Mrs Hysaw being the mother of Mrs Robertson.

Coming from afar to be with their mother, Mrs. Mattie Woolley and to help her celebrate her 83rd birthday were the following: The Glenn Woolley's of Arkansas; the Howard Wooleys of Camden, Ala. Miss Armour Woolley of Tennessee, the Maurice Woolleys of Tennessee, the J. C. Wooleys of Tennessee, the Elbert Cooper's of Selma, Ala. This celebration took place at the home of Mrs. Gertrude Woolley Stuart and the Brown Woolley family also of Stanton were present. Mrs. Woolley's birthday was celebrated a few days earlier than her actual birthdate. The birthday being Tuesday, Aug. 30th

Mr. and Mrs. Charlie Johnson, of Stanton, have announced the engagement and approaching marriage of their daughter, Sara, to Erskine Atchison, son of Mr. and Mrs. Ben Atchison of Plantersville The wedding date has been set for October 7th.

Paratrooper-Brothers, all volunteers and the sons of Mr. and Mrs E. R. Sanders of Selma and former residents of this section have earned their jump wings. These sons being Cpl. Clyde T. Sanders Pvt. Robert C. Sanders and Cpl William H. Sanders. The three met briefly in Japan, Robert remaining to begin a three-year tour of duty in the Far East and his two older brothers returning home under the rotation plan. These brothers are on 30 day leave with their families Cpl. William H. Sanders (Buddy age 23, has a record seven year in the Air Force and two in the paratroopers, and Cpl. Clyde Sanders, age 21, has spent fo years in the Regular Army and three in the paratroopers, will report to Fort Bragg, N. C. for new assignment. Pvt. Robert C. Sanders, 19, entered military service last September. Their grand father being the late oJe Sanders who was well known in this and adjoining communities. The brief reunion of the three brothers at Beppu came about in Mid July when Robert arrived with the first elements of the 508th Airborne Combat Regimental Team, fresh from Fort Campbell, Ky., to replace the 187th, to which his brothers belong. Their meeting of several hours was their first in two years. The two older brothers returned to the states in the same aerial convoy which had transported the younger brother overseas. These two brothers, Clyde and William were guests of honor at a reunion at the family residence 2307 Water Avenue recently. All eleven children being present except Robert. For Clyde, the return was saddened by the loss of Bixre, the Japanese pup, who was ready to rotate with his master when he was stolen. Picked up some eight months ago as a stray, Bixre won distinction for his jumps with his owner. Pictures were made of Clyde and Bixre after a 1000 ft. drop from a C-47 of theh Thailand Air Force attachment of the 315th Air Div., 347th, Troop Carrier Wing, to which the 187th Airborne Regiment Combat Team was attached. (These pictures have appeared in several State papers). The occasion was a training mission for pilots of the Royal Thai Air Force in para-dropping at Oita. An old hand at stepping out into space, Cpl Sanders decided it was time for Bizre to start earning his jump wings. Mission accomplished, objective gained, is the report flashed by the pose and triumphant grins of the team in the picture. In all, four of the Sanders brothers have served their country in peacetime and in war. William and Clyde who both entered the service at the age of 14, were in Korea during the war, William spent three years there with the Army Air Force and Clyde was 18 months with the regular army. Their oldest brother, Raymond, Jr., age 25, and now employed at Ziegler's entered the Air Force at the age of 15 and spent two of his five years of active duty in the Philippines. At the outbreak of the Korean War he was mobilized with he National Guard and saw another year of regular duty with the Army before his discharge. These records are outstanding and your reporter wanted to pass them on to you. Many relatives and friends of this family live in this and adjoining communities.

Mrs. Alice Reynolds of Plantersvill was notified last week that her aged mother, Mrs. Mary Arnold, age 94, had fallen at her home in Birmingham. No bones were broken in the fall, but Mrs. Arnold is in a very serious condition, due to her age. Mrs. Alice Reynolds and Miss Walter Frances Reynolds motored to Birmingham last Thursday, but have returned to their home.

Mr. and Mrs. Jos. F. Latham and two children, Gay and Nancy, have returned to their home in Maryland after spending several days with their grandmother, Mrs. Mary Hicks.

Mr. Tom Gay has returned from Birmingham where he visited with his children for several days.

The Plantersville Eastern Star Chapter gave a very enjoyable "Christmas in August Party" at the Eastern Star Hall last Friday night. The Hall was beautifully decorated with Christmas Trees and all kinds of lighted fixtures and decorations. Mrs. Maudine O'Neal was in charge of decorations. Mrs Ethel Perry in charge of entertainment and Mrs. Zula Duncan in charge of refreshments. Christmas music during the evening by Mis Ruth Hicks. One o fthe Christmas trees was laden with gifts beautifully wrapped in Christmas wrappings. Each person present was asked to walk by the tree and select their gift. Everyone reported a very enjoyable Christmas party.

Mr. and Mrs. R. L. Mott of Birmingham, Ala., mother and father of Mrs. Wililiam Gay of Plantersville, Ala., have returned to their home after a very pleasant stay with Mr. and Mrs. William Gay and Martha Lynn.

Of much interest in this and adjoining sections was the candlelight wedding of Miss Patricia Gail Varner and Jackson Gilbert Gay which was solemnized at 5 o'clock Saturday afternoon August 20, 1955, in the First Baptist Church in Selma, Ala., in the presence of their families and friends. The bride is the daughter of Mrs. Walter Eugene Varner and the late Mr. Varner The bridegroom is the son of the late Mr. and Mrs. Luther Byrd Gay, also of Selma. The double ring ceremony was performed by the Reverend N. H. McCrummen Altar candles were lighted by Aubrey Rush, Jr., of Marion Junction cousin of the bride, and Irwin Friday, cousin of the groom. Music selections were played by Tommy Johnson, organist. Reuben Bishop sang "Because" prior to the ceremony and "The Lords Prayer" was sung as the benediction. The bride was attended by Miss Barbara Clark as her maid of honor and by Miss Ann Plummer and Miss Mary Louise Stokeiy, cousins of the groom, as bridesmaids.

Reginald S. Hudson attended the bridegroom as best man. Richard Brown, oJhn O. Tabor, Irwin Friday and Aubrey Rush, Jr., were the ushers. The bride entered with an uncle, Leo S. Rush, of Gainesville, Florida by whom she was given in marriage. The Jack Gays are spending their honeymoon in New Orleans and the Gulf Coast After their return to Selma, Mr and Mrs. Gay will leave for Hartford Connecticut, where Mr. Gay will be associated with Pratt Whitney Aircraft Corporation.

"Jack Gay" has many, many relatives in this and adjoining communities. His father and mother the Luther (Bud) Gay's were favorites and always lover to come back and visit with relatives. Mrs Charlie Gay and Mrs. Rubie Mae Biscoe were present at Jack's wedding.

Lovely Peggy Fuller, daughter of Mr. and Mrs. Elmer Charles Fuller of Suttle, Alabama, became the bride of John Claxton Windham, son of Mr. and Mrs. John Morgan Windham of Elba, Ala., on Saturday afternoon, August 20th, in Pine Flat Baptist Church of Suttle. The impressive double ring ceremony was performed at 4:30 o'clock by the Reverend A. L. Nations, pastor of the century-old church. Eady Fuller, small sister of the bride and Brenda Cummings, also of Suttle, were the candlelighters. Mrs George Watters of Marion, pianist and Miss Nelda Wright, of Corinth Miss., vocalist, presented the program of nuptial music. Miss Juanita Wren of Attaila, was the bride's maid of honor and only attendant. John Morgan Windham served his son as best man. The ushers were Roger Fuller of Suttle and Roger Chapman of Hartselle. The bride was given in marriage by her father. A reception was held at the home of the bride's parents following the ceremony Assisting in serving were Mrs. W D. Cummings, Mrs. J. T. Fuller Mrs. Fred Fuller, Mrs. Ford Fuller, Mrs. E. B. Fuller, Mrs. Roy Cummings, Mrs. H. D. McVay, Mrs. R. H. Hall, Mrs. Roy Poe, Mrs A. E. Stone, Mrs. James Montrose and Mrs. E. M. Kendrix. Mrs. H. C. Jones at the bride's book. Mr. and Mrs. John C. Windham left for a wedding trip in the Smokies and after their wedding trip will reside in Cordele, Georgia where the bridegroom will teach physical education in the junior high school Many social courtesies were extended Miss Fuller before her marriage to Mr. Windham.

Mulberry Baptist Church—

Mulberry Baptist Church begins its "Church Month" Sunday, and all members and friends are urged to attend each service during the month of September. Sunday morning the WMU and the Brotherhood will be honored in the morning worship service, with each organiation being recognized. The other organiaztions of the church will be given recognition on following Sundays. A goal of 130 has been set for the Sunday School's average attendance for the month, and the goal for the Training Union has been set at 76. Let us all work together to exceed these goals.

The deacons and their wives will meet tonight, September 1, in the home of Mr. Wiley Tucker. All deacons and their wives are urged to attend this meeting.

Sunday will be the regular time for the monthly business meeting of the Mulberry Baptist Church. The remainder of the officers and teachers of our church are to be elected at this business meeting. Other business matters of the church will also be transacted at this time. All members of the church are invited to be present for this meeting.

J. B. Mizzles will preach at the evening worship service Sunday, September 4. The pastor will not be away from this service, but several members of our church have not heard J. B. preach, and we wish to give him opportunity from time to time to preach to our people. We are proud of J. B., and are thankful that invitations to preach are coming to him from several of the other churches around us.

All of the members at Mulberry will want to remember that next Wednesday night will be Family Night in our church. All organizations of the Brotherhood and the WMU will meet at this time.

Presto! Transform Soup Into Salad

First it's a soup. Then it's a salad.

You may not believe your own eyes. But this is one kitchen wonder that's much easier than pulling rabbits from hats. Honestly, you can turn out a beauty of a salad from that can of creamy soup. Stir it up with gelatin plus chopped fruits or vegetables. And you've got it made.

Which soups? Two of the best for salads are cream of celery and cream of chicken. Delicate and scrumptious is chicken with rice soup. Stir it up with cream cheese plus pineapple chunks, toasted almonds and gelatin. How elegant! Perfect piece de resistance for your summer luncheon. Plate mates to serve with it are buttered asparagus and toast fingers.

Queen's Chicken Salad

1 envelope unflavored gelatin
¼ cup cold water
1 3-ounce package cream cheese
1 can (1¼ cups) condensed chicken with rice soup
⅔ cup drained pineapple tidbits or chunks
⅓ cup slivered toasted almonds

Soften gelatin in cold water; set container of gelatin in a pan of boiling water until dissolved. Mash cream cheese with a spoon until soft; blend in soup a little at a time. Add pineapple, almonds and gelatin. Pour into 4 individual molds or a 1-quart mold (coated with oil). Chill until firm. Unmold. Place each salad on extra rings of pineapple, on top of crisp lettuce or other greens. Top each portion with more toasted almonds.

Use frozen cream of shrimp soup for another cooling salad, fresh as a sea breeze.

"In The Pink" Shrimp Salad

1 can (10 ounces) frozen condensed cream of shrimp soup
½ cup softened cream cheese (3-ounce package)
1 envelope unflavored gelatin
½ cup cold water
1 cup chopped celery with tops
¼ cup sliced, stuffed olives
¼ cup toasted almonds

Thaw soup completely; blend with cream cheese. Soften gelatin in cold water; set container of gelatine in a pan of boiling water until gelatin is dissolved. Blend soup, celery and remaining ingredients; pour into a 1½-quart mold or 4 individual molds which have been coated with oil. Chill until firm. Unmold and serve on crisp salad greens. 4 generous servings.

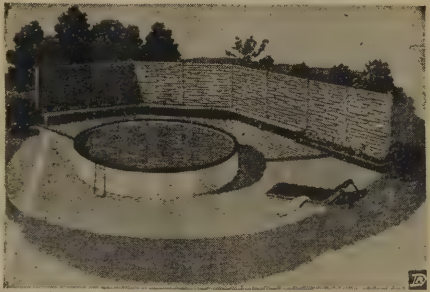
Summer on Your Home Grounds



This pool is an example of what American manufacturing genius is doing to make backyard swimming pools available to families across the country. It comes packed in a carton ready to set up. Basket weave fence shields pool from prevailing winds and screens it from view of passers-by.

HOUSE & GARDEN FEATURE SERVICE

The true value of land today is how much living you get out of it—not how much you own. Every year more gardeners, more outdoor chefs, more birdwatchers are being discovered in backyards all over the nation. Families are willing to spend their week-ends building an outdoor barbecue, laying a flagstone terrace, or weed-a herbaceous border.

Many of them are building backyard swimming pools, most of them extremely inexpensive. House & Garden magazine July issue now on sale is loaded with information for the proud homeowner who wishes to explore the possibilities of backyard development.

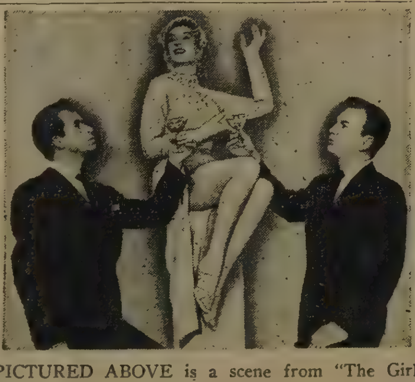
Children who have outgrown the playpen but are still too young for camp are often the most difficult to amuse at home. Why not put a large area of your yard where they can play within calling distance? House & Garden tells you how to do it. It doesn't involve buying a lot of expensive props.

If you retreat indoors after dusk you are missing the best hours of the summer. Why not illuminate your yard and enjoy it till midnight? The magazine experts tell you how to do it.

Today you don't have to be a movie star to own your own swimming pool. For that matter you don't have to be rich. Budget-priced swimming pools, like cars and bathtubs are rolling off U.S. assembly lines. For example a new fibre-glass pool, installed complete with filter system costs considerably less than a new convertible.

More important than most things is the time element. In the case of most prefabricated pools it is only a matter of days from excavation to swimming and diving. Plastic types can be filled up right away.

House & Garden experts, in about 20 pages of the July issue tell you how to make "all summer long" seem like a never-ending vacation.



PICTURED ABOVE is a scene from "The Girl Rush" starring Rosalind Russell. This movie is to be shown at the Clanton Drive-In Theatre Thursday and Friday, September 15 and 16.

PRETTY PARTY QUICKIE

Suppose the bridge tea is shifted to your house at the last minute, or your maiden aunt drops in for an unexpected chat. Are you at a loss for a fast party snack? Before you panic or run out for an expensive tidbit, take a look at your pantry shelf and the contents of your breadbox. Here, for example is a really festive offering made from nothing more distant than a package of instant pudding mix and a few pieces of enriched yeast-raised bread. With the help of a little canned fruit halves, an occasional walnut, and the sugar and spice that are almost sure to be staples in your kitchen, you can make these tulip cups in minutes flat.

FRUITED CREAM TARTLETS

1 package prepared vanilla pudding
2 cups milk
4 Spicy Tulip Toast Cups
Pecans or walnuts

Make vanilla pudding with milk according to package directions. Spoon into Spicy Tulip Toast Cups. Top with any fruit. Garnish with pecans or walnuts. Makes 4 servings.

SPICY TULIP TOAST CUPS

Roll a slice of enriched yeast-raised bread with a rolling pin to ⅛ inch thickness. Trim the crusts with scissors. Brush both sides with melted margarine or butter. Sprinkle the top with a mixture of 2 teaspoons sugar and ½ teaspoon cinnamon. Set in muffin pan or individual baking dish. With fingers, press the center edges of the bread toward the middle to make the tulip shape. Bake at 375°F. (moderate oven) until lightly browned.

Sparkling Moments — A Cherry Treat

A shady spot, fanned by gentle breezes, good companions and long, cool refreshing drinks — doesn't that sound perfect for a lazy summer afternoon?

Those important drinks can be such a simple matter and you can delight your friends with a variety to choose from if you have a supply of fruit-flavored carbonated beverages cooling in the refrigerator. Just by itself, with plenty of ice, each flavor is a delicious, cooling treat. You will find that some flavors blend with others, such as orange and grape. Black cherry and lemon combine well with fruits, fresh, canned or frozen, and you will concoct many combinations of your own that make delicious refreshers.

For those who are watching the glamor line figure, you can serve the same fine flavors in low-calorie beverages.

Canned black cherries and true fruit black cherry soda teamed up make a drink for any occasion. Be sure all ingredients are thoroughly chilled before mixing.

Cerises à la Crème

1 #303 can pitted sweet dark cherries
Black walnut flavoring
1 cup heavy cream
True fruit black cherry beverage

Drain cherries. Put through sieve or food mill. Add a few drops black walnut flavoring. Whip cream; fold in sieved cherries. Divide among 6 tall glasses. Fill glasses with ice cold black cherry beverage. Stir gently to mix.

Youth Rally At Thorsby Baptist

The Chilton-Unity Youth Rally will meet Saturday night, Sept. 3rd at 7:30 p.m. at the Thorsby Baptist Church. Rev. L. D. Brookshire, pastor of the Liberty Hill Baptist Church will be the speaker.

You will miss a blessing if you fail to hear this man of God.

Refreshments and fellowship will follow the service. Election of officers will be held during the service. Rev. Burks urges all young people and adults to attend this rally.

Select only fresh, young, tender vegetables for canning or freezing. The fresher the vegetables are and the quicker they are put in the jar or freezer container, the better the product will be. A good rule is one hour from the garden into the container.

OAK GROVE

We are happy to say that we had two wonderful services yesterday brought by our pastor, Bro. Thomas Glover. Everyone who missed these services really missed a blessing Our attendance was above the average. Let's all come back next Sunday and bring someone with us.

Saturday night, Sept. 3 will be our regular Saturday night singing Everyone come out and help us sing and enjoy the singing together

A. O. Boswell Thanks Friends

I want to thank my many friends who aided or assisted me in any way in my recent illness.

A few things I would like to mention. First I want to thank the people who gave me the love offering at Bell aLne Church, the day of the All-Day Singing. May God bless you all.

Again I want to thank the people of Bethsalem Church for the nice offering given me at the All-Day Singing.

I want to thank every individual who was so kind to me, all who helped me in any way. I want to thank the people of New Hope Community in Elmore County for their kindness shown me. I was teaching singing school there when stricken ill.

Lloyd, my 17 year-old son took charge of the school and finished it. Thanks to all these people for their co-operatiin with Lloyd.

My friends have certainly given me the flowers while I live. I will never forget anything anyone has done for me.

I am not well yet, but am improving at home. I still invite my friends to come to see me. I want to mention Mr. and Mrs. Hammonds who stayed with my wife at the hospital and who helped us so much. We thank Violet who sent meals to the hospital to my wife. Thanks to all those who visited me, although I realize many were not permitted to see me.

I certainly thank Dr. Jackson and the kind nurses for all of their good work, but I want to thank God who reached down and touched my body just at the right time.

Let's all look to God for our wealth, strength, and refuge.

All-Stars Set Back But Still Hold Admirable Record

The Chilton County All-Stars bounced back after losing a 7 to 5 game to Kilby Prison and trounced the Billingsley team by a score of 18 to 1 in a game played at City Park Sunday afternoon.

Bobby Wyatt started on the mound for the Stars and went all the way to account for his 12th win of the year against only one defeat. He gave up only six hits.

One of the Stars leading hitters for the day was Royce Seale who has returned to the Stars line up. Seale came through with 4 hits and fielded his short stop position in brilliant fashion. Johnny Smith also came through with 4 hits. Ellison had 3 hits. Guin and Edwards came up with 2 hits each.

The All-Stars will go to Billingsley Saturday and then on Sunday afternoon the Clanton City Park will be flooded with All-Stars.

Henry Smith will bring an All-Star team to Clanton. Mr. Smith is at liberty to pick any player that he desires and he states that he is sure of beating the Chilton County All-Stars. Well, that remains to be seen. At any rate this should be a real close ball game. Game time will be 3 p.m.

The All-Stars seasons record now stands at 24 wins and 9 losses.

Soil Conservation In Chilton County

District Cooperator W. O. Westbrook, of the Pleasant Grove community, has 18 acres of good sericea that he plans to harvest for seed. Mr. Westbrook states that he has all the hay he will need and believes that seed would be more valuable to him. If the showers continue, there should be a good crop of seed, and other farmers with good prospects should take advantage of it and save all the seed they can. A supply of good seed is a great help in getting conservation practices applied on the land. Mr Westbrook has established two acres of Coastal Bermuda on the sand hill just past his tenant house. From this he plans to increase his acreage at his convenience.

A short visit with George Parker one of our colored cooperators found him interested in revising his farm plan. George says since he is growing older and all of his children are away from home and he doesn't have any help, he is more interested in more sod crops than row crops.

A. K. Morgan of Maplesville made application for a new soil and water conservation plan on his farm. Mr. Morgan is doing a good job already on his place. He has 50 acres of kudzu which he uses for hay and summer grazing for hogs He also has 20 acres of sericea which he cuts for hay. Mr. Morgan stated that he could realize more from the sale of hay than any other crop on the place. Mr Morgan also has 460 acres of timberland which he is mighty proud of. He said his farm forest was the best insurance he could get. Mr. Morgan is interested in setting out some bermuda grass and planting Bahia for pasture, along with some cutlets and new terraces.

Harvey Gann and Grady Oliver from Russellville, Ala., spent three hours in Chilton County Sunday studying some sod and pasture plants that they could use on their own farms. The plants they observed were Coastal Bermuda, Rescue grass, and Pennsacola Bahia grass.

Farm Adjustment Loans Help Local Pasture Improvement

Improvement of pastures is one of the better farming practices being carried on by livestock producers using Farmers Home Administration adjustment loans in Chilton county, according to Joe M. Murphree, the agency's county supervisor.

Many of the farm families in the county who farmed with the help of Farmers Home Administration loans last year included in their farm and home plans such pasture improvement practices as better seeding, renovating, irrigation, fertilization, and rotation grazing.

Mr. Murphree said he expects even greater activity in pasture improvement during the next year.

Other better farming practices being carried on by farmers in the county with Farmers Home Administration adjustment loans include livestock improvement through good management practices such as improved selection, breeding, feeding and marketing.

Crop improvement is also being achieved, and is expected to continue through the use of improved and adapted varieties, fertilization weed and insect control, and proper land preparation. Many farm plans also call for use of more adequate equipment and machinery through replacement and repair.

More efficient farming is helping the families make fuller use of their land and available labor, Mr. Murphree asid. Improvements in farm efficiency and the resultant higher income are reflected in increased trade with local merchants, generally higher living standards for the families, and greater contributions to support of schools and other community services.

Only farmers unable to obtain from banks and other local lender adequat credit needed to make necessary adjustment sand improvements in their farming operations are eligible for Farmers Home Administration, Mr. Murphree pointed out. He said a large proportion of the families are veterans or other young families just getting started in farming.

Farmers Home Administration loans supplement rather than compete with other credit. The aim of the whole program is to help worthy farmers become eligible for good bank credit and then go ahead entirely on their own.

The average family with an operating or adjustment plan in this county is showing a good increase from year to year in net income, net worth, and farm inventory, and amount of working capital.

In addition to loans for farm operating purposes, the Farmers Home Administration also extends credit for buying, enlarging, or improving farms; for soil and water conservation practices; and for meeting emergency needs.

Every agricultural county has a 3-member county Farmers Home Administration committee. At least two members must be farmers. The committee considers all loan applications and sees that every farmer who gets a loan has reasonable prospects for conducting a sound farming operation with the assistance provided with the loan.

An Ancient Heritage— Available Today

This assurance came as the aftermath to the most gripping sermon of all time—that of Simon Peter on the Day of Pentecost. An outworking of the divine plan of redemption, the weightiest of all themes, it was unanswerable in its logic, and in its climactic appeal. Consequently it stirred the hearts of the hearers to action as no other discourse in the entire history of preaching.

The sermon was delivered to a little group of pioneer believers, all that remained after the tragedy of Calvary. There they were in a huddle in the heart of a hostile city. Their very lives at stake. Their one asset was hope, and to that they had been clinging as shipwrecked mariners to the driftage of their sunken vessel. For more than three weeks they had been gathering day by day in an unadorned upper room, shielded thereby from threatening taunts of enemies, praying for the realization of the hope that some day some strange thing might happen that would provide assurance that the hand of God was in it all, and that their adored Master had not died, and risen, and ascended to no purpose. For had He not said: It is expedient for you that I go away; for if I go not away the Comforter will not come unto you; but if I depart, I will send Him unto you Tarry ye therefore in Jerusalem. Obediently they had waited and waited, prayed and prayer, even though they could see no sign of the coming of the promised Comforter.

But on that morning of Pentecost the clock struck! It had happened! Reverberating thunder, strange lights, the investment of heavenly talents and powers! The passing crowds on the cobbled streets below became aware of the amazing happenings, climbed the outside stairway and thronged the room. An explanation? Simon Peter was ready. Inspired by the God and Father of his departed Lord, he was indeed ready. "Why wonder?" said he. And then the sermon, the gist of which was; First, the culmination of the age-long preparation for the entry of God in the person of Jesus Christ into the world—a review of history; Second, the interpretation of God's heretofore hidden plan—the key to history; Third, prophecy of the world-wide empire of God —a vindication of the testimony of phophets and martyrs of the ages past.

"The promise is unto you, and to your children and to all that are afar off." This is the hinge upon which the whole history of Christianity turns. With it the period of preparation closed and the period for the development of the Kingdom of Christ on earth began The Holy Spirit, as a pillar of cloud by day an da pillar of fire by night stood ready to guide the increasing hosts of the redeemed to the Promised Land. Therefore that little group on that momentous Pentecostal Day took the initial step in a movement that was to affect both the heaven and the earth for time and for eternity. The promise holds good for the Christianity of today. The question is, Are we inheriting the zeal of the early promoters of the Kingdom as well as the promise?

Clanton Drive-In Theatre Joins Rest Of Industry In Celebrating 22nd Great Year

The multi-million dollar, drive-in Theatre industry, which had its origin in an unique parking lot experiment celebrates its 22nd anniversary during national Drive-In Week, August 26-September 1. The Clanton Drive-In Theatre is joining in the celebration. It was 22 years ago this week in Camden, New Jersey, that Dick Hollingshead an industrialist, projected pictures for the entertainment of his employees on an improvised screen on a parking lot next to his factory. The idea enjoyed such popularity Hollywood later opened the first commercial drive-in. Since then the drive-in theatre has grown into an integral part of the motion picture industry. Today 4125 drive-ins provide king-size entertainment for an average of 11 million people each week. The Clanton Drive-In theatre has booked some outstanding attractions for National Drive-In Week including "Far Horizons," "12 O'Clock High," "We're No Angels" and "Abbott and Costello Meet the Mummy."

Your Clanton Drive-In Theatre, "where the family goes," the show place of Central Alabama, brings you the newest and best of pictures, on the wide, modern screen.

Grand Jury

to use. The Jury chairs on both sides are in a deplorable condition and need to be replaced. Both witness stands need repairing or replacing. Both conference rooms on East and West sides of building are untidy and in need of repair and furniture is practically unusable. The Jury deliberation rooms are in need of repair and should be made more comfortable. Two drinking water fountains should be installed on the second floor for white and colored use. The electrical wiring system in the entire courthouse building should be checked thoroughly by a competent electrician locating defects and dangerous conditions. The white ladies rest room is in a deplorable condition. Steps should be taken immediately for a ladies rest room to be installed and furnished on the second floor. Storage rooms for records on North end of second floor need renovating in order that the records may be more accessible and afford a greater protection. The windows in the entire court room are about to fall out and many cannot be raised or lowered and are considered in a dangerous condition.

In summing up the findings of the Grand Jury we reluctantly report that the courthouse is in a deplorable condition and we hereby recommend immediate action by the proper county officials to rectify this condition. If it is not feasible to renovate the courthouse building to a reasonable state, we recommend that action be taken to erect new buildings to meet the present and future needs of their county. We not only recommend this action be taken but we urge those officials charged with the responsibility to take immediate action on this matter.

We wish to express our appreciation to Judge J. B. Atkinson for the use of his office during our investigation. We also wish to express our apreciation to the Sheriff and his bailiff for their assistance rendered while the Grand Jury was in session

And, now having completed investigation of all matters brought before us, we ask to be recessed according to law and the rules of the Court.

Respectfully submitted,
August 31, 1955

fice indefinitely at the expense of the taxpayers.

I see that they have brought in the little amount your newspaper is getting in the way of legitimate business from the County. I noted that in this week's issue of the Union Banner Mr. Cost says he was right when he charged you with getting three or four thousand dollars from the county each year. But what was charged earlier in the paper was that you were getting that amount for PUBLISHING THE MINUTES OF THE COMMISSIONERS COURT each year. Now he includes ALL the business you get from the County. You and I know that a newspaper supports the County every week of the year employs local people, pays local taxes, buys from local merchants, and then gets only a small part of the county printing business. Mr. Cost ought to be ashamed that his County paper got only the small amount he calls attention to instead of crying about how much it was. Tell him to take a look at how much they paid out-of-county and out-of-state printers for supplies and printing.

The Bill is most dangerous because it discontinues the only real protection the people have against wasteful, extravagant and crooked government, the publishing of everything that is done in the County government. The small amount it costs is completely negligible to the protection it affords the taxpayers. The amount it costs is not what is griping the boys over there. That is an old trick. It is the spotlight of publicity that is hurting. CHILTON COUNTY ONCE PUBLISHED A TREASURER'S REPORT THAT LISTED EVERY CHECK DRAWN AGAINST THE TAXPAYERS. THEY DISCONTINUED THIS AND WITHIN A FEW YEARS YOU SEE WHAT HAPPENED. Now the truth is being published again and Chilton has been doing well again. If the people allow it to drop back under the curtain of secrecy they will have only themselves to blame for what follows.

I see the Union Banner gives top front page to Mr. Cost's attempt to justify his accusations. If the Republican party was in power I wonder if it would make page four, bottom left-hand corner. I can remember when The Banner was getting all the County printing, and I never heard of Gene refusing any of it. In fact, when the Republicans went out in 1933 The Banner loaded up the County with printing to such an extent that the Chilton County News got only a small amount for two or three years. Check the records back then, Ben, and see just how much the Banner got before it had to turn the old teit loose. I know The Banner longs for the good old days. Can't blame them!

Here's hoping Chilton County will retain its progressive present system, and above all, keep the local law that requires the County to put what they do out where the taxpayers can know what is going on. The part of the proposed Bill that requires the county to post in a few places the minutes of the Court is worth a real good laugh. How many people will take the trouble to ride miles to see what transpired at the last session of County Court! Not half a dozen—not even half that.

Yours sincerely,
-s- Bonnie Hand

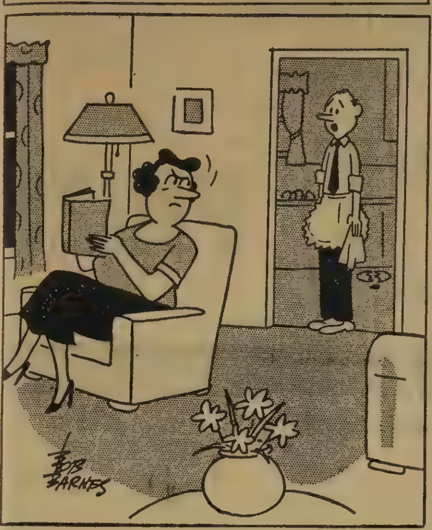
LAFF OF THE WEEK



"Your seventy-nine piece dinner set is no longer seventy-nine!"

Jehovah's Witnesses --

"Flee To The Mountains Now"

We should not let idleness exist in our lives now, for it would bring on our destruction. Some think Jehovah is slow in fighting Armageddon and establishing the new world. But he is not being slow, he is being patient, and that for our salvation: "Jehovah is not slow respecting his promise, as some peope consider slowness, but he is patient with you because he does not desire any to be destroyed but desires all to attain to repentance." 'As I live, saith the Lord Jehovah I have no pleasure in the death of the wicked: but that the wicked turn from his way and live: turn ye, from your evil ways; for why will ye die?" Now is a special period of time allowed for men to flee from the doomed old world under Satan and come under the new system of things under Christ, to flow with the stream of men from all nations that are coming to Jehovah's mountain. 2 Pet. 3:9,NW; Ezek. 33:11, AS.

This old world is blind to this message, deaf to it, failing to discern the perilousness of these times. Why? Because of the veil its good spreads over it. "If, now, the good news we declare is in fact veiled, it is veiled among those who are perishing, among whom the god of this system of things has blinded the minds of the unbelievers, that the illumination of the glorious good news about the Christ, who is the image of God, might not shine through." Have you ever seen a drunk man? Remember the veiled, hazy, filmy look of his eyes? He cannot see clearly, think lucidly or act surely. Yet ask him and he will say he is sober and can do anything or everything at peak performance. His condition is beclouded, but he does not know it. So Satan has spread a beclouding, stupefying veil over the nations of this system of things and blinded them without their knowing it. They think they can see clearly and hear plainly and think lucidly, but actually they are drunk on Satan's wine, his religious and political propaganda. He has woven a tissue of lies and imposed it on the minds of men and spread it like a veil over the eyes of the nations, and blindly they are led to the slaughter of Armageddon. Satan's propaganda and "expressions inspired by demons . . . go forth to the kings of the entire inhabited earth, to gather them together to the war of the great day of God the Almighty." 2 Co. 4:3, 4; Rev. 16:14, NW, Jer. 51:7; Rev. 17:2; 18:3.

But do you think these multitudes duped and blinded by the Devil will admit it? No more than the drunk will admit his drunkenness! Preach the truth to them, tell them about Christ's sacrifice, point out that his kingdom is here, show the evidence that we are in the last days of this old world, warn them of the approach of Armageddon and explain how them can escape perishing in it; and what is their evaluation of it all? It "is foolishness to those who are perishing." This conceited world is blinded by its own supposed wisdom, as the Bible says: "The world through its wisdom did not get to know God." Since to know God means everlasting life, and it is the world's wisdom that prevents acquiring this life-giving knowledge, truly "the wisdom of this world is foolishness." To escape the shrouds of this foolishness and gain sight and discernment in the light of Jehovah's Word men must come out from behind the veil Satan has bound over their eyes. 1 Cor. 1:18, 21; 3:19; John 17:3,NW.

And where can they go to be free of this blinding veil? There is only one place where it has been destroy: "And he will destroy in this mountain the face of the covering that covereth all peoples, and the veil that is spread over all nations. (Isa. 25:7, AS) In the mountain of Jehovah, the Kingdom territory under Christ, the veil of Satan does not exist, and it is to its protection that men and women and children from all nations are told to flee now.

American Champ Glad Mexican Race Cancelled

Detroit, Mich.—Johnny Parsons, winner of the Indianapolis 500 in 1950, and acknowledged as one of America's top racing drivers, and Danny Eames, Dodge chief test driver, and famed racing mechanic, told a press conference today that they were glad that the Mexican government had cancelled the Mexican Road Race.

Parsons and Eames explained that, contrary to a popular supposition, automobile racing is a serious business for both drivers and mechanics. Parsons stated, "The three essential safety elements in any race are: a good mechanic, a good driver, and proper crowd control. I've had several invitations to drive the Mexican race, but I've never been tempted. Racing is my business—it's the way make a living for my family. The mountains, hairpin turns and thousand foot drops don't bother me. If I have a good mechanic, I know that the car is ready. I also know my own abilities, and drive accordingly. But I'll never drive in a place where children, and spectators stand on the track. To me, racing is a serious business.

"I've been down to three Mexican road races," Eames added, "but I'll never ride a car over that course. Why the spectators stand in the middle of the road to get a better view. Most o fmy close friends are in racing. On the track they drive to win. On the highway they drive carefully. Racing without good crowd control is like speeding through a children's playground."

"When I climb into a car down at the Indianapolis," Parsons continu ed,"I'm keyed up for the race. But the crowd is safe. We drivers accept some chances but they're at a minimum. Everyone in the race has had a compete physical examination. Everyone has had a drivers' test. We know that the course and the car are in perfect shape. Indy has the best crowd control and crowd protection in the business. The 'brickyard' is the safest place in racing."

Korean Vets Given Second Chance To Renew Insurance

According to information received by Bob Fullen, Veterans Service Officer, Veterans of the Korean conflict who lost their World War I or II GI term insurance because their policies expired within 120 days after their discharge may now apply for replacement of that term insurance under a new law -PL 194. 84th Congress.

If you fail within either of the above mentioned categories and would like to have your term insurance renewed, you should get in touch with your Veterans Service Officer, State Deaprtment or Veterans Affairs before the deadline November 28, 1955. You must file application, meet good health requirements and pay the premium at the attained age in order to qualify.

Veterans whose GI term insurance expires after April 25, 1951, either while they are in active service or within 120 days after discharge may replace such insurance within 120 days after discharge, or within 120 days after July 29, 1955.

JEMISON NEWS

(MRS. GEORGE NAISH)

Fall—

Touches of Fall are about us. Along the highway, roadsides, there are a few red and golden leaves on the sweet gum and black gum trees. Summer bushes have turned golden, others a deep red, others maroon, some are still green. One can see clumps of wild ageratum, queen anne's lace, and four leaf yellow bells.

The Golden Rod is beginning to fill out. Let us remember this our State Flower.

The persimmon trees are turning yellow, along with the muscadine vines.

Soon there will be light frosts to change the lovely colored leaves to brown, causing them to fall and thus enriching the earth.

Has anyone found a use for the lowly gempson weed? Large areas are covered with this weed, making a bright spot in lowly places.

A walk in the woods or a slow drive around the country side is like a tonic if one can appreciate the friendly, lovely earth.

Mrs. Clyde Champion, her father, Mr. J. N. Childress and Miss Alice Childress were in Sylacauga on Wednesday for the funeral of Mr. Will Childress.

Recent guests of Mr. and Mrs B. G. Glenn were their daughter Mrs. Marvin Kelley, Mr. Kelley and son, Ken of Birmingham. They continued on their way to Orlando, Fla., to visit her sister, Mrs. Wally Walker and family.

Mr. Jo Bratton had the misfortune of breaking a leg and is in the Chilton County Hospital. He will appreciate his friends calling to see him.

Going for a travel vacation were Mr. and Mrs. Sam Woodley, son Erskin, and daughter, Ann. They left Sunday morning, August 21 going to Chattanooga, Rock City Knoxville, spending Sunday night in Gatlinburg by Clingman's Dome across the Smokies, back by Atlanta, Tallulah Falls, Ga. At one place they saw bears wandering along the highway. The writer thought, possibly they had escaped from a zoo, but no!

Mrs. George Naish has returned from several days visit with her neice, Mrs. T. H. Williams (nee Evelyn Duffee) and family in Mecidian, Miss. She enjoyed a stopover on the return trip with her brothers, A. D. and L. D. Duffee. The ladies attended Arlington Episode on Tuesday night.

Coming over from Atlanta on Friday for a visit with relatives were Mr and Mrs Jack Johnson and daughter, Anne. They were with his sister, Mrs. N. L. Duffee, Mr Duffee, and brother, Walter Johnson, Mr and Mrs. R B. Johnson and children, Franklin and Sarah They saw Mr. Leo Langston and family the McNeills and others.

Visiting Mr and Mrs. C. N Shaw last week were Mr and Mrs. Hugh [illegible] and daughters, Mary and Catherine of Mobile.

Dairy Maid Contest To Be One Of 1955 Fair's Highlights

The Chilton County Dairy Maid contest is to be held in connection with the Dairy Show at the County Fair, September 5th-10th. The Dairy Maid contest is scheduled for Friday night, September 9th at 7:30 p.m.

4-H Club girls throughout the County are eligible for the contest Dairy Maids are selected on the following five points—each one counting an equal amount, 20 per cent. The points are: project record, leadership, appearance, personality, and poise. The record should be as complete as possible. A record of all the projects the girl is now carrying, as well as any records of projects carried in previous years should be included. It is not necessary to have a dairy project but the contestant should have one or more other good project records

Any pictures or newspaper clippings of interest about 4-H work should be included in the record. Girls are asked to write a story including as much information as possible about herself and 4-H Club activities birthday, age, parents, address, community, school, grade, school activities you participate in, number of years in 4-H Club, projects, offices held, County contest entered awards won, trips, camps, picnics summer activities and anything else you may add. A glossy print head and shoulders picture of the contestant is to be included. A school picture will be satisfactory if a larger one is not available. Records should be in the Home Agent's office by September 1st.

For the contest girls are to wear the 4-H Club uniform—green and white striped seersucker. Dairy Maids will be asked to meet the judges at the Home Agent's office at 5 p.m. on Friday afternoon where the winner will be selected This meeting will last approximately an hour then she and her escort are to be at the Airport stage at 7:15 and be ready for the program at 7:30 p.m. Girls are to select their own escort. Escorts must be 4-H Club members or boys still interested in 4-H Club-Older Youth members. Escorts are asked to wear white shirts and pants, if possible—if not, wear a light color.

The County Dairy Maid and her escort will enter the District contest in Bessemer, September 15.

Girls interested in entering the Dairy Maid contest are asked to contact the Home Agent, Mrs. Johnnie M. Lane, P. O. Box 30 or telephone 165, by Monday, August 29th and have the record and name of escort in by September 1st.

"No Viitors"

For Poultry

Even though you are proud of your fine poultry flock, it's sometimes better not to show it off, advises API Extension Poultryman Hoyt Warren. Visitors are likely to have walked through their own poultry houses or someone else's and they very possibly picked up disease organisms on their shoes. So unless you know the guest can't expose your flock to poultry ailments it may be necessary for you to follow a "No Visitors" policy in order to keep the birds well.

Help Wanted—

9 to 90 Years, Boys, Girls, Men And Women

Surely, someone in the Clanton trade area could use a 1955 Ford in exchange for spare time work.

Would you work a little in your spare time for 5 weeks for a $2400.00 V-8 Ford?

Would you work a little in your spare time, just 5 weeks for $750.00 cash?

Would you put your spare time to good use in the next 5 weeks to win one of the other big cash awards?

Would you take some extra cash money for just talking to your friends, relatives and neighbors about why they should buy their own county paper?

The Chilton County News will pay you for doing just that each week for the next five weeks. Write, telephone or better still come by the Chilton County News office and let us tell you how easy it is to win a 1955 Ford and be paid while doing so.

Bill To Change Board of Revenue Act Killed In Senate

The Bill introduced in the State Legislature to change the Act which set up the present system of County government in Chilton County died in the Senate on the last day of the present session of the legislature.

Representative Francis Speaks had been successful in steering it successfully through the House but it was tabled indefinitely when it came up on the Senate calendar on Friday which was the last day in which it could become law.

Gov. James E. Folsom kept his Executive staff at work all day Labor Day, checking, indexing, preparing for signature, and officially recording some 300 bills passed in the closing hours of the Legislative session last Friday.

Three major bills were among those signed into law by the Governor on Monday.

These were the multi-million dollar education appropriation bill; the bill which changes the State Department of Public Welfare to the State Department of Pensions and Security, and the bill which creates the new State Industrial Development Board to encourage more industry to locate in Alabama. The former State Planning Board is merged into the new agency.

When time ran out on the 36th Legislative Day last Friday, and the 1955 regular session came to an end, most of those reviewing the four-months work of the lawmakers agreed that Alabama had been given some far-reaching and progressive new laws.

Long and detailed reporting on the important school issues; bills to protect Alabama's dairy farmers, and other such measures have held the day-to-day spotlight in the news Now that the lawmakers have gone home, and there is time to study all that they did, it will be found that they passed many other laws affecting the basic life of all the people of the State. To begin with, the 141 legislators went a long way towards writing into law Gov. James E. Folsom's 1954 platform—only reapportionment of the Legislature remains a completely unaccomplished part of that platform, and a special session for this purpose is promised "about Nov. 1."

Boost For State Prisons—

The State Prison system will receive a bonanza—its appropriation has been almost tripled to more than $1,350,000. This will allow the underpaid and overworked prison guards, among other things, to have their minimum pay upped from $156 per month for 60 hours-a-week work, to $200 per month for a 48-hour week.

THE WORLD IS FULL OF STARTERS,
BUT IT'S THE FINISHERS THAT COUNT

Votes Gather Fast In "Everybody Wins" Contest

Here's an example of how quickly and easily votes pile up in The Chilton County News big "Everybody Wins" prize subscription contest.

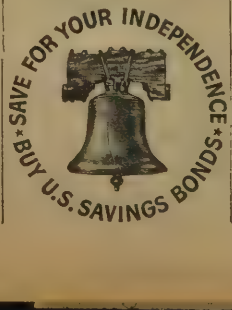
Twenty-five thousand regular votes are issued on each 5-year subscription (only $8 during contest) providing same is received at office while MAXIMUM number of votes are allowed.

Just 20 such new or renewal subscriptions (amounting to only $160 in collections) would entitle any contestant to 500,000 regular votes, and as 50,000 EXTRA votes are issued on each and every $16 "club" the above would constitute exactly 10 "clubs" on which 500,000 EXTRA votes would be issued.

Then, too, if these 20 "full-limit subscriptions are reported on or before this Saturday night—while the SPECIAL vote offer of the contest is in effect they would mean an additional 250,000 SPECIAL votes.

Therefore, a mere matter of 20 such subscriptions NOW would add up to exactly 1,250,000 total votes — a number sufficient to "bridge any gap" existing between today's leaders and those further down the line and enough to place even the last on the list well up in the running for one of the major awards.

Listen, wide awake contestants haven't you at least 20 good friends who would lend their support to the extent of a "full limit" subscription (which incidentally, gives them a full year's subscription free) toward helping you win that smart new 1955 Ford V-8 worth $2385.56 grand capital prize? Surely you have. Try it and see!



All-Stars Win 25, Lose Ten This Season

The Chilton County All-Stars staged a big 5-run 8th inning rally to defeat the Autauga County All Stars by a score 8 to 4 at City Park Sunday afternoon. Henry Smith brought in players from Billingsley, Prattville, Pletcher and Selma and really gave the local team a hard time until they got hot in the 8th inning.

Bobby Wyatt, youthful righthander, pitched all the way for the Chilton lads and with the expert receiving of catcher Wayne Guin chalked up his 13th victory of the year. The question now is, has any Clanton pitcher in the past ever won that many games in one season? Wyatt's only setback was a 2 to 0 loss to the Selma Flyers.

The Chilton All-Stars led 3 to going into the top of the 8th. Here the Autauga boys rallied for two runs to tie the game and set the stage for a big home town rally. With one out Guin and Wyatt singled. James Paul Easterling promptly doubled to plate both runners. Phillip Lawrence scored Easterling with a single and stole second. Harry Ellison was walked on purpose. Bobby Easterling upset the visitors strategy by getting a triple against the left field fence. Two more runs crossed the plate. The visitors counted one run in the ninth that left the final score 8 to 4.

The Autauga All-Stars were not satisfied at the outcome of the game and challenged the Chilton team to another game which will be played at Clanton City Park Sunday afternoon September 11th. Henry Smith vows to bring a hard hitting team to Clanton and the local All-Stars are urging all Chilton County base ball fans to come out to the game and boost Bobby Carl on to his 14th victory of the year.

The Chilton All-Stars now have 25 games in the won column with 10 reverses.

Mt. Pleasant PTA To Meet Monday

Area Residents Miss Opportunity If They Fail To Act Immediately

By Bill and Doris Gupton
Campaign Managers

Going, Going, Going, Going, the opportunity of a lifetime for residents of this area.

Are you one of those who have considered entering The Chilton County News big "Everybody Wins" prize subscription contest but as yet have not started? If so, better act now or you may wake up to find this golden opportunity has slipped away from you!

Failure to act immediately could actually mean losing your share in the nearly $5,000 in prize awards which this strictly local subscription drive is making possible.

Interest Rising in Contest

Although this interesting contest is just starting, comment from all sections of this large trade area is mounting each day. Residents of Jemison, Thorsby, Lawley, Mt Creek, Cooper, Clanton and all surrounding communities are already talking about this big subscription drive and a number have called the Chilton County News to ask why contestants have not yet stopped to take their subscriptions. This fact alone would clearly indicate that a real opportunity still exists for those who wish to enter the contest at this time. It definitely is not too late to enter and share in the big awards on Saturday, Oct. 15th, if you start at once.

Large Field Untouched

As yet there are many large fields that have not been touched by contestants in this big race and any energetic man or woman could very easily acquire a position on equal footing with the other contestants. late to enter and share in the big prizes are awarded [illegible] all and ALL contestants compete on an equal basis. Should you not be one of the six who win major awards, the unique plan under which the contest is operated assures all workers substantial earnings for their efforts. It is impossible for a contestant to lose . . . the minimum reward for any contestant is a weekly pay check for 20 per cent of ALL subscription collections $1 of every $5 collected which could easily amount to $25, $50 or even $75 per week.

Make Spare Effort Proftable

Spare time can be made to pay off in a big way during the next few weeks also, but, it will pay off only to those who have the foresight to get started now. Energy and ambition are the only requirements, no special training is necessary. [illegible] make up your mind today . . . ENTER NOW!

Chilton Population Nearing 27,000

Montgomery.—Alabama's population at the middle of this year has been unofficially estimated at 3,240,138, the State Health Department said today.

This figure represents an increase of 35,546 over the estimated mid-year population in 1954.

The Department said this estimate is arrived at by its bureau of vital statistics. This office takes into account births, deaths, and other factors in arriving at population figures.

It is estimated that 26,922 Alabamians live in Chilton County.

Hugh M. Bates Awarded Medal For Heroism

Sergeant Hugh M. Bates, son of Mr. and Mrs. Marvin J. Bates of Clanton and a member of the Montgomery Marine Corps Reserve was awarded the "Bronze Star Medal with Combat V."

The presentation was made by Major William D. Rummans, Jr commanding officer of the Montgomery Marines.

The citation was made for heroic achievement in connection with operations against the enemy while serving in Korea in 1951. Sergeant Bates, then a Private First Class serving as a runner in a rifle platoon, was attacking with the platoon up a steep hill defended by a determined and well entrenched enemy force, when leading elements came under intense and accurate enemy automatic weapons fire from a bunker on commanding ground. Realizing the seriousness of the situation, he, with complete disregard for his personal safety, moved forward through the withering enemy fire to within ten yards of the bunker, whereupon he threw hand grenades into the opening, effectively neutralizing the position. Although painfully wounded while destroying the bunker, he continued to advance with the platoon until ordered to submit to treatment. His personal initiative were an inspiration to all who observed him, and aided materially in the success achieved by the company.

USMC Recruiter Here On 2nd, 4th Thursdays

Master Sergeant John T. Collier, non-commissioned officer in charge of Marine Corps recruiting for this area, has announced that a Marine recruiter will visit Clanton on the second and fourth Thursday and set up an office in the Post Office Building.

This recruiter will process and accept qualified young men between 17 and 32 for enlistment in the regular Marine Corps and the Marine Corps Reserves which is located in Montgomery, Alabama.

The recruiter will open his office on that date only between the hours of 9:30 a.m. till 3:30 p.m.

Complete information concerning pay, vacation, educational opportunities and all other advantages will be explained to those interested.

The only way to beat the high cost of living would be to quit living.

THERE'S NOTHING LIKE A FAIR

Just mention the word "Fair" to any child and watch his eyes light up at the prospects. Everyone loves a fair but you have to be just about three feet tall to get the giant perspective of its magnificance.

To you a ferris wheel is only a motor-driven object designed to give a thrilling ride—to a child a ferris wheel takes him into upper space where he can almost touch the sky and, for once, can look down on grown folks. Each ride at the fair is a mode of fantasy-land transportation carrying the child on the exciting adventure he is living at that particular moment. Cotton candy and apples on sticks become desserts fit for kings and can be consumed in unbelievable quantities.

Television may some day replace radio, but its circuses and fancy acts, will in a child's heart, always rate second to a real fair.

THE BEST OF LUCK, PAT

Chilton's own "Miss Alabama," Patricia Huddleston, left Birmingham last Saturday for Atlantic City to participate in the "Miss America" pageant. With Pat went best wishes from the whole of Chilton County.

We can all be proud of Pat for her many accomplishments and be proud that she is representing our state in the national contest to select the most beautiful and talented young lady in the United States. Pat easily measures up to those qualifications, and more.

Good luck, Pat we're all rooting for you.

OLD DOGS AND NEW TRICKS

Dr. Edward J. Stiegliz says there is nothing to the old saying that, "You can't teach an old dog new tricks." In a recent medical meeting in Washington, Dr. Stieglitz flatly challenged this assumption, and offered a completely different viewpoint.

Dr. Stieglitz believes an individual's ability to learn is as good at the ripe old age of eighty as it is at the young age of twelve. Of course, learning varies with the individual, but, on the average, older men and women are able to learn new things as accurately, and often as rapidly, as youngsters.

When older persons take longer to remember things, as they sometimes do, Dr. Stieglitz says they probably learn them and retain them more accurately than the young whizz-bang. The doctor says that many older people conclude that their learning has suffered when they fail to remember new faces and telephone numbers, as they once did.

However, the probable cause is that the older people are not as impressed, or not as interested, as they once were in learning new faces and new numbers. Often there is nothing wrong at all in such cases, and the worry is useless.

This is encouraging news to most of the country's population, which is at an age level referred to by many as the time in life when learning becomes more difficult. We are in complete accord with Dr. Stiglitz on his theory, and are inclined to believe that the problem with old dogs is not one of an incapacity to learn new tricks, but perhaps a tendency to learn too many new tricks.

Cover Crop Pays On Any Alabama Farm

Auburn, Ala.—There's not a farm in Alabama that can't profit from the use of winter cover. Green fields in winter [illegible] more money for the planter, because they increase total production on the farm.

No matter what kind of farming a man does, his cropping program can be improved by addition of winter cover. That's the opinion of API Extension Agronomist J. C. Lowery, who explained his point this way:

For the row [illegible] opper, a good stand of winter legumes turned under ahead of corn can increase the yield by 40 bushels per acre. The livestockman can get as much as $100 per acre for winter crops grazed by cattle; and perennial legumes such as white clovers or alfalfa, can cut in half the amount of grain feed required by hogs. Many cover crops can be grazed throughout the winter and then allowed to accumulate growth in early spring for turning just before planting time.

On any farm, winter cover serves to hold the soil in place under the beating of rain and wind. It also enables farmers to make better use of machinery, which is too often idle in winter.

Rainfall and climate in Alabama are favorable for having green grazing every month of most winters, Lowery continued. When farmers in northern states must house their livestock and feed harvested feed, growers here can keep their animals on green fields. An added value of this kind of farming is that livestock can do much of the harvesting, thereby saving high cost labor. Of course, farmers should harvest enough grain, hay and silage to take care of their stock in case winter grazing is cut short by weather conditions.

STARTING SCHOOL

Early each September a new generation of students makes its appearance in the schools for the first time. Most of these youngsters who are approaching life outside the shelter of the home for the first time will develop powers of adjustment, both physically and emotionally, to the new environment. A certain number, however, find it difficult to meet the changes of environment and supervision brought about by entrance into school life.

The foresight of some parents has sent many of these children to their doctors for a physical examination before school opens. This practice has been responsible for the discovery of many defects, making it possible to correct them early.

The parent of the child entering school for the first time should be understanding and sympathetic with the child and help him meet the new problems that arise. The child, for instance, will pick up words or traits from other children which are undesirable, though usually meaningless; they must be eliminated by patient effort. Patience will also be necessary to answer the many questions brought on by the instruction at school; a child's curiosity is a natural development and should be satisfied.

Care must be exercised in the handling of children who will show excitability on mingling with others. Parents should remember that careful training will help the child to adjust more easily to the new life of learning as apart from the protected atmosphere of the home.

The entrance into school is also a good time to lay stress on adhering to good health habits. Good posture, cleanliness, neatness and proper diet should be encouraged as much as possible; for it is in these early years that habits and conditioning which bear on the child's future are acquired forever.

The child entering school for the first time deserves many considerations, not only from the parents but from adult friends. The child of today is the man of tomorrow and should be given every aid to develop into a useful, stable and healthy citizen.

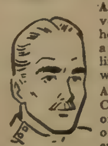
Kenny Foundation Answers Common Inquiries On Polio

Released by the Kenny Foundation's Medical Staff

Development of polio vaccine has been heralded as a great step forward in the fight against poliomyelitis and has given the world renewed hope that final victory over this disease may ultimately be achieved. Sound estimates, however, are that victory over polio still is in the future.

Q. What *are* and *are not* symptoms of Polio?



A. *Symptoms:* Severe generalized headache, moderate fever, stiff limbs and muscle weakness.

A. *Not Symptoms:* Cough, cold, rash on body, redness of the eyes, or swelling of limbs.

Symptoms frequently abate temporarily after an initial illness of about 24 hours recurring within 2 or 3 days.

Q. What *precautionary measures* should be taken during polio outbreaks or epidemics?

A. Normal precautions against exposure to communicable disease. Avoid contacts with new groups of people and swimming in polluted waters. Guard the cleanliness of everything taken into the mouth. Avoid over fatigue, late hours, worry or irregular living schedules. Removal of tonsils, adenoids or teeth during the polio season may be a factor in exposures and in elective operations a delay to a more favorable season is considered to be advisable

Q. What is the *Kenny Treatment* and *who* developed it?

A. Briefly, the Kenny Treatment includes first, hot packs and attendant procedures to lengthen shortened muscles. Second, neuro-muscular retraining of the affected parts. The treatment was first developed by the late Sister Elizabeth Kenny.

Q. *Where* is the famed Kenny Treatment available and *who gives it?*

A. The Kenny Treatment is available at treatment centers operated across the country by the Sister Elizabeth Kenny Foundation, and is administered under medical supervision by Kenny Therapists. The Kenny Treatment has become generally accepted and is the basis for the best treatment offered polio patients anywhere today.

Q. Why is the *Kenny Treatment* regarded as the most effective?

A. Because under the Kenny Treatment there is *less* crippling, *less* deformity, *less* pain, *less* need for braces, *better* muscle function and there is *less* surgery required. Complete recoveries under full Kenny treatment have been attained to a degree which was never before believed possible.

State Board Of Education Backs Amendments

WHEREAS, the Legislature of Alabama has recognized the need for additional school funds to provide classrooms and equipment for increased enrollments in our public schools, trade schools, and colleges, and the State school for the deaf and blind, and to replace dilapidated and hazardous school building firetraps with modern school plant facilities; and

WHEREAS, a recent comprehensive survey of the public schools of Alabama has shown that it would require over $300,000,000 to modernize the public school plant facilities in this State; and

WHEREAS, in recognition of this great need for school building facilities, the Legislature has authorized a constitutional amendment to issue $110,000,000 in school building bonds to be repaid over a period not to exceed thirty years to meet the most critical school building needs;

NOW, THEREFORE, BE IT RESOLVED that the Alabama State Board of Education endorses the school bond issue and urges all voters to vote for the $110,000,000 school bond amendment to provide the critically needed school buildings for our public schools, trade schools, colleges, and our State school for the deaf and blind, and to equalize school building facilities to maintain our way of life in this State.

September 1, 1955.

* * *

WHEREAS, the 1955 Legislature of Alabama has made appropriations to provide additional teachers for the increased enrollments in our public schools, trade schools, and colleges, and to relieve overcrowded school buses; and has appropriated funds for increased salaries to retain and recruit trained teachers and to retire a school bond issue authorized to meet critical school building needs and to equallize school building facilities in this State; and

WHEREAS, in order to pay the annual appropriation in full, the Legislature has authorized a constitutional amendment and has passed enabling legislation to levy and collect a special tax on adjusted gross income of $1,000 or more at progressive rates on individuals and corporation; and

WHEREAS, the adjusted gross income tax amendment levies a very low tax on small incomes and does not levy any excessive tax on any income; and

WHEREAS, such an income tax is one of the fairest of all taxes in that no tax is paid unless income is earned; and

WHEREAS, public education in Alabama at all levels and our way of life is dependent upon the passage of this income tax amendment;

NOW, THEREFORE, BE IT RESOLVED that the Alabama State Board of Education endorses the adjusted gross income tax amendment and urges the people of Alabama to vote for this amendment to provide additional school transportation, increased salaries retain and recruit trained teachers, additional teachers for increasing enrollments in our public schools, trade schools, and colleges, and critically needed school and college buildings, and to provide for the equalization of school building facilities to maintain our way of life in this State.

Conservation In Chilton County

C. T. Prout, Jr., Woodland Conservationist for the Soil Conservation Service, spent three days in Chilton County last week visiting farmers and studying timber production on small farms. Prout visited Harvey Deason and Burton Mullins and made the following recommendations: 1. Put in a system of roads through timber land and disc each fall. These roads are good for fire protection and a way to observe timberland. 2. Get land in 100 per cent production. This can be done by girdling hardwoods, thereby releasing desirable species of pines and poplar, and planting acres to pines where needed. 3. Harvest as the trees are mature, or thin to increase production of timber left to stand.

Osmond Glenn harvested 1500 pounds of Pensacola Bahia grass from 5 acres of ungrazed pasture for S. A. Jones last week.

Good quality seed are essential for a good conservation program. Sericea, Kebe, Dallis grass and Bahia grass are some of the crops that can be harvested this fall. Check and see if a seed harvest wouldn't pay as much as hay.

R. C. Williams is having his Kentucky 31 Fescue and Ladino Clover fertilized with 500 pounds of 0-12-20 and 100 pounds of ammonia nitrate per acre.

A. R. Taylor states, "I turned 73 cows on 3 acres of Coastal Bermuda and increased my milk production 10 gallons from one day's grazing.

L. E. Foshee stated that he got 130 bales of hay from 3 acres of bermuda grass that he has had for three years.

SARDIS NEWS

By E. L. Owen

Attendance was good at the morning and evening services over the week end. Bro. Jones preached two wonderful messages that was enjoyed by all. We had several visitors present and we welcome them back at any time.

We called Bro. Jones for our pastor for another year. There has been much good accomplished in our church and community through his preaching during the past year. We are praying for even a better year this coming year and that lost souls may be saved. We are indeed proud of our pastor, and are praying for him that God may always use him to His honor and glory.

We are going to meet at the church next Sunday evening, Sept 11, at 3:00 p.m. for a business meeting to get the rest of our officers and teachers for the next associational year. Also come to Sunday School Sunday morning at 10 a.m. and BTU Sunday night at 7 p.m. If you have no other place to worship, we would be more than happy to have you at Sardis.

Folsom Issues Proclamations

Montgomery, Ala. — Governor James E. Folsom has issued two Proclamations this week.

American Red Cross Proclamation: Governor Folsom pointed out that there are thousands of disaster victims suffering from the treacherous flood waters in the Eastern States, and they are in need of long range assistance to provide food, shelter, medicine, and clothing as well as the rebuilding of homes where they cannot personally provide such needs. The American Red Cross is the official agency to administer disaster relief, and he urges the citizens of Alabama to respond generously and immediately to the American Red Cross appeal for financial contributions to bring relief to these thousands of flood victims by sending a donation to their local Red Cross Chapter now

Sight-Saving Month Proclomation: The Governor has Proclaimed the month of September to be "Sight-Saving Month." Governor Folsom said that "vision is a precious gift bestowed by God and nature upon all mankind." The ruthless threat of blindness is increasing, although at least half of all blindness is due to neglect and therefore needless. He stated that we owe it to ourselves and our loved ones to recognize the wisdom of protecting vision. The Governo n cooperation with the National Society for the Prevention of Blindnes sand Alabama Sight Conservation Association, Inc., proclaims the month of September to be "Sight-Saving Month." He is calling upon his fellow citizens of this State to conserve the votal resource of good vision by learning the habits of good eye care, and by supporting research efforts which will help all men enjoy the blessing of healthy eyesight.

New Cow Upsets Herd; Lowers Output A While

Auburn, Ala.—In late fall and early winter, when milk prices are seasonably high and every pound of milk counts, is a poor time to put a new cow into the dairy herd.

So says Dairyman John Parrish of the API Extension Service. He explained his statement this week by saying that a sudden change in herd makeup may cause a production drop of as much as five per cent for a period of three to five days. This temporary lowering of output is attributed to the excitement created by newcomers, wh bring on butting, kicking, and other misbehavior until they are accepted by older members of the herd. Parrish said this importan bit of information is the result of animal behavior studies reported recently by the U. S. Department of Agriculture.

"This may be a fine point," the Extension specialist went on, "but some dairymen are going to have to begin studying the fine points if they are to stay in business."

Douglas Collins Is Eight Years Old

Douglas Collins celebrated his 8th birthday last Wednesday, August 31, when his mother, Mrs. Curtis Collins, entertained a group of his friends with a party.

Mrs. Collins decorated the living room and dining room with balloons and Douglas' cake was pink and white.

The children enjoyed a variety of games with John and Joe Sansom winning the prizes.

Mrs. H. H. Glenn and Mrs. Archie Hardiman assisted Mrs. Collins in serving cake and ice cream to the following boys and girls: Billy Wayne and Jimmy Hardiman, Joe and John Sanson, Patsy Minor, Claudia and Mary John Fields, Carol Mims, Eufran and Linsey Smith, Marcia Parker, and Ann Hardy.

Party favors were given to each child before leaving the party.

Snoddy Announces Additions To Commodities

Montgomery, Ala.—Welfare Commissioner J. S. Snoddy, Director of Public Welfare for the State of Alabama said today that flour and corn meal have been added to the surplus commodities available for distribution to needy families in Alabama. "We are delighted that these products will be shipped for distribution beginning in October," he declared.

Immediately after passage the Federal law making flour and corn meal available, Governor Folsom requested the Secretary of Agriculture to release them to Alabama through the Department of Public Welfare, Snoddy explained. He added that the flour and corn meal are being provided only to needy families and not to institutions and school lunch programs which can now receive the other surplus commodities.

"We hope that more local governing bodies will take advantage of the surplus food program now that it includes flour and corn meal," the Commissioner said. He explained that participation in the program is open to any local government willing to provide the necessary facilities for distribution. "The requirements relate to determining eligibility for needy persons not on welfare rolls, keeping necessary records, and provisions for storage, transportation and distribution of the food," he said.

In addition to flour and corn meal other products now available through the commodity program include butter, shortening, beans, cheese, dry milk and rice. "We know these foods will be of real help to welfare clients, particularly the aged whose checks have had to be reduced," Snoddy stated. He estimated the value of the commodities to be slightly over $5.00 per person per month or a total of over $20.00 monthly for a family of four. Thus, with relatively little expense, a local governing body, county or city, can bring real help to the needy people of the locality.

Snoddy said the commodities are privided for all persons who receive welfare checks and to other needy families with incomes of $55 or less for one person $90 or less for two persons, or $115 or less for a family of three or more.

At present, according to the Commissioner, 21 counties are distributing the foods and several others are giving active consideration to entering the program. He pointed out that the Alabama State Department of Public Welfare in February 1954 entered into an agreement with the United States Department of Agriculture in regard to surplus commodities. Since that date the State Welfare Department has ordered the foods and provided forms and supervision for all local governments desiring to participate. "The welfare department does not have funds to underwrite distribution costs," Snoddy explained.

Counties now taking part in the commodity program are, Bibb, Colbert, Cullman, Etowah, Fayette, Franklin, Greene, Jackson, Jeffersin, Lamar, Lauderdale, Madison, Marion, Marshall, Shelby, Talladega, Walker, Winston, Lawrence, Perry, and Morgan counties.

ISABELLA NEWS

(MRS. J. H. WELLS)

Mulberry Baptist News—

A good attendance was enjoyed at Mulberry again last Sunday. The pastor preached at the morning worship service on the subject, "A Call to Holy Living." At the evening worship service J. B. Mizzles preached on the subject, "Prepare Yourself."

The regular monthly business meeting of the church was held at the close of the morning worship service Sunday. At this meeting the remainder of the church officers and teachers were elected, and other business of the church was discussed and transacted.

Approximately 24 people gathered in the church cotton patch Saturday morning, and by noon a bale of cotton had been picked. The pickers went over only about two-thirds of the patch at this picking. It appears no what the cotton prospects of the patch are very good. Another picking date was announced for last Tuesday, and another for Saturday of this week. All cotton pickers are invited to bring their pick-sacks and join the crowd early Saturday morning at the cotton patch.

The Young People's Fellowship was held at the home of J. W. McCraws Sunday night after church services. A good crowd of Young People attended the fellowship gathering. New officers were elected at the meeting. Mary Nell Veazey brought the devotional. Refreshments were served by Mrs. J. W. McCraw.

Our "Church Loyalty Month" got off to a good start Sunday, altho we failed to reach the goal set for the Sunday School. The goal of 76 set for the Training Union was exceeded with an attendance of 78. Help us to reach the goal of 130 in Sunday School, as well as to better the attendance of last Sunday night in Training Union. This Sunday the Sunday School will be honored at the morning worship service.

Last Saturday the pastor, Brother Johnson, began a series of broadcasts on the Clanton radio station. He will be on the Devotional period on WKLF 8:15 a.m. each Saturday through the month of September.

We have some new books in our church library. The older people will enjoy reading the biography of Adomrain Judson and Baskets of Silver, by Roy Angell, also April God, by Grace Livingston Hill. The younger people will enjoy, The Return of Silver Chief, by Jack O Brien and The Happy Holbsters, by Jerry West. We have a number of books for the primaries and beginners too.

The Ruth Ford Circle meets next Tuesday night.

The Mable Woodward Circle meets on Wednesday afternoon with Mrs. R. R. Webster.

There was a special offering given Sunday to purchase curtains for the church basement to make more Sunday School class rooms.

My Indian Friends—

In the midst of my Indian friends
I learned to love them and to hate their sins,
I learned new songs from night to night—
And wondered how they could be so bright.

Their teeth glowed like pearls in the sun
And I knew a new life for me had just begun.
Even though they were dark complexed,
Their love was hard to be rejected.

Even though some were poor—
Their love for God was just as sure,
God gave me a new blessing in that week,
And I hope that someday I can go back and seek.
A newer, a greater, more loving life,
And live for Him each day without strife.

JEAN McCRAW,

Written after working with the Indians in South Alabama for a week.

Auburtin Explains Farm Credit Act

The 1955 Farm Credit Act broadens and improves services of the Federal Land Bank, according to G. B. Auburtin, secretary-treasurer of the Canebrake National Farm Loan Association of Marion. Mr Auburton this week gave a gist of the provisions of the new Act as follows:

The limit on the size of a Federal Land Bank loan was raised from $100,000 to $200,000. Loan now may be made in amounts ranging from $100 to the top limit but not in excess of 65 per cent of the appraisal normal value of the farm offered assecurity for the loan.

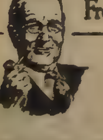
Farming corporations are made eligible for land bank loans in the same manner as now provided for "livestock corporations."

Part-time farmers who have a dependable income other than that derived from the farm are made eligible for land bank loans.

Eligible purposes of a land bank loan have been broadened.

Mr. Auburtin also said that the increase in the normal agricultural value used in appraising farms for land bank loans, initiated in December 1954, has enabled the land bank to make larger loans and to serve many more farmers. He said the increase in normal agricultural value has been widely approved by farmers.

For more detailed information interested farmers should contact Mr. Auburtin.



From where I sit ... by Joe Marsh

If You Can't Lick 'em—Join 'em

Just back from visiting with my daughter's family — and playing Grandpop to two of the cutest kids you ever saw. While there I picked up a couple of new ideas on child raising:

If your child's learning to use a pen, provide an old fountain pen—filled with bluing. Looks and writes like ink, but won't stain clothes or furniture.

Maybe you have a boy, like my grandson, who thinks he's too old for a bib—but isn't. A big cowboy bandana works just as well, and looks he-man to boot.

From where I sit, getting along with children is like getting along with grownups—it requires an effort to see things from the other person's point of view. At any age, there's no accounting for tastes. Take my neighbor who keeps a parakeet and drinks hot coffee in the summertime. That seems strange to me . . . a man who's partial to hound dogs and a cooling glass of beer. But I'd be "childish" to say it was wrong.

A Message to High School Students

One of the most important decisions you will ever have to make is just ahead of you and has to do with the career you would like to follow when you leave college. If you can make that decision now, the reading and study you do beyond what is required in high school will help you in your college work and help assure you of a job in your chosen field when you graduate.

As you read and study, you will want to determine and measure your natural interests and talents. Usually, one can be more successful in a field he likes and for which he has a natural talent. Your teachers and vocational advisers can help you decide; your parents, too. But in the end, the decision probably will be yours.

If you like to seek the answers to difficult puzzles and problems, if you are fascinated with mechanisms, if you are eager to learn how one chemical reacts with another, if subjects like physics, electronics and mathematics appeal to you, if you prefer science stories over others—that may be an indication that you would make a top flight scientist or engineer.

Our country for some years to come faces a shortage of scientists and engineers. The demand for them in industry, in educational institutions, as well as in the military services, will continue to be high. This is because discoveries and advancement of knowledge in all fields of science have been so many and so fast that only a few persons have been able to keep up with them.

Besides scientists and engineers, there'll always be a need for *good* teachers, for *good* doctors and lawyers, for *good* accountants, for *good* salesmen, for *good* craftsmen, for *good* farmers. In many instances, a knowledge of scientific subjects will be helpful to you in these fields.

Whatever your decision about a vocation, learn something of art, literature, history, music appreciation, economics and government. Even if you aren't keenly interested, learn something, too, of sports. Knowing about these things will make it possible for you to "feel at home" with people of many callings, and will help you understand those whose main interests are not the same as yours.

Should your circumstances be such that you can't go to college from high school, there are excellent night and correspondence courses in which you can enroll. If you already are a working high school graduate, it will be worth your while to explore these opportunities for advancement.

The future growth of Alabama and the South holds bright promise for the qualified young man or woman. Be prepared when your time comes.

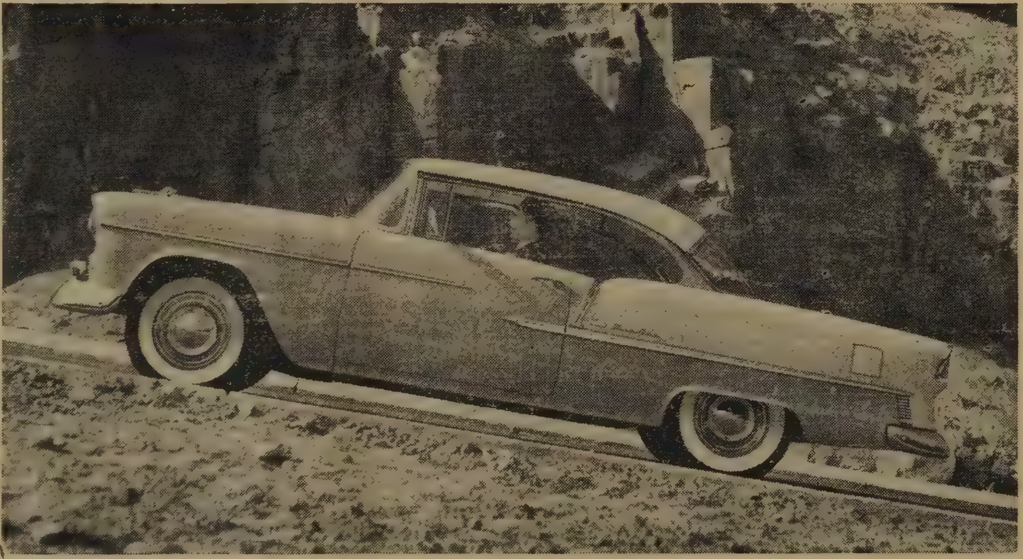
ASTONISHING PERFORMANCE!
And that's only half the Chevrolet story
Drive with care . . . EVERYWHERE!



Great Features back up Chevrolet Performance: *Anti-Dive Braking—Ball-Race Steering—Outrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.*
A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the *only* one. Not by a long shot!
Astonishing performance—the sizzling acceleration of Chevrolet's new "Turbo-Fire V8"—it takes that to win stock car races.
But it takes a lot more besides. Cornering and handling qualities really count on the NASCAR* Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle as sweetly—as this beauty. The record proves it!
Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

HIDDEN RESOURCES

"My God shall supply all your needs according to the riches of His glory by Christ Jesus." Philippians 4:19.

Nothing was ever written in a single sentence that has given more comfort, and more encouragement to more people than that. It has opened the eyes of the despondent, the desperately anxious, the utterly discouraged, the hopelessly sick—in a word, of all who are pinched by a sense of want of whatever kind—to a mine of unsearchable riches within immediate reach. And it is still performing that glorious mission to multitudes day by day.

It was not only a common-sense interpretation of the Bible that prompted the Apostle to send that message to the suffering saints in Philippi. His own experience added eloquence to the conveyance of an assured remedy for all human ills. Suffice it to say that he was a guiltless inmate of a Roman prison cell. He knew whereof he spake. Without an advocate to represent him in his forthcoming trial before a prejudiced court, without friends, without one vestige of physical comfort, with a hopeless outlook, one can easily imagine what his frame of mind would be. But here is the amazing surprise. Read the text again, if you will. Then read an added sentence in the same letter; "I have learned that, in whatsoever state I am, therewith to be content." How would every reader of this article feel under like circumstances? Echo answers, How? But ask the Apostle. His reply would be, "Let my own experience speak. Not only as a wise scholar, but as one who had put the proposed remedy to its extremest test, was he directing them to Him who alone can replace a spirit of heaviness with a garment of praise.

One day in the early 30's, when our whole country was struggling in the clutches of overwhelming depression, the writer of this homily was invited by a neighbor whose business had been swept away, to meet him at lunch in a hotel dining room. As we sat down at the table, I asked the young husband and father to tell me what he had learned from the calamity that had befallen him. His immediate reply was, "I have learned that a fellow had better keep enough of his assets liquid to provide him with something to fall back on." As we left the table, he looked very earnestly at me and said: "I want to take back what I said about a fellow keeping his assets liquid. I have learned a bigger lesson than that." "What was that, Buckner?' "I have learned that God is a help in every time or need, and I am thankful to Him for teaching me just that, even though it took adversity for Him to get it into my head." That experience could be repeated by millions of Christian men and women. "Him that cometh unto me, I will in no wise cast out." The psalmist out of bitter trial expressed in the same vein as did that young man, and the Apostle Paul; "God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea. Read the promise again: "My God shall supply all your need according to the riches of His glory by Christ Jesus." Hidden resources, if you please, within easy reach of the trusting heart.

Maintaining roads is my business...and believe me, you save with CONCRETE!
"After you've spent years trying to keep so-called 'low-cost' roads in a travelable condition, it's a relief to get assigned to a stretch of concrete. Concrete is easy to maintain—saves the taxpayers real money."

Real money is right! Concrete roads cost 26% to 59% per mile per year less for surface maintenance than other pavements. They usually cost less *to build* than any other roads designed for the same traffic. And they cost less *to drive on* than other pavements.

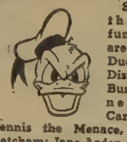
Favorite Cartoon Characters Back Kenny Polio Drive

Cartoon-style appeals on behalf of the 1955 annual polio fund appeal of the Sister Elizabeth Kenny Foundation have been created by some of the nation's most-popular and best-loved comic strip characters.



Supporting the Kenny fund appeal are Donald Duck, by Walt Disney; Bugs Bunny, Warner Brothers Cartoons, Inc.; Dennis the Menace, by Hank Ketcham; Jane Arden, the girl reporter; Li'l Abner, by Al Capp, and Steve Canyon, by Milton Caniff.

Each of the comic strip creators contributed the specially-prepared character appeals to this year's nationwide fund campaign, according to Marvin L. Kline, national executive director. The cartoon appeals are appearing in daily and weekly newspapers across the country.

Kenny hospitals continue to provide treatment to victims of polio and to rehabilitate persons crippled by the disease in the past. Procedure for admission is through referral by a physician.

Legislature

Move To Create Industry—

A new State agency will be set up—incorporating the former State Planning Board—to go out into the highways and byways of the U. S. and encourage more industrial plants to locate in Alabama.

Multi-Million Dollar Toll Road—

Another Administration bill, authorizes Alabama, rather than Georgia, to join with Illinois, Indiana, Kentucky and Tennessee to form the link with Florida on a new super transcontinental highway. Like most other States concerned in this enterprise, Alabama's share would be built as a toll road, with tolls paying for the cost. It will only be built, however, if a survey shows the expected travel will justify its construction. A $50,000 survey for this purpose is already underway.

State Finance Director Fuller Kimbrell estimates that the cost of this super highway for its Alabama section woud be about $225 million. In the Legislature it was pointed out that this would create much employment; stimulate tourist trade from the mid-west, and increase commercial traffic through the State to the giant State Docks at Mobile.

Incidentally, a bill passed midway in the session, returns the Docks to the full control of the State government.

Public Health Measures—

Among the bills passed to improve further the State's public health program was one which increases the State's assistance to sufferers of tuberculosis from -3.50 to $6 per week. This will be available for all needy patients for whom there are TB beds available, and irregardless of county participation.

TB is regarded by many health authorities as one of Alabama's major problems.

Meanwhile, a clause specially written into the enabling act of the 110 million school bond issue, would permit State authorities to increase appropriations to the State's mental hospitals.

This would be contingent on passage of the proposed bond issue by the voters, in a December referendum. It becomes possible because yearly $4,000,000 of the bond issue repayment funds, which must be "earmarked" for bond retiremen, will not be needed for first three years the bond issue is enjoyed—providing the voters accept the proposal in the Statewide referendum.

Some of this $4,400,000 per year, for three years—if the bond issue passes in the referendum— would also be spent, via the State Building Commission, on such other institutions as the several trade schools in the State.

Relief for All 67 Counties—

The State Association of County Commissioners and Probate Judges have also been happy at passage of several bills which will lighten the finance burdens of these local governments. Among such measures are one which will require the State to pay half the cost of elections, and another which increases the 67 counties' share in the privilege license revenues from one-third to one-half.

Other Bills—

The Legislature authorized the selling of $4 million of bonds to build one or more new State office buildings, and passed a bill raising the minimum pay of Merit System employees to $90,000 a year, to acsure the State of a continuing adequate supply of trained and qualified personnel.

These and many other measures, together with the much discussed school and general appropriations bills, represent the highlights of the May-September 1955 regular legislative session.

Immediately before the regular session, two special sessions had boosted, by several millions of dollars, the revenues for Public Welfare, and promoted the largest State road-building program in Alabama's history.

The next regular session will begin in May, 1957, so that the next two years will see these programs administered.

VETERAN'S CORNER

Two important warnings for veterans and dependents of deceased veterans who receive monthly checks from the Veterans Administration were released today by Harley A. Smith, Manager of the Alabama VA Regional Office. They are:

1. If a veteran or a dependent of a deceased veteran changes his address, he promptly should notify the VA office which handles his records, giving both the old and new address.

2. If a monthly check is lost or not delivered, he should notify his VA at once.

In writing to VA about such matters, veterans and dependants should identify themselves thoroughly.

"The best way to do this," Mr. Smith said, "is for the veteran to give his VA 'C' number, the number VA assigns to the claim and a dependant to give his 'XC' number. These serve as complete identification."

Under the law, the Post Office normally may not forward a VA benefit check to a new address according to Mr. Smith.

Mr. Smith also said that if a monthly check has not been delivered when due, the veteran or dependant should nitify VA of the date it was due and the amount giving his full name, correct address and "C" or "XC" number.

"If a veteran or dependent should receive a monthly check for an amount less or more than his regular check," Mr. Smith said, "the check should not be cashed but returned to VA for correction."

Veterans living in Alabama are served by the Veterans Administration Regional Office located at 400 Lee Street, Montgomery, Alabama.

Helpful Hints For Housewives

The rule in ironing fabrics made of two or more fibers is to guard thhe weakest fiber in the blend.

A few drops of vinegar added to water in which eggs are to be poached will make the egg whites hold their shape better.

Try using a low, wooden box as a portable seat when weeding your vegetable garden or yard plants. It'll save wear and tear on the muscles and provide a place for tools when you're through.

You can have much better fitting shoulder pads in your home-tailored clothes by making the pads yourself, using the pattern of the garment in which they're to be worn.

Don't put garments in the washing machine or the cleaners with rips left unmended. A tiny tear can become a real hole in the cleansing process.

Innerspring mattresses wear more evenly and thus last longer if they are turned once a week. Reverse top and bottom sides one week and ends the next.

Luminous paint makes light switches or strings easier to find in the darkness.

Betha-Webb Wedding—

Miss Joan Betha and the Rev. Berkley Webb of Luverne and Jemison were married at 3 p.m., August 21, at the West Woodlawn Baptist Church. Dr. H. O. Hester officiated.

Miss Betha is the daughter of A. J. Betha and the late Mrs. Bethea. Rev. Webb is the son of Mr. and Mrs. H. M. Webb of Luverne.

The marriage vows were exchanged before a setting of palms and ferns, marked with floor standards of white gladioli with touches of pink aster.

The bride given in marriage by her father wore a dress of chantilly lace. The bodice came to a point in front and the full lace skirt was ruffled at the bottom. The finger-tip veil was headed with pearls. She carried an orchid on a white Bible.

Miss Mary Patterson was Maid of Honor. Miss Laurel Bethea served her sister as junior bridesmaid. Miss Patterson's dress was of pink nylon tulle over taffeta. Both attendants carried bouquets of pink and white carnations.

David Hawle served as best man to Rev. Webb. Ushers were Robert Langston and Roger Gunn of Jemison and James Nelson of Thorsby.

A reception in the educational building of the church followed the ceremony.

The bride's table was covered with a cloth of exquisite white lace and marked with the tiered wedding cake mounted on a mirrored plaque surrounded by pink and white carnations and fronds of fern. Illuminated candles in crystal holders completed the table appointments.

After the traditional cutting of the wedding cake, it was served by Miss Sadie Dupree and Mrs. A. J. Bethea, Jr. Others assisting in serving were Mrs. F. A. Picker, Mrs. E. C. Gowins, Mrs. Peggy Montano, Mrs. H. R. Bethea and Mrs H. A. Bethea.

Preceding the ceremony, Mrs. Ethel Counts, organist, played traditional wedding music and the marches used to announce the approach and departure of the bridal party. James Black sang, "All For You," a ladies chorus sang, "I Walk With You," and "Prayer Perfect."

For traveling the bride wore a two piece dress with black accessories. The couple will reside in Jemison.

RUTH HICKS

Mrs. R. S. Amos, Sr., (Estelle O'Neal) of Milton Florida visited her brothers Wheeler and Preston O'Neal and their families in Montgomery, Ala., last week. Mr. and Mrs. Preston O'Neal and Mrs. Amos arrived at the home of Mr. and Mrs. Earl O'Neal Saturday for a visit with Mr. W. M. D. O'Neael. Mr. and Mrs. Preston O'Neal returned to their home Sunday afternoon, Monday afternoon Mr. and Mrs. R. S. Amos Jr., arrived at the home of Earl O'Neal from Jacksonville, Ala., where they had been on a visit with Mrs. Amos's relatives.

Mr. W. M. D. O'Neal isn't feeling very well.

"Teedie Man" Davis of Anniston, Ala., visited several friends here early Saturday morning. Mr. Davis was accompanied by several fellows who were on a fishing trip over the week end. "Teedie Man" has many friends who are always glad to see him. He stated that his father, Mr. Jess Davis, a former resident of Chilton County, and who is widely known in this section, was very, very, very feeble. Mr. Jess Davis makes his home with a son in Anniston.

Much concern is felt over the condition of Miss Walter Frances Reynolds of Plantersville, Ala. Miss Reynolds underwent surgery in University Hospital, Birmingham, last week. Her mother, Mrs. Alice Reynolds is with her daughter.

'Twas with regret that we learned that Mr. John Motley of Maplesville, Rt., underwent surgery in South Highland Hospital last week end. "John's condition is serious". His mother, Mrs. Bessie Motley is at her son's bedside.

Mrs. Fannie Hysaw, 78, Stanton, died at 7:55 p.m. Monday, August 29, 1955 at the home of her daughter, Mrs. H. E. Robertson. Funeral services were held at 11 a.m. Wednesday from the Sardis Church in Chilton County. Rev. J. R. Robinson officiating. Burial in the adjoining cemetery. Breslin Service directing. Survivors include three daughters, Mrs. Estelle Montgomery, Northport, Ala.; Mrs. Annie Robertson of Stanton, Ala.; Mrs. Lou Ellen Smith, Centreville, Ala. Two sons, Oscar of Stanton, Monroe of Millport; two sisters, Mrs. Lizzie Welch of Gordo, Ala. Mrs. Effie Pennington, Sulligent, Ala., One brother, Dave Owens of New Orleans, La., 28 grand children and 31 great grandchildren. Pallbearers were J. R. and Jack Robertson, Curtis Chambers, Lester Leonard, Zack Moton and Billy Ratliff. Flower girls were: Elizabeth Robertson, Merlene Smith, Mary Sue Chambers, Jean Smith, Edity Faye Royster, Shirley Nichols, Edna Smith and Reta Smith. Sympathy is extended the loved ones.

The loved ones of the late Mrs. Fannie Hysaw wish to take this means of thanking each and every-one of you for your kind consideration and help during the illness and death of their loved one. It is with grateful hearts they say thank you for everything.

Mr. and Mrs. Calvin Giles and sons wish to take this means of thanking those who cared enough to remember them with letters, cards and visits during these past several weeks. These days have been trying ones and certainly days and weeks of deep grief. Mrs. Giles stated that her mother, Mrs. Margaret DuBose Dyer is improving and is very anxious to return to her home from the hospital.

Mr. Rufus Walker, 73, Plantersville, died in a Selma hospital at 7:30 p.m. on September 1, 1955. Funeral services were held Saturday at 2 p.m. at the Alpine Baptist Church, with the Rev. W. E. Robinson officiating. Interment in the adjoining cemetery. Pallbearers were: Wylie Walker, Earl Walker, Willie Walker, "Doc" Walker, Bill Walker and E. W. Walker. Mr. Walker is survived by two sisters, Mrs. May Vinson, Bessemer, Ala. and Mrs. Ola Vinson, Graham; two brothers, E. W. Walker, Sr., Plantersville, and Will Walker of Hueytown. A number of nieces and nephews. Sympathy is extended the loved ones.

Miss Ann Rush, daughter of the late Mr. Melton Rush and Mrs. R. B. Curry of Potters, will graduate on September 7th from the Birmingham Baptist Hospital school of nursing. Her class of 41 candidates will receive their diplomas at commencement exercises to be held in Southside Baptist church. Following her graduation, Miss Rush will return to Selma to be associated with the Vaughan Memorial Hospital. Miss Rush is following in the fposteps of her mother, Carolyn Rush Curry, who has long been identified with the registered nursing profession.

Dr. and Mrs. Robert Langford and son Jimmy of Auburn were recent guests of her mother, Mrs. Nancy Wells.

Mr. and Mrs. Robert Earl Ellison of Birmingham, spent Sunday night and Monday with his mother Mrs. Bessie Ellison.

Mr. and Mrs. K. V. Lowery are proud grand parents. Born to Sgt. and Mrs. Virgil Lowery, a daughter, whom they have named Patriciai Lynn. They reside on Limestone Air Base, Me.

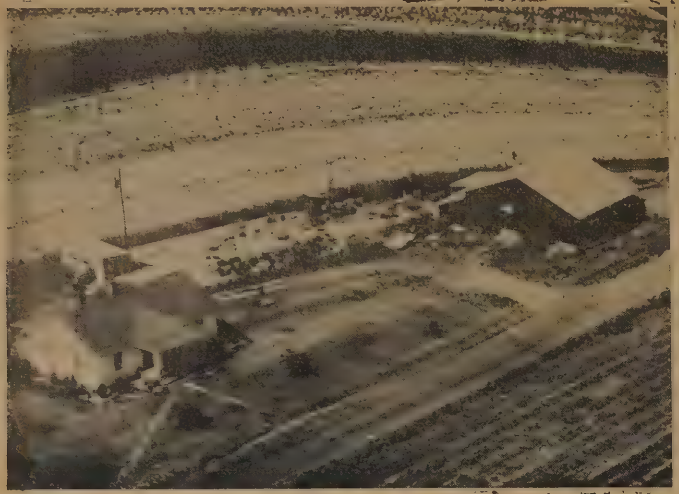
Whose Farm Is This?



Tell us who owns the "Mystery Farm" pictured above and we'll send you two free passes good at any Wadesonian Theatre in Chilton County. Too, your name will be put in our jackpot box and if it's drawn next Monday you'll win twelve dollars in merchandise.

That's all you have to do—come to the News office before four o'clock next Saturday afternoon and tell us who owns this week's "Mystery Farm."

Pat Boles Is One Of Chilton's Outstanding 4-H Members

A scene from the movie Blackboard Jungle to be shown at your Clanton Drive-In Theatre Wednesday, Thursday and Friday, Sept. 21-23. The picture stars Glenn Ford and Anne Francis.

Patsy Boles, one of Chilton County's outstanding 4-H Club girls is the 15-year old daughter of Mr. and Mrs. J. M. Boles, Thorsby, Ala., Rt. 1. Pat's parents are the owners and operators of Pat's Dairy and she has carried the dairy into her 4-H Club work by helping in the dairy and by having a dairy project for the past several years. She has raised three heifers and this year plans to show one in the Dairy Show at the Chilton County Fair, September 5th-10th.

During the 5 years that Pat has been a 4-H Club member she has had the following projects: clothing, cooking, dairying, frozen foods, flower gardening and room improvement. In her clothing project she has made skirts, blouses, aprons, shorts and dresses—a total of garments and 51 articles. Her cooking 911 dishes and 361 meals h included vegetables, meats, breads, cakes, pies, and candy. Pat has [illegible] preserve foods for winter by freezing 430 quarts of fruits and vegetables. Pat's flower gardening project has been a pleasure to her in that she could share the beauty of her flowers with people outside [illegible], as well as with members of her family. Working more than 75 hours on her room improvement project, Pat has cared for her room [illegible] and [illegible] decorated [illegible].

Pat has enjoyed participating in local and county 4-H contests. She has entered the skirt and dress revue a number of times. Last year she was alternate County Dairy Maid. This year she represented Chilton County in the State Dairy [illegible] Demonstration contest by [illegible] drink". She [illegible] achievement medal for [illegible] 4-H Club work.

[illegible] in school and community [illegible] as well as in 4-H [illegible]. She will be in the 10th grade at Isabella High School. She has served as Secretary of the County Council and is now Secretary of the Older Youth Club.

Get Gardens Up Before Cold Weather Strikes

Auburn, Ala.—Late settings of garden crops should be planted before mid-September so that they will make most of their growth before really cold weather comes.

Cabbage, broccoli, lettuce, and onions are among the vegetable that may be planted at this time explained API Extension Horticulturist John Bagby in issuing this reminder.

Bagby said the plants can be pushed along with applications of two quarts of complete fertilizer per 100 feet of row before planting and again three weeks after setting.

Use a started solution to get plants off to a good start, the garden expert advised. Make it by dissolving three tablespoons of 4-10-7 or 6-8-4 fertilizer in one gallon of water. One cupful of the solution should be poured around each plant when it is set.

Abruzzi rye has proved to be an excellent yielder in Alabama.

Say, if anybody's interested, we know where there's a pretty nice house for rent, and if you'll call or see us, we'll tell you about it. We can't rent it to you, cause it's not ours, but we can put you on the hot trail of who is in charge of it. It's two days later now, and it's rented. Sorry.

Like the fella said, we believe in calling a shovel a shovel. In other words, we believe in giving the facts and all the facts. By the same token, though, we believe in getting all the facts, too. What' this we hear about school opening up again. We thought we closed that thing down last year, never to have the youngsters bothered by it again. Oh well, maybe it's just a rumor, and we didn't get all the facts, but we've been seeing signs of life around the old buildings and also some hustle and bustle about 7:30 a. m. around the neighborhood. Speaking of neighborhood, the place isn't the same, any more. What with all the kinds away cramming knowledge and all the mothers piled up on the sofa reading or snoozing counting the hours of freedom for the twenty-four hour period; well, the old neighborhood is just too dang quiet. Uncommonly quiet. We think the only persons who really enjoy these first few weeks of school is mama. The kids certainly don't like it; pop has to fork over the cash for junior's book list and daughter's school outfit; but mom, it's the first freedom she's had in over three months and you know what we'll bet most of them are just about as lost as a ball in high weeds. They're so used to not having any time of their own, they probably can't get used to the idea and are trying to decide what to do with their well-earned vacation. We can't help them there, but we can tell them that they'd better enjoy it while they MAY because it will be just that before they know it.

How many Lions did you dunk? Not any? With the opportunity like you had this past week we don't see how anyone could pass up the chance of having a bit of fun at the good-natured expense of some of Clanton's leading businessmen. We don't know who leads in chances at pneumonia, but we do know that quite a few of them have been soaked a number of times. Like we said, if you missed your chance to dunk-a-Lion at the County Fair this year; well, you ain't likely to get another chance like that for another year. We do hope none of the participants of the sports are in for any sickness due to the dampness of the game, and we want to congratulate the organization for their idea this year. We thought it was great. As a matter of fact, we thought the entire Fair was great this year; just great. It's something Chilton Countians can be proud of.

Well, we've done it again. Seems every time we move into a new location there's a little matter of a septic tank. It's either present and should have been replaced long ago or it needs cleaning out. Either way, it's not a job we envy and we certainly wish it wouldn't always happen to us. Not that we have to clean it out, but sometimes, after seeing and paying the bill, we wonder if it wouldn't have been less painful to have done it ourselves. No, I dare say, you couldn't hire us to clean out a septic tank, but we are glad there are those among us who see fit to do the undesirable task. We don't envy their job, if we envy anything it's their hourly rate of pay.

LINDA LEIGH LAWRENCE, ONE DAY OLD, DIES

Linda Leigh Lawrence, infant daughter of Richard Hugh Lawrence and Mary Dorothy Tucker Lawrence, of Clanton, died at the local hospital September 4 at 11:30. She was one day old.

Beef Cattle Show At 1955 Fair Features Educational Exhibit

Large Partridge Peas Are Making Seed Crop Now

Large partridge peas, native wild legumes which furnish excellent food for quail, are expected to make a good seed crop this fall for the first time in several years.

Explaining that a high yield is expected in most parts of Alabama API Extension Fish and Wildlife Specialist Earl F. Kennamer this week urged farmers with good stands of partridge peas to harvest the seed when they become mature in late September and early October. "We may not have another good crop like this one for some time," he added.

Demand in 1954 far exceeded the drouth-shortened seed supply.

To aid cattlemen in understanding on-foot beef cattle grades and why such sharp price differences occur from one grade to another, a carefully prepared beef grade visual demonstration is to be on exhibit at the beef barn throughout the Fair Week. The on-the-hoof graded animals from "canner cows" through "choice" and possibly "prime" slaughter steers are to be further supported with cuts of meat from the corresponding grades.

The "Grades of Beef" exhibit should assist housewives (buyers of meat) to better select quality cuts of beef.

Commercial concerns, including Zeigler Packing Company, Selma; Meat Dept. A & P Tea Company; Nolan Bros. Refrigeration Company, Montgomery; and Central Ala. Stock Yards, are all contributing to assist the Fair committee and Chilton County cattlemen to make the 1955 Beef Exhibit an effective educational presentation.

Ala. Students Drinking 36% More Milk

Alabama school children drank 36 per cent more milk during school days last year as a result of the special school milk program. That was the program's first year in operation.

Youngsters consumed a total of 22,023,7022 half pints—an increase of 5,830,404 over the state's school milk consumption base of 16,193,298 half pints. A reimbursement of $218,631.51 was paid to participating schools by the federal government, which sponsors the year-old program.

Reporting these recently released figures, API Extension Dairyman John Parrish said it is hoped that an even greater increase in school milk consumption will result from wider participation in the plan during the school year just begun.

RITES HELD FOR MR. B. EARNEST MIMS

Mr. B. Earnest Mims of Clanton, died at the age of 73 at his home on Thursday, September 1 at 1:00 a.m. He was born in Chilton County on February 19, 1882.

Funeral services were held Friday, September 2, at 2:30 p.m. at the Walnut Creek Methodist Church with Rev. R. W. Stuckey conducting.

Spigener Funeral Home was in charge.

The McCune Dusting Service, Wetumpka, Ala., will have two planes at the Clanton Airport, Friday evening of the County Fair Week to conduct aerial dusting demonstration. The shaw insect eradication demonstration will be conducted along the north border of Airport in plain view of all County Fair spectators.

Aerial dusting service is now being used by many Chilton County cotton growers and seedmen. Bollworms, boll weevils and grass hoppers are the pests being combatted during this week.

Additional cotton producers are planning to employ aerial dusters to apply defoliants to remove leaves from heavy foliaged cotton.

Farmers and fruit growers or those only looking for a thrill should be at the Fair, Friday, September 9th, to observe the aerial sham operation "Killum-Bug."

Cotton growers interested in defoliating cotton will have an opportunity to contact airplane operators immediately before or after the demonstration.

Red tags issued by the National Cotton Council in cooperation with ginner associations enables ginners to label suspected "fire" bales of cotton and set them aside until the danger of their setting fire to other cotton has passed.

Folks and Things ABOUT TOWN

—By Ben

Never saw such interest as was shown in our bean guessing contest at the Fair last week. Everybody wanted to get in on the act and you never saw such wild guesses—all the way from a few hundred to a million. The winner was Bobby Easterling of Clanton. He guessed the nearest. There were 4884 beans in the jar and he guessed 4872. The next prizes went to Rebecca Baker of Verbena and J. H. Boockholdt of Clanton who tied for second place. Their guess was 4871. Johnnie Studdard didn't miss it but 16 beans. His guess was an even 4900. If you winners haven't got your blanket pick it up at the Chilton County News office.

Charlie Wilson was doing some carpenter work the other day and evidently run out of nails. He tried to use him thum nail but it didn't work. He is the only fellow in town sporting a deep purple thum nail. He says it's painful but much cheaper than nail polish.

As a whole you will not find a better bunch of good sports than these Clanton Lions. They all took good soakings last week at the Fair to raise money for the underprivileged. And we dare say you can't get any of the Lions to argue with you about the pitching ability of the Chilton County residents either.

Clarence Easterling has been seeing snakes. Don't get us wrong now Clarence hasn't touched a drop in years, these are real snakes. The other afternoon while pumping gas at his "31" Service Station a little fellow about 18 inches long came slithering, or crawling or whatever a snake does toward the gas pump where Clarence was pumping gas into a car. He right--away, forgot all about pumping gas and took off after the snake. It's needless to say that within seconds the little snake had gone to wherever little snakes go when they die—for he was deader'n a snake.

We saw a wonderful sermon and lesson the other day and for those who would learn and understand it could be of great help. Raymond Popwell was going out the door at the Dixie Cafe and Bill Vinson was coming in the door. To those of you who know these strong characters you can well understand my point. As they met, Bill told Raymond to "watch where he was going." And Raymond with a big smile returned: "Aw Bill, you work the other side of the street, I'm working this side." Under such handicaps as these two carry such humor and resignation is a wonderful attribute. You see, Raymond is blind and Bill is a spastic.

Alabama Gets New Monthly Magazine "*About Alabama*"

Birmingham, Ala.—Alabama is going to have a new monthly publication about Alabama. In fact, that will be its name—"About Alabama."

Plans for publication of the new magazine, a monthly digest of Alabama news, were announced today by Jack House, former Birmingham newspaperman who now heads his own advertising and publishing company, Jack House and Associates.

House, former state and city editor of The Birmingham News, will be editor and publisher of the new publication. Other personnel will be announced later, he said, but they will include other experienced advertising and editorial workers.

Headquarters for the new publication will be at 1126 Third Ave., West, Birmingham. The magazine also will be printed in Alabama.

"There is a definite need for such a publication in Alabama," House said today in making the announcement," and we plan to make this a publication about Alabama and the people and places that make Alabama," he added.

Body Of Charles McCullar Will Arrive Today

JHS Panthers Out To Halt VHS Champions

Robert B. Johnson, Sports Reporter, Jemison High

Tomorrow night (Friday, Sept. 16) at 7:30 the Jemison Panthers tangle with Coach Porch's Verbena Red Devils at Verbena.

Jemison is presenting its smallest team since football was introduced back in the late 1940's. Too, it is one of the most inexperienced. Only five lettermen returning.

Gone from last year's line are: John Price, O'Neal Littleton, Oscar Blow, Jerry Davis, Joe Robinson, Bobby Davenport, Jimmy Higgins, and Babe Guy. From the back field Wayne Oaks and Rudy Langston.

Head coach, H. O. Eubanks, has been working feverishly to replace those players and it must be done with smaller and inexperienced boys. Coach Porch is gunning for his 48th straight victory, an enviable record to be sure, but the Jemison Panthers would greatly delight in spoiling this fine record. Records show that the Verbena boys hold the nation's number one top-spot in the win column. Over four years without a loss or tie. Brother, that's something to boast about, so naturally the Red Devils will be out there to defend their position and the Panthers will be out there to muss it up. It must be conceded that the JHS Panthers are the under-dogs, but the boys have a fine attitude, lots of confidence and hustle, and plenty of inexperience—so you football fans can be assured of seeing two of our own county rivals banging away at each other. You may see high

All-Stars Play Final Game Of Season Next Sunday

One of the best games of the year was played at City Park Sunday afternoon and the Chilton County All-Stars had to go all out hustling and playing all the base ball they knew to finally over come and out score the Autauga County team by a score of 5 to 2.

Bobby Carl Wyatt and Huett of Selma of, the Autauga team were the mound foes for the day. Wyatt was touched for 5 hits and Huett gave up 8. Huett had the edge in strikeouts with 6. Two of the Autauga hits went to Huett.

The Chilton team drew first blood in the second. Harry Ellison worked Huett for a walk and went to second on a sacrifice bunt by Bobby Easterling. Wayne Guin singled to left field and Ellison showed a

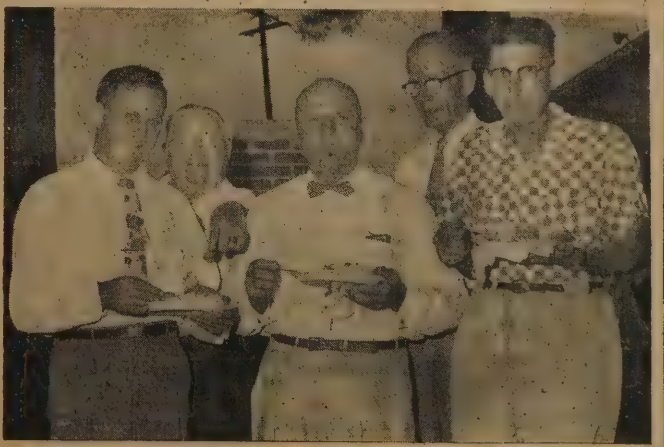
1956 Farm Bureau Officers Enjoy Their New Job



No Work, No Eat—Newly elected officers of the Chilton County Farm Bureau insist that only the hard working executive officers should be allowed to enjoy the annual fish fry while directors look hungrily on. However investigation revealed the two hungry-looking directors in the rear had already cleaned their plates and were doing a little mooching. Officials are, left to right: Alton Culp, vice president; Archie Ogburn, past president; James H. Kincaid, president; Dr. W. L Parrish, past president, and James Dennis, secretary-treasurer.

"Everybody Wins"

More Workers Needed In Race For Big Winnings

Did you ever have a bunch of questions hurled at you so rapidly that you hardly knew which one to answer first?

Well, that's what happens most every day to the campaign manager of the Chilton County News' big "Everybody Wins" prize subscription campaign—but even so, nothing like that fazes him! Ask him as many questions as you care to and he'll answer them as fast as he can talk.

Some people might become a little bit confused if questions were shot at them with machine gun rapidity, but our campaign manager just revels in it.

A few days ago, for example, there came to the Chilton County News a young lady who wanted to enter the contest and compete for that new smart 1955 Ford Sedan and other prizes to be awarded under our unique "Weekly Payroll" Plan.

She wanted to "find out all about it" and if medals were ever given to question propounders, this little lady surely deserved one as being the state champion.

She came to the point right away.

"Well, count me in the race and tell me all about it."

"Yes, indeed," replied the campaign manager. "You see..."

"Can I win that big Ford automobile during the next 4½ weeks?" she interrupted

"You most certainly can, providing, of course, you secure more points than anyone else by Saturday, Oct. 15th. at which time the contest closes."

"Does it make any difference where I live?"

"No difference whatever. Just so you reside within this area."

"Then tell me what I must do to win," she said, as she moved her chair a notch forward.

"That's easy. Every home, every office, every farm in Chilton County and adjoining counties is a likely prospect for this well liked, up and coming, weekly newspaper, crammed to the brim with live, local news and of interest to everyone residing in this city, county and surrounding territory...."

"....and all you have to do as call on them before someone else beats you to it and take their subscription, (both new and renewals count the same in votes and cash commisions paid) for one, two or the full five-year limit at the special reduced rate now in effect."

"Really, is that all there is to it," she exclaimed.

"But, how about votes or points

Barbecue At City Park Wednesday

There will be a chicken barbecue, September 21 Wednesday night at the City Park at 5:00 p.m. sponsored by the Walnut Creek WSCS. All benefits will go for buying new pews to go in the church. Everyone has a special invitation to come.

Attention, Subscribers!

This is just friendly reminder so you won't miss a single copy of your Chilton County News. You see, Uncle Sam has postal rules and regulations which require that all subscriptions be governed closely by definite orders. We don't particularly like this because almost all our subscribers intend to renew their subscription during our big "Everybody Wins" subscription drive. If you don't, it's usually just an oversight. Then we must face the unpleasant matter of having good and valued friends missing the paper.

Subscription Rates:

1 year	$2.00
2 years	$4.00
5 years	$8.00

Please check the upper right hand corner of your paper. There you will find your name, address and the **expiration** date as to when your subscription will expire. Please inform us if it is incorrect. Telephone 32, Clanton.

Under The Study Lamp

The Call To Attention!

"Son of man, stand upon thy feet, and I will speak unto thee." Ezekiel 2:1.

Deity speaks to man. That actually happens: to any man, to every man who is willing to stand up upon his own feet and give attention.

"So high is Deity to dust,
So near is God to man;
When duty whispers low, 'Thou must,'
The youth replies, 'I can'"

"Stand upon thy feet, and I will speak unto thee." Those words fell upon the ears of a young man of olden time, Ezekiel by name. The voice was that of God, his Creator. Implicit in the command was the implied declaration of certain inalienable rights, in the exercise of which guaranteed achievements would be accomplished, the result of which would survive the wreck of matter and the crash of worlds.

Inalienable rights? Yes God offers the right to a man to carve out a place for himself and for his family, whereby the thoughts and the conduct of an entire community may be changed; or to a woman, whereby she may look hopefully ahead to raise up her family in dignity and self-respect, undictated to, save by her own mother-wisdom and her innate conscience; or to a boy or a girl, whereby each may lead a hale, free life among other boys and girls, at the same time shaping a future to a beautiful pattern.

History indicates that young Ezekiel actually stood on his feet and atced upon the order of the day. Otherwise we would never have heard of such a man. He appreciated his inalienable rights, accepted the big responsibilities, obtained the promsed results. Millions of people in this year 1955 are profiting by the integrity of that young man.

Right there is the difficulty that our generation is having to meet. Without doubt, the most enticing delusion that the Devil is now carrying in stock is that time is more important than eternity; that a reputation that is applauded by our neighbors is more to be desired than a record that meets the divine approval; that our gadgets and toys are of higher value than eternal actualities. Let it be remembered that bombs are stored away today for the purpose eventually of blasting our inalienable rights, debtsing philosophies are being carried about by every wind that blows, the still small voice of the Spirit of the Most High is being drowned in the bedlam of so-called prosperity.

Why should we be easy marks for the fiery darts of the Evil One? One young man, Ezekiel by name, stood upon his feet to listen to a Vioce. The opportunity is still open for all others to do likewise.

State Health Dept. News

Montgomery, Ala.—Heart disease, Alabama's leading killer, took 728 lives in the state in May, at the average rate of more than 23 each day of the month.

The State Health Department said today that in only one other prior month did the toll rise above the May figure. That was in March, when disease of the heart accounted for 742 deaths.

A total of 6 heart deaths occurred in Chilton County.

The Department's announcement was based on a provisional monthly report of its bureau of vital statistics. Figures may vary slightly when final reports are available.

Big Machines Star In GM Powerama Stage Show

CHICAGO—The world's first "technological circus" featuring huge earthmovers like this 37 ton scraper with beautiful girl jockeys, singers, dancers, aerialists, elephants and horses is presented four times daily at General Motors' fabulous Powerama, the big free show on Chicago's lakefront through Sept. 25. The "world's fair of power" has 253 exciting exhibits of power in action plus GM "dream cars," the "Kitchen of Tomorrow" and a fashion show. It will be open daily from 10 a.m. to 11 p.m. and Sundays noon to 11 p.m.

15,000 Pullets To Be Represented At Show

Auburn, Ala.—Over 15,000 pullets will be represented in special shows this fall as 4-H'ers throughout the state display their best birds.

Some 300 boys and girls from 29 Alabama counties are to exhibit chickens before local poultrymen and others interested in their projects at annual county poultry events, which will continue this month and next. Each club member who receives chicks under a county 4-H poultry chain is eligible to enter a pen of his best birds in a bid for awards and prize money. Pullets shown this year will represent the best jobs done with better than 15,000 pullets included in the 30,000 chain chicks received by clubsters this year, said API Extension Poultryman Hoyt M. Warren in revealing these expectations.

Warren explained that the shows are a part of the poultry project program which is sponsored by the Sears-Roebuck Foundation in cooperation with the API Extension Service. The program is aimed at establishing flocks of quality chickens, teaching good management practices and aiding in the educattional development of rural boys and girls.

To get curtain rods through the hems of stiffly starched curtains stick the blade end of an old table knif in the rod and let the smooth handle of the knife east the rod into the hem.

Cows Rebred Too Soon Lose In Productivity

Auburn, Ala. — Most Alabama dairymen know that cows need a rest between calves

Since most dairy calves in the state are born during September and October, API Extension Dairyman John Parrish reminds producers that the interval between calving and re-breeding is also important in maintaining the animal's productivity. Tests show that too short a period between a living and conceiving can greatly lower a cow's milk production rate, he said.

Not only are a cow's health and productivity harmed by early breeding, but her conception rate is lowered. Breeding efficiency is greater after enough time has elapsed for the animal's reproductive tract to return to normal.

The best time for the first breeding following birth depends on the cow's age, milking capacity, and a number of other variables. But research indicates that it is unwise to breed cows sooner than 60 to 80 days after they drop their calves.

Tricks With Old Clothes

Take a good look at those winter garments you bring out of storage. The most outdated, worn-out garment in the lot may be a potential eye stopper.

According to API Extension Clothing Specialist Kathleen Thompson, a little remodeling can make a big difference in many old clothes. A chesterfield coat that is too short for a full-length coat, for instance, can be cut off to a riding-coat length. If the cut-away material is used to make a smart half belt, the garment will look like this year's model.

And against Flaketown Graphite Company, a corporation, C. E. Atwood, Emiline Atwood, C. H. Prescott, Ellen S. Prescott, Jean C. Read and Nicholas C. Read, and any and all other persons claiming any title to, interest in or encumbrance upon the real estate described above.

Said bill is filed to establish title in Alabama Machinery and Supply Company in and to said lands and to clear up all doubts and disputes concerning the same.

Said Alabama Machinery and Supply Company claims title by virtue of deeds from the Sheriff of Chilton County, from Flaketown Graphite Company, a corporation, from the Auditor of the State of Alabama, from R. H. Arrington, as auctioneer, from W. Nash Read and wife, Jean C. Read and from J. B. Cravey and wife, Aileen Cravey and by virtue of adverse possession and prescription.

The said Alabama Machinery and Supply Company further alleges in said bill that it and its predecessors in title have been in open, notorious, hostile, peaceful and exclusive adverse possession of said land for more than twenty (20) years preceeding the filing of the bill of complaint and that no one except the complainant has, for more than ten (10) years preceeding the filing of said bill of complaint assessed or paid any taxes on said land.

Any and all persons, if any, claiming any right, title, interest or encumbrance in said lands or in any part thereof are hereby directed to appear and plead to, answer or demur to the said bill of complaint by the 30 day of September, 1955 or in thirty (30) days thereafter a decree pro confesso may be rendered against them.

Better Highways are Built with CONCRETE

Concrete has the strength and stamina to carry today's heavy truck traffic and is ideal for fast-moving passenger cars.

Concrete is safer. It is naturally skid-resistant and its light color improves visibility at night. It helps cut your driving costs by saving money on gas, tire and vehicle repair bills.

/ Durable concrete keeps traffic rolling without shut-downs for untimely repairs.

Only concrete pavements offer these advantages at *low annual cost.* Its first cost is usually less than other pavements designed for the same traffic, its maintenance is much less and its life is much longer.

TWO LAWS AND ONE PROBLEM

For many years responsible members of the judiciary have realized that stiffer penalties for selling narcotics, and for drunken driving, would help to decrease the shocking amount of human damage caused by both practices. Yet in many states and communities today, the laws against those convicted of selling narcotics, or those convicted of drunken driving, are surprisingly lenient.

We call attention to this fact and point out that the laws will be made only as strong as the various legislatures of the states decide to make them. When public opinion creates enough pressure behind the goal of still penalties for these offenses, a majority of the members of many legislatures will enact such sentiment into law.

In one case of drunken driving, we think it should become the universally-accepted code that drivers found guilty of driving while intoxicated should have their licenses revoked for at least one year and put on a permanent probationary status. Moreover, the driver should be fined a considerable amount of money, or jailed. On a second offense, the license should be permanently revoked and a jail sentence mandatory.

It is surprising how few states have any such legal protection in the form of adequate laws against drunken drivers. In the field of narcotics, we see little reason why anyone found guilty of selling narcotics to juveniles should not be sent to jail for a lengthy term. It should be accepted as standard procedure to make mandatory a life sentence, or the death penalty for a second offense. The severity of these suggestions might shock some of our good citizens, but results of lax laws in this field are even more shocking and cause a more shocking amount of destruction in society.

JOHNNY CAN'T WRITE, EITHER

Wide-spread publicity has been given, pro and con, to the fact that "Johnny can't read." Well, we've got news for some folks—Johnny can't write either.

What has become of the old Spencerian textbook that we did daily practice on? Now, we'll grant you that we didn't practice enough but we're in a position to say that there is less and less effort put into the teaching of penmanship every day.

A generation ago fine penmanship was an art practiced by all. It's ornate flourishes may have been superflous but it was readable. Today's scribbling is not practiced by anyone, but is passed off by far too many folks as "good enough."

This trend towards laziness in writing may have been brought on by the mechanized age but, as many find, there is still a lot of hand-writing required in today's business world. We are sure, also, that sloppy penmanship hampers a person's education in the high-grades of high school and college.

The answer to this problem lies in the lower grades, where the basic principles and practices of writing are taught. Something drastic has happened to the "readin', ritin" an d'rithmetic" that was once the basic of a good education.

There are still a few outstanding penmen left today and, believe you me, it's a real pleasure to us to get copy from them.

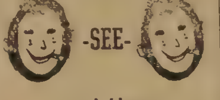
Things we -SEE- and Hear



by "Tuck"

You can say what you will about or for "Hillbilly" tunes; we're not admirers of most of them ourselves. But one thing we can say for these songs is that most of them have a darn good lesson in them, if you'll just bear with them long enough to get it. That's more'n you can say for most other music, in that respect, anyway.

Since we are very apparently on the radio medium so far we'd like to bring your attention to one of the local announcers over WKLF. Ole Curtis Harris has turned into one of the best announcers we've ever heard over the local station. We haven't been acquainted with Curt since our high school days so we don't know whether he knows this and shows it or not, we hope not. In our opinion he is on his way to a mighty fine career providing he keeps up his present pace. He has a good voice, good personality, and good timing with a good sense of humor . . . what more could one ask. We wish him luck on his chosen career and as he says "with God willing" we're sure he'll make good.

Little girl down the block from us is going to be a hilarious cheerleader when she gets old enough. She's a natural ad-libber, so she should get the position on that qualification alone. Little Miss Leigh Easterling was imitating the big girls cheering and she came up with this unique rendition of the "Team was in a huddle..." "The team was in a puddle, the captain on his head . . ." We don't know what teams she's been watching at scrimmage, but if that's a sample of their playing form, we don't want to see 'em play.

The kind of talk that could put the quietus on our County Fair was overheard at a store the other day. Seems this fella didn't see but one thing that was interestinng to him at the fair this year and he was making it his business to run down the entire undertaking. It's not much, the only thing I saw that was even interesting was the cattle." We're glad he enjoyed the cattle showings, but there are others who would enjoy another aspect of the fair that he didn't think was so hot. Let's not judge for others; let them see for themselves that our county fair is as good as we make it. . . and that means you. Evidently this gentleman wasn't considering the time and exposure put into the other booths, exhibitions and what have you. He doesn't have to like them, but he can certainly tell his neighbor to be sure and go and judge for himself rather than telling him there's no use in going. Many do as this fellow was doing and there won't even be a cattle show for him to see next year. Let's boost OUR County Fair. Don't knock it.

Lewis Headley was accusing Dr Jack Amason Monday night of getting a bunch of us into a volley ball game so he could treat us the next day. He agreed that he was, but we think he was kiddin'. Anyway, with that bunch of "soreheads" he'd have a rough time getting all the kinks out. That was the first game we have had with the fellows and we heartily enjoyed the recreation. Our team took on a sudden slump, but they didn't attribute that to my joining the team and we appreciate their lying about it. All in all it was a good game and we didn't have but one serious casualty . . . Reedie Taylor stepped on a bug and killed it. It seems that this particular insect was their best server and from there on out they didn't do near as well. They called him Joe DiMaggio because he could really put a curve on that ball. We're gonna get us a girl bug server; bet you don't know what we're gonna call her . . . well, we thought "Bugs" would be a good name. (Naw, not Marilyn.)

Well, our Pat didn't make it all the way up, but she surely took a noble section of the ladder out of the way. We were rootin' for her, in fact, we were even betting that she'd be in the top three. We don't feel, and we hope she doesn't feel that she has let us down. We've heard from numerous sources that Alabama has never been represented better at the "Miss America Pageant" and we'r proud of her for that alone. One other thing we'll say; with her talent and now having had her chance to show it off a little, we still bet she keeps counting rungs of that ladder, and we'll be watching her. We hold no ill will toward Sharon either. We think she will represent America in the highest way possible. Pat has had her chance now, and as the man told us when we were in high school, we hope she takes advantage of her opportunity to go somewhere. We have not a doubt that she will do just that.

Here I work and sweat for two half-days trying to get the front lawn in a decent looking shape so folks won't think we've moved and a little guy comes along, goes to the back yard, comes back and says "making the proper motions, Aunt Tot, the grass back there is this tall." By durn son, the stuff has gotten so far out of control that I can't cut it. If he keeps up that kind of talk I'm going to transplant some of it to his back yard.

Study Being Made To Streamline Civil Courts In Alabama

Birmingham, Ala. — Committees composed of leading Alabama attorneys and judges are busy today in every part of the state studying court rules and preparing recommendations to streamline civil court procedure in Alabama.

The committees were appointed at a meeting here this week of the commission for Judicial Reform, headed by Thomas E. Skinner of Birmingham. The commission was named by the Judicial Advisory Council set up by the Legislature.

The purpose of the meeting here was to lay ground rules and plan work of drawing up a workable program to bring procedure in state courts in line with federal court procedure. In general, the new rules will follow federal rules.

Only civil procedure will be studied at this time, but in the future rules may be extended to cover criminal procedure, probate practice and conduct of the courts themselves, according to Advisory Council Chairman, N. S. Hare, legislative representative of Monroeville, Ala.

The immediate problem, in addition to studying the rules themselves, is for the commission to acquaint the public and particularly the lawyers with the many advantages of the new rules.

Along this line, a special edition of "The Alabama Lawyer" will include all federal rules, and explanations will be made of the judicial reform movement. A copy of this special edition will be mailed to every lawyer and judge in the state.

Mr. Skinner said the commission desires that all lawyers and judges over the state assist in the work, and many will be called upon for specific help.

Judicial reform simply means a simplification of procedure designed to expedite the trail of cases and prevent litigation from piling up year after year.

IT'S MY OPINION

It's about what this race of ours is coming to. Tisn't bad enough that we're all becoming more lazy every day; they're always thinking up new ways to make us even more incapable of taking care of ourselves. One thing for instance, is television; now we saw nothing wrong with TV when it first came out, but it has grown into a monster. Not television as a means of entertainment, we don't mean that; in fact, we like it ourselves. But the fact that they're always trying to find new ways of making life easier for us, well, it's gotten out of hand . . . life's getting so easy, in that partitcular line of thought, that we're all getting soft.

Now they have come out with a gadget that changes your set to fit your every whim with a light focused on the set from the chair where you are sitting. In other words you hardly have to move a muscle to change from Hopalong Cassidy to How to Cook Caserole. This is serious: think how stiff everyone is going to get, not having to move even to change their television set.

Seriously, we think the gadget, as an overall public improvement, is the bunk. For invalids maybe and folks who can't move around, we can't see any harm in it, in fact, it's a wonderful thing. But for you, you big hunk of healthy humanity, it is uncalled for. Who are we anyhow, that we can't even walk eight or ten feet to turn a dial.

It's my opinion that we should concentrate on making life more pleasant, true; but we shouldn't concentrate on making complete nuisances of ourselves that aren't fit for anything more than pushing a button or shining a light. We ought to wake up to the fact that we're becoming nothing but robots . . . we push the button and they do the work.

It really hasn't got out of hand as yet, but it is fastly becoming evident that there is a possibility of it doing so, and we should have the foresight and, if you'll pardon the implication, the energy to do something about it, before we lose enough of both to do anything. Where the old-fashioned red blooded American boy and girl of yesteryear. Let not our grandfathers and great grandfathers claim to have been better men than we.

Pretty soon they'll be saying we're mental giants and physical wrecks. It figures very intelligently that you have to be physically capable to be mentally able. Think about it the next time you get into your auto or look at television or crank up that old washing machine. All these things are wonders, but let's not let them take the starch out of us.

MRS. ADA SEAY HICKS DIES

Mrs. Ada Seay Hicks of Maplesville, died at her home Sept. 7, at 10:14 a.m. at the age of 65. She was born in Richmond, Va., Sept. 22, 1889.

Letters to the Editor

Dear Sir:

I am indebted to many people in your area for their help in the search for the body of my husband, Claude Rumsey, after he drowned in Martin Lake on August 9. I would appreciate very much your printing the following for me.

"And now abideth faith, hope and love, these three; but the greatest of these is love." I Corinthians 13:13.

I have known and loved this verse of the Bible from childhood, but never before have I had it so forcefully imprinted on my mind and heart. Never before have I experienced such a desire to express in some way my deep feeling and appreciation of the unselfish love and goodness that is in the heart of people. Never before has the great truth of the human kindness born in the soul of mankind, because each one of us is made in the image of God, been so indelibly written across my heart.

I know no other way to let those of you to whom we owe so much know the feeling we have in our hearts for you. There are so many of you whom I do not know that gave so much of yourselves to help someone else and the many others of you who stood by so willing, ready and anxious to do whatever could be done. I wish that I might speak to each of you in person, but since I cannot, I say a word of prayer from my heart that God will bless you wherever you are—and I know that he will.

Mrs. Claude Rumsey.

Many Alabama farmers can profit by storing sweetpotatoes dug in October, when prices are usually lowest, selling them after Jan. 1st.

State Fair To Honor Teachers

Birmingham—The Fifth Annual Alabama Teachers Day will highlight the grand opening of the 1955 Alabama State Fair at Birmingham Monday, October 3.

Honored guests this year will be those teachers who have served the longest number of years in the grades 7 through 12, inclusive.

Teachers from each of the State's 67 county school systems and 43 city school systems are eligible for the honor of representing their respective system at the annual event. The selection of the nominee from the various systems will be made by the superintendents of education in each school division.

Already recognized as one of the outstanding events of its kind in the nation, the annual Teachers Day will again be highlighted by the presentation of Service to Youth medallions to all honored guests.

Mrs. Elizabeth W. Willingham President of the Birmingham Classroom Teachers Association, is chairman for 1955, with Dr. A. R Meadows, Superintendent State Department of Education, serving as honorary chairman.

In 1954 honored guests of the State Fair were teachers from each school system teaching in grades 1 through 6, inclusive.

The Birmingham Classroom Teachers Association in cooperation with other educational organizations and Parent-Teachers group will again serve as hosts to the visiting educatons.

Special Teachers Day activities will begin with a ribbon cutting which signifies the official opening of the six-day outdoor exposition.

The visiting teachers will be guests of the Alabama State Fair Authority during their stay in Birmingham. The Authority will be host at a luncheon which will follow the formal opening day ceremony.

As escorted tour of the Fair's many attractions and features will head the afternoon's program for the honored guests.

A barbecue dinner on the Fair picnic grounds will be the scene of the annual presentation of awards to the visiting teachers.

Climax of the day's program will come in the evening when teachers will be guests of R. H. McIntosh, Fair General Manager, at the opening night premier of the State Fair Revue of 1955, gala musical production. Special busses will be provided to transport teachers to and from their down town hotel.

ISABELLA NEWS

(MRS. J. H. WELLS)

Mulberry Baptist—

A good attendance was present for the services at Mulberry Sunday. At the morning worship service the pastor preached on the subject, "Proving God." Sunday night he preached on the subject, "What is Lacking?"

A fine group of cotton pickers turned out again to pick cotton in the church cotton patch Saturday. They completed picking the bale that the pickers on Tuesday had started. The second bail was sold Saturday afternoon. The bale and seed brought $210.15. Mr. Hugh Thompson is ginning the cotton free of charge. Another picking has been announced for next Saturday, so all cotton pickers, large or small, are invited to be present at the church cotton patch early Saturday morning to pick cotton.

The ladies of Mulberry Church are reminded of the WMU Leadership School to be held in the West End Baptist Church for the WMS officers and for the councellors of the RA's, GA's, YWA's, and Sunbeams.

Ask Mrs. Wells, the Church Librarian, about the new books in our church library. If you have any spare moments for reading, you can't find better reading material than we have in our library.

Don't forget the change of time for our services: BTU at 6:30 p.m. Evening worship 7:30 p.m. midweek services 7:00 p.m. Come on time.

The Laura Williams Circle will meet with Mrs. R. D. Nabors on Tuesday, Sept. 20, at 3:30 p.m. This is a very important meeting, so all members are urged to be present.

On Sunday night at Mulberry the Junior Ushers will serve instead of our Senior ushers. This will give more of the young men a further opportunity to serve in the Lord's work.

Wednesday of last week was regular family night at Mulberry. The WMU elected officers for the coming year. They are:

President, Mrs. R. R. Webster; 1st vice-president, Mrs. Lewis McGee; 2nd vice-president, Mrs. Garland Smith; Sec., treas., Mrs. Mack Lecroy, Young People Director, Mrs. Evan Johnson, Community Mission, Mrs. W. T. Tucker, Stewardship, Mrs. J. T. Williams; Mission Study, Mrs. E. C. Lecroy; Literature, Mrs. Span Jones; Social Chairmen, Mrs. E. P. Carter, Mrs. L. S. Calfee, Mrs. Buster Sexton; Prayer Chairman, Mrs. O. F. Davenport, Historian, Mrs. J.H. Wells; White Cross, Mrs. Gordon Conway; Pianist, Mrs. R. R. Webster.

Young People's Counselors: Sunbeams, Mrs. J. T. Tucker; assitant, Mrs. Leoid Lecroy, GA, Jr., To be elected; GA, Int., Mrs. W. T. Tucker; YWA, Mrs. Gordon Conway; RA, Jr., to be elected; RA, Int., R. C. Veazey.

* * *

Young people and older ones should attend the Youth Rally at Liberty Hill Church next Saturday night.

Watch the bulletin board in the hall at Mulberry for all names of the church officers and teachers for next year. Learn who they are.

If you need vanilla flavoring, get it from the Laura Williams Circle. Mrs. W. T. Tucker has it at her home.

Any time you would like to see a back copy of the Home Life magazine or any bulletin of our church, you will find them in our church library.

Birthday Dinner—

On Sunday, Sept 11, Mrs. Mammie Veazey was honored on her 74th birthday with a dinner at the home of her son and wife Mr and Mrs. Renfro Veazey. Those attending this occasion were Mr. Bill Veazey, Pauline Veazey, the honoree, the host and hostess and their son, Billy.

Isabella High School—

On Friday night of last week the Isabella football team played Montevallo there. They played a good game although the score was in favor of Montevallo. Isabella will play at home Friday night, Sept. 23rd. Jemison will be the visiting team.

Isabella PTA met in the auditorium on Monday evening of this week. After the regular business meeting, Supt. Howard Boockholdt, the guest speaker of the evening, gave an interesting talk on "Importance of a PTA in Our Schools."

We were glad to have Miss Louise Foshee to visit our school on Monday of this week.

Jones-Hayes Wedding—

On Saturday, Sept. 10, Miss Marie Jones and Sgt. Loy Hayes were married in Meridian, Miss., in a double ring ceremony, at two o'clock. The bride is the daughter of Mrs. Robert Jones of Clanton, and the groom is the son of Mr. and Mrs. Max Hayes of Isabella.

The couple were accompanied to Meridian by E. J. Grooms and Betty Adams.

The bride wore a light blue suit with navy accessories. The groom is stationed at Craig Field in Selma. The Young couple is at home in an apartment in Selma.

STANTON NEWS

Mrs. John J., Hicks, (Ada M. Seay) born and reared in Richmond Virginia, died suddenly at 10:30 a.m. Wednesday morning at her home, Maplesville, Ala. "Ada's" death came as a great shock to all that knew her. She was a good wife, a wonderful mother and a very loyal friend. To know Ada was to love her. She was reserved, kind and sympathetic. "John and Ada" moved from New Jersey to Maplesville in January 1949. Not too long after arriving in Maplesville they built their home on Hghway 82 approxmately 2 miles from Maplesville, Ala. This home always had the latch string out to their friends and they in turn made weekly visits among their host of friends. "Ada" leaves to mourn her passing her husband, John J. Hicks, two daughters: Mrs. Virginia M. Carl of Deleware Water Gap, Penn., Mrs. Frances Noskiewicz of Nutley, New Jersey. Three brothers: Haskins, Frank A. and Edmond of Richmond, Va. Three sisters: Mrs Edith Davis of Newark, N. J., Mrs. J. L. Strickland, Patterson, N. J., and Mrs. Nellie Welch of Richmond, Va. A number of neices and nephews.

Funeral services were held Saturday morning at 10 a.m. from Rehobeth Baptist Church, Lawley, Ala. Interment in the adjoining cemetery. The Rev. Edwin Lovelady, Baptist Minister of Lawley, Ala., and the Rev. Don R. Esty, Presbyterian Minister of Clanton, officiating. Spigener Funeral Home of Clanton, Ala., directing. Pallbearers: Willard Hicks, Bill Smitherman, Ezra Lee Lawley, Johnie Hicks, Perry Thomas and Edd Clapp.

The flower arrangements were indeed beautiful.

Had Ada lived until September 23, 1955 she would have been 66 years of age.

Sorrowing friends and relatives came from Centreville, Marion Tuscaloosa, Birmingham, Clanton Randolph, Richmond Va., New Jersey, Abbeville and many other places. "Ada" will be greatly missed and to the bereaved family and loved ones we extend our deepest sympathy.

The John J. Hicks family wishe to take this means of thanking each and everyone of you for your thoughtfulness, the very kind expressions of sympathy, the many acts of kindness, your visits, the delicious foods, and the beautiful flowers during the death of their loved one, Ada M. Hicks. It is with humble hearts they say Thank You for every thing.

Isabella Community extends to them congratulations and a long happy married life.

Last Week's "Mystery Farm" That Of Clifton Parrish

Last week's Mystery Farm was owned by Mr. and Mrs. Clifford C. Parrish, Rt. 4, Clanton.

The Parrish family has lived on the farm for the past 19 years and have owned it for the past five years. The farm was first settled by Mike Foshee and purchased by the Parrish family from Mrs. Ethel M. Downs. A new home and barn has been constructed within the past few years.

Mrs. Parrish is the former Lucille Kelly and they were married in 1932. They have a son, Joe Ronald Parrish, 19, who is in the United States Marine Corps and a daughter, Peggie Jean 17, a student at Chilton County High School.

Mr. Parrish is a Director of the Chilton County Farm Bureau and a member of the Alabama Soil Conservation Committee. His hobby is hunting and fishing. General truck farming on his 80 acres keeps him pretty busy along with his civic obligations.

The Winners!

Mr. Obie Patterson of Route 2, Clanton, has won himself twelve dollars in merchandise by winning the Grand Prize in last week's "Mystery Farm" contest.

The following folks also correctly identified the farm as Clifton Parrish's and each will receive two free passes good at any Wadesonian Theatre in Chilton County:

Atoms For Medicine

Scientists have long been troubled by the question "How do antibiotics work?" With the aid of the first privately owned atomic reactor to be built for industrial and medical research, they may soon get some answers.

Scientists have long since demonstrated that antibiotics are potent destroyers of disease-causing bacteria. They now are searching for clues as to exactly how an antibiotic acts once it enters the human body.

By incorporating in the antibiotics radioactive substances to be generated by the new reactor, they will be able to track the course of the drug in the body. These radioactive elements have been in extremely short supply, thus limiting research in this field. The new reactor will eliminate this problem.

To be constructed near New York City, the reactor will be completed within a year. Isotopes generated by it will be used for medical research by Chas. Pfizer & Co., Inc., one of the eight companies supporting the project.

According to Pfizer's president, Dr. John E. McKeen, the reactor project will make possible the study of atomic radiation as a method of sterilizing drugs and preserving foods.

The reactor, he said, will also enable Pfizer to investigate use of radio-isotopes in such fields as agriculture and fermentation chemistry, and will expand the radioactive research program begun several years ago at the company's Therapeutic Institute, Maywood, N. J.

The reactor will be built by U. S. Atomics, Inc., a subsidiary of American Machine and Foundry Co. Also taking part in the project are the American Tobacco Co., Continental Can Co., Corning Glass Works, International Nickel Co., Socony-Mobil Oil Co. and U. S. Rubber Co.

Hard To Discourage, Beaver can be fooled

Auburn, Ala.—Those busy little beavers are hard to discourage, as anyone trying to drive them from a favorite dam site soon discovers.

Dynamiting their dams seems to bother the little fur bearers not at all; they can rebuild a dam in short order. But farmers who have timber land and pastures flooded with water backed up by beaver dams can ease the situation by fooling the beavers. Here's how API Extension Fish and Wildlife Specialist Earl F. Kennamer says the trick works:

Get a piece of cast-off pipe large enough to carry off the excess water and drill holes all along the bottom half of it. Then, pass the pipe through the beavers' dam at normal stream level. Plug up both ends.

When the beavers find the level of their pond going down, they'll furiously begin piling limbs, mud, and other materials on top of the dam and pipe. Were the ends of the pipe open, the animals could be depended on to stop the escape of water there. But they won't find the holes on the under side of the pipe, and water will drop back to the desired level.

Kennamer advises that trapping is the only other effective way to fight beavers that are doing damage on farms. They may be caught in winter with large traps equipped with drowning devices. Trapping beavers is now legal in every Alabama county, and the sale of pelts will usually bring about a dollar an hour for time spent in trapping and skinning them.

State News Round Up

Alabama's official 1955-6 State highway map has been sent to the printers and will probably be published in October. This year's edition highlights in pictures, Huntsville's 150th anniversary. The map will also include, for the first time, the numbers of county roads shown as well as the usual numbers of the Federal and State highways.

State Civil Defense officials announce that Alabama's first two Ground Observation Corps filter centers will be opened at Mobile and in Montgomery "next December and January."

The name of the State Welfare Department has been changed to the Department of Pensions and Security.

At the State Capitol, Governor Folsom has set aside September 20 to be State Employees' Day for the Red Cross blood program and ordered al ldepartment heads to give the day off to each employe who gives a pint of blood.

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

WORRY

An authority said recently, "When one has learned how not to worry, he has learned the philosophy of life." And yet, this mental conflict that comes within the realm of psychosomatic medicine is a difficult problem to overcome.

Some persons worry about the state of their health, the uncertinty of a job or the status of a loved one's health. There is probably no one person of a sincere nature who has not worried about something at one time or another.

But worry does not help to solve any problem—rather it causes new problems. In worry, the mind is never at rest; and psychiatrists, experts in the study of mental disease, have proved the relationship between physical disease in many forms and the silent disturbing misery of the mind.

Sleep is disturbed; the appetite is disturbed; tension is developed, and the ability to relax departs. And because worry is closely related to fear, the mind becomes obsessed with a fear of the future, leaving the brain with an awareness of unhappiness.

Even before the development of psychosomatic medicine, worry was considered a contributing cause to high blood pressure, hardening of the arteries, diabetes and many other diseases. In this role of contributing factor, worry affects the circulation of the blood and other tissues of the body.

In many persons, worry is relieved when they are capable of talking out their problem with some one. Some experts believe that repression of disturbing thoughts and problems intensifies the condition

Probably the best way to overcome the mental obstacle of worry is to think and act in a calm fashion. Persons susceptible to worry should consult their physician, talk things out with him, let him locate the disturbing seed that is causing the condition.

Confidence and trust are necessary to achieve a calm nature. Let your physician know what is troubling you. He, with his skill and understanding, will set your mind at rest. With your mind at peace the emotional effects on the body will be prevented.

There Must Be A Reason -- What Is YOURS?

IS IT BECAUSE you haven't sufficient ambition to compete in friendly rivalry with other local people of this city and vicinity for the sum of $2385.56 (value of the new 1955 Ford Customline Grand Capital Prize.

IS IT BECAUSE you have practically convinced yourself that "you're to busy" to earn an extra $750.00 or $500 in cash during your spare time between now and Saturday, October 15th.

IS IT BECAUSE you're one of the fortunate few who have been able to buy a new 1955 model automobile . . . or is it that you're so well fixed financially that a few hundred or even a few thousand dollars means nothing to you?

OR DO YOU REALLY have a legitimate reason . . . one that could stand the light of day . . . for not being able to take advantage of this opportunity and win one of the six big prizes soon to be awarded by this newspaper?

IF IT IS the first or second reason, the fault lies entirely with you!

IF IT IS the third reason, you're to be congratulated on your good fortune!

IF IT IS the fourth reason, then unfortunately you are being deprived of the greatest opportunity ever offered locally to gain luxuries and pleasures of the highest type quickly through nothing more than spare time effort and the "will to win."

Thorsby Institute News—

The Ladies Guild Reception for the teachers, pupils and any interested in Thorsby Institute was held last Friday night in the Helen Jenkins Hall. Mrs. Glorrine Littleton had charge of the games. Refreshments of punch and homemade cookies were served. There was a very good attendance.

The members of the Pushmataha and Philomathic clubs will meet on Friday, September 16, at 3:00 p.m. The Literary Society Business Meeting will be held on September 23 at 3:00 p.m.

Mrs. Pearl Mims is back at her usual position as matron of Thorsby Institute, after spending the summer at her home at Lay Dam. She was busy gardening and canning and now she is sharing with the school.

Mrs. H. S. Petersen, the director of music, is here and busy making out a schedule, including students of the community. We rejoice with Mrs. Petersen that her mother, Mrs. Carrie Matthews, was well and strong enough to return with her for the school year. They are staying at the dining hall.

Mrs. Emily Harding, our librarian, reports that 50 books drawn out by children during the summer from our library are over due. If you realize we cannot replace these books for less than a dollar, then you will see what a loss we will have. Ask your mother to help you hunt and return these books as soon as possible. If you can't find them please bring a dollar.

Adults, men or women, who wish to take any subjects taught at Thorsby Institute are welcome to join the regular classes. See Miss Jenkins as to the time one can attend and subjects wanted.

SARDIS NEWS

Services over the week end were very good. Our attendance was off some. Make your plans to attend church regularly. We got our new officers for another year Sunday afternoon. Let's support our church each Sunday by our prayers and being present. Our Sunday School lesson yesterday was the Importance of Working Together, Have a mind, and work together, cooperate with one another. We should take more notice to our lessons and put them into practice.

Sunday is our regular preaching day. We invite all who can to come worship with us. We welcome visitors at all times.

Sunday School each Sunday at 10:15 and BTU Sunday night at 7 p.m.

HERE'S WHERE YOU GET A BIG NEW CHRYSLER FOR THE PRICE A SMALL CAR WILL COST!

We have only a limited number of the popular 1955 Chryslers left . . . and there will be no more. To clear them now, we'll give you the dream deal of a lifetime. We'll give you such a big allowance on your old car that you'll actually be getting a big new Chrysler for no more than you'd expect to pay for a small car in a few weeks.

Moreover, you'll be getting the car that set the style and performance pace in 1955 . . . with sales up 74% more than any other fine car. Popular cars always command a higher re-sale value. Act now, while we can still make this offer. In a few weeks your present car will be worth much less.

Folks and Things ABOUT TOWN

—By Ben

Notice comes from Auburn that John Schmith of South Clanton was one of 112 students who were listed on the Dean's Honor Roll for the summer quarter. John is in the school of chemistry. Right now he is in Neenah, Wis., working with Kimberly & Clark, Inc. It is a large organization with some 40 paper mills in this country. He will retur nto Auburn in January to continue his studies at the same time holding his connection with Kimberly & Clark.

Friends of the former Miss Mattie Jo Barber will be sorry to learn that her mother is seriously ill at the Barber Memorial Hospital at Butler Alabama. Mattie Jo made her home here for many years and has many friends in this section. Her friends here wish her mother a speedy recovery.

Speaking of teamwork, you can't beat these Chilton County High School Tigers. Hershel Billingsley, one of the stalwarts on the team couldn't practice for football until his cotton was picked. The entire team, some forty players, went to the Billingsley farm Wednesday and picked cotton so their teammate could join in the daily scrimmage. As we understand it, even the Coach went along to help the boys help their teammate.

A mountain boy's pa was taking him into town for the first time. The boy had never seen electric lights. Just at dusk they cleared the top of the hill and looked down into the town nestled in the valley. The town had a population of 400, and it was all lighted up.

The boy turned around to his pa, his eyes shining and said, "Dagone, Pa, it looks like the whole world's gone possum hunting!"

Hoover Moates is leaving us. He is being transferred to the A & P Store at Alexander City after many years at our local A & P Store. Being a local boy and having been with us always we have grown to like Hoover a lot and we are sure he will be missed by his many friends as well as by the store. We wish for him good luck in his new place.

The little boy was scrutinizing his grandmother who had just arrived and whom he had never seen before.

"So you're my grandmother," he said.

"Yes," she replied sweetly, "on your father's side."

"Well, you're on the wrong side. I'll tell you that right now."

Howard College Has Record Enrollment

With well over 200 pected in the evening division ean Burns said he expected a ast 1650 students at Howard by e end of registration.

Architect Chosen For Chilton's New Forty Bed Nursing Home

At the regular monthly meeting of the Chilton County Hospital Board Tuesday night, the Board appointed Mr. Lawrence S. Whitte. of Birmingham as Architect to design and draw up plans and specifications for the new 40 bed Nursing Home to be built on the site of the Chilton County Hospital The Nursing Home will provide housing and nursing care for the aged, infirm, and convalescent people of Chilton County.

The results of a survey by the State Department of Public Health and the Hospital Board revealed there is a critical need for such a facility. Announcement of the decision of the Hospital Board to build a Nursing Home for Chilton County was made recently at the dedication exercises of the new hospital.

Estimated cost of this project is $225,000.00. Under provisions of the Hill-Burton Act, two thirds of this amount will be provided by the Federal Government; the remaining one-third to be furnished equally by the State of Alabama and Chilton County. The plans are expected to be complete for contract letting in the Spring of 1956 and construction will probably take from six to nine months to complete.

Contest Managers

More general and concerted action has taken place during the last few days in the big "Everybody Wins" prize subscription contest than at any other time since the race began

And, with honors almost equally divided between several contestants for leadership in the race, the "battle royal" now in evidence is attracting area-wide attention.

Hundreds of thousands of votes were cast by the various contestants. First one, then another, would sway for supremacy; battles were fought, won and lost, and the race waxed fast and furious.

So closely arrayed are present leaders, in fact, it depends largely upon individual effort of contestants and the unstinted support of loyal friends during the balance of this week—while the MAXIMUM number of votes are unused on subscriptions—as to who will ultimately be winners of grand capital prizes.

The crucial test is now at hand for potential grand prize winners And this Saturday night will, to a considerable extent, tell the story. The matter of success lies entirely in the hands of contestants themselves. We can help you only by telling you how

Now is the time, unquestionably, to secure an insurmountable reserve vote: now is the time to make reasonably certain of the prize you most desire.

Not to do so means that you will have to redouble your efforts during the remainder of the race to make up for lost opportunity. Just a good big bunch of "full limit" subscriptions NOW might be the very ones indeed to "cinch" that beautiful 1955 Ford worth $2385.56 grand capital prize; they could hardly help but win one of the other major prizes or big cash awards.

Shedding lustre on this inspiring sight is the sectional spirit that is manifesting itself This mighty factor is the bulwark behind the various contenders for high honors and attendant awards.

A striking feature of the past few

Transcontinental Station Near Billingsley Has $100,000 Annual Payroll

TWENTY-ONE EMPLOYEES, 00,000 a year payroll, that's only rt of the story at Transcontinen l Gas Line Corp. compressor sta n No. 10.

Station No. 10 is located in Chil n County about one mile north Billingsley, Ala. There you will d a neat village where the supvisory staff lives, an auxiliary ilding containing electric genera s to supply power and light to th plant and homes. Modern of es, shops equipped with lathes d other power tools and complete mplement of VHF radio and mic wave connections.

On the grounds you will find a six le putting course that is used to ch small children the art of golf. pa also uses it to sharpen up his tting. A nine hole golf course is nned and at present a club house 22 of concrete block is being ilt.

Frank Keveryn, Asst. Supt. said ns are being worked on for a sket ball and volley ball court. Now for a little hisotry of how ilton County got this $100,000.00 year payroll, plus the people who ceived money for the right of way oss the county.

Claude A. Williams, attorney and man and his associates in Tex and Louisiana were the men who ived the idea of a 30-inch line from the banks of the Rio ande in Texas to New York City. May 1948, the Federal Powers Commission granted a permit for the pipeline project. Construction of the pipeline began at Laurel, Miss., May 23, 1949. Great machines and 2000 men laid pipeline for a year and a half.

On January 16, 1951 Transcontinental's line went into operation and the flow of gas went through station No. 10 near Billingsley and 18 other compressor stations all along the 1840 miles through the 30 inch steel pipeline.

The town of Butler, Ala. was the first to get delivery of natural gas. The towns of Maplesville, Rockford, Thomaston and Wadley, Ala. also receive their gas from the pipes of Transcontinental.

Today over 55,000,000 cubic feet of natural gas can be carried daily from Texas and Louisiana to homes nd factories along the Eastern Seaboard.

Mr. C .C. White, Supt. at No. 10 Station stated Transcontinental is putting two more compressor stations in operation around the first of November, which will help increase the flow of natural gas through the lines.

Mr. White also explained the function of a compressor station. It's chief purpose is to maintain line pressure. Pressure must be maintained in natural gas to keep it moving in sufficient volume to satisfy cusotmers needs. This also makes for an ecomonically better operation and of course a cheaper rate for customers.

The compressor station also cleans any foreign matter that might be picked up while traveling through the pipes.

As the compressors raise the pressure of the gas, the temperature also rises. So, before it can re-enter the line it must be cooled. The compressor stations cooling system works much like an automobile's radiator. Air cools the water and the water cools the gas.

Cleaned, compressed and cooled the gas re-enters the pipeline and goes from one compressor station to another until the gas reaches it's destination—it's customers.

Mr. Frank Keveryn revealed that all station No. 10 employees are local people and were trained here on the job. They have won safety achievement awards for the years of 1953 and 1954 and have worked 1150 days without an accident. Station No. 10 employees are looking forward to the 1955 award and of course that wonderful Bar-B-Q which is held each year.

The employees of Transcontinental Gas Pipe Line Corporation at Station No. 10 are proud of their plant and village and a ready welcome is extended to anyone who comes their way.

Ebernezer Baptist Church At Stanton.

Rev. J. L. Adams, pastor.
Preaching Services each Sunday 11:00 a.m. and 8:00 p.m.
Sunday School 10:00 a.m.
BTU 7:00 p.m.
Prayer meeting Wednesday night 7:00 p.m.

Sunday attendance was 116. Visitors 16 and that was very good. Everybody seemed to be in good spirits.

The prayer services last Wednesday night was low in attendance. Of course this is bad, most churches would consider the prayer services one of the best in any church. It is desired that our members take more interest in talking to the Lord. We would not think of refusing to talk to our friends, it makes them realize that we do really love them.

The BTU was just about the same as usual and we do hope each and every member will invite more this week. Each one should do our best to build up the attendance in all the church work.

The pastor's home is looking very beautiful, we are proud of our pastor who has worked so hard in keeping this work going on. Thanks to all the men that have been so wonderful in helping this work go on.

Our pastor is doing a swell job and we are happy to report that in this year there has been 15 to join the church by Baptist. This year has been one of the best in a long time. Surely our pastor is a God called man.

Remember the word for the week, Psalms 55:2 "Cast thy burden upon the Lord, and he shall sustain thee; he shall never suffer the righteous to be moved."

or credits or whatever it is you call 'em; it takes votes to win, doesn't it," she quizzed.

"Exactly; I'm coming to that. Votes are allowed on each prepaid subscription to the Chilton County News, and the ones who get the most votes win the biggest and best prizes—although 'Everybody Wins' since the least anybody gets is one dollar out of every five of their individual subscription collections, payable weekly. Didja' ever hear of anything more liberal or fairer than that?-asked the campaign manager.

"You said it," she snapped back, "but just how many votes do I get on each subscription? Tell me that!"

"That depends entirely on length of time subscriptions are paid," says the man behind the desk, "and during which period same is turned in to the Chilton Couny News contest department. One year's subscription is $2.00 and RIGHT NOW gives you 2,000 votes; two years is $4.00 and counts as 8,000 votes, while the FULL FIVE YEAR LIMIT is only $8.00 and you get the maximum 25,000 VOTES."

"And," continued the campaign manager, "with the great influx of new residents in this area during the past few years, there are literally hundreds of people within a comparatively short distance of this office who would be only too glad to have the Chilton County News mailed to their homes regularly if properly approached on the subject."

Our Champion tapped the toe of her shoe on the floor, pursed her lips and thought carefully for a moment. Then exclaimed; "Whadayuh mean by 'Weekly Payroll' plan?

"I'm glad you asked that one,' replied the contest editor.

"The money you earn as commissions, which I have just mentioned, is paid to you each week while striving to win one of the major prizes. It's nice to be able to count on these checks coming in each week, based, of course, on your own determination to win a really big award.

"This 'Weekly Payroll' Plan is an outstanding feature in accordance with rules of the contest fully outlined in official open announcement."

"How many prizes will be awarded" she eagerly inquired.

"There are two major prizes and four big cash bonus awards, for third, fourth, fifth, and sixth place winners — making six."

"Fair enough," she said, "now tell me what I should have in the way of supplies to get started."

All you need, young lady, is one of these little contest receipt books and the desire to ride away in your own new 1955 Ford automobile worth $2285.56 October 15th.

This little lady has the right idea. Getting into this contest now is very important if you want to win. An early start means an easy finish!

Be Careful When Hiring Children For Picking

Birmingham, Ala.—In a statement urging farmers not to employ children under 16 during school hours, Homer E. Krog, Regional Director of the U. S. Department of Labor's Wage and Hour and Public Contracts Division warns Alabama farmers that wilful disregard of the child labor provisions of the Fair Labor Standards Act can bring stiff fines.

"With bursting cotton bolls turning the fields whiter by the day, it's time to make plans to get the crop picked, but the importance of today's cotton crop is no greater than tomorrow's school crop," he stated.

The Fair Labor Standards Act prohibits the employment of children under 16 in agriculture during school hours for the district where the minor is employed. There is an exemption in case of children working for their parents, but this exemption does not extend to work done on any but the parent's farm or crop.

Mr. Krog emphasized that more education for the youngsters is actually like a guarantee that they will receive extra cash money throughout their life. "The Census report tells us that in 1949, of all men aged twenty-five years and older, those who completed 8 years of grade school received an average wage of $2,533. Those with 4 years of grade school received an average wage of $3,285. Those with 4 years of college received an average income of $4,407."

From the child's standpoint, it is like depriving him of extra earnings, according to the Regional Director, while from the farmer's point of view, wilful failure to comply with the law can subject him to a fine of as much as $10,000.

All-Stars

great deal of speed in scoring on the play.

The Chilton lads scored again in the third. James Paul Easterling led off with a single. Phillip Lawrence bunted and Easterling went to second. Joe Ellison, home after playing the summer at Yuma, Arizona walked. Seale was out short to first with Easterling going to third. With the count one strike and two balls on Kent Lowery the double steal was put on and both runners were safe with Easterling scoring the run.

The Autauga team began their scoring in the 4th. Turner singled went to second on a walk to Kelley and scored on a Chilton infield error.

The Autauga boys tied the score in the 5th. Frank Smith and Huett hit singles. Owens sacrificed and Smith came across on an infield put. The Autauga All-Stars would have scored again in the fifth but for a great throw by Joe Ellison from centerfield that nailed H. Smith at the plate.

The Chilton team came to life in the 6th. With one out Lowery, Guin and Wyatt singled with Lowery scoring on Wyatt's hit. Guin made it home when Johnny Smith lived on an Autauga error.

The Chilton All-Stars finished out their scoring in the 7th. Joe Ellison singled and was out on a close play at second. H. Ellison walked and scooted to third on a single by B. Easterling. Lowery tallied Ellison on a long fly ball.

The two Jemison Stars Wayn Guin and Kent Lowery came through with half of the Chilton hits. They had two apiece. These two boys also sparkled afield. The Chilton team expects to see a larger number of Jemison people at the game next Sunday. You Jemison people owe it to Wayne and Ken so come on out and boost your home town boys.

Also in the lineup will be Joe Ellison who will report to the St Louis Cards next Spring. Joe had 21 home runs for the Yuma, Arizona team this year.

Another attraction will be young Bobby Carl Wyatt seeking his 15th win. You Clanton base ball fans should come on out and fill the stands and bleachers. These boys have gone to a great deal of expense this year and have played under trying handicaps and if you Clanton fans don't turn out for this game you don't deserve a base ball team next year. Game time next Sunday 3 p.m.

Mulberry Baptist Church—

Good services were enjoyed a' the Mulberry Baptist Church Sunday. At the morning worship service the Pastor preached on the subject, "Looking Ahead," and Sunday night the subject was "The Business of Christians."

The church clerk reported tha he needed all information for th church letter to the Association by the close of the morning worship service Sunday. The church wil hear the associational letter read and approve it at the evening worship service Sunday. All members who think that they might atten the Association on October 4 or 5 should contact Brother J. H Well by Sunday so that their names may be included in the list of messengers from our church. A repo: the year's work for the churc will of course be included in th associational letter.

A third bale of cotton was picked and sold Saturday. This ba' was not as heavy as the other tw as it weighed only 455 pounds. However, approximately 1529 pounds of that cotton have been sold in three bales There is still a considerable amount of cotton yet to be picked It was announced that there would not be a picking this Saturday, however, but the next one will be a week from Saturday. The cotton and seed last Saturday sold for a little over $175.00.

The Young People's Fellowship met after church Sunday night in the home of Charles and Betty Calfee. Mary Nell Beaezey had the devotional. Refreshments were served by Mrs. Dixie Calfee.

A number of our young people have enrolled in college for the fall term at various colleges. Dale Nabors and Ophelia Ann Conway are enrolled at Jacksonville State College Emogene Cummings is at Montevallo, George White is at Auburn and Pat Webster and J. B. Mizles are at Howard College.

The W. M. U. members of our church will want to remember the Quarterly meeting of the WMU at 10:00 a.m. on September 30 at Pates Chapel.

To the members of Mulberry: Do you have your package of envelopes yet? We will begin to use the envelope system in our Sunday School the first Sunday in October

Next Sunday, Sept. 25 will be promotion day at Mulberry. If you are to be promoted be a church to receive your certificate

We will have two new classes organized in our Sunday School, beginning on October 2. They will be in the new rooms which are being curtained off in the basement. We hope to have new Sunday School rooms built to our church in the near future.

Vermont School

On Tuesday night, Sept. 13 the Vermont PTA met in the School lunch room for their first meeting of the year. Mrs. Vera Hayes called the meeting to order at 7:30 p.m. The meeting was begun by singing "America". Rev. W. E. Robinson gave a beautiful devotional The regular business meeting was held. The association voted to buy shades or blinds for the first and second grade rooms. Also to pay for extension on the TV set in order that it can be used in all the rooms. They voted to pay for some playground equipment.

The principal, Rev. G. G. Williams gave some interesting and helpful remarks about the school work here.

We had 19 members join our P.T.A. We would like for all our parents to join and support our P.T.A.

The P.T.A. meets the second Tuesday night in each month. All parents are urged to be present.

Anytime during the school hour the faculty invites you to visit our school.

Present Concerts At Alabama College

Famed Marine Band

Montevallo, Ala.--The 157-year-old United States Maroine Band, the oldest military symnonic musical organiaztion in the country, will present two concerts at Alabama College during the fall semester.

Musical works by the world's finest composers and stirring marches which have brought the Marine Band acclaim from visiting dignitaries of almost every country in the world will be presented at matinee and evening concerts on Monday, November 7. The afternoon program has been especially organized for students and will begin at 2:30 p.m. The evening concert will start at 8:15 p.m.

The Montevallo concerts will be a part of the Band's Presidentially approved tour of 15 Southeastern States.

The Marine Band is known to millions through its two weekly coast-to-coast radio broadcasts, its frequent television appearances and its concert series in Washington D. C. The annual tours, which started under the direction of John Phillip Sousa in 1891, have afforded Americans living outsde the Washington area an opportunity to see and hear the world-famous Marine Band, whose history goes back further than that of the Capital City itself.

Familiarly known as "The President's Own," the Marine Band has played for every inauguration since Thomas Jefferson's. Founded in 1798 by an Act of Congress, the band has played for all official functions in the Nation's Capital and all important history-making events in this country since that date.

The personnel of the Marine Band includes musicians carefully screened and selected from some of the nation's leading symphony orchestras, high school and college bands. To be accepted into the Band, an applicant must pass strenuous auditions on two instruments and undergo rigid physical examination.

When the Band appears at Alabama College, it will mark the second fall concert appearance of the colorful Marine musical organization in Montevallo.

Blind Man's Buff is

KID STUFF!

. . . This man never intended to be a highway hazard.

But he's so intent on getting his family home, he hasn't noticed sleep closing in on him. Too bad!

He'll learn too late that playing Blind Man's Buff behind the wheel is *kid stuff*. In just one second—at 45 miles per hour—he can run his car completely off the road or crash *head-on* into traffic! He may *never* get his family home.

Competent drivers are quick to admit their limitations. At the first sign of drowsiness they "take ten" on the side of the road.

For as every good driver knows, "There isn't a man *alive* good enough to drive in his sleep."

Autauga All-Stars Lick Local Stars 10 To 6

In a loosely played game at the Clanton ball park the All-Stars of Autauga County beat the All-Stars of Chilton by a score of 10 to 6.

Huett for the A's pitched and batted them to victory over the C's. His hits included a ringing double to left center and a towering home run over the left field wall.

This was the last game of the season for both clubs.

Hill who sparkled afield for the winners is from Prattville where he is a very good pitcher. He proved his ability to play more than one position.

Joe Turner behind the plate for the A's played his usual steady brand of ball. His throws to second base were almost perfect and nabbed two of three runners who tried to steal. He also laid down two pretty bunts that scored runs and one went for a hit.

Chas. Owens who played center field had a perfect day afield and had two hits. One a line drive double down the left field line that caused a heated argument.

Price and D. Knight playing the other two outfield positions looked plenty sharp on those long flies Price contributed a double in the eighth when the A's scored 5 runs.

Sanford at third base, H. Smith at short stop and Kelly and McKee alternating at first base were the other A's seeing action.

This game was sweet revenge for Huett who had tried unsuccessfully to beat the C's twice before. Each time errors paved the way for his down fall in spite of superb pitching.

Wayne Guin was outstanding for the losers with three hits in four times at bat; one was a line drive double to left field.

Losing pitcher Wyatt was apparently not at his best as he allowed more hits than in any previous game. Errors by the infield aided in his down fall.

Score:

	R	H	E
A's	10	10	[illegible]
C's	6	6	6

James W. Bentley Scorer for all games.

Frozen Soups Bring "Precious Cargo"

Send a safari round the world to collect food treasures and you'd expect a precious cargo. Bringing such precious cargo, right into your kitchen today, are the spectacular frozen soups.

Each of these contains rare morsels for your table. Plump tender oysters float in a rich essence of butter and milk—for oyster stew. Cream of shrimp soup boasts pink-meated shrimp, with amazing delicate flavor. Potato soup and green pea with ham lift simple "fruits of the earth" to a royal level.

As you plan your first autumn dinner party, choose a frozen soup to "give an air" to your entertaining. Present it in style as a first course. Or fill up a big tureen to take the place of honor at a buffet party.

For a "covered dish" dinner, spring this shrimp-rich casserole on your crowd. A likely choice for luncheons too.

Shrimp Chip Bake

1 can (10-ounces) frozen condensed cream of shrimp soup
½ cup milk
1 cup diced cooked shrimp (7-ounce can, drained)
1 cup unsalted cooked peas
1¼ cups crushed potato chips

Combine soup and milk; heat slowly, stirring frequently. Blend with shrimp, peas and 1 cup potato chips in a 1-quart casserole; sprinkle remaining chips on top. Bake in a moderate oven (375° F.) about 25 minutes. 4 servings.

SOUP SCOOPS

Top Chops With Gravy, Stuffing: When autumn's in the air, pork chops go into the skillet. That's a dish that says a warm "welcome home" to Dad after his day at the office. Fancy up the chops a bit with a smacking-good stuffing and brown gravy. First put 4 chops on to brown in the skillet. Meanwhile simmer together ½ cup chopped dried apricots, ½ cup chopped celery, 2 tablespoons butter; and ⅓ cup water; allow about 5 minutes to cook them; then stir apricots and liquid into 2 cups soft bread cubes for stuffing. Scoop a portion of stuffing onto each chop. Pour on 1 can beef gravy; there're 1¼ cups so it does generously for 4 chops. Cover skillet and let chops cook over low heat about ½ hour. Then lift the lid and sniff that heavenly essence.

CCHS P-T.A. Held Very Successful First Meeting Of The Year

The High School Parent-Teachers Association was called to order by the president, Mr. Hollis Jackson, on Monday evening in the school library. There were approximately one hundred and twenty-five parents and teachers present to hear the business and objectives set up for the coming year. Several objectives were voted on among which was plans for enlarging the High School Recreation grounds.

A most inspiring devotional was given by the officers of the Beta Club under the direction of Miss Marguerite Perry. The Club president, Robert Popwell read, as the scripture the 23rd Psalm, Miss Elizabeth Oglesby read a beautiful prayer and Misses Janice Wood Ann Jester and Janette Crew sang, "The Lord is My Sheppard," with Linda Wade at the piano.

Following the devotional a "Buzz 6" program was presented by the program chairman, Mrs. R. M. Tucker, using as the topic, "Tomorrow's Citizen Grows up in Today's Community."

This program was a panel discussion, with Rev. M. K. Vickers Dr. C. O. Lawrence, Supt. Howard Boockholdt, Mr. Dick Scott and Principal S. E. Waters on the panel The parents and teachers were given an opportunity to ask the panel questions pertaining to the growth of the boys and girls, in the community, in spirit, in health, in homes and in education.

This proved to be a most interesting and informative program.

Following the room count the group was invited to the Home Ec Building, where they were graciously greeted by Mrs. Edna Williams and served delicious punch and dainty sandwiches and cookies by the officers of the Future Teachers Club.

The next PTA meeting will be held in the school library on the 3rd Monday in October at 7:30 p.m.

Helpful Hints For Housewives

Your next pie crust will come out more tempting and flaky if you brush the top crust lightly with cold water just before putting pie in the oven.

To remove those stains caused from paring vegetables, try rubbing fingers with a slice of raw potato or lemon juice.

Instead of usng an ordnary rubber sheet on baby's bed, use a piece of plastic material. The plastic is easier cleaned and does not have the unpleasant odor of rubber.

Those valued books on your bookshelf will stand less chance of getting broken bindings or scratched covers if they are not too crowded on the shelves.

If knots or tufts make rugs look shaggy, never pull the loose ends out. Clip them off with scissors.

Baker Irish potatoes will not become soggy if they are pricked two or three times with a fork as soon as they are removed from the oven.

Many stores now have ripping shears that are made with dulled blades at the points, so that they can be used for picking up threads and pulling them out without cutting them.

When you give Baby his next shampoo, try placing him on a folded blanket or quilt on the left-hand drainboard of the sink. You can hold his head with your left hand, leaving the right free to wash his hair.

Golden Circle Sunday School Class Met

The Golden Circle Sunday School Class of the First Baptist Church met for their Sept. meeting on Monday night with Mrs. Vernon Payne.

Mrs. Payne used several different arrangements of fall flowers to decorate her home for this occasion

Mrs. A. B. Wilder discussed the preview of the Sunday School lesson for Oct., Nov., and Dec., and how the class could receive credit for completing the study.

They also discussed the advantages of a year book for the class.

The class welcomed Mrs. Robert Lane who will become a member of the class in Oct.

Delicious refreshments were served by the hostess to several class members.

Bro. Troy Helms Attends Funeral Of Noted Officer

The Rev. W. A. Brown, Executive General Treasurer of the Assemblies of God, for the world died Tuesday, September 20, at Springfield, Missouri. This will be a great shock to the movement and was a loss to the nation; although the Rev. Brown had been ill for a short time.

Gleaners Class Met September 12th

The Gleaners Sunday School Class of the First Baptist Church met Monday Sept. 12, at the home of the class president, Mrs. Thomas Hubert. Co-hostesses were Mrs. W. D. Hocutt and Mrs. A. D. Smith.

The meeting was called to order by the president, Mrs. Hubert.

This being the last meeting before promotion Sunday, Mrs. Hubert presented a gift to the class teacher, Mrs. Howard Boockholdt and the class officers in appreciation of their cooperation and work during the past year.

Mrs. W. C. Wilson received a gift for attendance and Mrs. Hubert was presented with a gift for her untiring work and splendid leadership during the past year.

A final report was rendered and following the business a beautiful devotional was given by Mrs. Alcuza Askins.

Sharron Hubert assisted the hostess when they served a most delightful refreshments plate to the following: Mesdames T. E. Wyatt, A. K. Corbett, Vera White Griffin, Alonaz Askins, Tom Kemp, Thomas Moore, Crit Jones, Frank Green Reid Mullins, A. K. Hardy, Horace Miller, Dewey Crew, Ira Crowe W. C. Wilson, Howard Boockholdt W. W. Brown, Luther Kendrick and Walter Fiquette.

Dr. Hutchinson Will Show Film Of Tour

The First Baptist Church of Clanton announces that during the next several Sunday nights Dr. Hutchinson will show pictures and speak on his trip to Europe. Dr. Hutchinson made over five hundred pictures on this trip, covering England, Scotland, North Ireland, Irish Free State, Holland, Belgium France, Germany and Luxembourg Almost all of the pictures turned out good and he is anxious to share with all the members of the church and the community some of the experiences of this wonderful trip.

These pictures cover a wide field of personalities, farming, the [illegible] industry, and many interesting things pertaining to the life of these European countries. In some areas the farming is up with America in modern equipment, and in other areas oxen and donkeys are still being used. One of the interesting parts of this program will be the series of pictures covering the linen industry. These pictures begin with the flax growing in the field and show all the way through the long process to the linen house and the Belfast shops. If you wonder why linen is so high-priced, these pictures will answer that question for you.

The pictures of the peat industry, a major fuel item in Ireland will also be shown in the same process as the linen.

The pastor of the First Baptist Church, Dr. Hutchinson, extends very cordial invitation to everyone to see the pictures and hear the messages that will be delivered in conjunction with the showing of the pictures each Sunday evening.

GA No. II Met September 20th

The GA No. II of the First Baptist Church in Clanton met on Tuesday, Sept. 20, at 2:30 o'clock with Miss Martha Lynn Henderson.

The meeting was called to order by the president, Martha Lynn and all old and new business was taken care of.

The meeting was then turned over to the program chairman, Miriam Golden who gave a very interesting program with the assistance of the following girls: Brooksie Hubert, Bonnie Sue Knight, and Martha Lynn Henderson.

Following the progarm delicious cookies and drinks were served by the hostess.

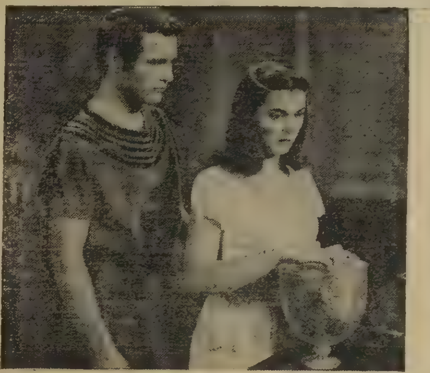
At Clanton Drive-In Theatre



ABOVE IS A SCENE from the "Silver Chalice" which is to be shown at the Clanton Drive-In Theatre on Sunday and Monday, Oct. 2nd, 3rd.

A GOOD START

Give your family a head start on busy days — serve a hearty breakfast that will provide plenty of energy for a good morning's work at school, office or home. For a new tasty way to serve eggs, try them baked in a buttery nest made of enriched yeast-raised bread crumbs. Fruit juice, sweet rolls from your bakery and a beverage will complete a well-balanced breakfast for all.

BAKED EGGS

8 slices enriched yeast-raised bread
3 tablespoons margarine or butter
⅛ teaspoon pepper
¼ teaspoon salt
Dash tabasco (optional)
4 eggs

Trim crusts from bread and tear apart to form ragged crumbs. Melt margarine or butter. Add crumbs and toss until well coated with margarine. Season with pepper and salt and tabasco, if desired. Spread crumbs in well-greased baking dish. Break eggs over crumbs. Bake at 350°F. (moderate oven) 12 to 15 minutes or until eggs are set. Makes four servings.

NEW HARMONY NEWS

Holiness

Sunday School attendance was a little small Sunday due to the fact that some were away visiting. We are hoping to have everyone back next Sunday.

Mr. and Mrs. W. M. Smitherman, and Mr. and Mrs. Aud's Littleton and boys visited Rev. and Mrs Willie Littleton of East Tallassee Sunday.

Mr. and Mrs Edgar Smitherman and Evelyn visited Mr. and Mrs Thomas Smith and girls Sunday afternoon.

You have a special invitation to come to church next Sunday. If you do not, I am sure you will miss a blessing. Besides having our good pastor, Bro. S. G. Oliver, with us, we are also expecting to have Sister Junie Faye Prosser and Sister Mary Curry of East Tallassee. They are both great workers for God an dtruly a blessing wherever they go.

Also remember our Saturday night, Sunday night, and Wednesday nights service. Visitors are always welcome.

Little cakes always have party manners. Whether you serve Banana Nut Cakes at home, or pack them in lunches, they will add a cheery note.

BANANA NUT CAKES

Next time you're in the mood to bake a sweet treat, make Banana Nut Cakes. You'll like the easy way the ingredients go together as well as the speedy way the cakes disappear.

Let the recipe do double duty. Pack Banana Nut Cakes for school lunches. Serve them at home, too. You'll will find they travel best in the lunchbox if baked in the paper liners.

A big time-saving feature of the recipe is the use of self-rising flour. It already contains baking powder and salt in the correct proportions. So it isn't necessary to measure those two ingredients for the recipe. This factor gives you greater assurance of a perfect product every time.

The bananas in the recipe provide a moist, flavorful quality. That's one more good reason the cupcakes are especially well-suited to lunchbox use.

BANANA NUT CAKES

½ cup shortening
1 cup sugar
2 eggs beaten
1 cup mashed ripe bananas
1 teaspoon lemon juice
2 cups sifted enriched self-rising flour
1 cup chopped nuts

Grease 18 muffin cups, or line with fluted paper cups. Cream together shortening and sugar until light and fluffy. Stir in eggs. Add bananas and lemon juice. Mix well. Add flour to creamed mixture. Blend well. Fold in nuts. Fill prepared muffin cups about 2/3 full. Bake in moderate oven (375° F.) 20 to 25 minutes. When cool, spread tops with Confectioners' Sugar Icing and garnish with chopped nuts. Makes 18 3-inch cakes.

CONFECTIONERS' SUGAR ICING

2 cups confectioners' sugar
½ teaspoon vanilla extract
2 tablespoons milk (about)
¼ cup chopped nuts, if desired

Measure sugar into mixing bowl. Add vanilla extract and milk. Blend until smooth and of spreading consistency. Spread tops of cakes with icing. Before icing sets, dip tops into chopped nuts. Makes icing for 18 cupcakes.

Take a hot-weather breather with a new and wonderfully refreshing drink—Soup on the Rocks! Just pour beef bouillon right from the can over ice cubes. There's less dilution if you chill the cans first in the refrigerator. On hot days when you're working in the garden, tending the children or feeling generally limp from the heat, open a can of beef bouillon and savor the cool, clean flavor of this new drink.

Soup on the Rocks is so good it doesn't need garnishing, but if you like to experiment, garnish with lemon peel or juice, a twist of cucumber, or a sprig of mint. A drop of Angostura bitters, Worcestershire sauce or a few drops of lemon juice can also be added.

If you're watching your waistline, don't worry—Soup on the Rocks has less than thirty calories per glass!

For a salad supper that's certain to win approval, heap favorite seafoods on shredded lettuce and serve the assortment with a tangy Louis dressing, crisp greens and cold beer.

The illustrated platter is made by placing chunks of canned salmon and tuna at opposite ends and filling the center area with two rows of whole shrimp. Supplement the seafood with quarters of fresh tomatoes and hard-cooked eggs, if you like.

LOUIS DRESSING

1½ cups mayonnaise
¼ cup French dressing
¼ cup chili sauce
2 tablespoons minced chives
4 green olives, chopped
1 teaspoon horseradish
1 teaspoon Worcestershire
Salt, pepper to taste

Combine all the ingredients. Chill. Serve as a dressing for seafood salads or as a cocktail sauce for chilled shrimp. Makes 2½ cups.

Imagine the fun of having individual sponge cakes — filled with lemon filling and frosted with whipped cream — stored in your freezer or the freezing section of your refrigerator? Then when guests drop in unexpectedly, you can surprise them with a dessert that's fit for royalty.

This dessert is easy to make, too. You use already baked sponge cake shells, which your grocer or bakery carries. Then you make the lemon filling with California's frozen concentrate for lemonade — pure California lemon juice with sugar added. Here's the recipe:

Lemon Filling

1 (6-oz.) can frozen concentrate for lemonade
1 lemonade-canful water
1/2 cup sugar
2 tablespoons cornstarch
2 tablespoons flour
2 egg yolks
2 tablespoons butter

METHOD: Combine the concentrate for lemonade, water, sugar, cornstarch, and flour. Cook over direct moderate heat, stirring constantly, till mixture come to a boil. Boil one minute. Remove from heat and beat a little of this mixture with slightly beaten egg yolks. Then beat into remaining hot mixture. Cook one minute more, stirring constantly. Remove from heat, add butter, and cool.

Fill individual sponge cake shells with the Lemon Filling and put them together in pairs, inverting one on top of other. Frost top and sides with sweetened whipped cream. Cut in half vertically. Freeze. Then put the halves together again, wrap in freezer paper, and keep frozen. Thaw 25 minutes before serving.

SUNDAY MORNING BREAKFAST is like a holiday for many of us. It's the one time in the week that the whole family can be together at the day's first meal. Usually when this happens, breakfast turns into a rather lengthy occasion. A good hearty meal seems to be called for, so what could be better than buckwheat cakes and crisp bacon. Always a favorite combination, and, when served with maple-blended syrup, buckwheat cakes are truly irresistible, encouraging many repeats.

Be sure to keep a bottle of this mild, but rich maple-blended syrup handy . . . its unique glass container is pretty enough for any table.

BUCKWHEAT CAKES

2 cups buckwheat flour
½ teaspoon salt
½ teaspoon soda
2¼ cups buttermilk
1 tablespoon molasses
1 egg, well beaten
2 tablespoons butter, melted

Sift flour once, measure, add salt and soda, and sift again. Combine buttermilk, molasses, egg, and butter. Add to flour mixture, mixing just until blended. Bake on hot lightly greased griddle until brown. Turn once. Serve with butter and Log Cabin Syrup. Makes 25 large pancakes. (ANS)

Teams of Specialists Determine Needs of Kenny Polio Patients

Minneapolis, Minn. — Because no single individual can cope with all the problems posed by a severe case of poliomyelitis, the Sister Elizabeth Kenny Foundation employs all the knowledge, ingenuity and skills that modern science can provide to meet the rehabilitation needs of patients hospitalized at its Kenny treatment centers across the country.

Doctors and Kenny Therapists play the major role in rehabilitation. Other highly-specialized personnel, ranging from laboratory technicians who can measure the exact quantity of oxygen in an iron lung patient's blood to individuals who design and build to order gadgets that can be substituted for missing muscles, frequently are pressed into service.

HELP CONTINUE POLIO TREATMENT
Give
SISTER KENNY FOUNDATION

As soon as the initial stages of the patient's treatment are completed, he is placed under the care of an Occupational Therapist who seeks to build up his strength by giving him various projects to perform with the affected muscles. Kenny Therapists and Occupational Therapists are directed by doctors who specialize in physical medicine and rehabilitation

As the patient progresses, social workers and job-placement experts work with him, his family and his employer to effect a successful adjustment and to help locate employment within the limits of his ability.

For example, at Elizabeth Kenny Institute in Minneapolis, headquarters for Kenny work throughout the country, a team of specially-trained people has worked together for a number of years and has treated nearly 10,000 cases of polio. It has become a smooth-functioning unit and is capable of effecting total rehabilitation of patients with a variety of partially-curable diseases.

The Kenny Foundation has broadened the scope of its services by incorporating the application of effective techniques and rehabilitation of patients with various neuro-muscular diseases.

Deluxe Transportation For Hogs

Nothing is too good in the way of transportation for top quality hogs being hauled from Omaha, Nebraska, to cities on the West Coast. Shown here is a Fruehauf Volume Van semi-trailer with special refrigerated and air-conditioning unit and triple decks designed by Harry Campbell and Sons in conjunction with the Service Department of the Omaha Branch of the Fruehauf Trailer Company and Sterling Refrigeration & Engineering Company, also of Omaha. Two trailers of this type are successfully in operation at present.

Putting it mildly, this is an unusual hauling operation. The purpose of these trailers is for live hog haul to West Coast and capable of handling perishable and frozen products on the return trip.

The special five-ton capacity Sterling refrigeration unit is capable of changing air in the trailers three times each minute, thus furnishing fresh air flow with temperature control for live animals. Desired temperature can be maintained on the return load for perishable or frozen cargoes.

Because of the triple deck installation the operator can carry such highly perishable products as cut flowers. Needless to say there is quite a contrast between the outgoing and returning loads.

This haul started out as an experiment but promises to pave the way for future developments as it has drawn the interest of many of the large packing houses in Omaha and Chicago. From a transportation standpoint the hogs "never had it so good!"

News From Mineral Springs, Pleasant Hill

Rev. Jadie Ellison delivered his final message Sunday, Sept. 18, at Pleasant Hill Baptist church. The new pastor, Rev. Jadie Thomas will begin duties as pastor of this church.

Miss Pauline Jackson, formerly of Africa showed colored slides of Mission work in Africa at the Mineral Springs Baptist church on Sunday night at 6:30 p.m. I am sure it was enjoyed by all and will be an inspiration to all young people in the community who are interested in such a religious career.

Sometimes we grow unconscious of the usefulness of the old folks about us. Right now I have in mind an old man in our community, who at the age of 79, still displays a great amount of craftsmanship Known to almost everyone as Uncle Bud Hamilton, still makes by hand various tupes of What Nots, book cases, tables, walking canes and tricks, which are produced through his creative imagination.

Speaking of old folks reminds me of another aged person in Mineral Springs community worth of mentioning, Mrs. Ada Nobles, a widowed shut-in, is perhaps the most outstanding artist ever in our section of the South. Although she is unknown in her field of talent, Mrs Nobles, a graduate of Judson College, with a Masters Degree in music and art, has in her possession pictures that could make for her a place of renown. Personally, I think perhaps her most important painting hangs over her bed, it is a famous painting known to the world as Birds of Paradise.

I, along with each family of Pleasant Hill welcomes within its border the Burles Thacker family We sincerely hope they will be contented and will take an active part in all community affairs.

I'm sure everyone was pleased to see James Roper and wife, Jean home once more. They are residents of Evansville, Ill., where he is employed.

Our road commissioner, Mr. Lonnie L. Cost is due a big thanks for the splendid piece of work done in front of the Mineral Springs [illegible]ital.

Sunday afternoon guests of Mr and Mrs. Fate Littlefield were Mr and Mrs. Joe Earl Littlefield of Birmingham, Mr. and Mrs. W. D Cost of Birmingahm, Mr. and Mrs. Noah Kite, also of Birmingham Mrs. Jackson of Clanton and Mrs Wilton Littlefield and children.

My compassion rests with the ill of our community. Included are Mrs. Callie Martin, Mr. Matthew Wagoner, Mr. Mose Davenport Mr. Wilson Robinson, Mr. Wasl Sammons, all home convalenence To these folks I say, be of good cheer! the Sun would not seem as bright unless the clouds passed over its surface once in a while.

The above reminds me of something that came to my mind the other day as I passed the place where a special loved one was called to his eternal home: I would have rid the earth of him, once in my pride; I never knew the worth of him until he died.

That also brings to mind a scripture which is found in the old Bible, "The Lord giveth and the Lord taketh, blessed be the name of the Lord."

Verbena Home-Ec. Girls Make Dream Come True

TWO YEAR PROJECT COMPLETED—Although it took two years of hard work to raise the necessary funds, members of the Home Economics department of the Verbena High School decide their new refrigerator was worth it. Girls made candy, which they sold at ball games, operated concession stands, etc. Friends and the PTA also helped out by making generous donations. Junior III members are, left to right: Betty Jo McGalliard, Sylvia Alley, Ellen Daniel and Ethamae Davis. (Photo courtesy of the Central Alabama Electric Cooperative.)

Borers Don't Damage Trees Dosed With PDB

If peach trees have not already been treated with DDT to protect them from attack by borers, there is still time to prevent the insects from harming the dormant trees this winter. Paradichlorobenzene (PDB) crystals applied around the trunk of the tree during October will ward off borer damage, according to API Extension Horticultourist John Bagby.

NEW SALEM BAPTIST

Our services were well attended last Sunday. Rev. Lowery brought two wonderful messages. They were inspiring to everyone who attended service. Let's everyone pray for our pastor that he might have the strength and courage to go on working for the Lord.

Mrs. Lillie Bean is visiting in Reform, Ala. with her son, J. E Bean and family.

Everyone remember our Training Union social on Saturday night. We give a special invitation to visitors to come out and enjoy ths social hour with us. Let's remember this event and come and enjoy the good food and meet all of your friends.

Remember you have a place in God's house and He expects you to be there and worship Him. Just count the blessings God has given to you and the least we could do is to go to His house to worship Him. If you have no other place to worship we give you a hearty welcome to visit with us at New Salem. Our church is growing in number and in spirit of the Lord. We thank God for the wonderful attitude of our church members and our pastor. Everyone pray for our church that it might continue for the cause of God.

Mr. and Mrs. Lamar Burnette of Montgomery were with us Sunday night. We were happy to have them with us.

Let's remember our services and attend them. We give a cordial welcome to all visitors.

The Winners!

Only five persons correctly guessed last week's "Mystery Farm" as that of Mr. Harvey Deason. Of these five winners Mr. C. E. Blalock' name was drawn as winner of the Grand Prize and he will receive a five-dollar gift certificate redeemable in merchandise at Pig's Grocery & Market in West End, a five dollar gift certificate redeemable in merchandise at Watson's, and a one-year subscription to Chilton County News.

The following winners will each receive two free passes good at any Wadesonian Theatre in Chilton County.

Mrs. Roy Williams
C. C. Craig, Jr.
Mrs. H. A. Deason
Jeanette Hughey

Come on folks, guess on this week's "Mystery Farm" and be listed in the winners column next week. There are prizes for everyone who guesses correctly.

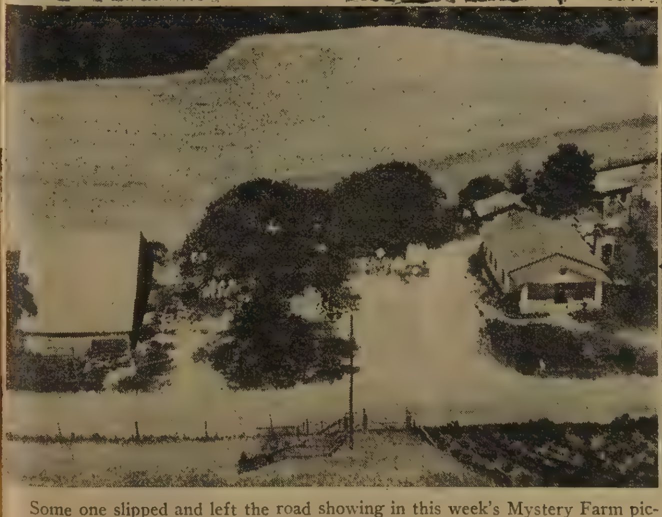
Whose Farm Is This?



Some one slipped and left the road showing in this week's Mystery Farm picture so it should be a little easier to identify. And to be a winner that's all you have to do—just identify the farm pictured above, come by the news office and tell us who owns it, and sit back and wait for the prizes.

For the fellow who owns the farm pictured above we have a framed glossy print of the aerial photo for him if he will come by the News office and give us some information about his farm.

Make a guess. You can't lose a thing but you can win a lot and have fun at the same time. Your answer must be turned in at the News office not later than four o'clock next Saturday afternoon.

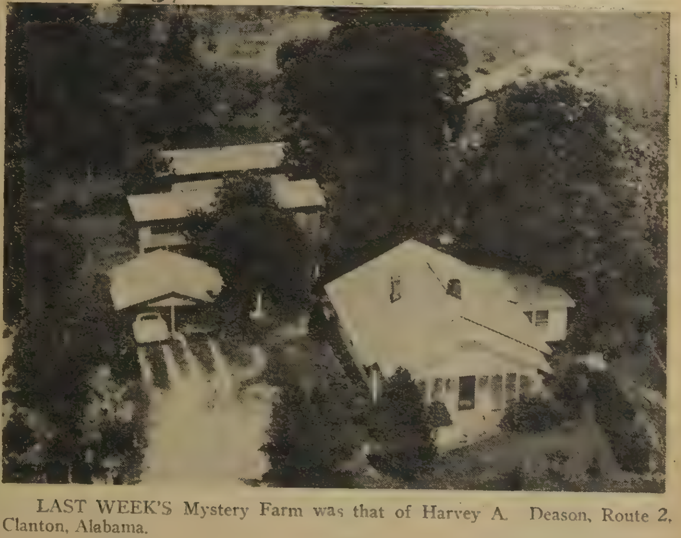
Last Week's "Mystery Farm" That Of H. A. Deason



LAST WEEK'S Mystery Farm was that of Harvey A. Deason, Route 2, Clanton, Alabama.

Mr. Deason bought the farm from Charlie Mims some 10 years ago and his family has resided there since. The place contains 40 acres. Mr. Deason works for the County as assistant engineer and leases the land.

The family attends the Maple Springs Church and Mrs. Deason is a member of the Home Demonstration Club in her community.

There are three children: Mrs. Nell Smith, Allen Deason and Mary Jo Deason.

The Deasons are contemplating planting their farm in pine seedlings.

Red Hot Race---

days is the personal pride that is becoming so noticeable. One contestant declared that to accept defeat would be a lasting disappointment and she doesn't want that to happen to her. Another says she owes it to her friends who have responded so promptly and wholeheartedly thus far to put forth her best efforts here after and to call upon every resource from now until the finish—just three weeks from this Saturday noon—so that everything possible will have been done, AND NOTHING LEFT UNDONE to better her chances to win.

Still another contestant expresses herself in this manner:

"I want and need that new prize Ford for my very own; and with the continued support of my friends I BELIEVE I CAN WIN."

Others, too, are just as determined to finish victorious and are setting appropriate action to words!

So on the basis of personal pride and supreme confidence in their individual ability to capture highest honors, the race is being waged zestfully.

In short, each section, represented in this race is solidly behind their favorite and no "set" or "crowd" that values its reputation for "doing things" is going to stand idly by and let another ride away in the most desirable prize when a little concentrated effort on the part of themselves and friends might change the picture and swing the prize Ford to where they think it really belongs.

For this reason and for the reason that the difference between the grand capital prize of this contest and secondary awards in the matter of merely$163556 (quite a tidy sum in itself)—not to mention the desirability of this latest model Ford, a lively struggle among present leaders may be expected to acquire top honors.

The contest department will remain open this Saturday night until ALL contestants have reported in full—after which time subscriptions received will be subject to the lesser "second period" schedule of votes.

Remember — IT IS THIS WEEK'S WORK that counts!

Reports from the U. S. Department of Agriculture's Forest Service show that the $70-million timber crop harvested in the U. S. during the year ending June 30 set a new record.

Birmingham-Southern Opens Centennial Year September 28

Dr. Snavely Is Temporary President

Dr. Guy E. Snavely

Birmingham-Southern College — 100 years old next March—opens its Centennial Year classes Sept. 28 to nearly 1,000 young Alabamians.

Oldest Methodist-supported college in Alabama, Birmingham-Southern traces its ancentry back to Old Southern University at Greensboro, chartered in March, 1856.

Students from all parts of the state will begin to arrive on campus this week end to take part in the annual new students' camp, held each September at nearby Camp Winnataska.

Here freshmen and transfer students meet faculty members and upperclassmen in the informal atmosphere of camp and discuss such subjects as study habits, social life and Christian behavior on a college campus.

When they return to the Hilltop Sunday, girls will begin to get settled in air-conditioned Victor H. Hanson Residence for Women, a new dormitory opened in 1953. Boys from outside the Birmingham area will live in Andrews Hall.

During Centennial Year, the college will add a new men's dormitory to help take care of the increasing enrollment of students from over Alabama. Dormitories and other housing accommodations are filled this Fall with the largest number of students since 1948.

Dr. Guy E. Snavely, chancellor and president, will be in charge of the centennial celebration, which will include convocaton, a pageant, a music festival and noted speakers.

President from 1921 to 1938 Dr. Snavely is serving again in this capacity while the college [illegible] a new presdent to replace Dr. George R Stuart, who resigyned this Summer to enter private business.

Coast Guard Offers Many Opportunities

Here's a chance to plot your career with a future, the United States Coast Guard.

Are you in top physical shape? between 17 and 26 years of age, if you are, you may be eligible to serve with the Army Service that's active in peace and war . . . the United States Coast Guard. Since shortly after the American revolution, Coast Guardsmen have been manning patrol vessels, enforcing federal lays on the high seas, saving lives, and many other important jobs. Now, in the modern coast guard, it takes highly specialized technicians to operate the nation's oldest seagoing service. You may have an opportunity to train in one of the main specialties of the Coast Guard. Both veterans and men with no previous military experience are eligible to enlist, providing they can meet the high physical and mental standards of the Coast Guard. Veterans up to 35 years of age are eligible in some categories Your Coast Guard recruiters will be at Room 407 Farley Building 3rd Ave. frim 8 a.m. to 4:30 p.m. Monday through Friday, in Birmingham.

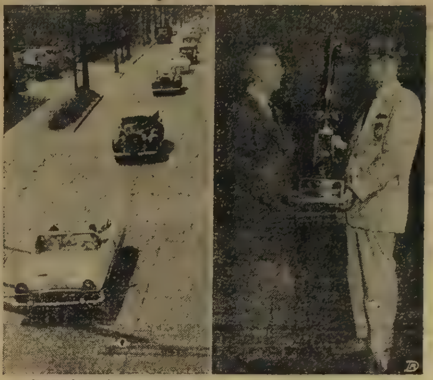
New Motoring Comfort Wins Gold Cup



DETROIT—One hundred classic automobiles, vintage 1925-42, valued at a million dollars, and led by a Packard luxury-lined convertible, were here last week to highlight new developments in automobile comfort and safety. Their owners, all members of the nationwide Classic Car Club, which is dedicated to restoring cars from the era they call "the golden age of automobiles" say that advances in automotive design over the last 20 years have added greatly to car performance, but little to riding comfort. This view was shown in the award of the club's first engineering gold cup to Packard vice-president William H. Graves, left, by Club President Arthur Perrow, for pioneering torsion bar suspension on passenger cars.

In citing the luxury automakers' new suspension system, which eliminates conventional coil and leaf springs, the official said it brought the first important advance in riding comfort since 1934 and pointed the way to the next automotive design trend. The new ride system was credited with sparking Packard's reestablishment in the fine car field with purchases more than double those of last year.

Needed Increase In Disability Appropriations Is Favorable

Alabama ranked [illegible]th among all States in the number of disabled persons rehabilitated into successful employment during fiscal year 1955, Dr. A. R. Meadows, State Superintendent of Education, announced today. Alabama ranks 17th among the States in population. The number rehabilitated was 1960. The year's record represents an increase of 231 over the preceding year.

"We have been able to make this gain by greatly strengthened legislation and by further support from Congress. Senator Lister Hill has led the Alabama Congressional delegation in successful legislation to help the handicapped to help themselves get off the relief rolls and on production payrolls.

"At the same time Alabama has been able to continue training services to 4412 disabled young people Most of these people will be adding to the productive strength and the wealth of the State within a reasonable time and will no longer be threatened with dependency on public or private charity."

The people rehabilitated during the past year, Dr. Meadows pointed out, are working for pay and are contributing to the family's effort. "They are earning at the rate of $[illegible],555,840 a year. Before their rehabilitation their yearly earning rate was $384,160. They are paying taxes and making the usual contribution of a citizen into the community—each within the limits of his capacity," he added.

Dr. Meadows predicts a continued increase in the number of disabled people to be rehabilitated in Alabama. Governor Folsom and members of the 1955 Legislature have tried to improve Alabama's position in the stepped-up nation-wide effort to rehabilitate the disabled by providing a substantial increase in the state appropriations to match available federal grant. The people of Alabama have the opportunty of helping to pay the full appropriation to educate and train the disabled adults by voting for the Goodwin Income Tax Amendments.

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

GOING TO SCHOOL

Early aech September a new generation of students makes its appearance in the schools for the first time. Most of these youngsters who are approaching life outside the shelter of the home for the first time will develop powers of adjustment, both physically and emotionally, to the new environment. A certain number, however, find it difficult to meet the changes of environment and supervision brought about by entrance into school life.

The parent of the child entering school for the first time should be understanding and sympathetic with the child and help him meet the new problems that arise. The child, for instance, will pick up words or traits from other children which are undesirable, though usually meaningless. They must be eliminated by patient effort. Patience will also be necessary to answer the many questions brought on by the instruction at school. A child's curiosity is a natural development and should be satisfied.

Care must be exercised in the handling of children who will show excitability on mingling with others.

Parents should remember that careful training will help the child adjust more easily to the new life of learning as apart from the protected atmosphere of the home

The entrance into school is also a good time to lay stress on adhering to good health habits. Good posture, cleanliness and neatness and proper diet should be encouraged as much as possible; for it is in these early years that habits and conditioning which bear on the child's future are acquired forever.

Pole buildings have the advantage of being easily and rapidly built with farm labor at low cost and with rough lumber, and they are very resistant to wind damage.

It's Calving Time

This is the start of calving time in Alabama, and some of the prospective mamas need extra attention now if they are to deliver healthy thrifty offspring.

According to API Extension Assistant Livestockman Robert C. Farquhar, farmers who have heifers about to calve for the first time should put them in small pastures where they can be watched closely These first-time dams often need a little help in calving to prevent injury to them or their calves.

Soil losses are high on peanut land left bare in the winter.

You may owe your life to a CONCRETE PAVEMENT

You can see farther and stop shorter on a concrete highway because concrete is the safety pavement. Here's why:

1. Concrete reflects up to four times more light than dark-colored pavements. You see pedestrians, obstructions and other hazards sooner and have more time to slow down or stop.

2. Concrete's gritty surface has uniformly high skid resistance. Your tires get a firm, tight grip, permitting quicker stops without skidding, even though it may be raining.

Mr. Motorist, your license fees, gas and other taxes pay for pavements. Insist that main roads and streets be paved with the safest possible pavement. That's concrete. It may save your life.

We would enjoy watching just one television show that ended without leaving you guessing the outcome of the story.

IS YOUR GRIPE JUSTIFIED?

It seems that just about everyone is griping about having to pay state withholding tax next year but no one stops to figure out why the law was put into effect. The majority of the gripers are the sole cause of the new law.

State income tax is not new. It has been in effect for a number of years and was due from any person making more than $3000 a year and residing in the State of Alabama. But, how many folks ever paid it?

From the number of returns received by the State Department of Revenue it looked like the larger part of the citizens of our state had an income of less than the minimum. Consequently, since the returns were not sent in voluntarily on the honor system your state received very little revenue from the average citizen in income tax. The State, in the past has had practically no way of checking on your income to see if you were liable to income tax and until you voluntarily sent in your first return you were not on the Department of Revenue's books.

We are not trying to imply that we like to pay taxes—we hate to just as bad as you or the next fellow.

This is a case of "you brought it on yourself" and next time you start griping remember. the fellow you are talking to may have been paying state income tax voluntarily for years.

SCHOOL FUND AMENDMENT

There is no group of people in the state of Alabama who, as a whole, want to see our public schools better supported financially than Baptists. The growing number of students, and the increased standards of education, together with the rising standard of living, call for more funds. Our schools just simply must have more finances in order to meet the huge demands accumulating on them.

The new income tax amendment, that we are to vote on in December, which provides sources of tax income, is an unfortunate measure in that it provides for double taxation and, as is seen, in the fact that it provides no exemption for federal taxes paid. It is also unfortunate since it does not provide for gifts to the churches and charitable organizations to be treated as exemptions. It is as important that we keep our churches well supported as it is our schools. The widespread support of our churches throughout the nation, after a plunge into an immoral mess, testifies stoutly to the fact that well educated people without spiritual guidance produces people like the Germans prior to the last World War, and our present-day Russians. Such provisions as these in this amendment, which will be presented for the people's decisions in December, will militate heavily against its passage.

We regret that such provisions were left in this amendment and so passed by our legislature. We want to see our schools helped. There are means by which taxes can be raised so as not to injure other very necessary institutions and without double taxation. The sales tax could be increased with fairness to all and extra taxes levied upon higher incomes to equalize the tax burden for our schools throughout the masses of our people. The churches have warmly supported the move to meet our schools' needs, and now we feel that the backers of this amendment have ignored this support and have presented plans by which the churches will be definitely crippled and, as a whole, they are not too well supported either. The average Baptist pastor's salary in Alabama is much lower than the average school teacher's.

We are still for our public schools and we trust that good, equitable plans can be worked out whereby they will receive the necessary financial support whereby they can meet the new rising situations.—The Alabama Baptist.

At Montgomery, Road Program Speeded, 15th Lake Opened . . .

Montgomery, Ala.—Auditing New Insurances. State Insurance Director L. L. Gwaltney, Jr., is making frequent audits of new insurance companies being organized in the State. This is being done on instructions of Governor James E Folsom as an assistance to the new companies.

This order requires that the books and records of all new insurance companies shall be examined every six months during the first three years of their existence. The books are then to be examined once every year between the third and fifth year of their existence.

This is "to provide measures for the protection of policy holders as well as stock subscribers," the Governor, who is an insurance man says in his order.

The Governor points out that "Texas and Georgia have recently taken measures to strengthen and protect the policy holders of the insurance companied of their respective states, and it is believed that this is a wise step forward."

The Governor notes that the present Administration "has encouraged the organization of domestic companies in the State. . . and intends to continue such encouragement. . . " but that these measures of protection are available.

Road Program Being Speeded—

There are to be two road and bridge contract lettings by the State Highway Department this month instead of the usual single monthly letting. This is part of a speed-up program partly financed by the $50 million Road Bond issue authorized by the Legislature.

The first of these lettings was held in Montgomery last Friday and the second will be in Birmingham on September 23.

Henceforth, two lettings per month will take place whenever possible, State Highway Department officials said.

Alabama's 15th Public Fishing Lake

With the opening of two 28 and 34-acre lakes respectively, near Coffee Springs, Geneva County, for public fishing this month, Alabama now has 15 such lakes in operation, in varous parts of the State.

The program was started in 1948-50, and continued through 1951-54. State Conservation Director W. H. (Bill) Drinkard says he hopes to increase the number of these public lakes "upward to 50 by 1959."

Improving Highway Safety—

In the wake of congratulations for a higher-than-expected traffic safety rate over the Labor Day week end, Alabama's Highway Patrol and other officials connected with public highway safety received some sobering information, and recommendatons.

James E. Civils, District Representative of the National Safety Council, in an official report, note that Alabama's traffic death rate continues to decrease and latest figures show 1954 road fatalities at a low of 8.6 for every 100 million miles of travel, compared with 10.1 deaths averaged between 1951-53. However, it was reported, this remains above national standards and that in 1954 traffic accidents resulted in an estimated economic loss of $88 million.

Among the recommendations for improving highway safety in the State—a need for more than 100 additional Highway Patrolmen, because "Alabama (has) failed to keep pace with many other States in providing additional manpower to meet the growing highway traffic problem." The Highway Patrol was congratulated on its smart and energetic administration of duties, and improving standards.

(MRS. GEORGE NAISH)

Mrs. Bessie McNeill Honored By O. E. S.—

Mrs. Bessie McNeill was honored by Thorsby chapter No. 154, Order of Eastern Star, when she was elected Worthy Matron for the year 1955-56.

The chapter held the installation of officers on Tuseday night, Sept 13 at the Masonic Hall in Thorsby. Mrs. Annie Mae Richardson, Past Matron of Auburn Chapter, presided as the installing Officer, in a very impressive ceremony. Mrs. Ann Glass acted as Marshal; Mrs. Lucile McDonough of Calera chapter, as Chaplain, and Mrs. Nell Walton of Jemison was organist. Mr. C. E. Richardson gave the obligation. Officers installed were: Mrs. Bessie McNeill, Worthy Matron; Rev. B. B. Burks, Worthy Patron; Mrs. Lucile Clements, Association Matron; Mr. Herschell Hays, Associate Patron; Mrs. Irma Naish sec.; Mrs. Lois Woodley, treas.; Mrs. Doris Champion, conductress; Mrs. Mamie Burks, Associate conductress; Mrs. Lessie Marcus, chaplain; Mrs. N. V. Woodley, Marshal; Mrs. Emogene Ray, organist; Mrs Irene Higgins, Adah; Miss Mary Clements, Martha; Mrs. Flora Mae Reynolds, Electa; Mrs. Helen Smith warden; and Mr. Nolen Smitherman, sentinel.

For this occasion the hall was decorated with arrangements of orchid dahlias, rose hues of zinnias and spider lillies.

After the ceremonies, Mrs. Walton presented four of her voice pupils, David Beaman, Mary Ann Scott, Sandra Peterson, and Ann Guy in two musical numbers, "River" and "Ah, Sweet Mystery of Life."

During the social hour, punch sandwiches and cookies were served to the members and visitors.

Hale-Hayman—

The marriage of Miss Dixie Lee Hale, daughter of Mr. and Mrs John F. Hale of North Sacramento, Calif., and John L. Halman, Jr. son of Mr. and Mrs. John L. Hayman, Sr. of Jemison, was solemnized August twenty eighth in the Baptist Church.

Vows were exchanged before background formed of a central arrangement of white gladioli and clematis, flanked by branched candelabra holding tall lighted tapers.

The bride was given in marriage by her father. She wore a gown of white lace and an illusion veil held by a pearl and sequin crown. Her bouquet was a cascade of white carnations centered with an orchid.

Mrs. William S. Jones, matron of honor wore blue satin and carried a bouquet of yellow carnations. Miss Diane Sue Hale, sister of the bride, was bridesmaid and was dressed as the matron.

A reception followed the ceremony. The bride's table was overlaid with a linen cut work cloth and was centered with a tiered wedding cake, embossed with white and green flowers. Silver candelabra held burning tapers, and were at either side of an arrangement of white carnations, stock, and lily of the valley.

Mr. and Mrs. Hayman will reside in Tuscaloosa where he will do graduate study at the University of Alabama.

Recent Bride Honored—

Mrs. John Hayman, Jr. of Sacramento, Calif., (nee Dixie Lee Hale) was honored on Sunday, Sept 18th, at a tea and miscellaneous shower, at the home of Mrs. A. A Conway.

The new home of Mrs. Conway was never more lovely than on this occasion. Greenery and summer flowers added to the collection of African violets and small palm made the home a lovely setting.

Guests were greeted by Mrs. Conway and Mrs. John Hayman, Sr. who presented them to the honoree.

Mrs. I. H. McNeill, Jr. presided at the bride's book.

In the dining room the bride's table was spread with a cloth of linen cutwork and was centered with a crystal punch bowl. Southern smilax twined around pink carnations formed streamers from the table corners and garlanded the base of the punch bowl.

Bridal tones of pink and green were accented in the [illegible] cakes and mints.

Assisting in the dining room were Mrs. Marvin Dawson, Mrs. Fred Smith, Mrs. Lester Pate and Mrs J. A. Peterson.

Assisting with the gifts and other courtesies were Mrs. Elvin Dawson Mrs. Seymore Reynolds, Mrs. Flora Mae Reynolds, Mrs. George Naish. unable to be present were Mrs and Mrs. Donald Jones. Hostesses B. C. Lenoir and Mrs. A. C. Bratton.

Many Vegetables Need Boron

A number of vegetables, including root crops such as turnips, rutabagas, carrots and beets, as well as broccoli and cauliflower, need boron to produce satisfactorily. Dark coloring or cracking inside the roots or stems of these plants usually indicates a shortage of this plant food.

In home gardens, two tablespoonfuls of borax per 100 feet of row will supply the needed boron, according to API Extension Horticulturist John Bagby.

Cox Chapel News

Mr. and Mrs. Arthur Rhodes visited Mr. and Mrs. Lee Rhodes Sunday evening.

Mr. and Mrs. George Wilson had as their guests Sunday afternoon her mother, Mrs. I. D. Houston, and her sister, M-Sgt and Mrs. D. A Sorenson and children and Miss Sandra Posey, all of Montgomery, also Mr and Mrs. Bob Houston of Liberty Hill.

We are very sorry to report Mr. and Mrs. Morgan Ratliff's small son fell on his back on a nail. It went into his lung, and he is in Clanton Hospital. Let's all remember these people in prayer.

Mr. and Mrs. J. Hugh Nichols and son were week end guests of her parents, Mr. and Mrs. Norman Ratliff.

We heard that Mr. Bruce Stough's small son fell out of the car and the wheel ran over his leg. We hope and trust he is not seriously hurt.

Enviable Record---

All-Stars Close Season With 26 Games Won And Only 11 Lost

The Chilton County All-Stars closed out their 1955 base ball season by losing a bitterly fought contest to the strong Autauga county All-Stars by a score of 9 to 6. Huett was the winning pitcher. Wyatt was the loser. Wayne Guin led the Chilton team in hitting with 3 hits. Lawrence and B. Easterling had 2 each.

For the year the Chilton team had a record of 26 wins and 11 defeats . . . Bobby Wyatt ace pitcher for the locals finished out the season by winning 14 and losing 2. This young fellow should go on to make a name for himself in the base ball world.

The final batting averages for the players are as follows: Seals .408, Grant .356, Smith .337, Guin .336, Ellison .324, Wyatt .310 B. Easterling .305, J. P. Easterling .286, Lowery .280, Edwards .264, Minor .266 and Lawrence .211.

Leading in scoring runs were Guin 38, B. Easterling 25, Wyatt and Smith 23, Edwards and Ellison 20.

Wayne Guin was also the leader in hits with 35. B. Easterling came through with 33. Grant had 29, Edwards 28, Wyatt 27, Smith 26 and Ellison 24.

Ellison led in walks with 30 followed by Guin with 22 and Edwards 20.

Smith came through with 8 doubles. Seals had 7. Grant, Guin, Ellison, B. Easterling and Lowery had 5 each.

B. Easterling knocked out 5 triples. Grant, Smith, Guin and Ellison had 3 each.

J. P. Easterling was the only player with 2 home runs.

Leaders in the runs batted in department were Grant, Ellison and Edwards with 23, Seale 22, B. Easterling 21 and Guin 20.

The Chilton County All-Stars will have a big get-together on Saturday night October 8th. The players wives and girl friends have a cordial invitation to be present. The exact time and place will be announced later.

In wrapping up our base ball season the All-Stars wish to thank Mr. V. L. Bulger and the Clanton recreation department for their splendid cooperation in the use of the ball park and other facilities

A world of thanks also go to the Chilton County News and Radio Station WKLF.

We also wish to thank our loyal base ball fans who backed us all the year.

As manager of the team words alone can not express my deep appreciation to the players who were so loyal and stayed with me all the way. Personally I think they are the finest group of boys that can be found on any ball team. I will never forget any of them.

Cut Poultry Cost With A Feed Mixer

Auburn, Ala.—Proof that inexpensive home mixers can effectively proportion and grind poultry feed is welcome news to many Alabama poultrymen.

Such evidence resulted from recent tests at the API Experiment Station, according to a report made this week by Poultry Specialist Hoyt M. Warren of the API Extension Service. He said the importance of the experiment lies in the fact that most poultrymen can realize greater profits through the use of cheaper home-grown feed With a big corn crop about to be harvested on Alabama farms, equipment for turning that grain into a balanced poultry ration could be a very sound investment for many producers.

Warren pointed out that home-mixed feeds have not been used by some poultrymen because of the laborious task of mixing the ingredients in the right proportions to provide a balanced ration. To meet the requirements of these farmers, a feed mixed should mix and grind feed in exact proportions with a minimum of supervision labor and power. He said the Experiment Statoion test revealed that at leas one available machine meets these criteria.

The mixer-grinder which was shown to operate efficiently was powered by a two-horse electric motor, making its use possible on most Alabama farms, Warren explained. The machine automatically proportions, mixes, and satisfactorily grinds as many as four ingredients without supervision and can be set to cut itself off when a predetermined quantity of feed has been ground. This relatively inexpensive unit thus can do the work required on most poultry farms.

Friendship Community Exhibit Won Blue Ribbon At 1955 County Fair

First Place—Friendship Community.

Second Place—Concord Community.

Third Place—Maplesville and Cedar Grove, tied.

Below is given a portion of julging committee's report on community exhibits:

"Our first thought is to commend each community represented for the good work done. In each of the exhibits we found something outstanding. Our only regret is that every community cannot be in first place. We seriously considered the points on which the communities were to be judged—such as originality eye-appeal, interest of passers-by in the exhibit, quality of workmanship, different and [illegible] items exhibited, theme. etc."

Particularly do we think that for the exhibits as outlined in the Fair material for Chilton County Fair Friendship community has "dug-up" and exhibited a very unusual exhibit. We believe that every person passing this exhibit will notice such "old-timey" items as the following the black mammy with her fly brush and churn, mustache cup, bonnet, lantern, gourd dipper, coffee mill, cedar bucket, straight razor and shaving mug, the shuck mop, horn, washboard, and the jug on the hearth.

Concord Community had an excellent exhibit on "Live at Home." The idea was well carried out in that several farm products were shown. Improved seed varieties of practically all crops grown in Chilton County; the livestock program; and in the matter of home improvement—basic foods included and arrangement. This exhibit is in line with the Alabama Community Improvement Program, with the three phases of Farm and Home Development and Community Improvement, and would easily be first in many groups.

Because of the excellence of the exhibits prepared by the Maplesville and Cedar Grove communities your judges asked the Fair Association if it would be possible to declare a tie and give each community an award of third place. This was agreed upon.

The Maplesville Community exhibit carried out the theme of closet improvement from the standpoint of utility and safety. We strongly reccommend that every community in Chilton County study this exhibit in the hope that it will be of help in some of the community development programs.

In the Cedar Grove Community's exhibit a completely different idea was displayed in making the community a better and more beautiful place in which to live, through the clean-up and care program of highways. This is a program that every community in the county could afford to spend a little time on

Our highest commendations go to each of the other communities: Poplar Springs with its Treasure Chest idea. Mt. Carmel including the food and artistry demonstrated in this exhibit Thomas Jr. with the excellent handicraft work, New Cedrop with their beautiful group of toys and Macedonia with the food, clothing and arrangement idea expressed in their exhibit."

Smiley Tries a "Treasure Hunt"

They're already pouring foundations for the new store Smiley Roberts is building. He got the old house that *used* to be on the place torn down in record time.

"Curley Lawson and Biff Harper did a fast job of wrecking," Smiley agreed when I remarked about it. Then he chuckled, "I helped speed things up myself.

"They found a bunch of old letter behind beams and rafters. Gave me an idea. I put $30 in an envelope, went there and 'discovered' it in front of them. Then you should have seen those crowbars fly! Worked so fast I handed over that thirty as a bonus."

From where I sit, *extra* inducement helps get hard work done. Nobody pays Andy a bonus for keeping his Green Garden Inn spick-and-span, but he can count on a "reward" of increased patronage—for co-operating with the Self-Regulation Program the Brewing Industry sponsors. "I keep hustling," Andy says, "because I've seen a don't care attitude *wreck* other businesses."

Farmers Advised To Study-Up On Social Security Law Now

Before income tax filing time, every self-employed farmer should make sure he has his social security number and that he knows how he is to report his self-employment for social security credit, J. W. Overstreet, Jr., district manager Social Security Administration, Birmingham, said today.

Old-age insurance payments to a self-employed farmer and his wife at age 65 and to his survivors on his death are based upon these reports of his net earnings of $400 or more yearly. As a self-employed person, he wil pay a 3 per cent social security tax on his net earnings up to $4200 in a year. This payment goes in as a part of his income tax return. Net earnings means the amount of income from farm operation after deducting farm operating expenses. These expenses (not living expenses) must be listed unless gross earnings are not over $1800, in which case the farmer can report half of his gross as his net.

If he is also an employer and expects to pay at least $100 cash wages to an employee during the year, then he will need an "employer's identification number" as well as his own social security number. He gets the employer's number from his District Director of Internal Revenue, and gets his social security number from the social security office. Any post office has application blanks.

Mr. Overstreet said that several farm owners in the 65-or-older age group have come to his office to learn whether they can qualify to receive old-age payments. Those who are actually operating their own farms can qualify after they have been under social security for only two years after 1954.

Persons under age 65 must work [illegible] depending on their age. [illegible] farms are worked by [illegible] on a lease or share arrangement are not, ordinarily, considered self-employed, [illegible] pay no social security tax and get no credit under the program.

A typical case where the owner is considered to be a landlord and not a self-employed person is as follows:

* a landowner arranges with a share farmer to produce a crop or livestock

* on the landowner's farm, to which

the landowner will receive a share of the total crop or livestock or a share of the proceeds from their sale, and

The amount of the landowner's share depends upon the total amount of the crop or the number of livestock produced.

Mr. Overstreet cautioned, however, that there are many variations of farming arrangements and [illegible], the owner and the operator should [illegible] contact the [illegible] District Director of Internal Revenue for more exact information.

During the War between the States the British built two special cruisers for the "Italian Navy"—meaning the Confederate States of America. The first went to sea under the name of CRETO. Somehow in mid Atlantic she turned into the Florida. [illegible] her guilt when she finally [illegible] into Mobile Bay. Lincoln's ambassador to England Charles Francis Adams raised the roof about it. While he was raising it, "290" steamed out of Liverpool and showed up at the Azores as C. S. S. ALABAMA under Captain Semmes.

New Farm Cattle Need Rest, Care

Auburn, Ala.—Cattle are bad travelers. Like many people, livestock, including beef animals, often react to a journey by becoming nervous and upset. They arrive at their destination hungry and thirsty and, likely carrying the germs of a conglomeration of diseases they have been exposed to in stockyards and cattle cars.

Therefore, cattlemen will find it easy to understand why API Extension Livestockman W. H. Gregory advises that feeder cattle brought on Alabama farms this fall be placed in isolation for a period to allow them to recover from the stress of travel and to protect other animals from diseases they might carry.

Gregory suggests that newcomers be put in a quite pasture or lot where there is plenty of shade, water, and hay until they have restored their energy. They should be kept away from other cattle for 60 days. As soon as the animals have recovered from the trip, they ought to be given a shot for black leg and malignant edema. It's also recommended that cattle be drenched with phenothiazine to control internal parasites and sprayed for external pests.

Record Cotton Yield Expected This Year

Auburn, Ala.—A record-smashing average yield may be Alabama's remedy for her lost cotton acreage this year.

If expections of the State Crop Reporting Service prove true growers will harvest 820,000 bales of cotton from an estimated 993,000 acres this fall—an average yield of about 396 pounds of lint per acre. This predicted average exceeds the record 1948 average of 353 pounds per acre by 43 pounds.

Commenting on the crop outlook in Auburn this week, API Extension Cotton Improvement Specialist O. N. Andrews attributed the excellent 1955 crop to a combination of smart farming methods and favorable weather conditions. In helping themselves, more growers this year planted high producing varieties, fertilized for higher yields and used adequate insect-control measures, he said.

The farm leader pointed out that the estimated 1955 production would bring farmers at least $20 million more than the $143 million they got for their cotton last year.

"This is the first time in my memory that Alabamians have racked up record cotton and record corn yields in the same year," Andrews added.

The amount of cotton used in women's dresses has more than doubled during the past eight years.

Rural Telephone Service Growing Very Rapidly

New and improved telephone service is coming to over 25,000 Alabama farms, rural churches, schools, stores and other rural businesses, through the aid of rural telephone loans under the Hill Rural Telephone Act, authored by Senator Lister Hill, (D-Ala.)

A dozen rural telephone loans in and affecting Alabama are bringing modern dial telephones to rural subscribers in approximately half the counties in the state.

The twelfth rural loan affecting Alabama has just been made to the Ardmore Telephone Company of Ardmore, Tennessee serving Madison and Limestone Counties, Alabama. A $327,000 loan will enable the company to install a modern dial system to serve approximately a thousand farm and rural customers.

Senator Hill points out that the number of rural telephones being added under the loans is more by a third than the total number of rural telephones in the entire state in 1949, when the Hill Rural Telephone Act was passed.

Eleven other loans were made to the following Alabama companies and rural cooperatives: Peoples Telephone Company, Collinsville serving DeKalb and Cherokee counties; Arab Telephone Company serving Marshal, Blount, Morgan and Cullman counties; Elmore Coosa Telephone Company, serving Elmore and Coosa counties; Alabama Telephone Company, serving Fayette, Franklin, Greene, Lamar Marion, Pickens, Sumter and Winston Counties; Leeds Telephone Telephone Company, serving Shelby, St. Clair and Jefferson counties; New Hope Telephone Cooperative, serving Madison, Marshal and Jackson counties; Farmers Telephone Cooperative, serving De Kalb and Jackson counties; Gulf Telephone Company, serving Baldwin county; Monroeville Telephone Company, serving Conecuh and Monroe counties; Mon-Cre Telephone Cooperative, serving Montgomery and Crenshaw counties Florala Telephone Company, serving Covington county, Alabama, and Okaloosa and Walton counties, Fla.

Navy Sets December 10th For Annual NROTC Exam

The tenth annual competitive examination for high school seniors who desire to attend college and train for careers as Naval Officers will be held throughout the nation on December 10, Lieutenant Commander L. C. Parrott, Officer in charge of all Navy Recruiting in Alabama, announced today. Applications for the NROTC are now available, but must be received by November 19, the announcement said.

Successful candidates will start their Naval careers in colleges and universities across the country in 1956, with substantial financial assistance from the government. After a normal college education graduates will be commissioned in the Regular Navy or Marine Corps, for active duty with the Fleet throughout the world.

Male citizens of the United States, between the ages of 17 and 21 are eligible to apply for the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's rigid midshipman's physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 young men will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the Regular NROTC program will spend their summers on training cruises with the Fleet, and will receive $600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in Naval Science. All tuition, fees, and books will be furnished by the government.

This college training program is also open to enlisted men on active duty in the Navy and Marine Corps. Such candidates will be selected under a separate quota established for the service.

Applications are available now at all high schools, colleges, and U. S. Navy Recruiting Stations. Contact Chief Rathford at the Navy Recruiting Station located in the Post Office Bldg. Montgomery, Ala

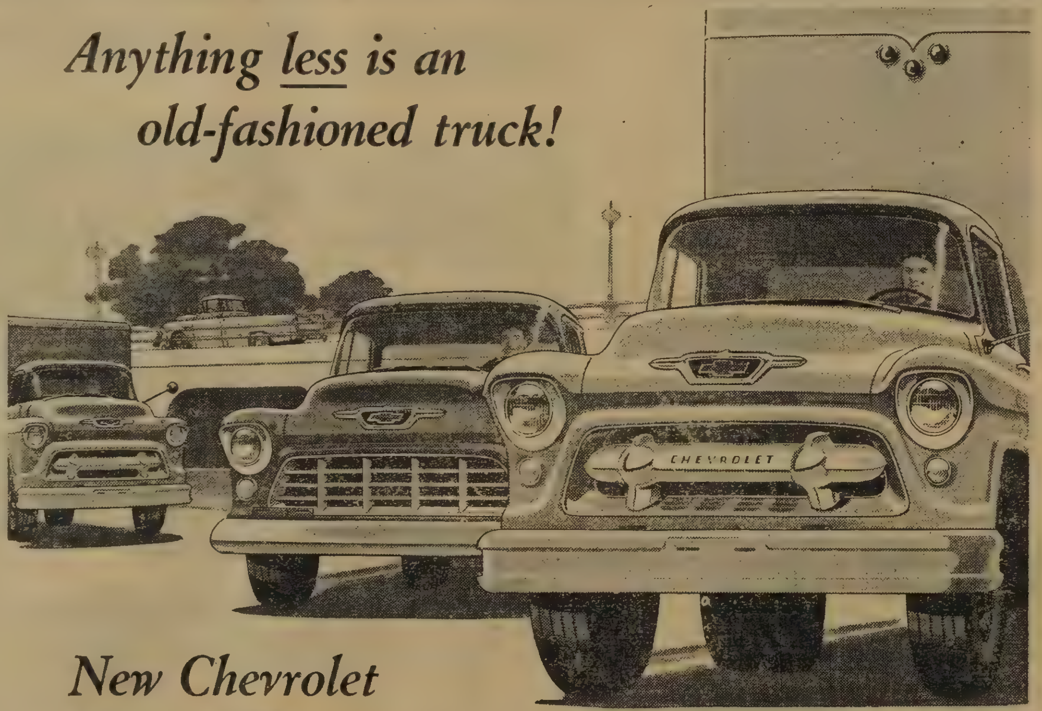
Anything *less* is an old-fashioned truck!



Chevrolet Truck Work Styling is well illustrated in these four models ranging from the Low Cab Forward and Cameo Carrier at left to the pickup and tractor-trailer unit at right.

New Chevrolet Task-Force Trucks

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today . . . and again at trade-in-time!

Most modern power—V8 or 6
In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of *any* V8 in *any* leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And *all* Chevrolet truck engines have a modern 12-volt electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"
That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling
We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and *look* better doing it!

Most modern features throughout
Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on ½-ton models! Come in and see *all* the ways you're way ahead with new Chevrolet trucks!

*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

Folks and Things ABOUT TOWN

—By Ben

The Recorder in City Court last Saturday found Lucien Minor guilty of disorderly conduct and resisting arrest in the attack on a city policeman at the County Fair several weeks ago. Minor has appealed his case to the Circuit Court. Marshall Williams, arresting officer, had arrested Minor for disorderly conduct and was preparing to bring him to city jail when the attack occurred. Williams was hospitalized for two weeks because of a broken shoulder received in the attack. Joe Mullins fined Minor ten dollars on the disorderly conduct charge and fined him $100 and gave him six months at hard labor on the resisting arrest charge. Mullins stated that if we are to maintain law and order respect for our officers is essential and he intends to give anyone guilty of such an offense the maximum under the law.

Now let us add our own two cents worth to the factual news report above. If we are to have a decent society we must have guardians of the law. Those paid officers must be protected by us as well as to protect us. Without the citizenry behind the officers they cannot do their job. It is up to each and everyone of us to stand behind our law enforcement department whether it be municipal, county, state or federal. That is the only way we can maintain a decent society

There is a story about a new preacher that came to a small village. One of the inhabitants, a ner-do-well, immediately started working on the preacher to buy an old worthless horse that no one else in the community would even have as a gift. After much dickering the old fellow came home one night and told his wife he had sold the horse to the preacher. The wife was horrified. "How on earth could you do such a thing," she asked. "Well," returned her husband, "He was a stranger and I tuck him in."

Hundreds of friends grieve with Jeff Miller and the family of Lillian Smith Miller. Lillian is seriously ill in Mayo's Clinic in Minnesota and reports are that she will undergo brain surgery this week. Friends of Lillian and Jeff are praying for her speedy recovery.

Jones had been fishing off Point Lookout, Long Island. "All I caught was two left shoes," he told his wife, angrily.

"You mean to tell me that after spending all that money for fishing tackle, and having me get the skillet ready," yelled his wife, "all you caught was two left shoes?"

"Yea!" shouted Jones, sarcastically. "The right shoes weren't biting!"

Verbena WSCS To Hold Rummage Sale

Joe Mullins, Jr. Admitted To Bar While In Army

Joseph J. Mullins, Jr., son of Mr and Mrs. J. J. Mullins of Clanton was admitted to the State Bar Association last week, however, he is now stationed at Fort Jackson, S.C with the 501st Airborne Division where he is taking his basic training in the United States Army.

Joe graduated from Chilton County High School and afterwards attended Washington & Lee University where he received a scholarship for having the highest four-year average of any member of his class. He also received a scholarship to the Harvard Law School for his scholastic record and graduated there in June of this year. He is a member of Phi Beta Kappa National Honorary Society.

Joe reports that he likes the army fine and is enjoying his tour of duty at Fort Jackson.

CCHS Band To Have A Queen

The Chilton County High School Band, will for the first time, have a queen elected by votes gathered by the student body. Six girls (Jr. I to Sr. III) are competing for the title with the highest number of votes.

Contestants are: Jr. I, Betty Langley; Jr. II, Lynn Lineberry; Jr. III, Sandra Robinson; Sr. I, Linda Coggins; Sr. II, Betty Wyatt; Sr. III, Louise Cleckler.

Floats are being prepared and will be presented along with contestants and the Queen Friday afternoon, Sept. 30, in a parade consisting of seven floats and about five hundred students and of course, the CCHS Band.

The parade will start at the corner of 2nd Ave. So. and 6th St. and wind its way through Clanton up to the Willingham Hotel and back through town to the high school.

Each girl will be on her class float, with the Band Queen on a special Queens Float.

The Queen and Queen's Court will be presented at half-time ceremonies at the Clanton-Wetumpka game Friday night.

The girl elected Band Queen will reign as such over all Band affairs throughout the year.

Extension Subscription Now Count For Extra Big Votes !

Extension or second payment subscriptions now count for extra large numbers of votes in the big "Everybody Wins" prize subscription contest, fast drawing to a close.

For example, a subscriber might have paid a yearly subscription durin gthe first part of the contest and now wishes to extend that subscription another four years at the special extension rate of $6.00, now in effect for the primary purpose of boosting his or her favorite contestant to the "full limit."

That extended subscription NOW would not only give your favorite the remaining votes due on an original subscription but if that original subscription were turned in during his or her first week, they would also be entitled to double feature special votes as stated in the opening announcement of the contest, plus of course, the 50,000 extra votes given on each and every $16 "club."

So, if you—and a couple of dozen other good friends like you—would extend that original subscription to the "full limit," it would mean more tha na million and a half votes for that contestant in his or her effort to win that grand prize Ford worth $2385.56, a small fortune indeed.

Mr. and Mrs. Subscriber, this message is adrressed to you. Your added "bit" right now might be just the very encouragement needed to help some deserving contestant "go over the top" in a big way.

Then, you too could enjoy your satisfying "inner glow" that comes from having done your share—at actual saving to you—in making someone very happy, for a long time to come.

Don't turn back of a friend!

Chilton County Has Great Need For Nursing Home

Schedule Of Chilton-Unity Association Meet

The Chilton-Unity Missionary Baptist Association will meet next week as follows:

Tuesday, October 4, with the West End Baptist Church, Clanton, Alabama.

Wednesday, October 5, with the Chestnut Creek Baptist Church Cooper, Ala.

All church clerks are asked to please have the Associational letters ready to file with the Associational clerk by the first day if possible.

It is hoped that every church will be well represented and have their letters completely filled out. The services both days begins at 9:30 a.m.

In 1954 the Congress passed an amendment to the popularly known Hill-Burton Act, under which funds are provided to aid in the construction of various types of hospitals, health clinics and related facilities This amendment provided for grants-in-aid to assist communities in the construction and equipping of Nursing Homes. These facilities should not be confused with "Nurses' Homes," or "Nurses Residences," which are used in conjunction with hospitals to house the nursing staff of those hospitals. A "Nursing Home" as stated in last week's papers is defined as an institution to provide care for the aged, infirm and convalescent. Nursing homes built in Alabama under this Amendment will receive Federal Grants amounting to two-thirds of the cost of the project. The cost of the new Nursing Home for Chilton County has been estimated at $225,000.00, completely equipped ready for operation. Chilton County's share of the cost would be approximately one-sixth of this amount, or a little under $40,000.00

What Was The Cost Of Our New Hospital?

Since your new Chilton County Hospital opened for patients on August 1st, the question has been asked "Just how much did our Hospital cost?" This is a good question and your Hospital Board certainly expects to answer any and all pertinent questions relative to the Hospital. For the large number of citizens who visited the new Hospital at the time it was dedicated, a placard was prominently located which revealed the approximate costs, together with the summary of participating monies, County, State and Federal. Since the Federal Government is participating in the cost of the Hospital in the amount of $400,000.00, they have remitted on a basis of reimbursement to us as

Jemison Tackles Calera Eagles In Homecoming Game

Tomorrow night (Friday, Sept 30) the Calera Eagles move down to Jemison for some High School gridiron festivities. This is home coming night.

Last year Calera put the old whammy on Jemison in the former's home coming game, but this year the Panthers are out to beat the Eagles.

Both teams are determined to see who can beat who and how bad.

The Eagles are ready, the Panthers are ready and this is one game you don't want to miss. Come on out and meet your friends on the grid-iron, and watch those boys pounding away to move the pigskin over that goal.

Game time is at 7:30 p.m.

Upsets Featured As Subscription Contest Moves Into 'High-Gear Week' And Big Vote Dividends

By Bill and Doris Gupton
Contest Editors

This week is known as "high-gear" Week—one of the most important of the entire campaign. For the next several days contestants have the opportunity to swell vote totals by leaps and bounds by securing second payments to advance subscriptions to the full five-year limit.

Many people who have subscribed for one year might be interested to know how they can further help their favorite contestant. This can be done very easily by giving your favorite contestant the balance toward a five-year subscription. The votes turned in this way are known as 'extension' votes, and an extended subscription will count for the same number of votes as if it were taken at one time.

Second Period in Effect—

Now that the first period of this exciting race has passed into history the entire population of this area and elsewhere are watching results of the "second heat" with bated breath. The elimination process — sifting the ambitious ones from among those who apparently lack this element so necessary for success in any endeavor — has all but taken place, and now the real "Go Getters" will fight it out for the truly magnificent prizes soon to be awarded.

Time—

Hurry, hurry, hurry!

Tension is mounting as every hour that passes brings hardworking contestants in the subscription contest closer to prizes, headed by that beautiful new Ford V-8.

A queen once offered all her worldly possessions for something owned by the poorest subject in all her kingdom. Everyone has this valuable substance. It cannot be bought, sold or exchanged, yet it

THE BARK IS BIGGER THAN THE BITE!

All the talk about the high rate of tax to be voted on in December for the use of our schools is more bark than bite. Upon close study of the School Tax Amendment we find that according to the good to be accomplished by the money collected the cost to the average citizen is nominal.

Take for instance a family who have a taxable income of four thousand dollars. The tax will be $22.50. Now let's take for instance that family has two children of school age—do you have any idea how much it cost to maintain one child in school for one year—$128.00. Now back to the family with an estimated $4,000.00 per year income. If they have two children in school they are costing the state and county $256.00 per year which is far more than they are paying for their childrens schooling.

During the next few weeks we will bring out several points which need clearing up in regards to the School Tax Amendment but before you make up your mind that the Goodwyn Act is unfair study it thoroughly. Our children must be educated, we must have more money for our schools. The proposed tax will not be unfair to anyone as each will pay according to his ability to pay.

The bite will not be so big—it's the bark of the opponents that has you scared.

MISCHIEF AND MEANNESS!

Most all boys at one time or another get into mischief. That is expected of boys. But the destruction of another's property is not mischief—it's meanness. There is a great difference.

Recently it has been brought to our attention that boys are destroying electric meters with air rifles. Whether these meters are expensive or not, we do not know, we imagine they are, but that is beside the point. The meters are the property of others and the boys should be taught to take care of the property of others as well as their own.

Parents who own boys who own air rifles should know what they are doing with them. Don't let them be a nuisance.

TRY TO BEAR THE BOTHER

We've noticed of late that folks are paying more attention to bus stop signs while buses are loading and unloading children over Chilton County. It's a good sign that motorists are taking more consideration of the lives of our school children, but even more so, it's a sign of safer, saner people in general.

We realize that it's troublesome to stop behind a slow moving bus and wait while it stops and unloads 15 or 20 kids. But its nothing compared with the chance you take when you try to pass one that is giving you fair warning with its stop sign.

We're licking the problem of the school bus traffic problem, partly because the city police have patrolled the highway routes of the school buses and partly because we're growing up a little.

Try to bear up under the extra trouble it puts you to to have to stop for the kids. After all, if they're your kids they're worth it aren't they?

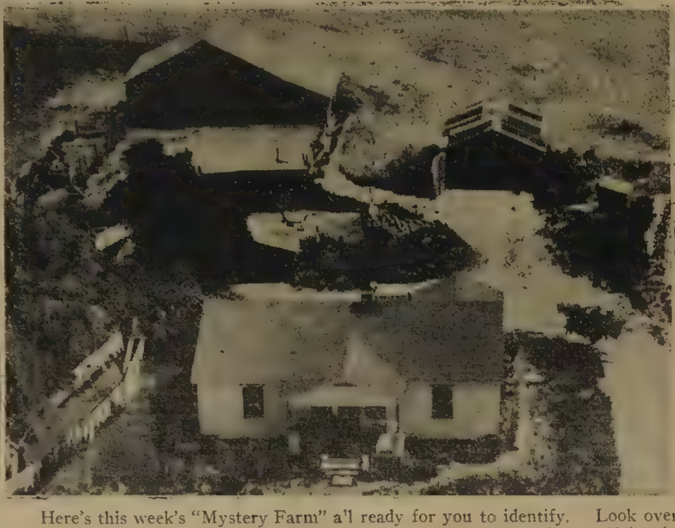
Whose Farm Is This?



Here's this week's "Mystery Farm" a'l ready for you to identify. Look over the above photo for clues and we're sure you won't have any trouble identifying it.

Come to the News office before four o'clock next Saturday afternoon and turn in your guess. That's all you have to do. If your answer is correct you'll receive two free passes to any Wadesonian Theatre in Chilton County and your name will be put into the Grand Prize box. The winner of the Grand Prize drawing will receive a five dollar gift certificate redeemable in merchandise at Pig's Grocery and Market in West End, a five dollar gift-certificate redeemable in merchandise at Watson's and a one-year subscripton to Chilton County News.

You can't win unless you guess, so come in today and tell us who owns this week's "Myster yFarm."

Things we -SEE- and Hear

by "Tuck"

Many times the little man or the lesser side has the advantage in a difference because they're usually underestimated.—T.

Attendants at the filling station sometimes burn you up by not checking your car thoroughly when you take it in for just that. Or maybe you don't appreciate it when you drive up for gas and you get gas and that's all; no window washing, no oil check, no battery check or nothin'. Well, did you ever consider that it might be your own fault, in a round about way. Yeh, how many times have you pulled into the gas station to get gas and the attendant wanted to check everything and you were in a hurry and said, "aw, it's all O. K." Quite a few times we've done that. Well, you know that when you do something enough times, it gets to be a habit. Let's say that's what has happened to those attendants who don't check us all the way. Remember, indirectly, it's as much your fault as it is his, even though he's lazy.

Well, she's no longer a "worry wart." The wife has had a handful of warts for some time now, and the other day, over a period of a few weeks, they were all cleared up. We just concluded that they were "worry warts."

So many folks don't read nowadays like they used to, because they need glasses and are ashamed to admit it.

They say some of us aren't good followers, which may be a liability; but some of us aren't very good leaders either.

See where Mr. Herman down the street here has painted his "front" and it looks mighty nice too. He's got Firestone and Clanton Home and Auto Supply plastered all over both sides of the store now so you can see it from the south end of town or the east end. Looks mighty nice.

Ole Garvis McGee said the other night that he went to town to the drug store to buy something and then had to get Grady Heflin to help him pay for it. He's just bragging though, we all knew he had a bank account, or at least his credit is good. (Credit must be durn good to get bank service at night.)

You know, every time we hear someone say, "let's repeat the Lord's Prayer together," we can't help but think of Miss Ada Bennett. She used to be a Sunday School teacher at the First Methodist Church here in Clanton, and she always told us not to say "let's repeat the Lord's Prayer" but rather to say, "let us pray together the Lord's Prayer or the 23rd Psalm." She said it sounded so much better and it is more reverent. So many times we hear folks say "repeat" when they mean "pray."

You've heard of the old saying, "tread lightly, but carry a big stick." Guess that's what those bears over at Clanton Motors are doing.

You know what we heard! They're gonna have a car out this year that has doors on it (a novelty) that raises from the bottom. This sounds awfully inconvenient, but we suppose it was a case of have to. They're putting so much into cars nowadays until they didn't have room for it any other way. We don't know whether or not they're gonna do this or not, (talk about unconventional) but we do think it would solve the throwing out of the passenger problem. (If you want your passenger thrown out, you'll have to shop around.)

Fella came by and sold me a magazine subscription the other day and (shall we say "beat") me out of 15 cents. Now 15 cents might not be much to this fella, but for me it will buy a can of dog food to feed Mutt for a day, buy a loaf of bread to feed me for a day, or buy a jar of baby food to feed my boy. This fella's taking the candy away from my baby and he shouldn't aughta. No, we won't miss the 15 cents, but the fact is, that the guy told me he'd bring it back to me and he didn't do it. It's enough to make you lose faith in human nature.

Mrs. Melvin Yeargan
Verlyn Mims
Mrs. Earl Sansom
James Arnold McGee
Mrs. Roy Williams
Jeanette Hughey
Doris Dennis
Melvin Yeargan
Denson Dennis
Maurine Sansom
Mrs. Archie L. Dennis
Mrs. M. V. Robinson

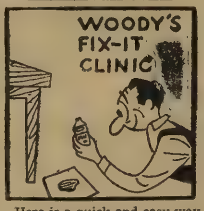
The winners listed above will each receive two free passes, good at any Wadesonian Theatre in Chilton County.

Get in on the fun and prizes this week. All you have to do to be a winner is come to the News office and tell us who owns this week's "Mystery Farm"



WOODY'S FIX-IT CLINIC

Here is a quick and easy way to fix a table or chair that wobbles because one leg is a little shorter than the others. Squeeze a blob of Plastic Wood from the tube onto a piece of waxed paper that has been spread upon the floor. Set the short leg firmly on the blob. When the Plastic Wood has hardened, trim down with a sharp knife and sand smooth.

Hunting Season Opens Soon With More Lenient Bag Laws

Auburn—The first of this state's fall and winter hunting seasons opens this week-end, with the crop of all games as good as or better than last year. And more than a quarter of a million Alabama sportsmen wi' take to fields and woods during coming months.

A split season on doves will begin this Saturday, closing Oct. 18. Squirrels become open game in mid-October in North Alabama and Nov. 1 in the Southern part of the state. And a longer 1955 deer season is to start during the first half of November.

In announcing these dates, API Extension Wildlife Specialist Earl F. Kennamer said this week that two of this year's hunting periods are governed by new regulations. Dove shooting will be legal all day during the season instead of only half-days, which has been the case for many years. This fall's deer season will permit the shooting of spike bucks, illegal in the past.

Basing his estimate on past years' experience, Kennamer said around a quarter of a million hunting licenses will probably be sold in Alabama this season. He explained, however, that the number of hunters can actually be expected to run higher, since a person may hunt hi own land without a license.

MODERN TRAFFIC
needs concrete pavement

Highway traffic has increased steadily in weight and volume. Yet for more than a quarter of a century thousands of miles of concrete roads have rendered uninterrupted service. They are today still carrying most of the heaviest traffic.

Concrete meets every requirement of modern traffic. It is moderate in first cost. It has lower maintenance cost and at least twice the service life of other pavements. It is the safest pavement too. Its gritty surface grips tires firmly, permitting quicker stops in emergencies. Its light-colored surface allows maximum visibility at night. *If you can't see you can't be safe.*

Mr. Motorist, your license fees, gas and other taxes pay for building and maintaining roads. Insist on concrete for safety, economy and durability. Concrete is your best pavement buy.

Mr. Cost offered the following resolution for adoption; which was duly seconded by Mr. Smith:

BE IT RESOLVED: That The Board of Revenue and Control enter into the following agreement by and between the State of Alabama Highway Department and Chilton County:

AGREEMENT

This agreement made and entered into this 12 day of September, 1955 by and between the STATE OF ALABAMA HIGHWAY DEPARTMENT, party of the first part, (hereinafter called the State) and CHILTON COUNTY, party of the second part, (hereinafter called the County): WITNESSETH:

WHEREAS, the State and County desire to cooperate in the improvement of the following roads: (1) FAS Route 692, approximately 6 miles (2) from a point on FAS Route 692 to FAS Route 178 approximately 4 miles east of Jemison, approximately 3½ miles.

NOW THEREFORE, in consideration of these premises, the mutual covenants herein contained, and the sum of $1.00 by each of the parties to the other in hand paid receipt whereof is hereby acknowledged, the parties hereto agree as follows:

That the County will make the survey, prepare the plans, furnish the necessary right-of-way and the construction engineering without cost to the State.

That the State with the use of Federal Aid secondary funds will grade, drain, base and place a bituminous pavement on said roads and construct bridges.

That on or before award of the contract, the County will pay to the State 25% of the cost of said construction. If, for any reason, the State is unable to secure Federal Aid assistance in said construction, the County will pay to the State 50% of the cost of said construction.

And it is further agreed that maintenance of said roads will continue to be provided by the County

IN WITNESS WHEREOF, the State of Alabama Highway Department has caused these presents to be executed by H. L. Nelson, Highway Director, and Chilton County by proper resolution, has caused these presents to be executed by M. D. Tingle, Judge of Porbate, this the day and year above written.

Ebernezer Baptist Church At Stanton

Rev. J. L. Adams, Pastor

Preaching services each Sunday at 11:00 a.m. and 7:30 p.m.

BTU changed from 7:00 to 6:30 p.m.

Prayer meeting each Wednesday night at 7:00 p.m.

Preaching services and Sunday School attendance was low. There were a good many of our good members visiting. Then too, there were some sick and not able to attend. We trust that each member will realize that their presence is important to the success of our church, let each member resolve to make next Sunday a go to church day.

We appreciated very much the talk given by Mr. Jimmie Green He was very nice to thank each Member of the BTU for their help during the past year, and at the same time wishing for his successor all the blessings of our heavenly Father, and urged all the members to cooperate in making our Training Union what it should be.

We appreciate very much our visitors, Mr. E. F. Klinner and daughter, Barbara, frim Mount Carmel church.

This being my last report for our Church, I wish to thank each one having a part in helping make this and all the other reports the past year. Also many thanks to the Chilton County News for their help in printing these issues under the direction of the Editor, Mr. Ben Tucker.

MINERAL SPRINGS NEWS

J. D. Ellison

Old time religious services are held each Saturday night and Sunday night at the Christ Sanctified Holy Church. Anyone and everyone has an outstanding welcome to attend these meetings. The purpose of these meetings is to lift up the Son of God.

Sunday, September 25, Brother George Ellison was ordained as a full fledged deacon of the New Hope Baptist church. Rev. Louis Horton delivered the ordination message, Rev. Jadie Ellison prayed the ordination prayer, Pastor Rev. Wilby Davis was in charge of the service.

Due to illness in the community attendance at Pleasant Hill Baptist church was rather low Sunday. Next Sunday the new pastor, Rev. Jadie Thomas will bring his first message. I feel sure that everyone will cooperate in making this year a most prosperous year for him and the church. Mr. and Mrs. Thomas are former leaders of this church, having served it in the year of 1949 as pastor.

Sunday is regular preaching day at Mineral Springs Baptist church. Pastor is Rev. J. W. Jones, and he invites everyone to attend worship services with them.

I am very happy to report of the health of Mrs. Callie Martin. Although at this writing she is still at the Chilton County Hospital, but expects to return to her home this week. She is gradually improving.

Mr. M. L. Davenport's condition has not improved enough to speak of. Mr. Fate Cleckler is still in a serious condition, and so is Mrs Bell Wright. Let us not forget to remember all these friends in our prayers.

Last Wednesday and Thursday Mr. B. J. Martin was host to two of his brothers, Mr. Willie and Lonza Martin, both of Decatur, Ga. This part of the county is their old romping grounds, and I hope they will be coming back.

We were all very glad to see Mr. Wilton Littlefield back home after a trip to stormy North Carolina where hurricanes Hilda and Ione have been flirting.

Sunday guests of Mr. and Mrs. B. J. Martin were Mr. and Mrs W. O. Cox and family of Birmingham, Mr. and Mrs. Noah Kite and Aunt Kate of Birmingham, Mrs Jackson of Clanton and Lorene Cost.

Mr. and Mrs. M. E. Martin were week end guests of Mr. Lubie Martin.

In closing I would like to leave this timely advice:

If you are impatient, sit quietly and talk with Job;
If you are just a little strong headed go and see Moses;
If you are weak kneed, take a look at Solomon;
If there is no song in your heart, listen to David;
If you are getting sordid, spend a while with Elijah;
If you are a policy man, read David;
If your faith is below par, read Paul,
If you are getting lazy, watch James;

If you are losing sight of the times, climb the stairs of Revelation and get a glimpse of the Promised Land.

OAK GROVE

We had a very nice crowd out at Sunday School Sunday. The attendance was 90 or above.

The Glover family had dinner with Mr. and Mrs. Terry Burnett and girls Sunday. They called on Mr. and Mrs. Washington Sunday

Judson Northcutt celebrated his 13th birthday Friday. He was honored with a party Friday night. He had a huge cake decorated with pastel green frosting, with verigated pink rose bud trimming, and Happy Birthday in white with 13 white candles. Punch was also served wth fruit cocktail. There was a real nice crowd out and many nice gifts received.

Mrs. E. H. Cobb had a big dinner Sunday for her family, Mr. and Mrs. Amos Littleton Reta and Dale, also her parents, Mr. and Mrs. W. J. Northcutt. Callers in the day were Mr. and Mrs. B. H. All wishing Mrs. Cobb a nice trip to California to visit her daughter and son-in-law, Mr. and Mrs. Bobby Duran.

Mr. and Mrs. Tommy Ellison, Jean and Gregory visited Mr. and Mrs. C. H. Sammons of Birmingham over the week end.

We are glad to say many many happy wishes to Raymond Martin and Ann Burnette who are engaged. The wedding will be announced later.

Little Jackie Martin was on the sick list over the week end. We hope Jackie will soon be happy and well again.

We are glad George Reeves is gradually improving. He visited Mr. and Mrs. Lester Northcutt Sunday.

Hobson Cost of Miami, Fla., is home for a few days. He is the son of Mr. and Mrs. Robert Cost. Mrs. L. D. Northcutt, Mrs. Amos Littleton and Reita had lunch with him Monday. Tuesday they will motor with him to Birmingham to catch his plane. Jean Ellison will accompany them, and they will shop also while in Birmingham.

Let's go folks, and back our community girl, Sarah Mae Northcutt, who is running for Homecoming Queen Friday night. We all feel very proud of her.

Mr. and Mrs. Arlive Martin reports that Ann and her new son, Terry Lee Bice, are doing fine.

Rev. William Jones of Ft. Myers, Fla., brought both messages Sunday. Sunday morning his text was Isaiah 6:8, Here Am I Lord Send Me; Sunday night his text was, God's Call, Man's Excuses. Rev. Jones will be here again next Sunday. Everyone is invited.

Attendance last Sunday was 105. All that can bring some one with you next Sunday, lets have more than 105 at church to start a new church year.

St. Luke 10:2. Therefore said unto them, The Harvest truly is great but the laborers are few; pray ye therefore the Lord of the harvest, that he would send forth laborers into his harvest.

NEW HARMONY

We were very glad to have such a nice number out for Sunday School Sunday. We were especially glad for all the visitors. We hope that each one of them received a great blessing out of the service and that they will come again.

Sister Junie Faye Prosser and Sister Mary Curry of East Tallassee were surely a blessing to us all. You have to see these two women working together to realize what a great team they are. Sister Curry brought the message at the 11:00 o'clock hour, and the Lord's anointing was certainly on her in a wonderful way. I am sure that everyone who was there will say that God was truly with us.

Our pastor, Bro. S. G. Oliver, brought a good message Sunday night. Also, the Henley Sisters sang some beautiful songs, both, Sunday and Sunday night.

Bro. and Sister Oliver and daughter Patsy took dinner with Mr. and Mrs. Audis Littleton Sunday.

Mr. James Smith is home visiting his mother, Mrs. Ethel Smith, for a few days before returning to Missouri where he is working.

Don't forget to come to Sunday School and prayer services next week end, and let's keep our church and Sunday School growing.

Attend Convention In Oklahoma City

Rev. and Mrs. Troy B. Helms, pastor of Temple Assembly of God, on Temple Rd., and Rev. Morris Mims of Clanton and Rev. George Walters of Alabaster, Ala., attended the General Council of the Assemblies of God in Biennial meeting in Oklahoma City, Okla., Sept. 1 through 6th.

The Theme of meeting, "By His Spirit." Thousands of ministers delegates, missionaries from other countries and home missionaries, and visitors from all over the world were there.

The convention represented all departments of the Assemblies of God, headquarters in Springfield, Mo.: Departments Benevolence Christ Ambassadors, Education, Evangelism, Finance Foreign Missions, General Council Executive offices, Home Missions, Mens Fellowship, Promotion, Publications, Radio, General Service, Sunday School, and Womens Missionary Councils, also all the Bible Institutes and Colleges of the Assemblies of God. There were on display and in Booths also in the Exhibit Room.

Honorable Raymond Gary, Governor of the State of Oklahoma spoke to the opening service at night. The following morning Honorable Allen Street, Mayor of Oklahoma City, gave a welcome address.

Sunday night, the Great Evangelistic Rally, held in the grand stand of the State Fair grounds, a crusade for Souls. All visitors, delegates, ministers, and the thirty-two Assembly of God churches in Oklahoma City, gathered for this service. The stadium seating 14,000 and the platform 500. This was one of the most unusual services, for it was one of the largest gatherings of its kind in history of church service. The stadium was filled to overflow. Many unable to find seating space, stood as many as could be allowed and many seated in cars.

The music seemed as a Heavenly dream, the singing thrilled your heart as over 15,000 people lifted their voices in Praise to God in song. A beautiful picture, all the folks out in the great open air service, the moon rising, stars shining and on each side of platform (which was filled with Evangelists from all over the country). The flags of our country and Christian, as the wind blew upon them near to the organ and piano on either side, . . . looking, listening, and thinking, "If I'm dreamng, let me dream on."

Honorable Robert S. Kerr, United States Senator, from Oklahoma spoke upon the subject, "God and Man" a Sermon. Evangelistic message by D. L. Sanders of Cincinnatti, Ohio, a plea for sinners in closing, and many found their way to prepared rooms, with personal workers, for prayers. A new feature was the exhibits at the meeting such as materials for church, furniture, office, etc., and musical instruments. In the exhibit were scores of booths displaying the work of the Assemblies of God for children, Youth, aged, service men, and people of foreign lands, colleges and schools. Business session—Four days of morning and afternoon of which all General officials were elected to offices. Other business concerned all departments.

Home Mission Banquet and rally ministers and workers taking part Foreign Mission Rally Sunday afternoon, missionaries from all countres dressed in their colorful costumes of Chosen fields, marching in parade.

A farewell message from the "Nile Mother," as she is known Miss Lilian Trasher, owner and founder of the Assint Egypt Orphanage, world wide known. She has been there over 40 years. This was her first visit to home land in twenty-five years. There is over 900 children in her home at present, with their own school, hospital church, etc. We hope to soon make announcement of a moving picture of Miss Trasher's great work. She is Assembly of God. The Foreign Mission Dept. gave report of over 750 missionaries now on the field, and giving four million dollars to missions the past year.

The Assemblies being one of the youngest Evangelistic movements we feel this is outstanding work for missions.

Tiny Tar Spot Makes Large Blemish On Clothing

Auburn, Ala.—Tar spots are really hurting the cotton industry.

Cotton's customers are paying close attention to quality and price, and they refuse to pay top prices for tar-spotted cotton. Unaltered, this situation is certain to eventually penalize the producer, where most of the blame for tar-spotted cotton lies.

Tiny tar spots show up in the finished cotton fabric as blemishes which will neither bleach out nor absorb dye properly. Such material must be down-graded or thrown out, and some spinners have reported losse sup to $50 per bale.

Explaining how cotton comes to be marred by the black sticky stuff, API Extension Engineer Lawrence Ennis said the chief cause of tar spots in this state is widespread use of tar-coated pick sacks. The coating melts in hot sunshine, and tar seeps through to the inside of the sack, sticking to the seed cotton.

A simple switch to durable, plastic-coated sacks can practically eliminate the spots in cotton, Ennis stated. Of courses, it is also necessary for ginners, warehousemen, trucking companies, railroads, and others who handle the fiber to keep equipment and working areas free of tar and other foreign materials which can lower cotton quality.

American Legion To Have New Officers

Chilton County Post No. 6 will meet at the County Courthouse Thursday evening September 29th, at 7:00 p.m. for the purpose of installing officers and taking care of regular business.

Mr. Ed Yeargan of Thorsby will be the installation officer, and the officers for the ensuing year are as follows:

Robert L. Fullen, Commander.
E. A. Fulmer, Senior Vice Commander.
Fred Smitherman, Jr. Vice Commander.
Walter L. Smith, Chaplin
A. D. Payton, Service officer.
William R. V. Watson, Sergeant at-arms and W. Curtis Daniel, Adjutant.

After the installation of officers, definite plans are to be mapped out for the annual membership drive and it is hoped that every eligible veteran will call by to see Curt's Daniels to get his 1956 Membership Card. The annual dues are only $4.50 of which $1.00 goes to the Veteran's Club which is really looking like a building now and it is hoped that we wll have it ready to hold our next meeting in it.

We understand that as soon as some or most of the technical work has been completed that all members will be invited to do some work on the building in person. It seems that some who can not work are going to donate money to hire some one to do the work that they would liked to have done themselves.

We have been told that the title "It's Great to be an American Legionnaire" is the 1956 theme for American Legion membership enrollment, so don't wait for someone to ask you for your dues, just go by Curt Daniel's and get your 195 card.

County Council Had School Of Instruction

The Chilton County P. T. A Council held its annual School of Instruction Tuesday, from nine o'clock until noon, in the First Baptist Church.

Mrs. H. G. Daniel, Verbena, had charge of the registration and name tags. Mrs. George Tucker, Clanton, had charge of the favors (memo pads.) Mrs. Referee Lineberry and Mrs. Hollis Jackson had charge of the flowers and room. Several members helped during the Coca-Cola break in the morning activities.

The meeting was called to order by Mrs. R. C. Williams, president. Mrs. Warrena Broadhead then led the group in singing several songs and Mrs. Frances Littlejohn's Sixth grade pupils (Clanton Elementary) gave an inspiring devotional consisting of scripture reading, prayer and a hymn.

Mrs. Harry Nelson, general secretary of the Alabama Congress of Parents and Teachers, from Montgomery, was then introduced and took charge of the meeting. She later introduced Mrs. M. P. Walker past state president and now state citizenship chairman, from Tuscaloosa, who gave a very informative talk with a discussion that followed. A moton was made and carried that the Chilton County Council of Parents and Teachers endorse the School Income Tax and Bond Issue Amendments and give their whole hearted support to the passage of these amendments.

There were ten schools in the county represented. After the meeting, lunch was enjoyed in the Chilton County High School lunch room.

Thorsby Institute News—

The Helen Keller Literary Society met Friday, September 23, to elect officers for the first semester. Zed Williams was elected President, Billy Calloway was elected Vice-President and Nouvelle Littlejohn was elected Secretary.

Mrs. Pearl Mims and Elaine Jones of the Girls Dormitory at Thorsby Institute, visited the Carmon Mims family Sunday afternoon.

Mrs. G. C. Hendrix visited her sister, Mrs. Pearl Mims at Thorsby Institute last week end.

Mr. J. M. Timmerman, teacher of English at Thorsby Institute, preach Sunday at the Lomax Church of Christ. His subject was "Reason Why We Should Be Christians."

Miss Mildred Jeffries, a Thorsby Institute graduate with the class of 1932, visited the school Friday. She is now living in Jacksonville, Fla., and holds an important position with the State of Florida.

Some observations by Mr. C. M. Williams, math teacher at Thorsby Institute.

As I travel from Thorsby to Tallassee on week ends, I am gratified to observe the seemingly fine financial condition of the farmers along the route. If he can be successful in harvesting all his crops, he will probably have fuller barns and larger bank accounts than he has had in several years. Another observation is, that people in general must be in good financial condition, judging from the number of new cars on the road (?) Still another observation—more new houses for homes are being built, all of which denotes progress and increase in national wealth.

Miss Ruth Ford from Birmingham, came down to visit the Institute and her friends Saturday. She was pleased that our school was larger this year and that we had about our capacity of boarding students. She reports there is a very large enrollment at Woodlawn High School where she is one of the English teachers and enjoying her work very much.

Burks-Bivens Vows Said—

Burks-Bivens vows said at First Baptist Church, Thorsby.

Miss Geraldine Burks, daughter of Rev. and Mrs. Barney B. Burks Bivens, son of Mr. and Mrs. Roy Pilkinston of Birmingham, Alabama, were wed Friday evening, September 23, at the First Baptist Church, Thorsby, Ala.

Vows were read by the Rev. C. M. Clinkscale and the father of the bride, Rev. Barney B. Burks.

Mrs. B. V. Ray, organist and Miss Carol Howard, soloist, rendered the nuptial music.

Candle lighters were Tommie Amberg, cousin of the groom, and Dean Parker.

Mrs. Mary Elizabeth Gray sister of the bride was matron of honor and Misses Faye Williams, Bobby Richards of Birmingham and Glenda Morgan of Gadsden were bridesmaids. Attendants wore identical dresses of red taffeta and velvet with matching feather hats. Their bouquets were colonial style and made of feathered white carnations, stephanots and puffs of white tulle.

Best man was John White, Ushers were Tommy Amberg, Dean Parker and John White.

The bride was given in marriage by her father, Rev. Burks, who also assisted in the ceremony. Her dress was of white chantiliy lace over white taffeta and was made with a fitted bodice and sweetheart neckline. The full skirt fell in a chapel train. Her veil was of illusion and was outlined with a cap of seed pearls and sequins. Her bouquet was of white feathered carnations, lily of the valley and centered with a detachable orchid corsage.

The bride's mother wore a floor length dress or rose colored chantilly lace with tulle. Their corsages were purple orchids.

A reception in the Church parlors followed the ceremony. After the bride and groom cut the cake and was served, sisters-in-law of the bride took over and serve the guests with cake and punch. Those who served were: Mrs. Elwood Burk, Mrs. Johnny Burk, Mrs. Douglas Burk and Mrs. Barney Burk, Jr.

For traveling the bride wore a black dress with matching accessories and an orchid corsage. After a wedding trip to New Orleans, La., they will be at home in Birmingham where both are employed

Mulberry Baptist News—

Last Sunday marked the end of another fine church year at Mulberry Baptist Church, and this coming year will begin another year that we feel will be just as good. As the old year drew to a close, many blessings were counted by our church. The church is very thankful for the fine leadership it has had during the past year, and we hope that the Lord will continue to use the leaders, as well as the newly elected leaders, during the coming year. It is the prayer of the church that the new year may mean more for the good of the community and for the glory of the Lord than has the past year.

Last Sunday Morning the pastor preached on the subject, "From Riches to Poverty. . . From Poverty to Riches", and Sunday night his subject was "The Presence of Jesus". Next Sunday morning he will preach on the subject, "God in The First Home". Sunday night his subject will be "The Coming of Christ."

Some of our people met at the church cotton patch and picked cotton Tuesday. Another picking has been announced for Saturday. About 30 pickers are needed and expected for the Saturday picking in order that the patch can be picked over by noon. Response of pickers has been commendable in the past, and we trust that it will be so this week.

All W.M.U. members will want to remember the Chilton-Unity Association W.M.U. Quarterly meeting at Pates Chapel Friday, September 30, at 10:00 a.m.

Sunday night the Young People's Fellowship will meet [illegible] Evening Worship Service. All new Intermediates are invited to attend this meeting khich will be.

Family night will be held in our church Wednesday night. All organizations of the W.M.U. and the Brotherhood will meet with their new officers and leaders at this time. There will be a group for every age, and every family in our church is urged to attend.

Mulberry Baptist Church will hold it's regular business meeting following the Morning Worship Service Sunday, October 2nd. All of the regular business of the church will be discussed at this time. Of particular interest to all members will be the discussion and adoption of a church budget for the coming year.

The deacons will meet tonight, Thursday night, at the church to discuss the church budget and other business of the church. All deacons are reminded to be present for this important meeting.

All of the people at Mulberry will be interested in the Chilton-Unity Baptist Association's annual meeting on Tuesday and Wednesday of next week. The Tuesday sessions will be with the West End Baptist Church, and the Wednesday sessions with the Chestnut Creek Baptist Church. Both morning sessions will start at 9:30 and both afternoon sessions at 1:30.

Mulberry people—young, middle-aged, and old, are reminded of the Youth Rally at New Salem Baptist Church Saturday Night, October 1, at 7:00. The speaker for this meeting will be Brother W. F. [illegible] of the Maplesville [illegible]. Our church was well represented at the last meeting at Liberty Hill, and we hope that this will be true again this Saturday Night at New Salem.

Those promoted to higher classes in Sunday School at Mulberry Sunday were: Barbara Johnson, Jean McGee, Ricki Calfee and Alice Sexton, from Beginners to Primaries. David Cummings and Richard Sexton from Primaries to Juniors. Nova Jean Veazey, Geraldine Fox, Mary Virginia Veazey, Charleen Cummings; Betty Gail Lecroy, Nancy Carter, Mary Elizabeth Sexton and Sally McCraw, and Evan Calfee from Juniors to Intermediates. We wish them all good luck and happiness in their new classes.

Laura Williams Circle met with Mrs. R. D. Nabors on Tuesday of last week. New officers were elected. Chairman, Mrs. O. F. Davenport; sec.-treas., Mrs. Rrances Sexton co-chairman, Mrs. Jack Tucker; program chairman, Mrs. Eula Tucker; white cross, Mrs. Flossie Wells; Mission study, Mrs. Bertha Nabors. Report on selling flowers was given. After the business meeting a program on Missions was given.

Ice cream and cookies were served to seven members and three children.

The Laura Williams circle still has plenty vanilla flavoring for sale. If any one needs any, contact Mrs. W. T. Tucker or Mrs. J. H. Wells.

Loy Hayes and his bride were among the visitors at Mulberry Sunday morning.

NEW SALEM BAPTIST

We have had two wonderful messages brought to us here at New Salem this week. The spirit of the Lord was present and everyone received a great blessing. If you missed the services here at our church this week, you missed two sermons that would have stirred the heart of any lost person or Christian. We thank God for the precious one that surrendered his soul to God Sunday night. Let's pray for him that he might always be doing the things God would have him do. We should all pray that others might do just as he has done God is richly blessing our church day by day and may each one of us as Christians purpose in our heart to do more for Him each day.

Let's everyone remember our pastor in our prayers. Pray that he might be strengthened to go on carrying the Gospel.

Everyone remember the Youth Rally here at New Salem Saturday night. We urge everyone who can to come out and be with us and worship our God. We feel that Rev. Jones is doing the young people of our County a great favor by working with them as he is. Everyone come out and enjoy this program with us. Rev. Kasberry will be the speaker at this meeting and we do urge you to come out and hear this man of God. We were privileged to have Rev. Rasberry with us in a revival and we feel that he is a true man of God. So come out and hear him. Also remember refreshments will be served immediately after the service so come be with us.

We had two very welcomed visitors with us in service last Sunday from Sylacauga, Mr. and Mrs Wm DeVaughn. We were certainly happy to have them with us and invite they anytime. We also had Dr. and Mrs. Whitehead with us Sunday, even though they aren't visitors we were happy to see them with us. We have missed them so very much since they moved to Sylacauga They have meant so much to our church by helping with our singing and piano playing and not only that but they are devoted Christians and they have been an inspiration to us.

Everyone pray for those in our community that is in sorrow and distress and we should pray for those who are sick. Also pray for our church and the pastor and the entire membership

We especially give visitors a hearty welcome to come out and worship with us. Always remember you are always welcome here at New Salem.

Remember our church calendar:

Sunday School 10:00 a.m.
Worship hour 11:00 a.m.
Training Union 6:30 p.m.
Worship hour 7:30 p.m.
Midweek prayer service Wednesday 7:00 p.m.

Should Egg Producers Keep Yearling Layers Thru Moult?

Auburn—Should commercial egg producers keep old layers through the moult stage?

In most years, the answer to this question would be an unqualified "no". But according to an API poultry expert, a special combination of circumstances this year change that word to "maybe".

It was said this week that the most important of the factors tha determine whether or not layers should be kept and fed through the unproductive moult period are egg prices and feed supplies. Prices are higher now than they were last year at the same time and wil probably continue to rise during the fall and winter. Feed, on the other hand is cheaper than last year; many farmers have large supplies of home-grown grains. The expected upward trend in prices and a good supply of low-cost feed would both be necessary for old hens to be saved profitably.

Next, the producer should examine his flock and setup. Some breeds lay longer and require a shorter moulting time. Body condition affects the length of moult Many high-quality old hens may be higher producers than just-average pullets raised as their replacements. And birds that have had little previous stimulation with lights can often be kept in production longer in the fall with all-nigh lights. The market value of old hens and housing space are othe points to be kept in mind.

In some cases, it may be advisable for producers to carry over up t one-half of their layers. But every grower should consider his market, feed supply, and flock before making such a decision.

NOTE OF THANKS

The family of the late Cpl. Charles H. McCullers wish to thank every one for their kindnesses to the father and mother, Mr. and Mrs C. V. McCullers of Coopers prior to the arrival of their son's remain from overseas. Jemison High Upsets Isabella 19-7

The JHS Panthers crashed the win column last Friday night when they upended a battling team from Isabella High, 19-7.

Jr. Rhodes, speedy HB for Jemison was a spider in the Mustang soup throughout the game. He lugged over the pigskin for all 3 touchdowns and the extra point. To do this he had some excellent blocking and tackling by guards Luman Dobbs, and Jimmy Littleton; tackler Ned Lowery, and Charles Davenport and ends, James Nelson Billy Ray and Babe Guy.

Robert Lynn Langston, quarter backing A-La DeLuxe, style, held his mates steady and composed all the way. Norman Porter HB and Morris Holcombe FB were the big ground gainers. These two boys set the stage for Rhodes to travel.

The Panthers dominated the game except the 3rd quarter. This was the Mustang's quarter all the way. They took the kick-off on their own twenty eight yard line and in 7 plays they paraded seventy two yards for pay dirt. The Panthers snarled but the Mustangs were not to be denied. They drove hard and furious. On the Jemison 5 yard stripe Douglas Clackler LH, ploughed through for the TD. Herbert Billingsley FB, dashed around left end for the extra point. This 3rd quarter found JHS threatening mildly only once as the Isabella defense tightened. Jemison led twelve to 0 at the half, scoring once in each of the quarters. They got their 3rd and final TD in the last quarter when Rhodes intercepted a pass shook off a passel of tacklers and carried twenty two yards to ring the bell.

He next banged through the line for the extra point. Much credit must be given to little Billy Mims hustling quarterback for the Mustangs. This little fellow played hard and fast in spite of being shaken up pretty badly several times. He simply would not give up until he was carried from the field near the end of the game.

The game was played on the beautiful Isabella field, amid the most pleasant weather conditions, a perfect night for the spectators, yet a bit warm for the players.

A large crowd was present to cheer for their favorite team.

Look for separate announcement elsewhere about tomorrow's game at Jemison between the JHS Panthers and the Calera Eagles.

We had a wonderful day with the Lord Sunday. Bro. C. I. Edge brought us two fine messages. Sunday morning his subject was, "Witnessing" taken from Heb. 12:1-2. Sunday night his subject was, "The Door taken from St. John 10:7-9.

We had 99 present both morning and night with several visitors coming in after the report was made. We always welcome any vsitors. Among the visitors Sunday night were Rev. Lawton Wilson and family and Rev. John Sorrell and family.

Rev. Edge and family had dinner Sunday with Mr. and Mrs. Roy Patterson, and supper Sunday night with Mr. and Mrs. O. L. DeVaughn.

Everyone enjoyed the duet, sung by O. L. DeVaughn and son Billy Dan, on Sunday night. We will be expecting them to do that again real soon.

Next Saturday night is family night at our church. We are expecting, and needing every member to be present. If you are wondering what a Brotherhood is, come on out, our men will tell you all about it. Our W.M.U. wants and needs more workers. If we can interest you in this work be present and we'll find a job for you. Now, when you men and women plan to come, bring the children too, we have G.A's, R. A's, Sunbeams and Y.W.A's, so yo uall will have a place to go. Be here at 7:00 o'clock, Saturday evening.

Four Y.W.A. girls, Melba Mims, Janice Davis, Annette Jones and Mary Jones had dinner Sunday with Lera Mae Harris, then in the afternoon did some mission work by visiting the sick and a shut-in, Miss Ora DeVaughn. We hope and pray we made her day just a little brighter by our presence.

Aunt Hallie Wilson of Birmingham was visiting relatives here here over the week-end.

Next Sunday is promotion day in Sunday School and we urge everyone to be present and remember we always welcome visitors.

Romans 12:1- I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, Holy, acceptable unto God, which is your reasonable service."

Subscription Contest

When Extra Votes Are Given For Extension Subscriptions

In Accordanse With Rule 17 Of Rules & Regulations As Originally Advertised

Here's How To Get Maximum Votes:

Extended or second payment subscriptions to the Chilton County News count for extra large votes in the big "Everybody Wins" subscription contest, fast nearing the end.

For example, a certain party bought a yearly subscription in the early part of the contest and now wishes to extend that subscription for another four years at the $6.00 extension rate now in effect, for the purpose of boosting his or her favorite candidate.

Since a one year subscription earned 3,000 votes, this extension for four years would earn the difference of 22,000 votes. Also the first two years earned 8,000 votes so the three year extension (for only $4.00) to complete five years would earn 17,000 votes and, if the original subscription was turned in the contest, it would also earn during the contestant's first week the additional 25,000 extra special votes allowed as stated in the opening announcement of contest.

In addition to this there are 50,000 extra votes for each "club" of $16 turned in.

So if you and a couple of dozen other good friends like yourself would extend your original one-year subscription to the five-year limit you would earn for your favorite contestant the tremendous total of over one and three-quarter million votes which would go a long way toward winning that new Ford which is first grand prize.

Paul Redmond, Jr. Elected President Of Ala. Mills

Mr. Redmond was elected by the Board of Directors Wednesday, Sept. 21, to succeed his late father, Paul A. Redmond, Sr.

In other action, the directors elected A. H. Randall, Vice President in Charge of Operations, to Executive Vice President. They promoted Julius E. Chapman, Secretary-Treasurer, to Vice President and Treasurer.

Early in his career with Alabama Mills, Mr. Redmond worked as designer, overseer and assistant superintendent of the Clanton plant. In 1942, he became assistant to the general superintendent at Birmingham.

On July 15, 1944, Mr. Redmond was appointed assistant to the President. On March 17, 1948, he was promoted to Executive Vice President, the post he was holding when elected President.

Mr. Redmond also is President of Anchor Rome Mills, Inc., Rome, Ga. and President of Anchor Rome Mills Foundation, Inc., Rome, Ga.

He studied at Emory University and in 1939 received a BS degree in textile engineering from Georgia School of Technology.

Mr. Redmond is a member of Phi Psi, honorary textile fraternity; a director of Alabama Mills, Inc.; director of Steel City Insurance Co.; trustee of the Institute of Textile Technology; a past president and now a director of the Alabama Cotton Manufacturers Association and a member of The Young President's Organization.

The new Alabama Mills President also is a member of Sigma Pi, Vestavia Country Club, The Club, Downtown Club and Southside Baptist Church.

Vermont School

Our enrollment is gradually increasing each week. This week Gail Brasher enrolled in the third grade. William Earl Lovelady and James Smith enrolled in Junior High School.

Mrs. Mattie Robinson, fifth and sixth grade teacher, and Mrs. Vera Hayes, PTA president attended the PTA School of Instruction at the First Baptist church in Clanton on Tuesday morning of this week. Mrs. Harry Nelson of Montgomery spoke on PTA work.

The High School boys and girls and part of the fifth and sixth grades are practicing basketball Watch for the announcement of our games.

We are happy to report that most of our students eat in the lunch room every day.

Thanks to Mrs. Enso Klinner for the good lunches she prepares for the school.

Rev. Mims Quotes --- Evil Abounding The Last Days

2 Timothy 3:13: Evil men and seducers shall wax worse and worse deceiving and being deceived.

America will never become a better nation as some may teach. Neither will man become so good until he wil usher in the Millennium. The world will never be a better world to live in until this present age is over, and Christ becomes King of Kings, and Lord of Lords To the sorrow of our hearts evil men and seducers shall wax worse and worse deceiving and being deceived. Luke 17:26 records these words of Christ. as it was in the days of Nor. so shall it be also in the days of the Son of Man. Gen. 6:11, 12: The earth was also corrupt before God, and the earth was filled with violence. And God looked upon the earth and, behold, it was corrupt, for all flesh had corrupted his way upon the earth. Violence increased in the days of Nor. So shall it continue to do in this world or age. Divorce rates increase. Crimes increase among old and young. More men are being employed every day to enforce law and order, and to solve the problem of crime.

The church of today is sheltering more evil men than ever before. In 2nd Timothy 3:1-9 Paul speaking of professing Christians said: "This know also, that in the last days perilous times shall come, for men shall be lovers of their own selves. Covetous, boasters, proud, blasphemous, disobedient to parents, unthankful, unholy. Without natural affection, trucebreakers, false accusers, incontent, fierce, despisers of those that are good, traitors, heady, high-minded, lovers of pleasures more than lovers of God. Having a form of godliness, but denying the power thereof: from such turn away. For of this sort are they which creep into houses, and lead captive silly women laden with sins, led away with diverse lusts. Ever learning, and never able to come to the knowledge of truth. Now as James and Jambres withstood Moses, so do these also resist the truth men of corrupt minds. Reprobate concerning the faith, but they shall proceed no further; for their folly shall be manifest unto all men, as their's also was. Christ said, as recorded in Matt. 13:31-32: "The Kingdom of Heaven is like a grain of mustard seed, which a man took, and sowed in his field: which indeed is the least of all seeds: but when it is grown, it is the greatest among herbs, and becometh a tree so that the birds of the air come and lodge in the branches thereof. The church is the visible kingdom of heaven that is progressing in the world and birds in the scripture is compared to evil. So the church is sheltering evil today. This, Jesus knowing uttered a word of warning to righteous. Matt. 24:12: because iniquity shall abound the love of many shall wax cold. Christians there is a danger.

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

BODY ODORS UNNECESSARY

Of all conditions that give displeasure to others, unpleasant body odors are the chief offenders. Bad manners, or lack of the social graces, can often be overlooked, but unpleasant body odors cannot. Why you ask? Because, unless some disease exists, unpleasant body orods can be controlled without medical supervision if the offender pays everyday attention to good hygiene.

The sweat glands of the body working normally, produce perspiration, which is from ninety-eight to ninety-nine per cent water. In hot weather or during excessive exercise, more perspiration is excreted by the sweat glands through the skin. This is important in regulating the heat of the body. Unpleasant body odor, medically called bromhidrosis is caused by the accumulation of excretions of the skin which undergo chemical changes.

Because the highly unpleasant odor is so noticeable, it is difficult for the person offending to be unaware that he "smells". A defect in his own smelling device could be the only reason. That is why it is hard to understand why so many people, day after day and night after night, persist in giving this unpleasantness to others.

In these days of good sanitation, excellent bathing facilities, and deodorants galore, there is no excuse for not ridding the body of these distasteful odors. Because the skin and clothing retain the odors, daily bathing, frequent laundering and change in linen are essential. Particular attention must be given to the underarm areas, the groin and the feet. Keeping the body clean is a must in good grooming. Washing the hair frequently, particularly in hot weather ,is another must Clothes need not be expensive, but there is no excuse for not keeping them clean.

Do something about unpleasant body odors! Be aware and beware of them.

Fire Prevention For Farmers Slogan

NOT WANTED: FIRE

"Don't give fires a place to start" on your farm.

The quoted words will serve as the theme for National Fire Prevention Week, Oct. 9-15. Last year, fires cost farmers an estimated $157 million in damage to homes barns, and other buildings, so Alabama farms are clearly a good place to wage an all-out campaign against fire hazards.

If You Didn't Get A "This Month In Rural Alabama.."

Due to our rapidly increasing circulation during our subscription contest we ran short of our monthly farm section, This Month In Rural Alabama.

If you did not receive a farm section in this issue, we are indeed regretful. We have notified the publishers as to our increasing circulation and we're sure that next month we will receive one for every subscriber.

The Rev. J. W. Jones Begins Pastorate At Friendship

The Rev. J. W. Jones will preach at Friendship Church next Sunday morning and evening. He has recently been called to this church and is anxious for a good beginning. "This is an important section of our city", stated the Rev. Jones, "the church is near our new hospital and it is important to have a good, live, wide awake church in this section." The Rev. Jones also stated that he would appreciate the cooperation of all the members and friends of the church in helping him make his pastorate there a success.

DAV Will Meet Thursday Night

The Disabled American Veterans will meet at the courthouse Thursday night at 7 o'clock. The State Commander will be the guest speaker and all members are urged to attend.

A Farm Is As Big As Its Power To Produce

There is no possible way of stopping the siltation of our reservoirs, streams, ditches and harbors except with soil conservation."—Dr. Hugh H. Bennett.

"The great bulk of distressed farmers and unemployed agricultural workers are concentrated in regions where the economic resources have been wrecked by erosion and deforestation."— Ward Shepard.

"Good, permanently productive land is the basis of our wealth, our health, our happiness, and our peace —here and abroad."—Dr. Hugh H. Bennett.

"The plain truth is that Americans, as a people, have never learned to love the land and to regard it as an enduring source. They have seen it only as a field for exploitation and a source of immediate financial return."—Dr. Hugh H. Bennett.

A farm is as big as its power to produce.

The Food and Agriculture Organization of the United Nations in its constitution endorses the conservation of natural resources and the adoption of improved methods of agricultural production.

From the busiest corner in the modern city to the windblown country fields, human livelihood is a product of the land."—Morris E Fonda, "The Lord's Land."

"We cannot afford to curtail soil conservation, either in the East or the West . . . It is vital to the future of our farm areas, and though you may live in a city, what happens to the land of your country touches you as closely as if you were a farmer."—Eleanor Roosevelt.

In land management there is no substitute for proper use. Every acre used according to its capabilities and treated according to its needs means proper use.

Conservation seeks to insure to society the maximum benefit from the use of our natural resources.

Veterans' Organizations Plan Big Memorial Day Celebration

The American Legion Post of Thorsby and Clanton, The V.F.W. D.A.V. of Chilton County will com- of Clanton and Maplesville, the bine their efforts this year in a big Memoral Day celebration and dedication service at the new National Guard Armory. The Civic clubs of the county including the Lions, Kiwanis, Civitans and Pilots will also take part in the big parade and celebration. The Chilton County Chamber of Commerce and the Junior Chamber of Commerce have also expressed their aim to help out in the festivities.

Noted speakers will attend and the Chairman, Lewis "Pig" Headley says that a famous personality will be on hand to entertain. More about that next week.

Suffice it to say now that you should make your plans to spend Memorial Day, November 11, in Clanton. Big things will be doing here.

Mrs W. L. Garner Celebrated 73rd Birthday Sunday

Last Sunday was a very happy occasion for Mrs. W. L. Garner of Maplesville, when a host of friends and relatives gathered at her home to celebrate her seventy-third birthday. One of the things she enjoyed most, was having one of her grandsons, A-1c Johnny Moore who has just recently returned from overseas duty, to be with her. Johnny has been serving the last twelve months with the Air Force in Goose Bay, Labrador. After seeing so much ice, snow and freezing temperatures, he was very happy to get back to good old Chilton County.

At the noon hour a bountiful lunch was spread out under the trees at Mrs. Garner's home. The afternoon was spent talking and picture making. Those present to enjoy this occasion were: Mr. W L. Garner, Mr. and Mrs. Martin Garner and Jimmy of Maplesville Mr. and Mrs. Onzie Garner, Mrs. Derald Bannister, Mr. and Mrs. Paul Burnett, Mr. and Mrs. Earl West from Clanton, Mr. and Mrs D. E. Moore, Jean, Barbara Betty and Patty. A 1-2c Denny Moore from Craig Field, Selma, A-1c Johnny Moore, Mr. Crit Moore, Mr. and Mrs. Jimmie Ward, Mr. and Mrs. Procter Davenport, Joe and Judy and Mrs. Viola West of Clanton.

Every one left wishing for Mrs Garner many, many more happy birthdays.

Chicken Supper At Enterprise School Tonight

The PTA of the Enterprise school will be selling huge chicken plates tonight (Thursday) for only 75c at the school. Serving will begin at 6:00 p.m. and continue as long as customers are hungry.

In addition to chicken eating there will be good group singing. There will be special singers to provide additional entertainment.

Chicken plates and fine singing! Also plenty of visiting with the neighbors and friends. What could make a finer evening? Enterprise School tonight (October 6) beginning at 6:00 o'clock.

Alfalfa planting should be completed during early October.

City Saves Tax Money On Bonds

The City of Clanton redeemed bonds not due until 1979 this week to save approximately $4,000.00 in interest according to a report from Mayor C. Fenn Jones.

The Bond holders in New York were advised to send the bonds, which were Water and Gas Bonds, to the Peoples Savings Bank here for redemption.

Luther Bean Named Acting Postmaster

Luther Bean, a postoffice man for the past thirty years, has been named acting postmaster here to fill the place vacated by R. W. Lowe. Lowe was postmaster from May of 1939 until Sept. 30, 1955. He assumed the office upon the death of Hosea Downs.

Bean will take a non-competative examination and then his name will go to the U. S. Senate to be confirmed before he will be appointed as permanent postmaster. Lowe was checked out last Saturday and Bean took up his new duties at that time.

County Council Of 4-H'ers Met For Election

The County 4-H Leaders met with Pinedale School, September 28th. At this meeting the following officers were elected: President, Lamar Giles; Vice-President, Wayne Connell; Secretary, Joyce Dean Stevens; song leaders, Affie Lee Martin, Juelene Minor, and Elsie Fay Jones; Reporter, Elaine Connell.

There were thirty pupils enrolled in 4-H work. We trust that each pupil will choose a project, then carry through with his project.

LAST CHANCE FOR EXTRA BIG VOTES

Extension or second payment subscriptions now count for extra large numbers of votes in the big "Everybody Wins" prize subscription contest, fast drawing to a close.

For example, a subscriber might have paid a yearly subscription during the first part of the contest and now wishes to extend that subscription another four years at the special extension rate of $6.00 now in effect for the primary purpose of boosting his or her favorite contestant to the "full limit."

That extended subscription NOW would not only give your favorite the remaining votes due on an original subscription but if that original subscription were turned in during his or her first week, they would also be entitled to double feature special votes as stated in the opening announcement of the contest, plus of course, the 50,000 extra votes given on each end every $16 "club."

So, if you—and a couple of dozen other good friends like you —would extend that original subscription to the "full limit," it would mean more than a million and a half votes for that contestant in his or her effort to win that grand prize Ford worth $2395.56, a small fortune indeed.

Mr. and Mrs. Subscriber, this message is addressed to you. Your added "bit" right now might be just the very encouragement needed to help some deserving contestant "go over the top" in a big way.

Then, you too could enjoy your satisfying "inner glow" that comes from having done your share—at actual saving to you—in making someone very happy, for a long time to come.

Don't turn back on a friend!

Underdog Chilton Tigers Scalp Wetumpka Indians, 20 To 6

From the opening kickoff the people of Chilton County knew it was going to be a game to be remembered. Captains Powell and Comer won the toss and chose to kick. Oaks kicked to Wetumpka who returned to their 40-yard line and after two plays of no gain, fumbled. Clanton took over with full-back Powell and half-back Payton running with blocks set up by Comer and Puckett went to Wetumpka 10. Then Powell went over right tackle for the touchdown with Payton trying for the extra point but ran into a hardhitting Indian line.

Wetumpka came back to their 40-yard line again, but fate was against them when Puckett, the hard-hitting right tackle, burst thru the line to recover a fumble and the Tigers rolled again. Davis, the right halfback tried the left side but found a solid line and succeeded while on the other side with blocks being made and Powell and Payton were gaining yards fast. Payton passed to Thornton for the second touchdown and went over for the extra point.

The Tigers then left the field for the half-time with Mr. Spicer and Mr. Bulger, the coaches, still not calling on their reserve men.

The teams took the field with the score standing at 13-0 in favor of the underdog Tigers. Each team was determined to beat that score. Just after the kick McCoy, the speedy back for the Indians, went for the longest run of the game setting up the touchdown. After the Clanton line held for three downs, the quarterback passed to right end Weldon for the touchdown. The extra point was tried but failed because of the good charging of the Clanton line. Late in the third quarter Powell went over right tackle for the third of Clanton's touchwodns, while Payton made the extra point.

After a hard game for both teams, the score stood 20-6 in favor of Clanton.

The outstanding all-round players for Clanton were halfback Lawrence Davis and Payton, fullback Jimmy Powell, right guard Boyce Comer, and right tackle Jimmy Puckett with Oaks, Baker and Billingsley good on defense. All of the Tigers played their best game of the season to date, and hope to play even better games in the remainder of the season.

Contestants Head Into Home Stretch In Race For New Ford

By Bill and Doris Gupton,
Contest Editors

Riding high on the threshold of victory—with the thoughts of "now or never" hovering in their minds—contestants in the Chilton County News far famed automobile prize contest have reached the three-quarter mile post and are now entering the "home stretch" in race.

This Saturday night, Oct. 8th stands out prominently as the end of the big "second period" vote schedule and also terminates that extension feature whereby maximum votes may be obtained on subscriptions extended to the full 5-year limit. Therefore the voting value of all subscriptions takes a scheduled drop.

Every tick of the clock brings the close of these two important features just that much nearer the deadline—12 o'clock midnight this Saturday night—each hour of the short remaining time is crammed full of opportunities to those who really want to be declared winner of high honors and realizing what might heretofore have been merely a wonderful dream.

Next week—the last week of this thrilling contest—is of but five and one-half days duration. It will see Father Time in flight as if on supercharged wings. There'll scarcely be opportunity to catch one's breath before everything is over, winner declared and the proud possessors of major awards sipping the cup of joy and tasting the fruits of deserved victory.

And what does victory mean in this greatest of all local prize contests? It means a record of unusual achievement, the immediate gratification of a burning ambition, and a brand new spick and span latest model, smoothly powerful Ford automobile, worth exactly $2385.56 for keeps.

With the race entering its final phases, eager hearts are beating faster, expectant hands are reaching out to grasp the most desirable prizes to be awarded Saturday, Oct. 15th. Just one more lap and the course will have been run. Only a short time remains to choose between victory and defeat —success or failure!

Avail yourselves fully of the advantages this important "period" affords. Think and plan constantly for the means of ultimate success, and bear in mind the fact that your opponents—possibly as keen and resourceful as yourself—are striving dilligently for that same objective.

It truly means something to win in competition of this kind. It is demonstration of a capacity that is extraordinary. It proves, among other things, a winning personality and the possession of a wide circle of loyal, true friends. Further, it demonstrates that happy faculty of salesmanship and promotion.

Sometimes it "proves up" the false in your bogus friends, but it reveals the true one and it always tests your own mettle and measures with an unfailing yardstick that invaluable attribute of fortitude.

Subscribers Can Help

As a final warning—do not under estimate the strength of any competitor. Over confidence has lost many a battle and it would be far better to win the prize you desire by a million or more too many votes (representing just a few groups of full-time subscriptions) than lose by that fatal narrow margin. You would never forgive yourself if such a miscalculation were to happen to you.

To those who have rocrastinated stop a minute and think of what the completion of your promise might mean to your favorite! Now, before it is forever too late call him or her on the phone and make good that promise—won't you?

It might be a physical impossibility for the earnest hard-working contestant to get around in person to see everybody during the short remaining time of this contest.

Each of them has a large number of unredeemed promises to subscribe. Many of the promises were made in good faith, but they won't help a bit unless you do something about it.

Likewise, many have "said in their heart" that they intend to take advantage of that liberal money-saving offer by extending their subscription during the contest and giving some worthy contestant the benefit of the big votes allowed thereon, but mere intentions are worse than useless unless acted upon before it is too late.

The contest department will remain open until Saturday night, Oct. 8th until all contestants have reported in. Hurry, time is short!

All Lions are urged to be present to hear Rep. Goodwin discuss his bill.

Of other interest to the Lions is the Ladies Nite which is in the makng. If you Lionesses are to be treated to an outing, see that your Lion is filling his place tomorrow, Frday, October 7, at the Dixie Cafe.

Annual Rummage Sale At Verbena Next Saturday

The W.S.C.S. of the Verbena Methodist Church will hold its annual rummage sale next Saturday, Oct 8.

The sale will be held in the building formerly occupied by Frank Gullege.

This year promises to be one of the best annual events. More large sizes in ladies clothing will be available than ever before and the articles will be better displayed. More floor space for shoppers will also interest the buyers. A hot dog lunch with pie and cake will be on sale along with hot coffee and cold drinks. Whole cakes and pies will be for sale also.

Receipts from the sale will go to the parsonage fund as this is the main source of income for the upkeep of the church parsonage.

Homecoming At Mt. Creek

Homecoming Day will be October 9 at Mt. Creek Baptist church. Everyone has a special invitation to attend these services and enjoy the day with us.

Corn Variety Test Field Ready For Harvest

A selected field on the Quincy Littlejohn unit of Tom Littlejohn's farm has been the Central Alabama Test Area for one of the major national corn breeders. The Littlejohn field has forty-odd hybrids and/or single cross corns ready for harvest. Each hybrid or single cross corn will be checked seperately for yield, resistance to insects, shuck cover, grain quality, resistance to lodging, and other important factors. The results of this and other tests are an important portion of the tests that determine which corns to multiply in volume for Central Alabama planting seed.

Mr. Less Melbergh, Southern Research Director of Funk's "G" Hybrid Seed Corn Co., and Foy Campbell, Alabama Representative of Funk's "G" Hybrid, will be in Chilton County to supervise the harvest and variety reports.

All Chilton County farmers are encouraged to attend this corn seed development result demonstration at Quincy Littlejohn's on the Old Thorsby Road, Friday, Oct. 7th at 2:00 p.m.

"High-Gear Week" ---

is the most precious commodity in the world, and may decide who wins this first prize in this now famous Chilton County News Subscription Contest.

It is a little thing, but it has changed the tide of battles, toppled kingdoms, altered history.

Queen Elizabeth didn't realize the value of it either, until she was about to be deprived of it forever Then, her last words were, "All my possessions for a moment of time."

A moment of time!

In slightly over two weeks from today, many contestants, like Queen Elizabeth, will beg for another moment of time. They will have realized that it is over that every moment of time in the final two weeks of the contest could have been utilized to increase their standing in the contest. The winner will be the person who used these few remaining days to the greatest advantage.

The race is close: The final outcome will be a real test of last minute "hustling." Go after those subscriptions; tap every source you can think of. In a close race, the little things count—a few moments wasted or the difference in a few thousand votes can be a deciding factor.

Last Call to Readers—

Friends of contestants, you have of course, wished your favorite well You have, no doubt, encouraged him or her in a small way, but have you extended your subscription to the "full limit" in helping them realize their highest hopes and ambition?

If not, then get in touch with him or her today—RIGHT NOW while you're thinking about it—and show them in a concrete way that you are with them and for them in their quest to make their dreams come true!

The best way to win a friend is to be one!

Nursing Home ---

and the balance will be provided for by the State of Alabama.

Local Need Revealed—

When your Chilton County Hospital Board was told that Federal and State funds would be available for the construction of such a facility, a study was made as to whether there was a real need for such here in Chilton County. A survey was made by the County Welfare Department, and a report submitted to the Hospital Board that their Department was maintaining 18 people in Nursing Homes, all of which are located outside the County. Other studies made revealed there are a considerable number of people in the County, not under care of the Welfare Department who have need for such a home Your Hospital Board is convinced there is a critical need and the members of the Board have contacted a large number of the citizens of the County explaining this project to them. They also explained to them that we would be required to furnish participating fund amounting to roughly one-sixth of the cost, or less than the proceeds of one year's taxes derived from the County Hospital Tax. The response was unanimous from the Citizens of Chilton County in favor of the Board going ahead and availing ourselves of these Federal and State Grants and build a Nursing Home Accordingly, the Board passed resolution authorizing such action as provided for under the Act under which the Chilton County Hospital Board was created.

Method of Operation—

As reported in the papers last week, the Architect has been selected and plans are now being developed and should be ready to bids in the Spring of 1956. When be operated under the administration of the Hos[illegible] [illegible] completed, the Nursing Home [illegible] its Hospital Administrator. In this way, the Nursing Home will be an auxiliary to the Chilton County Hospital and this system of administration will make for efficiency and economy in its operation; as well as providing much better care for the residents of the Nursing Home. Naturally, a charge will be made for the residents of the Home, just as for patients of the Hospital the rates being based on cost of operation only. The Board feel that having such a home in Chilton County will greatly expand the health facilities for the people, and as in the case of the hospital, fill a critical need existing here. According to a report prepared by the Hospital Planning Division of the Department of Public Health, there are presently sixty-six privately owned Nursing Homes in the State with an evaluated range from "Fair" to "poor". Almost invariably however, the Nursing Homes have a long waiting list of those wanting admission, with each one crowded to the limit.

Your Hosptal Board, serving you without pay, appeals to each and every Citizen for their continued support and cooperation, and we welcome at all times any questions and constructive criticism.

Hospital Cost ---

we have made our payments to the contractor.

We still are to receive one more payment, but before this payment can be made, the Auditors from the U. S. Public Health Service make a complete and final audit. This final audit will reveal the exact cost of the Hospital and its equipment Your Hospital Board feels it is best to wait until these figures are released to us before reporting to you through the press. We are told by the Hospital Planning Division of the State Department of Public Health that this usually takes from three to four months after the opening of the Hospital before the audit is completed, this being the reason for not having released the figures. Just as soon as a copy of this audit is returned to us, a complete report will be made through the press.

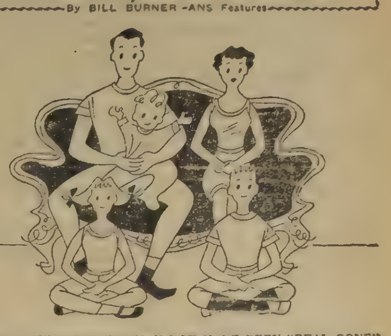
NEW PORTRAIT OF OLD POSE FOR CITY SLICKER, COUNTRY SQUIRE

By BILL BURNER -ANS Features



GRANDPA AND GRANDMA MAY NOT HAVE BEEN "REAL GONE" HEPCATS, but they were certainly snug as bugs during the long winter. Keeping warm during the cold spells is still current and right out of today's family album comes a new 1956 undercover look, more comfortable and carefree than dad ever was.

Whether you hang your hat in the city or are from the country, there's a new "personal anti-freeze" underwear which offers all the advantages of the old-fashioned longjohns, minus the scratch and itch. This new warm underwear is knitted in a new scientific yarn mixture of either 25 or 50 per cent Dynel with fine combed cotton.

Dynel is the new acrylic fiber developed by Union Carbide from the same basic materials that they make auto anti-freeze from. Besides the "no freeze, no tickle" qualities, this new underwear doesn't shrink or stretch when washed; it's moth resistant and is as soft to the hand as expensive cashmere.

The new undercover look is strictly a family affair too, with a variety of styles to meet every taste. Dad has a choice of elastic belted briefs with a modern styled shirt to match in either long or short sleeves, or a one-piece union suit if he prefers.

Mom will stay warm in either form-fitting briefs or above-the-knee panties with a matching sleeveless undershirt, all available in a variety of pastels.

The school-age kids can toast in cosy shorts and tee shirts or regular longjohns, and can keep warm at night in the new Dynel-cotton two-piece pullover pajamas.

And baby can snuggle down for the long winter in colorful undies and coverall sleepers that combine warmth with remarkable wearlife and resistance to perspiration and other body chemicals.

Washing this new science blend underwear is no chore either. It requires no special care, dries quickly and keeps its original size and shape through many washings and wearings.

So, it looks like nothing's sacred any more . . . they've even stolen grandpa's "handlebars" and made them over without the itch.

"A newspaper, like the community it reflects, is the sum of those who make it—and something more. It has a vitality of its own. There is no reason why good newspapers and good towns should fail to grow together endlessly, even though those who make them just grow old themselves and die."—Hal Boyle, columnist.

The banks say they don't have any money to lend, we know darn well we don't have any, so where is all of it.

LET'S BE FRIENDS, SHALL WE?—

How many of us were taught the difference between right and wrong? Yep, just about all of us.

However, too many of us in this fair County of ours tend to rely on klanishness for their philosophy.

In other words, if you're a democrat I'll trade with you, or if you're a Methodist or a Baptist or a Presbyterian, or maybe they'll say, "if you're a republican why shouldn't you trade with me?" Well, why shouldn't he? But by the same token, why shouldn't he trade with whom he pleases without feeling guilty about doing so?

Politics are right in their own place. When you ask a fella to scratch your back because you scratch his, it's ok. That's not politics. But when you tell a fella he'd better do this or that or his party will be mad at him, that's not even Democratic. Politics, in a sense, don't belong in the everyday realm of business and trade because it can turn friends into something less. We don't like a man because he votes like we do, and by the same token we don't dislike a man because he belongs to a different denomination. Friendship is not a bargain, it's a trust and something that you feel, sort of an emotion. A party friend is not a true friend.

A man, whom we feel is mixed up, said God should be left out of politics. We can't agree with this statement because we've never heard a Christian person express the opinion that God should be left out of anything, anytime. This man went on to voice his opinion of the corruptness and dirtiness of politics. In the first place, all politics are not dirty or corrupt, and in the second, we agree that politics should be kept out of the church, but we have yet to see anything survive without God and the church and our democracy certainly needs politics.

What say, those of us who are a bit narrow minded on the subject, we all try to live according to the qualities of the person and form our friendships accordingly. The fellow's human just as you are. If he's undesirable then don't associate with him. But because he's of a different church or political party, is certainly no reason to shun him. Chances are the person has ideas that parallel your own. Many times we miss out on true friendships because of the selfish way in which we look at the other fellow. . . is he good enough. He surely is.

We can't all be of one belief, but we can judge a man by his character and his merits rather than his different beliefs and treat him with the kindness he deserves.

A true friend is like a warm fire, it's comforting just to know it's there in case you need it.

NOTHING LIKE AUTUMN—

Some Sunday afternoon, after the weather has cooled a little more, say the last of this month or the first of next, get in the family car and drive over some of Chilton County's newly paved roads and take in the grandeur of nature changing outfits for the cold months ahead.

Many roads have been paved since last autumn that run through densely wooded areas of our county and offer some of the prettiest scenery in this part of the country. You can find high spots where you can see for miles and miles and view the many changing scenes.

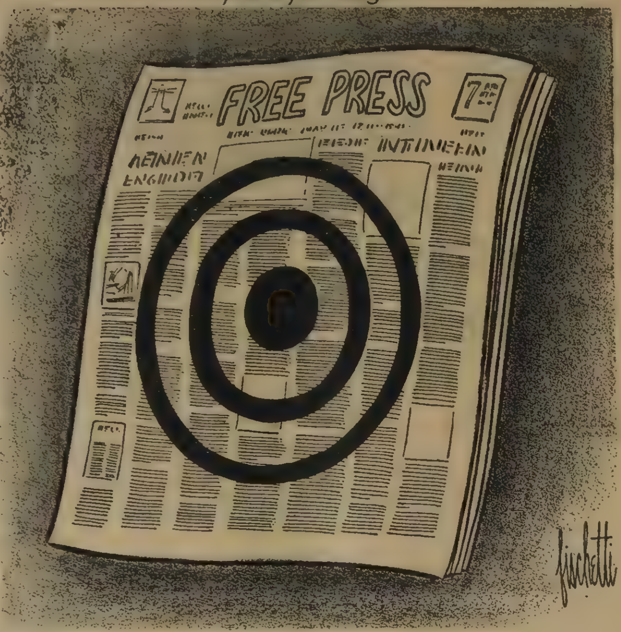
Yes sir, this is the time of year for sightseeing at its best. That is, watching the seasons change, and especially, this autumn season.

Instead of taking that dose of medicine, mind what we tell you and get out in the outdoors for just an hour or two. You'd be surprised at the change in the way you feel. Your attitude will be considerably improved, too.

If you get half the chance to get out on the back roads and the country roads of our county, with your family, by all means do so and get close to old Mother Nature for a change. It's a grand feeling.

We'll say this, if everyone could see more of nature as it was meant to be seen, more and more folks would be neglecting their routine tasks to get away and observe the beauty and wonder of the things around them.

Tyranny's Target



NEWSPAPER WEEK—

By Royce Howes
Winner 1955 Pulitzer Prize for Editorial Writing

October 1 through 8 has been set aside as National Newspaper Week.

It's purpose is to focus your attention on an institution in whose operation you have a vastly greater hand than perhaps you've ever realized. It is also an appropriate time to call your attention to an effort to deprive you of that hand.

The institution is your newspaper — daily, weekly or whatever.

Let's begin by dismantling that term newspaper. It means, which, after due processing, comes to you covered with news. Paper is a self-evident, tangible thing. There is no disagreement as to what it is. But what of news? It is far less self-evident and deceptively tangible.

News, in fact, is all things to all men, what it is depends on who is defining it.

And it is your definition, not the editor's, which matters. The paper stays in business if it does a competent job of fulfilling your definition of news. If it devotes itself just to the editor's conception of news, it soon fails.

When a newspaper man speaks of his news judgment he doesn't mean his ability to determine what really counts under some mysterious process of selection. He means, instead, his ability to surmise what you will consider news. How good he is and how successful the paper is depends on how unerringly he can make that surmise.

All readers won't agree that some particular item is news, naturally, but the editor must meet each reader's definition often enough so that every reader will feel he's getting his money's worth when he buys the paper.

That is where and how you have such a very big hand in determining what goes into it.

Now as to the effort to take this function away from you. It lies in a growing effort by people, who are neither editors nor representatives of the readers, to decide arbitrarily which facts shall be printed—without reference to what any individual might consider news.

The people are the censor-minded. They appear in government and in pressure groups. They include those who try to conduct government behind closed doors and in secret places. They are all those who would take away free access to information which the citizen, with his individual right to say what is news, is entitled to have.

What baffles and frustrates the editor in the face of this is an attitude he not infrequently encounters among those who are being cheated of the right to decide for themselves what news is. When he talks about freedom of information, he often hears that what he really means is some undefined special privilege of his own. He is complaining, he is told, because his vanity is hurt.

What he rails against is nothing of the kind. His protests concern something he was never vain enough to do. That is, insist on deciding what news is without reference to what those who buy the news consider it to be.

National Newspaper Week's purpose will be served if you, the reader, pause to contemplate the big part you play in printing news and whether you are willing to have that part taken away from you. A sure way to lose it is to reason that when freedom of information goes the editor is the only loser. You lose far, far more than any editor possibly can.

NEW RESERVE SYSTEM—

The Armed Forces Reserve Act of 1955 provides that men who enlist in the National Guard when under 18 1-2 years of age, thereby having a liability to serve until age 28 in order to maintain a deferred status, may reduce that liability to a total of eight years by participating in active duty for training not less than 3 consecuive months. Department of the Army has determined that the initial training period to be provided under this act is to be six months and the first increments have already reported, about October 1. It is contemplated that a new training cycle will commence each week once the program has been initiated. This training will be open to members of the National Guard under certain conditions. They are trying to attract as many volunteers as possible for this program so for further information on the subject, see M-Sgt. Popwell at the Nationad Guard Armory in Clanton.

IT'S MY OPINION

Too many times we folks are inclined to give others too little credit for something they have done or accomplished because they are not grateful for the praise. All this is true, but does it make their accomplishment any less noticeable?

In other words, even though a person isn't humble enough about his other talent, doesn't mean that they don't still deserve full recognition from you.

It's agreeable that a person should have the humility that goes along with fame, but the point is that their talent and their personality are, in a sense, two different things entirely. A person can be very admirable in talent and very undesirable on a friendship basis.

Recall times when you yourself have listened pleasantly to some talented person whom you knew was high-hat and stuck-up. You enjoyed the performance whatever it was, anyway, didn't you?

I know, we say, well they're plenty good, but I'll be darned if they're gonna hear me say so. That's being selfish about it, I don't care who practices it.

If a person does something you think is admirable, then by all means, given the chance, tell them what you thought of them. It will help their opinion of you considerably and will doubtless, in the long run, help you in your opinion of them. Chances are they aren't as bad as folks make them out to be. You know, too many times folks run another down because they resent what the other person has accomplished. That's pretty narrow-minded you say? True, but there are those who practice it just the same and you have to weigh the facts and the fantasy to come out with a very intelligent conclusion

Four New Members Join Alabama College Faculty

Montevallo, Ala.—Four new members joining the Alabama College faculty this fall are Dr. Arthur Fraser, Miss Martha Charnock, Miss Dorothy Coleman, and Mr. Andrew J. Kochman, Jr.

New staff members assuming their duties the first semester are Miss Evie White and Miss Mary Gillam.

Dr. Fraser, Professor of Music. Winnipeg, Manitoba, Canada and his M. A. and doctorate degrees from the University of Manitoba, is the new Director of the College's School of Music. Professor Fraser received his baccalaureate degree from Columbia University, New York. Prior to joining the faculty at Montevallo he held teaching position in Winnipeg; Whitworth College, Spokane, Washington; and was Associate Professor of Music at Howard College, Birmingham. A veteran of World War II seeing action in Western Europe, Dr. Fraser is a member of the Music Educators National Conference and the American Symphony Orchestra League.

HERE'S A CHECK LIST showing how to put your car in tip-top shape for those icy blasts. It's courtesy of the National Carbon Company, makers of "Prestone" anti-freeze, who remind us that these are the days when old man winter slips in over night, so don't be caught asleep.

✓Check entire electrical system, including battery, spark plugs, distributor points, condenser, generator and voltage regulator, cleaning, adjusting and replacing items needed.

✓Check fuel system, clean and service gasoline filters, strainers, carburetor, and air cleaner in accordance with car manufacturer's recommendations.

✓Drain and flush cooling system. Use recommended cleaning compounds, where necessary, to remove rust scale. Check entire cooling system for leaks, replace deteriorated hoses and faulty gaskets. Tighten cylinder head bolts and hose clamp and be sure fan belt tension is correct; replace worn or frayed fan belts. Check thermostat and heater operation and you're set to install a good all-winter anti-freeze.

✓Check engine for faulty rings, valves and possible loss of compression.

✓Check transmission and differential, change to lighter oils and greases where recommended.

To add spices to cakes, rolls, cookies, etc., sift them with the flour.

STANTON NEWS

RUTH HICKS

Mrs. Annie McCormack is very ill and is a patient in the Selma Baptist Hospital. Mrs. McCormack has many friends in this and adjoining communities who will regret to learn of her illness.

Mrs. Helen Atchison, daughter of Mr. and Mrs. Ben Atchison, and Mrs. Walker's two children will leave soon for overseas to join Mr. Walker.

The former Irene Atchison is spending thirty days with her parents, Mr. and Mrs. Ben Atchison at their home here while her husband is undergoing special training with Uncle Sam.

The Rev. and Mrs. Joe Davis motored to Floyd Church where the Rev. Davis brought the Sunday messages that day.

Mrs. Eula Ruddick, Mrs. Ora Davis and the Rev. and Mrs. Eddie Ruddick of Brent, Ala. motored to Selma last Friday and attended Sunday School Conferences at Central Baptist Church.

The Rev. Joe A. Davis joined this group in Selma Friday night.

This community and adjoining communites were deeply saddened late Saturday afternoon when the message that Cecil V. McKee had passed at 4:30 p.m. in the Veterans Hospital in Birmingham. Cecil was born and reared near Clanton in the Fairview Community. His father being Mr. J. N. McKee and his mother, Mrs. Martha Maddox McKee of Maplesville. Cecil was a victim of Leukemia. He had been in and out of hospitals for a number of years. All that could be done was done for Cecil and he put up a very brave fight; always bearing his suffering with patience and with such determination to live and lead an active life. Cecil was a veteran of World War II and learned of his Leukemia condition in Oct. of 1949, however, this illness was of a longer duration.

Cecil was 44 years of age last February 6th, he loved life, his friends, and was a very devoted husband and father. He married on May 15, 1943 Miss Frances Terry, daughter of Mr. and Mrs. L. R. Terry of Stanton and had made his home with Mr. and Mrs. Terry since his marriage. To this union one daughter, Ann McKee was born. Other survivors are two sisters, Mrs. Lon Keen of Clanton and Miss Inez McKee of Maplesville, his father and mother, Mr. and Mrs. J. N. McKee of Maplesville and one brother, Mr. Von McKee of Clanton.

Cecil was a member of the Plantersville Methodist Church and and taught a Sunday School Class A charter member of the Plantersville Civitan Club and a Steward of the Methodist Church. Cecil was active in all community affairs and never passed up a chance to help those in need. He made friends wherever he went and his friends feel his loss very deeply. Cecil has studied and prepared himself for a very responsible job as "Material Engineer" with the State Highway Department of Montgomery, covering entire Central Alabama.

Funeral services took place at the Methodist Church in Plantersville. Monday morning at 11 a.m. with the Rev. Dallas Blanchard, Birmingham Southern College student, officiating. The body lay-in-state for two hours before the funeral. Pallbearers were: Wendell Smitherman, Tom Martin, Jr., Lester Sherrer, Boris Levins, Dayton Lovelady and Julius Sample. Honorary pallbearers were members of the Plantersville Civitan Club. Beautiful music from the electric organ was rendered by Mrs. Tom Martin, Jr. during the time his body lay-in-state and during the funeral. Mrs. Evie Carroll sang beautifully "Beyond The Sunset". The Spigener Funeral Home of Clanton had charge of the funeral. Burial in the Methodist cemetery. The floral arrangements were many and beautiful and were arranged by Mr. and Mrs. Oran Carroll, Mrs. Julius Sample and Mrs. Boris Levins.

Mr. and Mrs. A. D. Eaves are returning home this week from a very pleasant stay with their children in Montana. Mr. and Mrs. Merritt Walker are coming home with Mr. and Mrs. Eaves for a visit of several weeks. Mr. Eaves is much improved after having undergone surgery while in Montana.

Mrs. Placidia Sims is in Oak Ridge, Tenn. Mrs. Sims is with her brother, Mr. John Huff, Jr. and his family.

Mr. Arkie M. Bledsoe of Perry County is a patient in the Selma Baptist Hospital in Selma. Mr. Bledsoe is a brother of Mrs. Velma Huff. Mr. Bledsoe suffered a fall from a wagon early last Wednesday morning. We are glad to report that he is improving.

Mr. and Mrs. Charlie Gay visited their son, Mr. J. D. Gay and his family in Centreville last Sunday.

Mr. and Mrs. Don Hicks of Hueyberger, Ala. visited their mother, Mrs. Mary Hicks last Sunday.

On Saturday afternoon, September 24th, Mrs. E. A. Fischer of Vine Hill gave a Tea for Miss Sara Johnson at her home. The house was beautifully decorated throughout. Guests were greeted by Mrs. Fischer and Mrs. Zula Duncan. In the receiving line were: Mrs. T. E. Fischer, Miss Sara Johnson, Mrs. Charlie Johnson, mother of the bride-to-be, and Mrs. Ben Atchison, mother of the groom-to-be and Mrs. E. P. Jones, sister of the bride-to-be. Mrs. J. W. Thomas had charge of registering the guests.

The dining room table was beautiful. Assisting with the serving were: Mrs. Ella T. Byrum, Miss Irma Atchison, Miss Edwina Carter and Miss Alma Jean Walker.

Many beautiful and useful gifts were displayed in the den by Mrs. Elrene Tille of Phoenix, Ariz, Mrs. Pearl Ousley and Mrs. Helen Walker.

The meeting was closed with sentence prayers.

Chilton-Unity—

Chairman Speaks On Stewardship

Do you enjoy giving yourself a test and checking it? Do you like to see houw well you show up and at what points you are weak? Here is a suggested devotional discussion to be presented to your women for October. Let each member examine herself and look closely into her spirit and practice in giving and for her joy and strengthenng prove whether excellent, good, fair or poor in:

Proving Your Allegiance

Whom, or what do you serve? Who is the real ruler and director of your life—who is your master? Jesus declared, No Man can serve two masters, for either he will hate the one and love the other, or else he will hold to the one and despise the other, ye cannot serve God and Mammon, Matt. 6:4.

God is a spirit, He is the God of spiritual natures. Mammon is the god of wealth, of money, of material things. Your allegiance to God or to money classifies you as spiritual or material in your real nature. Jesus did not say you ought not try to serve both God and Mammon, He said You cannot do so. Choice must be made between them it is one or the other.

Facing the decision between taking a well paying job that might lead to a career of worldly success of giving your life to the service to which you feel Jesus calls you may be your test of allegiance. Deciding between putting more into your bank account or more into the mission offering may be the test for you. Many a woman can best test for loyalty and fidelity by comparing what she has put into her jewel case or wardrobe or crystal cabinet with what she has put into God's treasury.

It is sad that the profession and practice of some who wear the name Christian do not always agree. Even though one professes to trust God if his time and interest and strength and abilities are given to making and storing money or accumulating things, the evidence seems to prove his trust in Mammon.

Will you consider afresh where our allegiance is placed actually. Jesus says we hold to the master we serve. Examine and see to which you are holding to God or to things and money.

The little boy was standing by his mother in the presence of a world statesman, Shake hands my boy, sad the great mani. The child put out his left hand, The other hand, corrected his mother. I can't, I've got my marbles in it, the boy replied.

We miss the warm touch of the masters hand if we try to hold onto things and money instead of putting our hands in his, empty and readey to serve in loyal allegiance to our Lord.

—Mrs. E. H. Crane, Stewardship Chairman.

CARD OF THANKS

The thoughtfulnes sand kindness of our friends shown in our recent bereavement are more deeply appreciated than any words of thanks can ever express. We shall always hold in grateful remembrance all the many expressions of sympathy.
—The Branch and Maddox families.

BAKE THIS BREAD IN A CASSEROLE

It's so easy and quick to have home made bread when you use the new batter method. No longer do you need to set aside a day for baking since Casserole Bread needs to rise just once and needs no kneading at all. Double the recipe to make 2 loaves of this flavorful bread — you'll find it will give new pep to lunchbox sandwiches.

RAISIN CARAWAY CASSEROLE BREAD

- 2/3 cup hot water
- 1/2 cup sugar
- 1 1/2 teaspoons salt
- 1/4 cup shortening
- 1/2 cup warm, not hot, water (lukewarm for compressed yeast)
- 2 packages or cakes yeast, active dry or compressed
- 1 egg, beaten
- 3 1/4 cups sifted enriched flour
- 1 cup seedless raisins
- 1 teaspoon caraway seeds (optional)

Mix together hot water, sugar, salt and shortening. Cool to lukewarm. Measure 1/2 cup water into mixing bowl (warm, not hot, water for active dry yeast; lukewarm water for compressed yeast). Sprinkle or crumble in yeast. Stir until dissolved. Stir in lukewarm water mixture. Add egg, flour, raisins and caraway seeds. Stir until well blended, about 2 minutes. Let rise in warm place, free from draft, about 50 minutes or until more than doubled in bulk. Stir down. Beat vigorously about 1/2 minute. Turn into greased 1 1/2 quart casserole. Bake uncovered in hot oven at 400°F. about 45 minutes.

Happy Birthday To ...

"Little Chick" Wade Who Is Six

Chick Wade celebrated his 6th Birthday on Monday, September 26, when his mother, Mrs. John C. Wade entertained his classmates and teacher, Mrs. Winifred Leeroy with a party during the afternoon play period at the Clanton Elementary School.

The large birthday cake was beatifully decorated with the color green and held an airplane on top.

Mrs. Raybon Crew assisted Mrs. Wade in serving individual cup cakes with the number 6 on top and ice cream to approximately 35 boys and girls.

Each child was presented a balloon and whistle as party favors.

CARD OF THANKS

I wish to thank all friends and relatives and Dr. Johnson for all kind services rendered me during the illness and death of my beloved wife.

May God's richest blessings rest upon each of you is my prayer.

Helpful Hints For Housewives

Cut interfacing for collars, cuffs, and pocket flaps off about half an inch at the corners to make sharper corners on the garment pieces.

Clothes age more slowly if they are hung properly between wearings. It's especially important to see that shoulder pads and seams are in place.

Melt cheese in medium white sauce over low heat to make a delicious accompaniment for vegetables such as asparagus and broccoli.

A few grains of salt speed up the task of beating egg whites and whipping cream.

Use freezer wrapper paper or freezer foil to wrap packages of perishable goods for shipment over long distances, especially overseas. These materials will seal the package, thereby keeping the food fresher.

Many manufacturers provide stores with instruction sheets on the care of novel fabrics they sell, so ask salespersons for these instructions when you buy.

The "toothpick test" is a simple way of telling when a cake has been baked long enough. Just stick the toothpick down in the center of the cake, then pull it out. If no batter or crumbs ahrere to it, the cake is done.

Crushed cereal flakes can often be substituted fir bread crumbs in a meat loaf or casserole dish.

For Marking Patterns Quicker And Easier

Getting pattern pieces marked correctly is one of the first ve important tasks in putting toge a well-made garment. But with the right equipment, this job is surprisingly easy.

Accorling to API Extension Clothing Specialist Kathleen Thomp son, a tracing wheel and dressmaker's carbon are the tools that will do the most accurate mar job. When the pattern piece is on the fold, arrange the right s of the cloth back to back and, er cutting, take a folded piece of carbon paper and slip one end un der the material and the other tween the material and the pat Then trace the marks with the wheel, and they will appear on the wrong side of the cloth.

Mulberry Baptist News—

The new year of church work got off to a fine start at Mulberry last Sunday. The new officers and teachers were in their places of service, and all did a fine job.

At the Sunday Morning Service the pastor preached on the subject "God in The First Home." Sunday night he spoke on "When Jesus Comes." Next Sunday's subjects will be "Sin in The Home" and "The Judgement."

All will be interested in the news that Mulberry's note at the bank on the pastorium building was paid off Saturday. Shortly after the completion of the pastorium, the church borrowed $2,000.00 at the bank to pay off all bills. Saturday Gordon Conway contributed $17.85 to finish paying the bill, after the fourth bale of cotton lacked this much paying off the remainder of the note.

More than 35 cotton pickers gathered in the church cotton patch and picked Saturday. Another group had picked on the Tuesday before. When the pickers stopped Saturday one bale that ginned 528 pounds of lint cotton had been sent to the gin and about 650 pounds of seed cotton on the fifth bale was on hand. It has been estimated that there will be enough cotton left to finish out the fifth bale from the patch.

Mrs. Novice Jones announces that L. S. Calfee will be the leader in prayer meeting next Wednesday night. All of the people of Mulberry Community are invited to attend.

The Youth Fellowship met with Brother and Mrs. Evan Johnson at the pastorium following the Evening Worship Service Sunday Nite.

A good number of the Young People and Intermediates of the church attended. Mollye Webster had the devotional. At the close of the meeting, Mrs. Johnson served refreshments. It was suggested that if any of the homes in the community would like to have this group meet with them some Sunday Night, that they contact Ronnie Hayes, Anna Mae Fox or Annette Veazey. The Youth Fellowship meets for about an hour every other Sunday Night. The next meeting will be on October 16 with Anna Mae and Geraldine Fox.

The monthly business meeting of the Mulberry Baptist Church was held following the Morning Worship Service Sunday. A budget for the coming year was adopted, and other business discussed.

Nert Sunday will be Communion at Mulberry, immediately following preaching services.

The envelopes and a complete record system was used throughout the entire Sunday School and Baptist Training Union last Sunday. This system may require a little more time but it will be worthwhile in a better record keeping system.

The library is open every Sunday morning and Sunday night, also on Wednesday night, if anyone wishes to check out a book.

If you know of some older person who would enjoy reading our books from the church library let Mrs. Wells, church librarian, know about it. She will see that they get a book.

The Jr. G. A's met last week in the lunch room at Isabella. After a short business meeting Mrs. Lewis McGee, counselor, carried the members to the Cloverleaf Motel where they left a number of the Gospels of Luke for the tourists. The eight girls and counselor enjoyed ice cream at the Dairy Queen.

The Mabel Woodward Circle will meet with Mrs. Louise Williams on Thursday night, Oct. 13.

The Ruth Ford circle meets with Mrs. Ethel Cummings on Tuesday night Oct. 11 at 7 p.m.

On last Sunday little Stevie Tucker, son of Mr. and Mrs. Jack Tucker, attended his first church service. He was with his parents and brother at Mulberry on Sunday morning.

We were all happy to have Mr. and Mrs. Ernest McCary of Concord, California, in our service at Mulberry Sunday night. We always welcome visitors at Mulberry.

A committee was appointed Sunday to see about having a Homecoming at Mulberry some time next year. If you would like to have a Homecoming let one of the committee know. They are Mrs. Mollye Smith, chairman;; Mrs. Eula Tucker and Mrs. Flossie Wells.

CHESTNUT CREEK NEWS

Mrs. Eva Jones

We had a good attendance for Sunday School. This marked the beginning of a new year for Chestnut Creek Church, with new officers and teachers. Let us all pray for greater unity and co-operation throughout the coming year.

Our Superintendent, Mr. Victor Davis, brought the devotional with the Rev. C. M. Clinkscale bringing the message at 11:00 a.m.

Lloyd Boswell was our song leader for both services.

We welcome all of our visitors.

Our Training Union begins Sunday night at 6:30 and preaching services at 7:30. We invite everyone to come and visit with us.

The Baptist Convention will be held at our church Wednesday, Oct. 4th. The delegates from the church are, Mr. and Mrs. John Sorrell, Mr. and Mrs. Joe B. Jones, Mrs. Lee Grant and Mrs. Jones. Three other delegates from class no. 1 will also attend. Everyone is invited. Lunch will be served at the noon hour.

Wednesday night is our regular prayer meeting night. Let us all go and worship in song and prayer.

Myron and Michael, twin boys of Mr. and Mrs. Homer Clyde Jones, celebrated their first birthday on September 30th. Mr. and Mrs. C. E Jones of Coopers are the proud grandparents.

We are happy to welcome Mr and Mrs. Robert E. Jones and son Steven, back to Coopers. They were previous residents of Clanton.

Mrs. R. A. Jones, Mrs. John Cagle and Mrs. Alvin Driver motored to Birmingham Wednesday afternoon shopping.

Mrs. Eddie McCary spent the week end with her parents, Mr. and Mrs. C. E. Jones.

Mr and Mrs. Doster Gruber are leaving for South Carolina where they plan to make their new home. They are the daughter and son-in-law of Mrs. Sarah A. Jones.

Mr. and Mrs. H. J. Taylor's daughter, Fannie Jean and husband, spent the week end with them.

Several of our people from Cooper attended the singing convention Saturday night and Sunday afternoon. We were glad to see Mr. Ammy Boswell able to direct and sing again for the first time after a very serious illness. Other song directors from Cooper were Mr Lee Grant, Mr. and Mrs. Jack Jones, Lloyd Boswell and Mr. and Mrs. Audie Brown.

Fuel wood should be cut and seasoned before the first cold weather arrives. Seasoned wood has one-fourth more heating value than green wood.

NEW SALEM BAPTIST

We had a wonderful service this Sunday, just as usual. The Lord is really blessing us here at New Salem. We feel that our church is really growing.

There was no service held here Sunday morning because of the death of Bro. Jack Parker. We extend to the family of Bro. Parker our sympathy. Bro. Parker will be missed in our community because he had many friends here and we have learned to love him and his family.

We had a wonderful crowd here at the Youth Rally Saturday night. The Lord was present. Anyone who missed this meeting really missed a blessing. We had a wonderful testimonial service. I think it was wonderful to hear the young people stand up for Christ. I believe it was the most wonderful service I have ever been in. I thank God for the young people who aren't ashamed to stand up in public for Christ.

We had several visitors with us Sunday night, which we were very happy to have. We give all a special invitation to come out and worship with us.

Let us not forget to pray for our pastor and our church, also remember the Parker family.

Our church calendar:
Sunday School 10:00 a.m.
Worship hour 11:00 a.m.
Training Union 6:30 p.m
Midweek prayer service 7:00 p.m.

there's one school bell
that rings every day in the year

- The great American ritual of buying a book strap, freshening the lunch box and sliding youthful feet into stiff, new shoes begins once more. School bells are ringing again after a long summer silence.
- But there is one bell in your community that rings every day in the year for school children— the Gulf, Mobile & Ohio locomotive bell. Last year its business-like tone meant almost *one million and a half dollars* in tax payments for educational purposes alone. A tidy sum for a very important obligation.
- As taxpayers too, you should follow the progress of pending legislation, recommended by President Eisenhower's Cabinet Committee on Transportation, to allow each form of transportation to compete on an equal basis— without special advantage to any.

The Benefits Of Conserved Soil Are Multiple

"We can use a lot of the capital and the labor we have in every community to put complete soil and water use programs in effect on individual farms . . . Soil conservation and the kind of farming that goes with it are not only right morally, they pay big dividends in dollars and cents."—Chester C. Davis

The old frontier is gone, but there is a new day . . . New Land is our own farms . . . through soil conservation.

One inch of topsoil blown or washed from one acre of ground amounts to approximately 162 tons soil conservationists say.

Save the thin layer of soil in which your living is rooted.

"If this nation is to hold the basis for its future greatness, each generation must preserve and enhance the soil resources for the use of generations to come."—Chester C. Davis.

"The day is gone, if it ever existed, when the fact that an individual holds a deed to a piece of land gives him the moral right to destroy it through stupid shortsighted farming practices."—Chester C. Davis

"A country's resources are the gift of nature to an entire people They do not belong to this generation, to the last, nor to the next. No single man or generation can ever earn the right to use them wastefully."—Cheyney and Schantz-Hansen in "This Is Our Land."

Soil conservation includes any and all measures that will in any way increase the productivity of the land and cause the land to keep on producing satisfactorily.

Thomas Jefferson regarded agriculture as "a science of the very first order" and urged its inclusion in college curricula.

The natural resources of America are the heritage of the whole nation and should be conserved and utilized for the benefit of all our people.

Thorsby First Baptist Will Hold Homecoming And Fall Revival

Mr. Billy Childress

Sunday, October 16, has been set aside by the First Baptist Church, Thorsby, Alabama as the time to invite all who will to come and share with us a special program that has been arranged for the day. We have looked forward to this privilege for quite some time. However, due to the building program, we have not been privileged until now to realize this opportunity.

We take pleasure also in announcing that Sunday, October 16, is the time set for the beginning of a series of evangelistic services which will continue through Sunday, October 23. The morning services will begin at 7:00 a.m. and the evening services at 7:00 p.m. Prayer groups will meet at 6:30 each evening during the revival. We are fortunate to have Rev. Fred Halbrooks of Montgomery as our visiting evangelist. Bro. Halbrooks is a graduate of Howard College and of the Southern Seminary at Louisville, Kentucky, and has had wide experience in the field of evangelism and also as a pastor. He has been accepted by the Foreign Mission Board as a missionary and is assigned to sail for equatorial Brazil in December. This will not be the first time for Rev. Halbrooks to come to our church. Many of us remember with a great deal of delight the very splendid service he rendered in conducting a revival here a few years ago. It is also our pleasure to have with us as the evangelistic singer Mr. Billy Childress from the Central Baptist Church in Selma. He is a Thorsby boy and a former member of our church, and it is our privilege to have in the membership of our church his father and mother.

Rev. Fred Halbrook

Recommended Grain Listed For 1955

Small grain variety recommendations for 1955 were released this week by Frank L. Selman, agronomist of the API Agricultural Experiment Station.

The recommendations are based on results of tests conducted throughout Alabama by the Experiment Station in an effort to determine the best small grain varieties for the state.

Varieties for grain production only, and oat varieties for forage and grain production are included in the following recommendations for the 1955-56 growing season:

Central Alabama—First choice oat varieties for grain production are Fulgrain, Fulwood, Mustang, and Victorgrain 48-93. Second choice varieties are Arkwin and Desoto. Recommended oat varieties for forage and grain are Atlantic, Desoto, Fulgrain, Fulwood, and Victorgrain 48-93.

The small grain variety tests were conducted on the Sand Mountain, Tennessee Valley, and Upper Coastal Plain substations, and Alexandria Experiment Field in northerr Alabama; the Alivecille, Prattville, and Tuskegee experiment fields, the Piedmont and Black Belt substations, the Tallassee Plant Breeding Unit, and the Main Stations in central Alabama; the Lower Coastal Plain, Gulf Coast, and Wiregrass substations and Monroeville and Brewton experiment fields in southern Alabama.

Folsom Issues Two Proclamations On Nationally Observed 'Weeks'

Montgomery, Ala. — Governor James E. Folsom this week signed two Proclamations.

Governor Folsom proclaimed the week beginning October 9, 1955 as Fire Prevention Week. He calls upon the citizens of all communities in the State to organize effective programs for reducing the needless waste caused by preventable fires. He also urges State and local governments, the American National Red Cross, the Ntional Fire Waste Council, the Chamber of Commerce of the State of Alabama, and business, labor, and farm organizations, as well as schools, civic groups, and public information agencies actively to observe Fire Prevention Week. He is directing the appropriate agencies of the State of Alabama to assist in this national effort to reduce the loss of life and property resulting from fires.

Governor Folsom proclaimed the period October 10 through October 16 to be Oklahoma Songfest Week. The people of Oklahoma are now preparing for a year-long celebration in 1957 commemorating the 50th anniversary of Oklahoma's admission to the Union of States. Oklahoma heritage has been an inspiration for many great American classics in both literature and music, and some of the world's best loved music has been inspired by the people of Oklahoma. Some of this music will be presented to the nation in a special songfest during this period, and the Governor urges all the people of the State of Alabama to join the people of Oklahoma in observance of "Oklahoma Songfest Week."

Marine Band To Play At Lanier

Central Alabamians have a musical treat in store for them Sunday, Oct. 16, when the famed United States Marine Band plays at the Lanier Auditorium in Montgomery.

The colorful Marine Band, known to millions of Americans through its two weekly coast to coast radio broadcasts will present two performances in Montgomery, on that date, an afternoon matinee and a night concert.

Montgomery's Capital City Kiwanis Club is bringing the Marine Band to the city. Proceeds will go to the civic club's charity and youth work.

temporary music such as Rhapsody bamians to hear the world famous band which will play a varied program planned to please the entire audience. Everything from stirring traditional marches to popular contempirary music such as Rhaapsody in Blue will be heard.

The 157 year old band, called the oldest military symphonic music organipation in the country, will travel 6,500 miles through the southeastern section of the country during the tour which brings the band to Montgomery.

Tickets may be purchased at the door of the Lanier Auditorium before each of the two performances or may be obtained by writing Edward H. Daniels, P. O. Box 461 Montgomery.

Kiwanians particularly invite high school band members to see and hear the Marine Band. Tickets are $1, $1.50 and $2.00.

Birt Appointed To State Publicity Department

A well-known Alabama newsman, Geoffrey Birt, 43, of Montgomery, has been appointed Assistant Director of the State Department of Publicity, Director Pleas Looney announces.

Birt, a former Englishman, has a degree in economics, and is a veteran of World War II—serving as a flying officer of the Royal Air-Force, 1941-46. As a RAF cadet, Birt was trained in Georgia and at Maxwell AFB, Montgomery. He has spent 11 of the past 14 years in America—most of the time in Alabama—and became an American citizen in 1948. He is married to the former Louise Tharpe of Lee County, and Montgomery. They have one daughter.

Between 1946-54, Birt was a staff writer with the Montgomery Advertiser, and editorial writer and senior reporter with the Montgomery Examiner, 1954-55. Prior to World War II, he was a staff member with the Northcliffe Newspapers, London, of which the London Daily Mail is the parent newspaper.

Since 1946, Birt has also become widely known over the State as a speaker and lecturer.

Mrs. Hugh Jones To Head ACS Education Program

Notice of the appointment of Mrs. Hugh Jones of Clanton as Chilton County educational chairman of the American Cancer Society for the year 1955-56 was received today from Mrs. Lillian G. Meade of Birmingham, executive director, Alabama division ACS.

Mrs. Jones served the American Cancer Society in this county as Educational Chairman during 1954-55.

Mrs. Jones has demonstrated considerable "interest and enthusiasm for the work of the American Cancer Society," Mrs. Meade declared, "and we feel that we are fortunate to have such fine leadership in this capacity for carrying on the educational work of the American Cancer Society."

The county educational chairman is responsible for the ACS program to alert the public to cancer's danger signals, and to bring about a greater number of cancer cures through early diagnosis and treatment.

Through the use of films, posters, educational talks before civic groups, newspapers, radio stations, and television stations, the American Cancer Society seeks to inform the public of all the latest developments on cancer.

"Twice as many people could be saved from cancer as are now being saved, by taking advantage of the present knowledge of cancer," Mrs. Jones said. "It is the aim of the American Cancer Society to increase the percentage of cures by encouraging men and women to see their physicians periodically for thorough examinations."

As county educational chairman Mrs. Jones will be asked to attend a 1955-56 planning meeting of the American Cancer Society in Montgomery on October 19. Others in this county who are interested in the educatiinal work of ACS are invited to attend this meeting, at which cancer research, service to medically indigent cancer patients, and cancer education will be discussed.

Preaching 11:00 a.m.
BTU 6:30 p.m.
Preaching 8:00 p.m.
Prayer meeting 7:00 p.m. Wednesday night.

Our attendance in Sunday School was 99, an increase over last Sunday. Collection Sunday was $122.00.

We were happy to see the many visitors, and we welcome you back.

The Study Course began Monday night, October 3rd at 7:00 p.m. until the book has been complete.

Teacher for the adults will be Rev. J. L. Adams and Mrs. Frances Gregg will teach the young people. We urge each member to come and take a part in this. The book to be studied will be Homes That Last.

Sunday will be Laymans Day, and each class will be taught by a man. Bobby Eddy will bring the morning message.

We urge you to come and be with us and I am sure you will get a blessing from it.

Again we thank the many people who have been so faithful in helping us to complete our pastor's home. They will be working again on it this week, Tuesday and Thursday nights.

The G. A.'s will meet Thursday afternoon at 3:00 p.m. at the home of Judy Green.

We have many from our community on the sick list this week. We want you to know that we are praying for you and hope you will be back to church soon.

Let's try to make this year the best and most prosperous yet. So come to Sunday School and Training Union.

Graze properly and raise plenty of beef; overgraze and "beef" plenty!

CARD OF THANKS

We wish to thank our many friends and neighbors for their generosity in the gifts last Saturday night. Especially do we thank the churches and the pastors for their thoughtfulness to the family. May God's richest blessings be yours.

SLIPPERY WHEN WET

A Sign Your Life is in DANGER

You're driving on a dark-surfaced highway. The sky becomes overcast. It begins to rain. Traffic bunches up. You strain to see. "Slippery" warnings keep you tense. Then—suddenly you pass onto light-colored concrete. What a relief! Traffic moves out. No "slippery" signs. You *know* you're on a safer pavement.

Yes, the difference between a sickening swerve and a safe, quick stop often is the pavement. Concrete grips tires—helps you avoid accidents. Wet or dry, its gritty texture provides uniformly high skid resistance.

Remember, no driver expects trouble but if it comes your chances are much better on concrete pavement.

Start Leaf Compost Now For Gardens

Auburn, Ala.—Those colorful leaves now beginning to fall in Alabama can furnish rich, cheap fertilizer for next spring's vegetable crop.

In reminding home gardeners that it's time to start compost piles, API Extension Horticulturist John Bagby explained that properly prepared plant compost not only provides plant food, but also saves moisture and makes the soil easier to work. This is Bagby's recipe for preparing a good batch of compost:

Spread a layer of leaves about eight inches deep and 10 feet square. Then sprinkle four to five pounds of commercial fertilizer and one pound of lime over the leaves, water well, and cover with a one-inch layer of garden soil. Repeat the process until the pile is about four feet high.

A dent in the top layer helps to speed rotting by holding rainwater. Extra water should be added to the compost if it becomes dry, Bagby said. He also recommended turning or mixing the pile once or twice.

Put a little vinegar in a new frying pan and bring it to a boil. Food will not stick to the bottom.

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

THE SPASTIC CHILD

Children with cerebral palsy are frequently referred to as "spastic" children. Cerebral means pertaining to the brain and palsy means a form of paralysis or lack of control of muscles, whatever the cause. Therefore, the "spastic" child is one who, because of some damage to nerve centers in the brain, suffers loss of control over motion or sensation in some part of the body.

Injury to the brain may have been present at birth or may occur in the birth process of the child, or perhaps the damage to the brain may have been inflicted through disease or injury during the early years. Unfortunately, little can be done about permanent damage to the tissues of the brain.

Much can be done, however, to train the children who have been so crippled.

There are three general type of children afflicted with cerebral palsy: athetoid (ataxic and spastic. The child with athetosis makes random involuntary motions, usually with some muscle tension. The Ataxic child has difficulty with maintaining balance, and the spastic child performs motiins sloyly and frequently inaccurately. Sometimes the mind itself is affected.

A determination of the intelligence of the child is important. Unless the child has sufficient intelligence to gain from an improvement in his condition, the undertaking of a long and costly orthopedic program is futile.

When the intelligence has been evaluated, a program of patience and understanding should be incorporated with that of training and education.

With proper training, many patients can be made much easier to care for in the home or in an institution. Even the severly handicapped can be taught to do many things for themselves and the mental retardation can often be corrected with appreciable results. According to one authority, educational problems can be solved for many, and general appearance can be improved. Many can be made completely independent, nd many will to all practical purposes becime normal.

Hunting Season Open On Four Animals Now

Montgomery, Ala.—W. H. Drinkard, Director of the Alabama Department of Conservation, announced here today that hunting seasons on four game animals opened throughout the state, Saturday, October 1.

Drinkard said that legal hunting of oppossums, raccoons, rabits, and doves will open on the morning of October 1. Dove shooting, which will be opened during two portions of a split season, will be allowed this year all day beginning at a half hour before sunrise to sunset. Shooting of rabbits will be allowed by law from sunrise to sunset.

The Director of Conservation pointed out that hunting of 'coons and 'possums is a special case. These animals can be taken with guns in any county of the state between daylight and sunset and can be hunted at night in all counties without using guns. In addition, Drinkard said, nighthunting of 'coons and 'possums using light, dogs and shotguns with No. 8 or smaller shot is legal between the hours of sunset and daylight in the following counties:

Lauderdale, Limestone(Madison Jackson, Morgan, Marshall, DeKalb, Cullman, Etowah, Cherokee, Colbert, Franklin, Marion, Lamar Fayette, Pickens, Tuscaloosa, Shelby, Sumter, Greene, Hale, Bibb, Perry, Chilton, Coosa, Tallapoosa Chambers, Dallas, Autauga, Elmore, Lee, Wilcox, Lowndes, Montgomery, Macon, Russell, Bullock, Butler, Crenshaw, Pike, Barbour, Covington, Coffee, Dale, Henry, Geneva and Houston.

Nighthunting of these two animals with use of guns is prohibited in all other counties, but may be done with lights and dogs, Drinkard said.

The season for hunting raccoon and 'possums as game will extend from Oct. 1 through Feb. 20; the open season for hunting rabbits wil extend from Oct. 1, through Feb 15, and the split season for shooting doves will extend from Oct. 1 through Oct. 18 and from Dec. 16 through Jan. 1.

Other seasons opening during the next few weeks include the squirrel season which will open north of U. S. Highway 80 October 15 through December 15 and south of U. S Highway 80 November 1 through January 1; the bow and arrow season on deer and turkey which will be open November 1 through November 9; the regular deer season which will open in certain counties and areas November 10; the fall turkey season which will open in certain counties and areas November 20; the waterfowl seasons which will open November 7 and the quail season which will open November 24 and close February 15.

Marines Start Fall Drive For Enlistments

The U. S. Marines are starting their annnual volunteer-only fall drive with the added incentive of a three year enlistment.

This was learned today when Sgt. Collier, Marine recruiter for this area stopped by the newspaper office and left the whole plan for enlisting in the Marines.

"Every year about this time," Sgt. Collier said, "we try our best to offer something different to prospective applicants who desire a career with the Marines.

"For instance, it has been a long time since we were able to enlist a number of young men for three years. But now it's a fact. A young man can enlist and leave immediately. We are continuing to stress high qualifications for our applicants. That's why we are still an all-volunteer group with plenty of get-up-and-go."

Sgt. Collier said that he would be at the post office building from 9 a.m. until 4 p.m. to talk to you men who are interested in enlisting in the Marines. Sgt. Collier will visit Clanton each second and fourth Thursdays.

Before you light your furnace the first time this fall, place damp cloth over the grates. It will keep the dust blown up from ruining your furniture and drapes.

Should The Bible Be Your Guide?

There is a common view that Bible principles do not apply today, that they will not work in this twentieth century. What the Bible says about honesty, justice and integrity is often far from the world's mind. In fact, even some religious leaders do not think these principles really apply now. One clergyman went so far as to say that those who preach the Sermon on the Mount "have no expectatio nof trying to practice it, for if they did they would be summarily entombed in the wards for the mentally ill." (Clergyman Lon Ray Call at Unitarian Church of All Souls, New York City, June 29, 1952, as quoted in the New York Times, June 30.)

Rather than the Bible's high principles, enlightened selfishness is often honored today. There is a general view that if you are a businessman a little crime may pay; that if you are a lawyer a certain amount of dishonesty may be the best policy; that integrity is of value only so long as it is financially profitable. A world following the Bible's principles of peace, unity, upright morals and real Christian love would be so drastically changed from today's customs that it would seem almost beyond human recognition.

But is the rejecting of such Bible principles practical? Has the materialistic view proved better than the Biblican one? Are two World wars within this generation practical? Is political corruption? the soaring divorce rate? the rising tide of crime and dope addiction. Or do these things show that Jeremiah's words are true: "It is not in man that walketh to direct his steps?" Jer. 10:23.

Vast quantities of books have been written and published giving men's ideas on morals, ethics, human guidance. Probably millions of hours have been spent reading them. "Of making many books there is no end; and much study is a weariness of the flesh." (Eccl. 12:12) But have these books solved the moral and ethical problems. No, these problems are getting worse. The shoddy contention of self-centered men that God's Word is impractical falls flat in the light of the evidence that Bible principles do work today. Men who say they will not work identify themselves as men who have not tried them. If they say Bible principles are "visionary," then they are men without vision. "When there is no vision, the people perish.. but he that keepeth the law, happy is he." Prov. 29:18.

Bible principles are the basis of the laws of many nations. They have found their way into our everyday speech, and are the foundation of many of our common ideas. Most people will say that they agree with the Bible's principles. Probably you do too. But, unhappily, today's world is not really living by those principles. The Southern Baptist Convention, representing the third-largest religious group in America, stated that the cause for the decay in the standards of public and private morality lie in the thinking and practices of a public and private and civic affairs."

This has reached such a point that when we say that the narrow principles of Christianity are of the greatest value today, you may be asking: "What! Do you mean that Bible principles really work now? and that I should apply them even when the people with whom I am dealing do not?" Yes, that is exactly what we mean. An intelligent person cannot afford to overlook them.

Fishing Improving

Sportsmen can expect better fishing on "coolish" days ahead than they have had during the hot weather just past or will have when really cold weather comes, according to API Extension Fish an Wildlife Specialist Earl F. Kennamer.

Motion Sickness Can Now Be Prevented

"Travel" is a magic word that stirs romantic visions in most people. It is rarely considered unpleasant. But many a proud traveler will break down and confess that he, his wife or the children felt "just a little queasy" from motion sickness during that vacation trip.

Medical scientists have dug deep into the study of motion sickness and have recently made considerable progress in finding methods of preventing it. That their research on this universal malady has borne fruit is witnessed by a leading editorial in the scientific journal *International Record of Medicine*, which notes that "great heroes in literature or in history, no matter how strong-willed, courageous, and sturdy, often fell victim to motion sensitivity." Further evidence of the medical interest in the subject is found in the calling of the First International Symposium on Health and Travel, being held in New York, in which world authorities on motion sickness will report latest findings.

With a record travel year unfolding, in which probably half the population of the United States is on the move by auto, rail, plane, bus and ship, it is encouraging to find medical journals reporting that most motion sickness can be prevented. They say that the illness, which is much like an allergy, is actually divided into two distinct stages—a preliminary stage in which the individual loses interest in his surroundings, his appetite fades, he grows pale. Those whose journey ends at this stage may never know what the illness was. The others often go on to the acute stage, which includes nausea and vomiting.

"It is also not sufficiently appreciated," says the *International Record of Medicine*, "that large numbers of children suffer from car sickness . . . Infants, who are unable to explain their symptoms of malaise, are frequent sufferers during long car journeys."

Treatment Available

Motion sensitivity, according to the journal, can now be effectively blocked by preventive use of new drugs, such as meclizine compounds like Bonamine. Taken before the journey by a group of air passengers in one scientific study, one of these drugs prevented motion sickness in over 90 per cent; interestingly, only 62 per cent were benefited by the drug when it was taken *after* the symptoms of motion sickness had already appeared.

One of the main points driven home by the *International Record of Medicine* is that no one should any longer be timid or ashamed of admitting sensitivity to motion. With means of prevention readily available, all travelers can protect themselves and their families and thus insure a completely pleasurable trip.

Repair Equipment Now For Harvest

Anyone who has farmed ever one year knows very well he'll have more free time after the fall harvest is in than he'll have just before harvest time next spring.

For that reason, API Extension Farm Machinery Specialist J. T. Gaillard says, now is the time to get harvesting equipment ready to go again, before it's put up.

Practically all of the disease organisms carried on the surface of small grain seed can be controlled by chemical treatment.

Lamp Breakage Endangers Animals

Auburn, Ala. — Infra-red heat lamps, which have come into wide use on Alabama farms for brooding of pigs, chickens, turkeys, are sometimes a sources of danger to the young animals they are intended to help.

The 250-watt R40 bulb, the most commonly used, comes in either deep red, hard glass or clear, regular glass. Because it is much cheaper, most farmers buy the regular bulb, which breaks more easily.

Breakage of these cheaper lamps can be caused by a sow's nose, a wet glove, water dripping from a roof, or chicken droppings, so precautions should be taken to protect them from such contacts. William T. Cox, API Extension farm buildings specialist, suggests that growers who plan to use regular infrared lamps this fall and winter employ the following safeguards against bulb breakage.

1. Hang lamps from a light chain or wire so that they cannot fall.

2. Protect bulbs with deep reflectors so that they cannot come in contact with water or other materials which might break them.

3. Suspend lamps at a height where livestock being brooded cannot reach them.

Giving these pointers in Auburn this week, Cox went on to say that porcelain sockets or lamp holders should be used instead of brass ones. Cords used to connect brooder lamps must be rubber covered, and excess cord ought to be taped up out of the reach of livestock. He advised that no more than six 250-watt bulbs be connected to a 15-ampere circuit.

Manufacturers' instructions on the cartons in which heat lamps are sold should, by all means, be followed, the Extension specialist added.

Airings between wearings give shoes longer life.

The safer car wins ... and Chevrolet's the winning car

Every checkered flag signals a Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

Let's translate these Chevrolet victories into your kind of driving.

You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways. You've got to have better springing and suspension. Again, safer and happier motoring for you. You've got to have big brakes that act fast and smooth . . . and easy, accurate steering. More things that make your driving safer.

But it's more fun to try these things out than just to talk about them. So come in and let's take a ride.

Jemison Panthers Down Calera Eagles By Score Of 13 to 6

Scoring twice in the first quarter, the Jemison High School Panthers knuckled down and made it stand up ˆ r the remain'ng 42 minutes of play for a 13 to 6 win over a confident and determined Calera High team.

Jr. Rhodes, Panther halfback, received the first kick-off, on the Jemison 41 yd line, and alternating with his mates, Norman Porter and Fullback Morris Holcombe, they moved the ball to the Eagle 4 where Porter plunged over for the first touchdown. The kick for the extra point went slightly wide of the left goal post.

It took only 3 1-2 minutes to register goal number 2, as Center Babe Guy intercepted a pass on the Jem- Langston, and Holcombe in the ison 39, where he, and QB Robert next 3 plays advanced the ball to the Calera 38 wher they fumbled and the Eagles recovered. On the first play the Eagles too, fumbled and Rhodes snatched up the ball on the Calera 44 yard line, swiftly circled around left-end eluding everything except the safety man who was on the verg of roping him in when James Nelson, playing LE for the Panthers, threw a perfect block, where Rhodes, rode the road home for TD No. 2. Guy passed to Billy Ray for the conversion.

The Eagles got their TD slightly before the half ended. They took a punt on their 49 and after a series of smashing plays they drove to the Panther 3, where HB Larry Minor dashed around right end on their only score. They fumbled on their conversion attempt.

First half score 13-6.

2nd half was a see-saw contest.

The second half was strictly defensive work for both teams. Once the Panthers moved the ball to the Eagle 9, where a fumble resulted in their loss of the ball. Later they drove hard and had the ball roosting on Calera's 2 yard line, but they could capitalize this advance no more as a stubborn Eagle line held firm.

With three minutes left to play the spirited Eagles came almost evening up the count. They too had placed the ball on the Jemison 2 yd. stripe by a long desperation pass good for 35 yards. With their backs to the wall the Panthers were now subjected to the gruelling test of "Hold that Line." On the first down they held to no gain. On the next down they pushed the Eagles back a yard.

With 3 yards to go now, the Eagles fumbled, Jemison recovered. On their first play Porter moved the ball out to the 11. On the next play Rhodes settled the issue once and for all when he circled left end and ran 51 yards to the Eagle 42 where he was finally downed at the final whistle.

It was Home-coming night for the JHS Panthers. Little Miss Queen. The Panthers go up to Ann Porter, one of the cheerleaders, was crowned Homecoming meet the Montevallo Bulldogs next Friday night Oct. 7th.

Cotton Men Should Take Care Hiring Young Pickers

In a statement urging farmers not to employ children under 16 during school hours, Homer E. Krog, Regional Director of the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions, warns Alabama farmers that wilful disregard of the child labor provisions ˆ the Fair Labor Standards Act can bring stiff fines.

"With bursting cotton bolls turning the fields whiter by the day it's time to make plans to get the crops picked, but the importance of today's cotton crop is no greater than tomorrow's school crop," he stated.

The Fair Labor Standards Act prohibits the employment of children under 16 in agriculture during school hours for the district where the minor is employed. There is an exemption in case of children working for their parents, but this exemption does not extend to work done on any but the parent's farm or crop.

Mr. Krog emphasized that more education for the youngsters is actually like a guarantee that they will receive extra-cash mone throughout their life. "The census report tells us that in 1949, of all men aged twenty-five years and older, those who completed 8 years of grade school received an average wage of $2,533. Those with 4 years of high school received an average wage of $3,285. Those with 4 years of college received an average income of $4,407.'

From the child's standpoint, it is like depriving him of extra earnings, according to the Regional Director, while from the farmer's point of view, wilful failure to comply with the law can subject him to a fine of as much as $10,000. He said that wise farmers are getting their crops picked this year by adults or by children during school crop vacations, holidays, or after school hours.

Takes Vacation Tour

James Noel Helms, son of Rev and Mrs. Trop B. Helms of Clanton, made an interesting tour of the country during his past vacation James Noel says:

I first went to Mobile, Ala. and visited a few days with Mr. and Mrs. Piney Rosvell, an uncle and aunt. I enjoyed learning more about the trains and signals where my uncle works.

In St. Petersburg, Fla., my grand mother and grand dad Moody, live and lot of friends. Grandmother enjoys going so we had lot of fun going to the pier and the many interesting places there. I also enjoyed their church, so many nice young folk and an orchestra that furnished such beautiful music.

In Detroit, Mich., and near there, I spent time in Lake Orion, Mich., with an aunt and uncle, Com. Parris. Their home is in a summer and winter resort, an dthe lake view. The fishing, boat riding and swimming was plenty, but I liked building a lttle tree cabin.

In Plymouth, Mich., an aunt and uncle,, Mr. and Mrs. Daniel Spence, also live in a resort section, a lake and park across the street. from their home, canoe riding in the summer, ice skating in winter. We went to the large Edgewater Amusement park in Detroit, where almost all kinds of rides, swings, slides, etc., for all ages. We attended the Detroit Symphony. Then to the Detroit Zoological Park. We rode the famons trains, built and made by Chrysler Corporation and General Motor Corporation. We could view all the many animals, bears, lions, tigers, etc. as they were fixed in a modern way, not behind bars, to live and look like in their own country. I'll never forget how those Chimpanzees put on acts of what they can do.

I visited a few days with my sister and brother-in-law in Greenville, S. C., Mr. and Mrs. Lloyd Mims. The cool weather and scenery there were fine. Now I am back visiting Chilton County High School.

SARDIS NEWS

By E. L. Owen

We had wonderful services over the week end, our attendance was fine. Bro. Jones preached a soul stirring sermon at the eleven o'clock hour, there were several re-dedications. Sunday night Miss Pauline Jackson showed pictures of her Missionary work in Nigeria, which were enjoyed very much. There s still much work to be done in these foreign fields. Lets pray much for our Missionary workers and help every way we can to tell others of our Lord. We had several visitors at both services. We welcome visitors at all times to worship with us.

Mrs. J. D. Deason celebrated her 90th birthday Sunday. She had her chldren and friends visiting with her.

You are reminded to come to prayer meeting each Wednesday night at 7 o'clock. Each Wednesday night before the first and 3rd Sundays, Bro. Jones will be with us, teaching the sourse on, What Baptists Believe. This study is very interesting and inspiring. We never get too old or learned to learn more of God's word and Mssionary Baptist work. Surely if Bro. Jones can sacrifice to come and be with us, we can spend an hour or so in this study. You maybe tired but come on and rest and relax while he is teaching, see if you don't feel better and more inspired in God's work.

"Brick" Day At Macedonia Baptist Church A Success

I had not planned to write an article concerning the brick raising campaign for the new church at the Macedonia Baptist Church, but since inquiries are persistena as to the outcome of the day, I feel it incumbent on my part to do so.

It was indeed a successful day because we went 10,000 brick over the goal set for the occasion. There was nearly $800.00 cash and cash pledges which we had not anticipated on the same day. Beside that, there were pledges made to several thousand feet of logs and lumber. Others who made no particular pledge relative to logs and lumber stated that logs could be had as long as a tree could be found on their land. One brother stated that he had, in the past, been leaving some nice trees on his premises which he desired to see put into the new Church building.

There were more than one person who stated that they would have given 20,000 brick on the above occasion if necessary to reach the goal. One man asked: "How many will it take to complete the building?"

The success of the day inspired the people to change the size of the auditorium from a 30'x40' to a 40' x60' and also increase the size of the Educational space to a 16'x90' in a perfect "T", all on one floor level. A basement undergirding the entire space of the Educational rooms will furnish accommodations for recreational and eating purposes.

Plans also call for a baptistry and two rest rooms.

The cash raised on the above occasion soared the total amount to more than $4,000.00. This is not a lot of money, but a sufficient amount to move out to a good start when all the brick, logs and lumber are in sight.

Macedonia Baptist Church is composed of a forward looking group, and I am constrained to believe that we will be hearing lots from them. The door is open for you to respond to this most worthy enterprise.

M. LOCKHART former pastor.

Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old gentleman about being superstitious. Then my nephew Jim, home from college, pipes up. "Granddad's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings . . . back of *anything* people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spoiling children — of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs *yourself* . . . but it's not smart to give them the "bird."

WHEN RELIGION GETS OUT OF BALANCE

"Martha, Martha, thou art anxious and worried about many things. Only one thing is really necessary. Mary, moreover, hath chosen that good part." Luke 10:41.

That question is taken from an incident that occurred in a hospitable home in Bethany, a suburb of Jerusalem. The family consisted of two sisters and a brother, and good people they were. Jesus thought highly of al lthree of them, and was a frequent visitor to their house for rest and recreation.

Martha was the housekeeper, and like so many good housekeepers, was inclined to over-emphasize her domestic cares. At that very time she was permitting kitchen duties to deprive her o fthe uplifting soul championship with her Lord, such as Mary was enjoying.

You know the rest of the story. Let it be said in passing however, that when the beloved Guest used the expression, "that goi dpart," He was not inferring that Mary was a better woman than her sister, but simply taat she was recognizing and using an opportunity that Martha was neglecting; that is, that there is something far more important than a good dinner, however delightful that may be.

Things just like that are happening every day. Domestic cares, business responsibilities, even good causes, are enticing professed believers to give place to things of secondary importance, and thereby neglect the practice of that without which the soul will cease to operate for one's highest good. We refuse in the mad whirl of things to pause long enough to permit our Creator to have a word with us. That is exactly what Jesus meant by his gentle rebuke to a mighty good woman.

Even many of our preachers and churches are failing in this respect. Once upon a time an upstanding young business man, an officer in a Kansas City church, said to the writer of this article; "My pastor is considered to be a very successful leader of a big congregation. He is a go-getter all right. His congregation is organized to the last member. Boards and societies and committees an dsub-committees and clubs, and everything. But the trouble is that he spends so much time keeping the organiaztion going that he has just about quit preaching the gospel to us. He speaks of his study as his office. And I suppose that is about what it is. But a lot of us poor sinners want to hear more about sin and salvation and God and heaven than we do. Our church is growing, but our souls are starving."

I wonder if some people as well as some other preachers are not lost in the maze of mechanics; preachers in religious machinery (if there is such a thing), and people in things secular.

You remember that Abraham Lincoln said; "Two people can't ride the same horse at the same time, unless one rides in front." We wonder if secular philosophy is not in the saddle. If so, what about our churches, and preachers, and people who are sometimes seen in the pews?

Feed Cattle Business Faces Hard Winter

Auburn, Ala.—Unusually good harvest prospects in Alabama and other states this fall have one bad aspect for cattlemen: making money in the fed cattle business won't be as easy this year as it sometimes is.

With big corn crops in most feeding areas, many farmers are buying stocker cattle or keeping the animals they normally would have sold this fall. There are an estimated 13 per cent more steers in feed lots now than there were a year ago, so prices on fed cattle will probably be below average throughout the winter and spring On the other hand, prices on stocker steers have been running high for this time of year.

W. H. Gregory, API Extension livestockman, said this week in pointing out the risks involved in buying feeder cattle under these circumstances that producers will stand more chance to make money if they can buy for a reasonable price and finish cattle to choice grade as cheaply as possible. He advised those in the market for steers to watch prices closely during the next couple of weeks and be ready to take advantage of a possible market drop. Gregory's suggestion for putting the most profitable gains on steers was to buy animals weighing around 400 pounds, then let them gain another 400 pounds piece on pasture and roughage before feeding them to a choice finish.

State Departments Start New Year With Progressive Plans

Alabama's State government began its 1955-56 fiscal year last Saturday, and the various departments launched their new programs to increase public library service, build more hospitals, add to existing hunting and fishing facilities, step-up the road building programs, build $2 million worth of new National Guard armories, take care of the needy, and improve highway safety among other things.

Here, in brief, are programs highlighted by various department directors:

* * *

Conservation—

Director W. H. (Bill) Drinkard said, "We have leased 20,000 acres in Washington County for public deer and turkey hunting—we expect the best season on record to open, Nov. 10. It is our aim to get both public hunting and fishing areas in about 60 of the State's 67 counties in the next three years. Unless we have a major disaster before December 31, Alabama will have the lowest loss to timber through forest fire in the entire Southeast—though we have only a $200,000 appropriation for fire prevention compared with Georgia's $1,800,000."

* * *

Public Health—

Seventeen new hospitals and public health centers are scheduled for construction this year, which will cost an estimated $7,650,000. A proposed bond issue to raise money for the State to aid local governments finance these buildings, will be voted on in a State referendum this December. Under the Hill-Burton Act, the Federal Government will pay two-thirds of the cost for these new health constructions.

New general hospitals are scheduled for Camden, Centre, and Piedmont. Ground has already been broken for a hospital in Dothan. Additions to existing hospitals will be made at Decatur, Cullman, Huntsville and Phenix City.

Health Centers are to be built at Tarrant, Guntersville, [illegible] Mobile, Ashville, Clayton, Jasper and Columbiana. A new TB sanitorium will be built in Tuscaloosa.

* * *

Public Libraries—

State Librarian Miss Evelyn Mullen reports that since the Legislature went along with Gov. James E Folsom's recommendation to increase the annual appropriation from $107,00 to $115,000, "we hope to extend our service to many areas where there is little or no public library service."

Miss Mullen said, "this week we are starting bookmobile service in St. Clair County, and local interest developing in Elmore, Marengo and Clarke counties, indicate the probable organization of bookmobile service in those areas." She added, "There's a lot of interest in the building of permanent libraries—for example, at Ozark, Enterprise and Fayette.

A bookmobile will be exhibited at this year's South Alabama Fair at the State Coliseum in Montgomery, Oct. 10-15.

* * *

Highways—

Director Herman Nelson said that "by December 31 about $42 million worth of new roads will have been let under contract since the middle of last January." He said that "an all-time record of almost $200 million worth of new roads are expected to be built by 1959— which will give a great boost to our farm and other industries, and help greatly to raise the standard of living in Alabama."

* * *

Military—

State Adjutant General W. D Partlow, Jr. reports that the State Military Department will concentrate much of its activities this year on increasing its strength, and building 26 new armories—and improving others—at a cost of $2 million. Alabama's authorized National Guard is 25,000; its actual strength is 15,000. A regional meeting in Atlanta last week set the State's new enlistment quota at 4,700 recruit or the next year.

* * *

Public Safety—

Director W. V. Lyerly said "the Highway Patrol, and this department, will concentrate on giving better service, cutting down on highway accident and death rates and we shall welcome any criticism or helpful suggestions which will help us attain our goal."

* * *

Civil Defense—

Director Pitt Tyson Maner has announced that a revised Alabama plan for civil defense will be issued shortly. This is being prepared after consultations on the probable effects, and their extent, of the latest developments of modern weapons. Since Civil Defense force are also mobilized in times of natural disasters, lessons learned from the recent New England flood havoc are also being studied.

* * *

Insurance—

Commissioner L. L. Gwaltney, Jr. says: "The Insurance Department of the State of Alabama is big business. There are 936 companies of all kinds properly licensed and qualified to transact business. These companies insure the lives and property of practically every citizen in Alabama and the economy of our state is greatly effected in that these companies have invested millions of dollars in Alabama Securities in addition to large bank balances carried in the various banks

There are millions of dollars deposited with the Department of Insurance certified to the Treasury of the State of Alabama for the protection of Alabama creditors and policyholders.

Many new companies are being licensed in Alabama from time to time that meet all requirements of the Insurance Laws of this State and we predict the year 1956 to be the greatest insurance year in the history of our State."

* * *

Welfare—

Montgomery, Ala.— State Board of Public Welfare Approval of a more than $58.6 million operating budget for 1955-56 was the principal business of the State Board of Public Welfare at its meeting this morning in the office of the Chairman, Governor James E. Folsom. The budget includes $42,754,372.80 in Federal and $15,939,349.35 in State funds, or a grand total of $58,695,722.15.

This budget represents about a $14 million increase over esitmated 1954-55 expenditures of about $44,600,000, Welfare Commissioner J. S. Snoddy told the Board. He pointed out further advantage of Federal matching formulas now in effect. It does not include, however any of the $3 million conditional appropriation which, if released, would bring in Federal money to increase the budget by approximately twice that amount, the Commissioner added.

Because of the increased number applying for and receiving welfare checks, Commissioner Snoddy said it is difficult for the Department to estimate the number of persons who will be eligible during the next 12 months. He sad at the end of August nearly 18,000 applications were in process and that the total number received in 1954-55 is already more than double the number received in 1953-54. Likewise, the number receiving checks will have risen by about 2,000 at the end of the fiscal year on September 30, he stated.

Budget estimates are based on an average monthly caseload for the 12 months of 138,450, of which 104,000 would be the aged.

Snoddy said that all checks are based on need, but the requirements are much more liberal for the aged than for the blind, the totally and permenanently disabled, and dependent children. For instance, the basic requirements for such items as food, clothing, and household supplies are set at about $32 for a blind or totally disabled adult and at $55 each for an old person living with wife or husband.

Under the proposed budget average payments are expected to be about $31.37 for old people—figured by the higher standard of need, and at similar amounts for the blind and totally disabled figured on the far lower standards. Dependent children will receive the lowest payments, amounting to only a little over $10 each per month or about $40 for a family group.

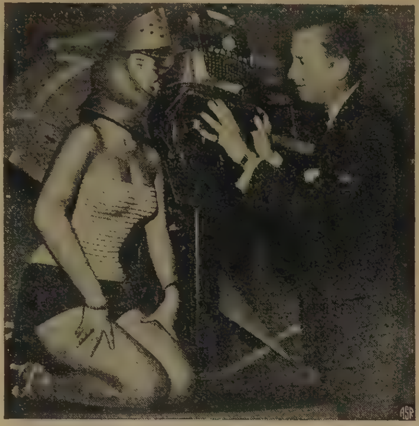
Also, the Board reviewed 1955 legislation and its effects in the program. Included were repeal of the relative responsibility law, change of agency name to Pensions and Security, increased revenue for the aged and limitations on administrative expenditures Snoddy said the budget was prepared within the $2 million State fund restriction on administrative costs

"This means we cannot add staff to give quicker and more adequate service to people," he said, explaining that the number of cases and applications each worker has to handle has risen sharply. The Commissioner said, too, pressures on existing staffs make it difficult to perform other required services to people.

Among the many legal responsibilities of the agency, both those connected with the assistance program, and others, are services to children and to other agencies. For example, child welfare services touch over 60,000 children in their own and foster homes, another 3,000 in institutions, and over 2,000 involved in adoption petitions. Cooperative services to other agencies also required by law last year affected another 5,000 families.

Board members other than Governor Folsom are: Senator Oliver Young, Vernon; Dr. J. J. Walls, Alexander City; Mrs. John S. Tilley, Montgomery; Senator Tom Blake Howle, Oxford; and Bryant A. Whitmire, Birmingham.

Inspired By Knights Of Yore



It's a long call from King Arthur's Round-Table Knights to today's mechanical products, but the similarity between them is more than just coincidence.

That's the opinion of Brooks Stevens, noted industrial stylist, who here points out the evolutionary design linking a modern outboard motor with the helmet worn by armored knights.

"Medieval artisans were experts in functional design," Stevens explains, "and this styling is being recaptured in today's industrial motifs. A typical example is Johnsons' new thirty h.p. outboard, a chrome-trimmed custom-styled unit which, appropriately enough in view of its design origin, is called the 'Javelin'."

"We call it 'advanced' styling—but it's a modern adaptation of the art of the ancient craftsmen."

The Javelin is one of nine 1956 models in which the manufacturer places emphasis on style and color.

Dodge Sets Record Plans For News Adv.

Detroit.—Selection of a record number of newspapers to be used in launching the 1956 Dodge advertising program was announced today by Jack W. Minor, Dodge sales manager in charge of advertising and merchandising.

"Every important daily newspaper across the nation will carry the 1956 Dodge model announcement advertisements beginning Oct. 6," Minor said. "More than 1,000 of these will be in major market areas. In addition, some 3,000 smaller dailies and weeklies also are on the schedule for initial and followup ads in a campaign even more comprehensive and spectacular than that of year ago."

A highly diversified use of all advertising media is planned for the new car announcement phase. Heavy newspaper lineage throughout the first three weeks of the announcement period will be accompanied by full-color magazine display emphasizing the 1956 Dodge theme: "Born to Success To Challenge the Future."

"Augmenting this powerful newspaper and magazine campaign," Minor stated, "will be thousands of radio spot announcements stressing the sensational new push-button driving Dodge will introduce this year, as well as the striking new styling, power features, and a new Super Red Ram engine."

Radio stations throughout the country also are scheduled to carry the announcements. Three weekly Dodge-sponsored television shows—the Lawrence Welk show, Bert Parks' "Break the Bank," and Danny Thomas' "Make Room for Daddy," will support the campaign with strong commercials.

In addition to major media, travelling displays on busses and street cars will appear in all major cities, while hundreds of billboards carry the Dodge message into the outdoor field. Added push will be given to the campaign and throughout the model year by local allotments from the various local Dodge Dealer Advertising Funds.

"We're picking up right where we left off on the 1955 models," Minor said. "1955 was a great year for Dodge, and 1956 promises to be even better. The push-button era of motoring is here at last, and this new '56 Dodge feature already has captured the imagination of millions of American car owners.

"The response of our dealers and members of the press at our preview meetings has been tremendously enthusiastic, and we expect to support our field organiaztion and sales force with every advertising, promotional and merchandising tool at our command."

APC Pays 17.5 Million In Taxes

Alabama Power Company today paid the State Department of Revenue its 1955 kilowatt-hour tax amounting to $375,478. Of this amount it is estimated that $53,457 will go to institutions of higher learning; $283,290 to elementary and high schools and $38,731 to other educational services.

Allocation by counties indicates that 11 will receive more than $5,000. They are:

Calhoun, Dallas, Jefferson, Lauderdale, Madison, Mobile, Montgomery, Morgan, Talladega, Tuscaloosa, Walker.

The Company estimates that its tax bill for 1955, including federal taxes, will approximate $17,500,000. Of this amount about $1,650,000 will eventually go to schools and other educational activities.

Proposed Goodwyn Bill For Education Funds Is Not Gross Receipts Tax

Contrary to the opinions drawn by many business men, the proposed School tax bill, commonly known as the "Goodwyn" bill, is not a gross receipts tax. A business man may deduct all ordinary and necessary expenses paid or incurred during the taxable year in carrying on his business. These business expenses are generally the same ones to be considered in making out Federal income tax returns.

Deductible expenses in a business may take the form of salaries of employees, rentals necessary to the business, interest paid on business loans, taxes paid on business property, losses from bad debts, reasonable depreciation of business property and ordinary business losses.

After the taxable salary is arrived at through this process, the amount of the tax is arrived at by the use of the table. One of the outstanding features of the law is the fact that the amount paid is in direct proportion to the amount earned. If a person fails to earn, he is not expected to pay. If his earnings are small, his tax under this law would be small. If he has been able to earn a sizeable sum of money, his tax would be proportionately more.

A person following a trade or profession, but not drawing a definite salary is entitled to the same deduction consideratons as a business man.

Verbena WSCS Continue Their Rummage Sale

The W. S. C. S. of the Verbena Methodist Church plan to continue their rummage sale on Saturday, October 15th, which began last Saturday. The sale will be held only in the afternoon, beginning at 1:00 o'clock.

We expect to have more things added to the rummage left over from last Saturday. If you have any articles of clothing, etc. to give it will be greatly appreciated.

The proceeds will go to the Parsonage Fund, as usual.

Miss Evelyn Weldon Weds Dr. Winkler

Miss Evelyn Weldon and Dr. Thomas V. Winkler were united in marriage at the home of the bride's brother, Grover C. Weldon, Jr. and Mrs. Weldon, on Sunday, Sept. 25, in Anniston, Ala.

The bride, daughter of Mr. and Mrs. G. C. Weldon, Sr., of Verbena, is a graduate of Alabama Polytechnic Institute and for the past three years has been associated with the Department of Extension Service in Abbeville, Ala.

The groom is the son of L. A. Winkler and the late Mrs. Winkler of Mobile, Ala. After serving with the U. S. Army, Dr. Winkler was graduated from Auburn with A. B. and D. V. M. Degrees

Dr. Edwin Kimbrough of Anniston performed the double ring ceremony before an altar of southern smilax with white standard baskets arranged with white gladioli, tube roses and fern. The seven branched Cathedral candlelabra holding lighted white candles completed the setting.

The bride, given in marriage by her father, wore an afternoon frock of powder blue woolen crepe fashioned on princess lines with white accessories and carried a white Bible topped with an orchid. For her daughter's wedding, Mrs. Weldon wore a fashionable suit of navy silk shantung and her corsage was of white carnations.

Mrs. Grover C. Weldon, Jr. served her sister-in-law as matron of honor and wore a stunning navy faille with a pink velvet bandeau and a corsage of pink carnations. Keith Winkler, the groom's brother, was best man.

After the wedding vows, an informal reception was held for the bridal party and friends. The bride's table was covered with a pink organdy cloth over satin and centered with a tiered wedding cake embossed with pink and white spun candy roses, supported by antique branched candlelabra with lighted tapers. Dainty nosegays of pink rosebuds were used at each end of the table.

Assisting the bride's parents with the reception were Mrs. George D. Brittain, Jr., of Jacksonville, Ala., and Mrs. D. Hinton Boozer of Anniston. Mrs. Keith Winkler of Mobile kept the Bride's book.

Out of town relatives included Mr. and Mrs. E. Y. Barnhart of Birmingham and Mr. and Mrs. Lonnie Messer of Verbena.

After a wedding trip to Florida, the couple will make their home in Bedford, Va., where the groom will resume his practice.

Little League Business Meeting Called For Tonight

A business meeting of Little League parents, fans and well-wishers will be held at City Hall tonight (October 13) at 7:15. All who are interested in Little League are urged to attend this meeting. An accounting of Little League for the past season will be given, and officers elected for the next playing season. All parents of boys playing this past season are urged to see that unifirms are turned in to Clanton Laundry & Cleaning Co., by this date if possible. Players are asked to have uniforms cleaned and the Little League will pay for storage. If you are interested in seeing that Clanton plays Little League ball next year, be sure to attend this meeting.

Mrs. Sally Kemp Died Tuesday

Mrs. Sally Kemp, wife of Will Kemp, died at 5:15 Tuesday morning after a long illness.

Surviving are the husband; two daughters, Mrs. Clyde King and Miss Agnes Kemp; two sons, W. L. and A. L. both of Clanton. Five grandchildren and five great grandchildren also survive.

Funeral services were held at the First Baptist Church Wednesday afternoon at 2:30 o'clock. The Rev. S. J. Ezell and Dr. J. Gilbert Hutchinson officiating. Spigener funeral Home was in charge.

Pallbearers were: Otto Jones, Ralph Johnston, D. A. Wingard, Reese Mims, Reedie Taylor, Lester Jones and Dick Hayes.

An Open Letter To The Contestants

It has been a genuine pleasure to work with such a fine group of enterprising contestants in the big "Everybody Wins" prize subscription contest, now in its final stages and which comes to an official close at 3 p. m. this Saturday, Oct. 15th.

All participants have shown a commendable spirit of sportsmanship. Their most excellent results achieved, individually and collectively, are accomplishments showing rare ability and we feel sure the experience gained during the past few weeks will prove of inestimable value in years to come.

We only wish it were possible to award a beautiful new automobile to each and every active contestant, but to do so, of course would eliminate that vital element of competition that makes any race.

The contest will soon be over. To the winners, congratulations! To those who must of necessity accept secondary awards, we can truthfully say they "fought the good fight" for highest honors, and special commendations are due those who are game to the finish.

Most sincerely,
CHILTON COUNTY NEWS

Help Your Favorite NOW Before It Is Forever Too Late!

By BILL and DORIS GUSPTON, Contest Editors

The climax this Saturday! Seven and one half weeks of hard work and anxious uncertainty culminates in the closing scene promptly at the stroke of 3 o'clock this Saturday, Oct. 15th, at which time the Chilton County New's far-famed automobile subscription contest officially ends and the most aggressive contestants will claim the magnificent prizes offered by this newspaper, headed by that beautiful new Ford 4-Door Sedan valued at $2385.56 and really worth more on today's market.

For all of seven weeks the various contestants have been busily engaged accumulating their published totals and building reserve votes for final count. During this time the contest has gained fame that is widespread. It was hailed from the start as being the most liberal, unique and altogether attractive affair of its kind ever inaugurated in this area.

With the race now in its final stage, contestants are all-a-tingle with high hopes and ambition to win first honors and now the effort and dilligence shown each during the past few weeks will be crowned by an avalanche of subscriptions and accompanying votes that is sure to bring thousands of "fans" to their feet, rooting excitingly for their own particular favorite.

WHO WILL WIN THE FORD V-8 SEDAN?

Are YOU going to be the one to finish triumphantly with an overwhelming number of votes, or are you going to be self-satisfied at this stage of the game and see the efforts of these many strenuous weeks go to waste and the choicest awards of this contest wrested from your grasp by some more enterprising competitor?

Success in an affair of this kind sometimes depends upon keen judging and timely action. Throughout all history, people possessing that faculty of sensing opportunity when they see it— and grasping it at the right moment—seem to acquire the best things in life, while those undecided and afraid stand back and talk about what they may have done. The saddest words of tongue and pen, to quote a classic, are "it might have been."

Determination to win, coupled with relentless activity during the short remaining time, can make any one of the various leaders a major prize winner, but to relax now is suidical to success.

What is to be done MUST be done NOW, he who hesitates is lost. To temporize simply means letting some rival forge ahead and ride away in the car that could have been yours.

The end is but a few hours away but you can trust your own judgment as to your competitors—based on facts and observations—there is time yet to stem the tide of defeat and turn it to sweeping victory.

POPLAR SPRINGS

Bro. Hamm brought two wonderful sermons Sunday. They seemed to have been enjoyed by all present.

We have several sick in our community. Mrs. John Cox, Wylene Hill and Robert Popwell. Please pray for those that are sick.

Word has reached here in our community about the son of Mr. and Mrs. Quinton Kelly. He was carried to the hospital with polio. We remember Mrs. Kelly as Mary Lou Frasier. They are now living in Pensacola, Fla. Special prayer has been asked for the Kelly child and for Robert Popwell.

Congratulations go to Mr. and Mrs. S. O. Easterling for the arrival of a new son.

Mr. and Mrs. George Moore of Birmingham visited Mr. and Mrs W. C. Moore last Sunday.

The Home Dem. Club will be held at Mrs. Louise Messer's Friday afternoon. All members are urged to be present.

Mr. and Mrs. Douglas Wells of Montgomery visited his parents, Mr and Mrs. B. H. Wells last week end.

The Rev. George Hamm visited the Preston Traywick family Sunday.

Mrs. Louise Messer, Donnie and Rickey spent Sunday with Mr. and Mrs. Gaines Glenn and children

Mrs. Jewel Feltman from Jacksonville, Fla. visited her mother and two sisters during the week-end.

R. M. (Ben) TUCKER .... Editor-Publisher
VERNON P. PAYNE .... Managing Editor

Entered in the Post Office at Clanton, Alabama, as second-class matter under the Act of Congress of March, 1897.

If a newspaper didn't contradict itself once in a while, folks would soon get the impression that it wasn't the voice of ALL the people.

* * * *

A good intention is like a car battery; it won't be worth a plug nickel unless you put it to use.

* * * *

Most of us frown upon those who feel sorry for themselves, you ever notice any wrinkes in the mirror?

* * * *

The old saying "you can't find a good hook for a poor reaper" describes us perfectly; no matter what kind of tools we're given to work with, we can still louse up the job.

ARE YOU PROGRESSING OR NOT?—

We found out recently that because another town looks like a perfectly cooperative town and is rocking along smothly doesn't necessarily mean it really is getting the most from its opportunities.

We refer to towns in our own county here. The citizens of one town think the other town is just a "shining example" of good cooperation between Mr. Citizen and Mr. Merchant and Mr. Official, etc. On the other hand the other town thinks the very same thing, when the truth is ,nobody in either town, feels that his town is progressing at all, much less a "shining example."

This is a good example of the fact that we can't judge ourselves nearly so accurate as others can and we don't really see our own good qualities as others do.

It just might be-a clear cut and dried case of feeling sorry for ourselves or sour grapes. We're not sure. But, of this we are certain, though others are the better judges of our character, appearance is not all there is to it. Let's keep on our toes, so our towns will not only appear to progress, but will be testified to by the cooperation of every citizen therein.

ON THEIR TOES—

We'd like to congratulate Mr. Wall, the Mayor, and anyone else who had a hand in fixing the streets around Clanton. They have been improved 100% an we feel these gentlemen have earned a "Thank you" from those folks who travel these streets and especially those who live on them.

There has been a regular movement on lately for the repairing and improving of the streets around the city and considerable headway has been made. Streets that were eyesores and dangerous are now widened and paved and present comfortable driving and prettier residential sections.

Through the combined efforts of our city officials an all-round civic improvement program has been started and we don't want it to stop now. We're not asking for anything, understand, when something needs doing from now on, we just hope it's done with the speed and efficiency of this particular undertaking once it was started.

Many streets have been paved, thanks to these gentlemen's untiring efforts for a better, safer, more eye-catching City of Clanton.

FINE FOLKS—

We, here at the News would like to take this opportunity to thank Bill and Doris Gupton for the efficient, diplomatic, and unbiased way in which they have handled the Chilton County News Subscription Contest.

They're just plain, down-to-earth people, our kind of people and we've seen few in our time who made better or more lasting impressions in such a short time than they have. When it comes to getting a job done, well, either of them is capable of taking the load off of your shoulder and we admire them for that. Personally we're proud to know them as friends.

On many occasions they have helped with extra tasks around the shop which was not part of their job, and they offered, wholeheartedly, many more times. For that we thank them.

You'd have to look a while to find a better natured fellow than Bill, and Doris is second to none when it comes to efficiency. She's smart too.

These folks handled the entire campaign from start to finish. We were taken from our regular tasks and duties a minimum of times and we appreciate their knowledge of the business and the fact that they understood our limitations of time and other things. They're most understanding.

They are thoughtful to all, and we know of no participant in the contest who holds any ill will oward either of them, and most of them treat them as friends.

They have their bad points too, we're sure, like the rest of us, but they indicated no such thing while they were here with us and they are leaving nothing but good things for us to remember them by.

So, from the publisher, R. M. Tucker and the staff of the News, let us again say we enjoyed your stay, Bill and Doris, much more than we anticipated. We hope you'll return to Chilton County as often as possible and if you make as many friends at your next job as you did with us. . . well, you're just gonna have a lot of friends, that's all.

Letters to the Editor

MR. WES GLETTY WRITES ON FREEDOM TO BELIEVE

Dear Mr. Tucker:

I like your views on friendship and how to be friends with all. In my time I have had friends who were republicans, democrats, socialists, prohibitionists, non-Partisan Methodists, Baptists, Presbyterians, Catholics, Atheists, and most any nationality we have in this country. I have known some mighty fine people of all nationalities and of al. religious and political beliefs.

I believe that every person has a right to believe or not believe as they see fit, in religion or politics, but I do not believe any person has the right to try to force their belief on others.

You mention a man whom you feel is mixed-up saying "God should be left out of politics." I would say this man was not mixed-up at all, but talking good hourse sense. If we are going to mix religion with government, who is going to say which religion it is going to be. We have a good man different denominations or sects in this country. If God would take personal charge it would probably be O.K. but it is the human element we have to deal with. Every sect thinks theirs is the right one, and the one that gets in power invariably persecutes all other sects.

All thru the dark ages when the church was in power and controlled the governments of practically every nation in the then known world, what chance did anyone have who believed anything contrary to their doctrines.

Untold thousands were slaughtered, burned at the stake and boiled in oil.

In England during the sixteenth and seventeenth centuries only one church was allowed. That was why our Puritan ancestors left England and settled in America, and finally established this wonderful nation of ours, with a Constitution aimed to keep state and religion seperate.

In our present day we only have to take a look at Italy and Spain where the church is the sole authority. How much freedom does any Protestant faith have in Spain-Franco is simply a puppet of the church. Remember how he got in power? By spraying cities with gasoline and burning innocent and defenseless civilians, women, and children and the aged. In South America, Colombia is in about the same pickle. In Argentina, Peron was O.K. so long as he followed the dictates of the church, but when he decided to take over on his own and ditch the church he didn't last long. I don't believe we want any of this.

You say you never heard a Christian person say God should be left out of any thing anytime. I have; at least I assumed they were Christians, as they claim to be and belong to the church. I think you have certainly heard of "Protestants and other Americans United to maintain seperation of church and state." There are lots of religious groups including clergymen who are fighting to keep religion out of government and public schools.

According to my information Thomas A. Edison was not a Christian, but neither could you call him an ignoramus or a crack pot, but he said, "I do not believe that any types of religion should ever be allowed to be introduced into the public schools of the United States.

The "Sacramento Bee" said in commenting on the defeat of a bill to inject religion into the public schools, "Most Americans believe in the Bible. Yet there are many fine citizens who do not. To thrust the Bible upon this minirity would be to violate one of the most basic principles of the Constitution, namely the protection of and the respect for minority rights. Are the people tisoepsr wnh ibleta arehBaeeN bb who persist in this sort of thing unfamiliar with the finding of the New Jersey supreme court? Are these people incapable of foreseeing the bitter feeling and litigation, which certainly would stem from Christian denominations, which felt the selected pasages favored one sect as against another? Would those who push for the Bible in public schools admit to the Koran, the Bhagavad-Gito or the Upandishads? Let those religious elements which would invade the religious neutrality of public institutions by making government an Ally of their own faith, bear in mind they could be hurling a boomerang."

You say you believe politic should be kept out of the church, but you have yet to see anything survive without God or the church. Am I to understand you do not believe in mixing politics with religion but you believe in mixing religion with politics? Did you ever try mixing water with milk without mixing the milk with the water?

Our Constitution gives us a right to our own private belief so let's be friends and try to keep it that way.

-s- WES GLETTY

We appreciate Mr. Gletty's letter on our editorial, but he has over-shot our point just a little. Many of the things he says are very good and we share his opinion on some of them, however, with reference to his mention of "religion and politics" we said no such thing. We referred to "God" not "religion", and we feel there is a difference.

When we said, "God shouldn't be left out of anything" including politics, we did not refer to "religion" but rather to "God" Himself.

We do not contend that the church should "take over the government" as Mr. Gletty implied, but we do feel that any politician who feels a needs for God and prayer in his official capacity is right.

As for the Constitution; we fairly do believe in it sir, and wouldn't you cinsder it of political origin for religious, political and other freedoms.

The pledge to our flag now ends, "indivisible under God."

As we said, we do not feel that politics and religion should be mixed, but we do feel a strong need for "God" in our political offices, as everywhere.

Our definition of "God" is not the same as our definition of "religion" and we would suggest here that Mr. Gletty go back and read our editorial in this light to see whether or not it takes on new meaning.

Indeed we are still friends, sir.

As for Mr. Edison: we do not feel that he will go to Heaven because he invented the light bulb.—ED.

Things we -SEE- and Hear

by "Tuck"

This is the kind of weather that makes the young feel older, the old feel younger, and the middle-aged feel like making a living for a change. (or should we say change for a living.)

The old saying about having to spend money to make money is misleading. We spend money going and coming. You know the rest.

Heard a fella say the other day that he went in a store with the intent of getting a free ball point pen and they sold him a "not so free" TV set. That's what he gets for not having honorable intentions.

We seldom see others as they think we see them. Maybe it's just as well; they'd probably be conceited as heck.

Good friend Fred L. Kelly, of Maplesville, informed us last week that he, after being eligible for these many years, is finally giving some lurky girl a break. Yessir, he's getting married, or I should say got married, the wedding was supposed to be an event of this Thursday. The lucky (and Fred says that rather questionably) girl is a miss Sims of Maplesville. The best of luck to Fred and his bride. We wish for them, not all the riches in the world, but hope they'll have an equivalent of that in each other.

See Ray Williams and Carolyn have returned to their old home town after a year or so's absence. They were in Europe, we believe, for that time and we were glad to see them return home. Hope they'l. come to see us before they journey out into the world again. Or maybe they're staying for a while now Anyhow, let us know, won't you?

Somebody (a reliable source, naturally) told us the other day that old Ronald Yeargan (of Ronald and Donald) was gonna get hitched sometimes in the near future. That's fine, but what's this we hear about the girl being a blonde when we saw him with a brunette Sunday? Explain yourself old man.

Folks always told us that cats, unlike most other animals, chose their own home rather than vice versa. In other words, a cat doesn't like you, you're just out one good cat. (isn't that terrible). Contrary to that belief; we came across a "real gone cat" the other day that would have been more than willing to share our humble home with us We suppose most anyone will forget tradition if they get hungry enough cats being no exception.

Fella the other day had an "idea" that wouldn't hold water. Bad part of it was, his "idea" was a pond.

It's hard to live just for today and still have foresight about tomorrow.

Pardon us, our ship is slowing Franco Village, as we've run it for a couple of weeks, should have been TRANSCO VILLAGE. We appreciate this being brought to our attention. We know it gets your dander up to spell your name wrong. Any error you see, please don't hesitate to let us know so we can correct it promptly. So solly please.

We've been pleasantly informed that Miss Virginia Bennett, daughter of Dr. and Mrs. J. L. Bennett is finishing Chiropractic School at Corner's in Oklahoma City, Okla Virginia's dad tells us that she plans to stay and teach in college. We congratulate her on her achievements thus far and wish her well in her future undertakings. She is in an interesting field of work for a woman and she is apparently dedicated to her work and doing her best. We knew Virginia in high school and if she's the same Virginia, she'll go far in her chosen work.

Plans Made For Governors Meet

Highways, water conservation and industrial development will be the subjects of the three main business sessions of this year's Southern Governors' Conference, Oct. 17-20.

Headquarters for the meeting will be the Grand Hotel, Point Clear, in Baldwin County, facing Mobile Bay. It will be the 21st annual meeting of the Conference, originated by Gov. Bibb Graves, and the first time in 15 years it has been held in Alabama. Gov. James E Folsom, host Governor, will give the address of welcome, and be one of five discussion leaders at the round table discussion on industrial development in the South. The four other discussion leaders will be Govs. J. Caleb Boggs, Delaware.; Frank G. Clements, Tenn; LeRoy Collins, Fla.; and Orval E. Faubus, Ark. Gov. Hugh Whitley, Miss. will preside at this general session.

The round table discussion on highways will be presided over by Gov Theodore R. McKeldon, Md., with Govs. Raymond Gary, Okla, Robert F Kennon, La, and William C. Marland, W. Va. as discussion leaders The discussion on water conservation will be led by Govs. Marvin Griffin, Ga., Luther H. Hodges, N. C., Allan Shivers, Tex. and Thomas B. Stanley, Va., with Gov. George B. Timmerman, Jr, S.C. presiding.

A special program for the ladies will include a tour of Mobile's Bellingrath Gardens, a luncheon at the Lakewood Golf Club, Point Clear, and a luncheon at the Gulf, Mobile and Ohio Railroad Lodge, Fowl River.

Gov. Lawrence W. Wetherby, Ky., incumbent Southern Governors' Conference president, will be the meeting's chairman

Harold E. Stassen, Special Assistant to President Eisenhower, and former Governor of Minnesota, will be a special guest speaker at the meeting.

State Pay Checks Boosted—

There will be more than usual joy for many of the State's approximate 8,500 Merit System employes next pay day, Oct. 14. A new order permits a nine per cent pay increase.

This became possible when Governor Folsom authorized a boosted pay schedule for almost all Merit System employes after the Legislature passed an Act raising the maximum pay in the top Merit System bracket from $7,200 to $9.000 per year. The Governor checked that the lower Merit System brackets would also receive suitable pay raises also, before authorizing the new schedules.

At present the average Merit System salary is about $262 per month. The new pay schedules will increase the State payroll by an estimated $175,000 per month, State Personnel Director Stanley Frazer said.

Other State News—

Governor Folsom, who attended the big Jefferson-Jackson Day rally in Birmingham last week—which attracted a record attendance— afterwards went to New York with Sen. Neil Metcalf, Geneva, where he was principle speaker at a Young Democrats' meeting. Senator Metcalf is a candidate for National President of the Young Democrats.

Incidentally, Governor Folsom was 48 last Sunday, Oct. 9.

At the beginning of this week, the highway Patrol reported 471 rural highway deaths reported since Jan. 1st. This compares with 493 killed on Alabama's highways during the same period of 1954.

The State Highway Department has already scheduled big road building contract lettings for Oct. 14, Nov. 4, Dec. 9, and Jan. 20. Chief Engineer A. Reese Harvey also indicated that there will "probably be other lettings" sandwiched between these dates which will be announced later.

United Appeal—

A quota of $17,000 has been set this year by the United Appeal officials for State government employes. The Capitol drive will be led by five team captains, and selected solicitors, under the direction of William A. Major, a long-tme career executive of the State. Dept. of Industrial Relations.

Farm-City Week Starts October 2nd

Auburn, Ala. — The farmer's role as both a producer of foods and raw materials and as a consumer of goods turned out by industry is mighty important to the U.S. economy.

This fact will be brought out and studied in relation to the continued decrease of farm income this month during Farm-City Week. Farmer organizations are to join in with civic groups, including Kiwanis International, sponsor of Farm-City Week, in observing this special week Oct. 23-29.

In announcing the Alabama celebration of Farm-City Week, API Extension Director P. O. Davis explained briefly points to be spotlighted. On the farm, production pay determines consumer buying power, just as it does in the case of industrial workers who buy the farmer's products, he said. But farmers, unlike industry people, have seen their incomes dwindling during the past few years, cutting short their ability to purchase industry's goods.

Farmers buy more steel than is used in making all automobiles. They also use petroleum, electricity, chemicals, and power equipment in tremendous quantities.

On the other hand, non-farm people depend upon farmers for most of their food. Industry uses such farm products as cotton for textile mills, tobacco for cigarette factories, and livestock for packing plants.

Some non-farm people have the mistaken idea that current farm prices are too high, Davis went on Actually, per-capita farm income is only about half that of non-farm income. Davis said this unequal and potentially dangerous situation will be called to the attention of both farmers and city people during Farm-City Week.

MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA OF SEPTEMBER 30, 1955 BOARD MEETING:

September 30, 1955

The Board of Revenue and Control of Chilton County, Alabama met in adjourned regular session at the county courthouse at Clanton, Alabama, on September 30, 1955, at 9:00 o'clock a.m., in adjournment and continuation of the regular meeting held on September 26, 1955. The following were present: M. D. Tingle, Judge of Probate and Chairman of said Board, and the following Associate Members of said Board: Lonnie L. Cost, A. H. Smith, Sherman Motley and J. M. Dunlap. Judge Tingle presided as Chairman of the meeting and, a quorum being present, declared the meeting open for the transaction of business.

WHEREUPON, the Clerk of the Board presented to the Board a list of claims and accounts filed with him against the County. Whereupon the Board proceeded to audit all such claims, and it appearing to the Board that each of the following claims are itemized and sworn to, as provided by law, with evidence of delivery of each item to the county, as provided by law. That the materials, machinery equipment, supplies and services purchased by the county for use on public roads, bridges and ferries were inspected and approved by the County Engineer as provided by law. And it further appearing to the Board that all said claims are just, due, correct and unpaid and that no part thereof has been previously paid. Whereupon Mr Smith offered the following resolution for adoption; which was duly seconded by Mr. Dunlap; and unanimously adopted by the vote of the Chairman and all the members of the Board: BE IT RESOLVED AND ORDERED: That said claims are hereby audited, allowed, passed and approved by the Board. And be it further ordered by the Board that each of the claims, payable to the respective parties, as hereinafter set out, for the materials or services, as hereinafter set out, and in the amounts, as hereinafter set out, be allowed. AND BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board is hereby directed and authorized to draw a proper county warrant on the county treasury for the correct amount in the payment of each of said claims, in favor of the person, firm or corporation to whom it is due, from the funds listed:

Mr. Dunlap offered the following preamble and resolution for adoption; which were duly seconded by Mr. Smith:

WHEREAS, George D. Smith as Tax Collector Elect of Chilton County, Alabama, hereinafter called Applicant, has made application with the Board of Revenue and Control of Chilton County, Alabama, hereinafter called County Governing Body, for said County Governing Body to designate a bank or trust company as the depository to receive all funds coming into the hands of said Applicant which are to be deposited in a bank or trust company, and

WHEREAS, it is the duty of said County Governing Body to appoint a bank or trust company as a depository for the funds of said applicant as provided for in House Bill No. 366 approved March 10, 1933, which appointment shall be made by proper resolution spread upon the minutes of the Governing Body, and

WHEREAS, the said Act covering the appointment of said depository, further provides that the said County Governing Body shall from time to time by resolution spread upon its minutes make such requirements as may be deemed necessary for the safety of such funds so deposited; and

WHEREAS, the said County Governing Body is of the opinion that the moral and financial responsibility of the Peoples Savings Bank of Clanton, Alabama, hereinafter called the Bank, is such to warrant its selection by the said County Governing Body as the depository for the said Applicant.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that the Bank be and the same is hereby designated as the official depository for all funds to be deposited by the said Applicant, and said funds shall be deposited in the said Bank, as said depository, without requiring security of any nature whatsoever from the said Bank.

The above stated preamble and resolution were adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

WHEREUPON, the County Engineer, H. J. Lewis, requested the Board to re-classify E. V. Christian, Charlie Lee Ellison and Harvey Mull as Utility Laborers effective October 1, 1955,

Whereupon Mr. Cost offered the following resolution for adoption which was duly seconded by Mr. Smith:

BE IT RESOLVED: That the Board of Revenue and Control does hereby re-classify E. V. Christian Charlie Lee Ellison and Harvey Mull as Utility Laborers effective October 1, 1955 and their salaries are hereby fixed at $150.00 per month, payable monthly.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Cost offered the following resolution for adoption; which was duly seconded by Mr. Smith:

Farmers Plant Record Hybrid Corn Acreage

Auburn, Ala.—It looks as if hybrid corn varieties are here to stay.

Alabama farmers this year planted a record 63 per cent of their 2,194,000 acre corn crop to hybrids. Five years ago the acreage planted to hybrid varieties was less than 2[illegible] per cent of the total, and in 19[illegible] hybrids occupied less than one-half of one percent of the state's corn acreage.

According to API Extension Seed Specialist Ralph Jones, who made this report, hybrid varieties will account for an even greater part of the state's record 1955 corn yield than they represent acreage-wise. Hybrids yield 20 to 25 percent more grain than do open-pollinated varieties, so hybrid corn will furnish around 79 percent of the expected crop, or some 46,650,000 bushels.

Jones said Alabama leads all the surrounding states except Florida in the use of hybrids. This year Mississippi planted only 50 percent of its corn crop to hybrids, Georgia 61 percent, and Tennessee 62.

SHOULTS NEWS

(By MRS. EZRA LEE LAWLEY)

Mr. and Mrs. George Shoults and family shopped in Birmingham Saturday. While there they visited Mr. and Mrs. Joe Shoults.

The two new pick-up trucks seen around belong to Mr. George Shoults and Mr. Jay Lawrence.

Mr. and Mrs. Ezra Lee Lawley and girls and Mr. and Mrs. John Bowden and Junior spent Sunday with Mr. and Mrs. Walter Lawley.

Those from this community that attended the association at the West End Baptist Church at Clanton last Tuesday were Mr. and Mrs. Harvey Grover, Mrs. Fannie Lawley, Mrs. Willie Harrison, Mrs. Messer Smith, Mrs. Ollie Foshee, Mr. and Mrs. Charlie Smith, Mrs. Bessie Garner and Mr. Alton Lawrence. They reported a very interesting day and a nice lunch was served at the noon hour.

Mr. and Mrs. Billy Clements of Montgomery spent Friday with Mr. and Mrs. Harvey Grover.

Mr. and Mrs. Dan Maddox spent Sunday in Selma with their daughter, Ruby.

Mr. and Mrs. Ezra Lee Lawley, Mary Lee and Sandra, Mrs. Sherman Motley and Harold attended the State Fair in Birmingham last Thursday.

There was a very happy occasion at the home of Mr. and Mrs. Lonza Kelly Sunday. It was the celebration of the birthdays of Mrs. Lela Kelly, also of the Rev. and Mrs. Dean. Mr. and Mrs. John Foshee were present and many others. A large and delicious lunch was served and everyone enjoyed the day together. That afternoon the Rev. and Mrs. Dean and others visited Mr. and Mrs. John Wallace at Lawley.

We are sorry to report that Miss Norma Jean Smith was admitted to a Selma hospital last Sunday night. She had pains in her side and was rushed to the hospital by Mrs. Thelma Hathcock.

Miss Mable Motley and Miss Bobbie Nell Patterson of Birmingham visited their parents over the week-end, Mr. and Mrs. Sherman Motley and Mr. and Mrs. Barney Stroud.

Mr. John Harold Garner of Selma visited his parents, Mr. and Mrs. Calhoun Garner on Saturday.

Mr. and Mrs. Lindsley McAfee of Selma spent the week-end with Mrs. Artie Hicks of Lawley.

PLEASANT HILL-MINERAL SPRINGS

J. D. Ellison

We were extremely pleased at the nice crowd out at Sunday School at the Christ Sanctified Holy Church. We are always thankful for every visitor who comes and we invite them all back any time.

Sunday School was fair Sunday at Pleasant Hill Baptist Church. The people who belong to this church need to give it their full support. Everyone has a welcome to attend this church at any time.

There was a large attendance for Sunday School at Mineral Springs Sunday. The Rev. J. W. Jones, pastor of this church, invites all who will to come and worship with them.

Miss Geraldine Ellison was Sunday dinner guest of Miss Lorene Cost.

Herman, Wallace, Catherine and Oline Kendrick were Sunday guests of Billy and Betty Cox.

The Rev. and Mrs. Jadie Ellison were visitors Sunday of Mr. and Mrs. Marvin Martin, Mr. and Mrs. Marvis Martin and Mrs. Jane Ellison.

We are glad to have back in the community, Mr. and Mrs. Riley Blow. They have been in Raleigh, N.C. for several days. They have had a nice trip we're sure. Mr. Wilton Littlefield is still in Raleigh on business.

Mr. Matthew Wagoner and daughter, Lola Mae, were the victims of a surprise birthday dinner Sunday. Those present at the enjoyable occasion were: Mr. and Mrs. Charles Ellison, Mr. and Mrs. William Waldrop, Mr. and Mrs. Alex Bolton, Mr. and Mrs. Edgar Davenport, Miss Elaine Davenport, Mr. and Mrs. Alford Davenport, James, Donald and Kenneth, Mr. and Mrs. Cap Waldrop and her sister, Miss Margie Faye Easterling, and Mr. and Mrs. M. L. Davenport and Mr. B. J. Martin.

Guests of Mr. and Mrs. J B. Barnett were Mr. and Mrs. Earl Littleton and Joan Marie. They enjoyed a birthday dinner in honor of Joan Marie.

Guests of Mr. and Mrs. L. F. Martin were Mrs. Leon Varden, Betty and Shirley, Mr. and Mrs. M. E. Martin and Mickey, Mr. and Mrs. Calvin Martin, Betty and David.

There will be a cemetery working at Pleasant Hill Saturday, Oct. 15 at 7:30 o'clock. Everyone who has loved ones buried there are urged to come and help.

Sunday visitors of Mrs. Shirley Ellison were Mr. and Mrs. Battles Hamilton and daughters, Billie Jean, Dixie Faye and Dian and Miss Betty Sue Oglesby of Bessemer.

All the sick ones of this community seem to be improving, but let us remember them in our prayers.

Visitors of Pleasant Hill Sunday were Mrs. Wanda Lee Almaroad, Mrs. Jean Ellison and Mrs. Lula Ellison. They were guests in the afternoon of Mr. and Mrs. Wash Sammons.

Several families from these communities enjoyed the State Fair in Birmingham this past week.

This thought:

Life's loveliness means all to me,
Of what I am or e'er shall be.

Helpful Hints For Housewives

Want to paint the only stairway to your second floor? You can do it by first painting alternate steps, leaving every other step to be used. Allow the newly painted steps to dry thoroughly, then they can be used while others are painted and dried.

Household ammonia fumes will help to restore the color to perspiration-faded garments.

Transfer pattern markings to the outside of garment pieces by stitching over the inside marks with thread that contrasts with the material being sewn. Use very long stitches, so that they can be pulled out when the garment is finished.

A fairly long piece of cardboard comes in handy when you're washing baseboards. Held at the top of the baseboard, against the wall, it will keep the cleaning cloth from touching and spotting the wall.

Tough pieces of celery can be used to flavor soups and other cooked foods.

If you're sewing with washable woolens, remember that the materials used for interfacings must also be washable.

Cook vegetables only until they are tender. Overcooking destroys taste as well as food value.

Mrs. Burdette Hostess To Circle Four

Circle IV of the WMU held its Oct. 10 meeting with Mrs. T. R. Burdett.

Mrs. H C Arnold presided over the business

Miss Sybil Langston of Jemison incoming president, poured coffee for the arriving guests.

After a delightfully informal reunion of old members and a cordial welcome to the new members, a brief business session was held.

Attractive year books were distributed and an outline of the program plans was given. Miss Langston, Mrs. Reid Mullins and Mrs. Joe S. Campbell reported on state meeting they had attended.

New members were: Mrs. F. M Chambers, Mrs. J. E. Daniel and Miss Louise Foshee of Maplesville, Mrs. Frank D. Cowan, Mrs. Johnny McKinney and Mrs. David Morgan of Clanton.

The November 3rd meeting will be held at 7:00 o'clock in the evening in the home of Mrs. F. H. Hubert, Jr. with the education Committee in charge.

Ray Miller Celebrates Birthday

Whoops and yells, Davy Crockett style, were the order of the day on Friday afternoon, Oct. 7, when James Warren Miller celebrated his fifth birthday at the home of his parents, Mr. and Mrs. Ray Miller on Lay Dam Road.

Rule number one for the party was to make noise and have fun so as each of James Warren's little friends arrived they were greeted at the door by James Warren and his mother and given a whistle balloon. Then Linda and Judy Miller led the children to the lawn where the party table was covered with beautiful gifts and a Davy Crockett cake featuring a covered wagon and Indians. Pictures were made of the group gathered around the table by James Warren's Daddy. After enjoying outside games directed by Linda and Judy, the children came inside to see the lighted candles and sing Happy Birthday to James Warren. Then there was the thrill of opening all the lovely packages.

Mrs. Miller, assisted by Linda and Judy, Mrs. Harold Foshee, Mrs. Carlos Wyatt, Mrs. Douglas Barton, Mrs. J. W. Cagle and Mrs. T. C. Davis served cake and lemonade to the following children: Fara and Mike Payne, Susan and Richard Barton, Patricia Hogue, Patsy Williams, Maynard Cagle, Shirley Jean Payton, Belinda Headley, Curt Stokes, Royce Wyatt, Harold and Barry Foshee, Randall Smith, Larry and Tommy Foshee, Stewart Popwell, Stanley Carter, Jimmy Lee Hayes, Alec Crowson, Ramela Davis and the honoree,

County FOOTBALL Highlights

CLANTON OUTSCORES COLUMBIANA 27-0

Saturday was a fine night for football as the Clanton Tigers beat the Columbiana Wild Cats 27-0 making their record four wins against one defeat.

The Tigers kicked to the Wild-Cats to start the game. After failing to make a first down, Columbiana punted and the Tigers took over on the forty yards line and scored on a pass from Payton to Powell before they gave up the ball. Payton added the extra point.

Payton's pass to Thornton in the second quarter made the score 14-0 as the half ended with Payton again adding the point.

The Tigers then in the second half received and started their drive with Payton scoring the touchdown. This attempt for the point failed. Payton added another touchdown an dextra point in the third quarter to make the score 27-0.

In the fourth quarter coach Spicer substituted freely. Payton's pass to Chancellor was complete on the 2 yard line but he was knocked out of bounds. Time ran out before the Tigers could score. Everyone played a fine game. This Friday the Tigers play host to Prattville. Game time 7:30.

Isabella Homecoming

On Friday, October 14, Isabella High School will be host to Hicks Memorial for Isabella's Homecoming. Alumni and friends are invited to come early, cheer for the team, and enjoy the Homecoming festivities. The game is called at 7:30 and promises to be an interesting one.

SPORT FANS - Give A Listen Here!!

Many folks have expressed the desire to have football, basketball. etc., write-ups in the paper each week. We wiuld be more than happy to devote a page each week to sports if we could get enough interest up over the county.

In other words it would have to be a "County Sports Page" or no soap. If the schools would elect, appoint, or invite some student or teacher to write-up the ball games then we would have a regular sports page. If an individual is interested in journalism or writing of any type, ths type of reportng would be invaluable to them in their future writing.

We hope it's understood that we can't get out to every ball game and cover it. That's impossible, but with your cooperation we will devote some attention to making an attractive page of the write-ups if you will just turn them in to us.

If we can plan on getting the sports write-ups we can plan a good page for them, but when they just dwindle in we have to run them as we get them. Understand, we appreciate it when you do send them in, it's just that when they are not consistent we cannot be expected to be consistent in the way in which we run them.

JEMISON PLAYS PLANTERSVILLE FRI.

The Jemison High School ball club will play Dallas County High (Plantersville(at Jemison Friday night, October 14 at 7:30.

Plantersville has a record of 4 wins and no losses thus far this season.

Last year the Jemison Panthers defeated Plantersville 30 to 0 so they will be out to make it good. Looks like a good game in the making. Don't forget game time at 7:30 p.m.

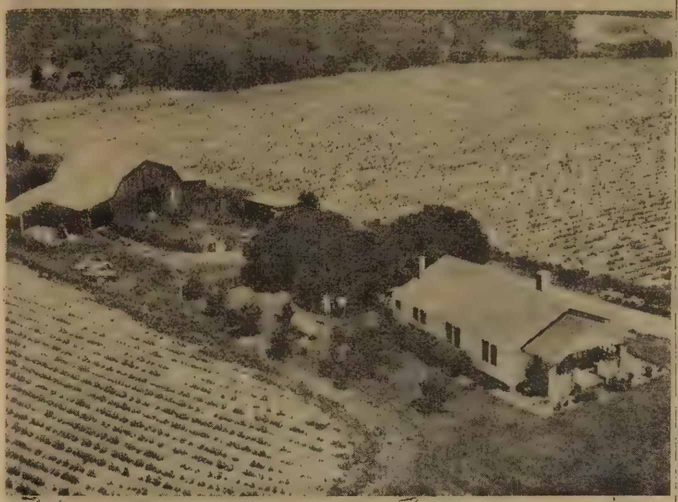
BILLINGSLEY HOMECOMING

Miss Martha Mims, daughter of Mrs. S. P. Mims of Vida, was elected to reign as the 1955 Homecoming Queen. She will be escorted and crowned by the Coach, Mr. Carey Kelly. The Queen's attendants are Annette Smith and Joan Pratt who will be escorted by the Captains.

The Bears will play the Maplesville Red Devils for their Homecoming game, Friday night. This will be the Bears fifth game of the season, with two wins and two losses. We give a special welcome to the Alumni and Students.

The lineup for Billingsley will be: Left End, Joe Ousley, Left Tackle Sonny Gilliam, Left Guard: J. C. Gilliland, Center: Dwight Headley, Right Guard: Carl Deason, Right Tackle: Benny Ackerman, Right End: Barney Green, Quarterback: Bernard Stewart, Left Half: Elmer Brigance, Right Half: James McGee, Fullback: T. J. Cox.

Whose Farm Is This?



RECOGNIZE THE YOUNGSTER standing in the yard? Well, his daddy probably owns this week's "Mystery Farm" if that is any help. There are numerous clues to the "Mystery Farm" in the above picture and al you have to do is figure out who owns the farm and tell us.

Remember, your answer on this week's "Mystery Farm" must be brought in to the News office before four o'clock next Saturday afternoon. If your answer is correct you'll be a winner and we have prizes for every winner. Don't put it off until it's too late to guess. Come in today and tell us who owns the "Mystery Farm" pictured above.

For the owner of this week's farm we have a framed glossy photograph of the above pictured aerial view of his farm if he will come by the News office and give us a little information on his family and farm.

(MRS. KATHRYN GOFF)

The Ladies Adult Sunday School Class and the Homemakers Sunday School Class of the Baptist Church entertained their pastors wife, Mrs. W. F. Rasberry, with a surprise party for her birthday last Tuesday night.

The Recreation hall was beautifully decorated with yellow daisies, furn and ivy. The center piece for the table was a large punch bowl of daisies and fern, with yellow candles with fern and happy birthday done in silver on them at each end of the table. The guests registered on a big yellow paper daisy with a silver center. Several games, and contests were played during the evening, after which Mrs. Rasberry was carried over to a white, ivy covered wishing well which was loaded with gifts for her. She received many, many nice useful gifts and a nice sum of money. The WSCS had made a quilt for her and they had also placed it in the well. Some of the ladies even remembered Mrs. Rasberry's two small children with gifts. The prizes for the contest were banks which were given to Frank and Sandra by the ladies that won them. The refreshments consisted of cup cakes, orange sherbet punch, and mints. The yellow napkins were folded as a big daisy on the plates. Our attendance was lower than usual last Sunday but we really had a good service. We observed Layman's Day inasmuch as the men had charge of the services. We had a man teacher for every class in Sunday School. After the Sunday School hour, Mr. Junior Edwards had charge of the devotional and we had a great prayer service. Those of you who weren't there missed a blessing.

Remember prayer service Wednesday at 7:00 p.m. Sunday School each Sunday at 10:00, worship service to follow; B.T.U. at 6:30 p.m.

Remember to pray for the sick and ask God's guidance in the selection of a pastor for this place.

Mulberry Baptist News—

The Lord's Supper was observed at Mulber last Sunday morning at the worship service. Sunday morning the pastor preached on the subject, "Sin in the Home," and Sunday Night his subject was "The Judgment." The subjects for next Sunday will be "The Family of the Man Who Walked With God" and "What is Hell Like?" The Ordinance of Baptism will be observed at the Worship Service Sunday night.

There will be a meeting of the Sunday School teachers and secretaries tonight, Thursday night, at the church at 7:00. All teachers, secretaries, and any others interested in the Sunday School work in our church are urged to come to this meeting.

Our church will have something special this Sunday night when a film on our Baptist Children's Home, "Where Love Is" will be shown. This film will be shown at the Training Union Hour, and all of our people, as well as visitors, are invited to see it.

The Lord has richly blessed our church in recent months, financially spiritually, and in all ways. Our regular offerings for the first two Sundays in October totaled $521.83. Undoubtedly a portion of this fine offering came as thanksgiving offering tithes out of the rich harvests that God has given our people. Let our church and our people be thankful to God for his rich blessings upon us.

The Youth Fellowship will meet with Anna Mae and Geraldine Fox after church Sunday night. All young people and Intermediates in our church are invited to attend.

The leader for Prayer meeting next Wednesday night will be Mrs. Pete McCraw. All of our people are invited.

I hereby certify that the foregoing is a true and correct copy, to the best of my knowledge and belief, of the minutes of the Board of Revenue and Control of Chilton County, Alabama of September 26 1955.

Early Loss Of Lamb Unnecessary Now

The big lamb losses suffered by Alabama sheepmen last year need not be repeated this fall and winter. Lambing time then found ewes in poor condition after months on drouth-hit pastures. Now, however, most growers have enough feed to see that lambing ewes are in good shape to produce healthy offspring.

Making this comment in Auburn this week, API Extension Assistant Livestockman Robert C. Farquhar said sheep on good, succulent grazing probably won't need extra feed before lambing time. Otherwise, good legume hay or one-half pound of cottonseed meal per day.

Benjamin Franklin originated the practice of printing letters to the edtor.

What Chilton County Conservationists Are Doing

By OLIN G. FIELDS
CCN Farm Reporter

District Cooperator Hoyt Freeman is making plans to harvest 15 acres of Sericea for seed. All the Sericea seed that can be saved this year will be needed. Even though we have had a good deal of rain during the summer, the dry fall weather has cut seed production badly in this area. With a short crop last year and the year before, our supply of these seed has run short and the price has jumped up. There is a possibility of a good price for the farmer who has a good crop and saves the seed. There are many acres in Chilton County on which Sericea would do a good job for the land owner. Sericea is still among our best plants for dry up-land. It furnishes grazing from early spring until frost, and also makes good hay.

Revised farm plans were made with the following cooperators: Henry Pelham, Dalton Burkhalter J. W. Hand, J. W. Hayes, Charlie Patterson and Joe E. Gowan.

F. E. Neeley of Enterprise community, has a wonderful stand of Pensacola Bahia which he sowed in the spring over a ryegrass sod Mr. Neeley stated, "I want several acres of Bahia next spring as that Bahia is the best summer pasture I have found."

F. E. Mastin, Cedar Grove community, is trying a new project on his farm pond to see if he can get it to hold water. He is packing a layer of clay material on the bottom 12-18 inches. This pond was constructed two years ago and hasn't had any water in it since.

The undesirable hardwood that was deadened on Soil Conservation District Cooperators Marvin Oates, B. S. Mullins, A. R. Taylor, Joe E. Gowan, Bernice aVnce and Miller Lumber Company's land is really dying, and some of the young pine seedlings have grown ten or more inches of new growth this year.

Skids are less likely on *CONCRETE*

The difference between a deadly skid and a safe, quick stop is often the pavement. You can stop faster, even in the rain, on concrete. That's because concrete's gritty surface gives your tires a firm, tight grip, wet or dry.

Besides permitting better vehicle control, concrete makes nighttime driving safer too! Concrete's light-colored surface reflects up to four times more light than dark colored pavements. You can see farther and have more time to slow down or stop to avoid danger.

Concrete roads also are safer because they're free from hazardous ruts, washboard wrinkles and raveled edges.

It's worth remembering that when the weather is rough you're much safer on skid-resistant concrete.

"Everybody Wins"

COPYRIGHT — LINER SERVICE

PRIZE CONTEST

Contest Closes This Saturday At 3 p.m., Oct. 15

Details of the Final Count

In order to maintain the strictest secrecy as to the number of votes and subscriptions turned in by each individual contestant during this — the final week of the big "Everybody Wins" prize subscription contest — the race will be brought to an end with the sealed ballot box, which prevents any possibility of favoritism and insures fairness to the minute degree.

Monday morning, October 10th, the ballot box was placed in the vault of The Peoples Savings Bank of Clanton, Alabama, after which time and at this place contestants, themselves will place their collection and accumulated "Reserve Votes" in special envelopes provided for this purpose.

IMPORTANT NOTICE: All subscriptions placed in sealed ballot box must be accompanied by full amount to cover in the form of cash. However, personal checks or money orders not to exceed $8.00 will be accepted and votes issued thereon in favor of indicated contestant, providing no two checks or money orders are signed by same party. This ruling is made in fairness to all contestants and will be adhered to strictly.

AN INVITATION TO CONTEST JUDGES

At the stroke of 3 o'clock the contest judges will take charge of the sealed ballot box and convey it to the Clanton Motors, Inc., local Ford dealer — where the seal will be broken and contents of the box counted and checked.

There will be no waiting or unnecessary formalities, but simply a matter of adding any and all reserve votes and votes due on subscriptions contained in the box to the last published vote figure.

It will probably require about an hour's time to count findings in box and determine grand vote totals. The winners will be announced immediately by the judges and the official vote count will be published in the next issue of the Chilton County News. All of these gentlemen are well known to everyone in this vicinity and the final results as given out by them will be beyond dispute.

A Correction—

Mrs. Lillie Mae Gunn attended the funeral of her sister-in-law' father, instead of her sister-in-law Mrs. Ella Mae Wlliams. Sorry.

Rev. Mims speaks—

After Death, Judgement

All will agree that it is appointed unto men once to die, Heb. 9:27, but few will admit that Judgement follows death. As stated in God's word, after death the judgement. No more space of repentance, there will be no thousand years to repent after death. Neither is there any possible chance to pray for a soul after death to change his destination. All such teaching is erroneous and inscriptural. The way a man dies is the way he will meet God, prepared or unprepared. The sacrifice of Christ secured for man an awakening from death and the privilege of thereafter coming to perfection, and if saved, of living forever. Now is the accepted time. 11 Cor. 6:2. For he saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee, behold now is the accepted time, behold now is the day of salvation. This day of salvation is now almost two thousand years long and yet continues, for the Lord is long suffering to us, not willing that any should perish, but that all should come to repentance, 11 Peter 3:9. Acts 17:30 declares that: God now commandeth all men everywhere to repent; Rev. 22:17, and the spirit and the bride say Come and let him that heareth say, Come and let him that is athirst come and whosoever will take him take the water of life freely. There is no better time to seek God than the present. Boast not thyself of tomorrow, for thou knowest not what a day may bring forth. Prov. 7:1, if people could only realize what a risk they are taking, what a change there would be in our attitude. If a person knew that tomorrow he would be in his coffin there would be no sleep in the night, but he would be getting ready to meet the God maybe he has forgotten. And no one can prove that this isn't his last day on earth. No one knows but what he will be in eternity tomorrow. There are men in hell today crying, If I only had, if I only had. Give your heart to Christ NOW.

Popwell Wins Ford In Subscription Contest

Folks and Things ABOUT TOWN

—By Ben

We want to thank and congratulate all the nice friends who helped in the subscription campaign just closed. All the contestants were wonderful and so was Bill and Doris Gupton who managed the campaign. They became like permanent fixtures in eight short weeks and we really hate to see them go. But what we started to say other than to thank and congratulate the contestants was that they succeeded in building the Chilton County News subscription list to an all-time high. In fact we are sure it is the highest paid circulation of any newspaper in Central Alabama and the local merchants should take advantage of the wide coverage it now gives. That was the purpose of the campaign and it was a howling success.

See old Gene Gore still riding the back end of the city fire truck. Wonder how many years Gene has been chasing, and putting out, fires in Clanton? 'Tain't as easy to hold on going round corners as it used to be is it Gene?

You won't believe this but its true. The other afternoon we were driving behind a fellow through town and he came to the light at 2nd Avenue and 7th street. The light was green but he stopped and he pulled off and turned right. We waited. When the light turned red thought the guy was off his rocker until we remembered there's a little sign under the light that says: "Turn right on red." Now do you reckon . . . naw, there couldn't be.

Another crazy potato arrived this morning. We have it in the front window. It is coiled around like a snake getting ready to strike. G. T. Hathcock of Billingsley, Route 1, found it in his sweet potato patch and when he dug it up he probably got quite a scare.

We let our good friend Knox Davis down last week unintentionally. Knox brought us a notice that Oct. 9th through 15th was Fire Prevention Week and it got lost in the shuffle. We are sorry we let Knox down but we're running this paragraph because of one thing he said in his story. Knox said that every week should be Fire Prevention Week and he is absolutely right. It should be Fire Prevention Year and be perennial. Let's keep Chilton County Green every year, all year.

Lewis Johnson says they are conducting a drive in Chilton County for VFW members and urges all who are eligible to affiliate themselves with the organization. The VFW has quite a background for service as has the emblem which it bears. The Cross of Malta is more than one thousand years old and was the emblem of the Knights of St. John, the world's first great brotherhood of men who fought to free the oppressed and to minister to the sick and needy. This organization bearing the same emblem works to the same goal.

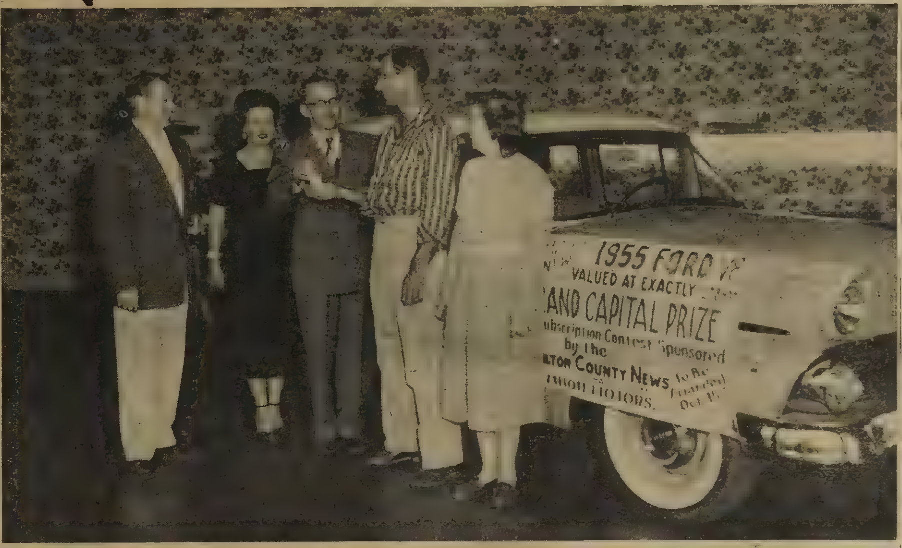
Henry says he ain't getting along so well in school. They're trying to make him spell 'tater with a "p."

Amon Jones' business is certainly moving. For the past two weeks now we have seen Amon riding comfortably on a sofa or an easy chair amongst other furniture perched on the back of his truck going along the thoroughfare. We know he is delivering the stuff and not repossessing it because of the contented look on his face. We look for him to come by any day now with a rocking chair job.

Met the young handsome Rev. Tommy Bledsoe this week. He and his wife are teaching at the Seventh Day Adventist school. Willie Crowson brought him by to say hello among other things. We welcome the Bledsoes to our community and wish for them a happy service here.

Some little lady lost her pocketbook at the Chilton County Fair last month and hasn't come to the News office to claim it. We notified through our classified ads the week after the Fair closed that we had found a pocketbook on the registration table at the Chilton County News booth and the owner could claim same by identifying it. To date the little lady hasn't come for it. If you know of anyone who lost their pocketbook at the Fair please tell them to get in touch with us here and we will deliver the goods.

Boy, does Charlie Bell grow potatoes, sweet potatoes that is? He brought one to the News office this morning weighing 4 pounds and measuring 18 inches long. Now we know of many potatoes weighing more than this but this potato is perfect in every respect. We wish you would hurry by the News office and take a look at it because we just can't wait to get it home and baked. Boy we'll be eatin' 'tater for a while.



Raymond Popwell receives the keys to his new automobile from R. M. Tucker, editor and publisher of Chilton County News. Popwell was declared winner of this new Ford, grand capital prize in the "News" circulation campaign, last Saturday evening at the conclusion of the contest. Shown with Popwell is his wife, Merle Grace, and on the left stand Mr. and Mrs. Bill Gupton who managed the campaign. (Photo by Scott Studio)

A Correction

In the Jitney-Jungle advertisement in this issue the two specials within the big circular boxes are incorrect. The cake mix in the top box is actually priced at "2 for 59c" and the peaches in the lower box should read "1 large can 31c."

However, all the other amazingly low prices in the add are correct and if you'll stop by Jitney-Jungle for an order of groceries, they'll prove it to you.

The Dick Hayes Win Flying Vacation

Mr. and Mrs. J. W. (Dick) Hayes have just been awarded a flying vacation to Havana Cuba, from Chevrolet Division of General Motors for being the number one leader in sales during August and Sept.

They will depart from the Birmingham Airport by Delta Air Lines, on Oct. 24, via Miami, Fla., for Cuba. They wll stay at the Hotel Canodoro.

Pig's Super Market Selling Beef At Old-Time Prices

Lewis Headley, owner of Pig's Super Market in West End, announces elsewhere in this issue that he has a real beef sale going on this week end. Look for his page ad and you'll be amazed to find such low prices on meat and groceries.

"Pig" also invites all the kiddies out to take a free ride on the merry-go-round which will be running Friday and Saturday on his parking lot.

"John Wesley" At First Methodist, 30th

The film JOHN WESLEY, a full length feature movie, will be shown at the First Methodist Church in Clanton, on October 30, at 7:00 p.m. The public is invited to see the film of the life of this great Christian leader. 41-4t

Polio Vaccine Available For Ages 1 through 9

We have a fresh supply of polio vaccine for all children who have reached the age of one and have not had their tenth birthday. This vaccine is safe in every way, will not make him or her sick or in any way interfere with shots they have had or have in the future.

If you prefer having your family doctor give the vaccine the Health Department will furnish him all the vaccine he needs and he will charge you a nominal fee for giving it.

The vaccine will ge given in all schools on regular school visits, at the Health Office in Clanton on Thursdays (all day) and Saturday mornings at the office in Maplesville every Wednesday from 10:00 to 11:30 o'clock, and at the office in Thorsby every Friday from 1:00 to 3:00 o'clock.

Be sure to have your child protected against this awful disease.

Manufacturers' efforts to build safety into farm machinery can go only so far in guarding operators and others from danger. It's up to the driver himself to see that his machine doth not injure someone or take a life.

General Rally At Maplesville

The first General Rally for all Sunbeam, RA, GA, and YWA will be held on October 20, at 7:00 p.m. at Maplesville Baptist Church.

Everyone is asked to bring a picnick lunch. A film will be shown, "Recruits for Christ." If you do not have the organizations, bring your young people for they will enjoy the program.

Famous Rexall 1c Sale Now On At Upchurch Drug Co.

Your pennies mean more at Upchurch Drug Co. this week during their famous 1c sale. Elsewhere in this issue you will find their advertisement listing a few of the many bargains to be had during this great occasion.

Along with the 1c sale this week they are running other articles at bargain prices. So, take your pennies to Upchurch Drug Co., this week and see sow much more they will buy.

Registration Dates

Board of Registrars will be at the Court House October 17, 18, 19, 20, and 21. October 4, 5, 6, 7, 8, 9 and 31 for the purpose of registering those who wish to qualify to vote.

Chilton-Unity To Meet Sunday At First Baptist

The Chilton-Unity Associational Executive Committee will hold its regular monthly meeting next Sunday afternoon, at 2:15 o'clock at the First Baptist Church, Clanton.

The matter of employing a full-time Associational Missionary will be discussed by the committee together with other important matters as usual. The above meeting will probably be one of the most important ever held by the Executive Committee of this Association, and it is urged that all the pastors and at least one lay member from each of the churches be present.

Contest Ups "News" Circulation To New Highs For This Area

**By Bill and Doris Gupton
Campaign Managers**

Crowning seven and a half weeks of public interest and strenuous effort on the part of contestants in the Chilton County News' "Everybody Wins" prize subscription contest, the race came to a climax last Saturday afternoon.

By amassing the total of 8,589,000 votes representing hundreds of new and renewal subscriptions to this newspaper, Raymond Popwell finished first and was awarded the new Ford V-8 Sedan, grand capital prize of the contest.

Following closely behind with 5,670,000 votes—but not quite enough to capture the coveted first place—Joe A. Brown came in second to win $750 cash while Mrs. Earl Sansom, Mrs. W. W. Headley, Patricia Young and Clarence Melton finished in third, fourth, fifth and sixth places respectively, and received substantial cash bonus awards.

"Everybody Wins"

It was an understood fact at the beginning, of course, that all could not win first place, but everybody did win something commensurate with their production record in "Everybody Wins' prize contest.

Moreover, the advertisers won by virtue of the fact that they now have a vastly increased readership for their regular weekly offerings

Plans Made For Big Veterans' Day Festivities

From what took place in a meeting at the City Grill Tuesday evening Clanton will have the biggest parade ever to be held in this section of the state coming Veterans Day November 11th.

The following organizations were represented at the meeting and will participate in the Veterans' Day program Lions Club, Jr. Chamber of Commerce, Chamber of Commerce, Veterans of Foreign Wars Disabled American Veterans, American Legion and religious interests.

All organizations have agreed to participate in the parade and it was suggested that all merchants are invited to take part in the big event. In fact no one was or will be left out in being invited to take some part in this worthwhile celebration.

R. L. (Bob) Fullen, commander of the Amercan Legion, was elected as permanent chairman of the Veterans Day program. The following were appointed as a committee in charge of the parade: Sgt. William R. Popwell, Charles L. Patterson and L. W. Johnson. The pa-

ISABELLA NEWS

(MRS. J. H. WELLS)

Mulberry Church—

There were good congregations for both services at Mulberry Sunday. The pastor, Rev. Evan Johnson's sermon Sunday morning was, The Family of a Man Who Walked with God. On Sunday night his message was on Love.

Between BTU and worship service Sunday night Mr. Frank Bortley and some young boys from Hueytown showed some slides of our Children's Home at Troy, and a film on Love. Mr. and Mrs. Jeff raywick of Hueytown brought these people to Mulberry to show these pictures. We wish to express our thanks to all of them for their service to us, which was enjoyed by all present.

Last Saturday a number of people met at the church cotton patch and completed picking the fifth bale. It was small, we only received something over $145 for it. The cooperation and good will that has been shown in the church cotton patch is very remarkable.

State mission offering will be taken thru Sunday School at Mulberry Sunday.

The Mabel Woodward Circle met with Mrs. Gongor Cummings on Wednesday, Oct. 12th, at two p.m. After the business meeting a program on Faith was given. During the social hour Mrs. Sara Nell enn was given a strok shower. 11 members and five visitors were served refreshments by the hostess.

The Ruth Ford Circle met with Mrs. Ethel Cummings on Tuesday night of last week with a good number present. The circle voted to buy a heater for the nursery at Mulberry. A program taken from Home Life was given.

The Homemakers Class of Mulberry will meet with Mrs. R. C. Veazey this Thursday (tonight) night. All members are urged to be present.

The young people's fellowship meeting met with Mrs. W. T. Tucker Sunday night. The scripture was read by Leslie Smith. Games were lead by Mrs. Evan Johnson. The hostess served cocoa and cookies to 16 young people and Rev. and Mrs. Evan Johnson.

Isabella Methodist Church—

Sunday School attendance was good at Isabella Church Sunday. The attendance is better and more interest is being taken each Sunday. Misses Louise and Dorothy Mims were visitors. The church welcomes visitors and invite them to attend at any time.

* * *

Isabella High School—

Isabella was host to Hicks Memorial, Autaugaville football team, Friday night. After both sides playing a good game the score was in favor of Hicks, 6-0. Miss Betty Jean ckhart was crowned at the half as Miss Homecoming.

The Mustangs will play Calera here this Friday night and on Oct. they will play Maplesville here. The Halloween King and Queen will be crowned on that night at Isabella. Have you voted the you want to be queen? Hurry, don't let that favorite one lose.

On Friday Mr. Haggard's sixth grade will put on the Chapel program. On October 28th Miss Lef d's fifth grade will be in charge of the program.

Birthday Prty—

On Saturday night, Oct. 15th, Jimmie Middlebrooks celebrated his 18th birthday at his home. His mother, Mrs. A. M. Middlebrooks, and sister, Edna Jo Middlebrooks, entertained with a party. There were twenty-one young people who enjoyed this happy event. They all played games and were served cake and drinks by the hostesses. The honoree received many nice gifts.

Returns Home—

Randall Veazey returned home Saturday from Kansas City, Mo. He attended the National FFA Convention there for a week. He sang in the National FFA Chorus with one hundred and twenty-five voices. He received the National FFA pin. On Sunday while there, he sang with the chorus in a church service. His parents, Mr. and Mrs. R. C. Veazey, met him in Birmingham Saturda night. Randall states he had a wonderful trip and enjoyed the convention. He hopes to have this same opportunity next year.

Arthritis Target

Women appear to be prime targets for the great crippler, arthritis. Statistics show that for every man, three women fall prey to this disease.

Rheumatoid arthritis is the malady's formal name. Along with allied conditions, in one way or another, the disease has afflicted more than 10 million people in the U.S. and completely crippled some 200,000 others.

The secretary, housewife and young mother are most susceptible. Arthritis is insidious. Its symptoms at first are usually mild. Gradually they worsen, until one day you wake with an arm or leg that is completely useless.

What causes arthritis? Scientists have not yet found an answer. Nor have they yet found a complete cure.

They do have available a number of chemicals to control the symptoms of rheumatoid arthritis in many patients. These drugs, administered by the physician, can lift the hopelessly crippled arthritic victim out of the wheelchair and back into normal life.

Among the medicines which have proven effective in some patients are aspirin, gold compounds, and the much-heralded hormones, cortisone and hydrocortisone.

However, these drugs are not fully effective and the hormones, in particular, sometimes create unpleasant side effects in some patients and thus force their abandonment.

Recently, a new synthetic hormone called Sterane has been placed in the hands of physicians. Sterane appears to be far more potent than cortisone or hydrocortisone and offers promise of reducing the side effects noted with the other hormones.

With advancing research and rehabilitation, many arthritic patients will be given a new lease on life.

CHILTON COUNTY WOULD GAIN FROM GOODWYN BILL

Under our system of state financing of schools, Chilton and other non-industrial counties would receive more for schools than they would pay under the proposed Goodwyn tax plan.

The state minimum program system of financing education provides a basic education for all children of the state alike, regardless of whether they live in the richer or poorer counties. This means that richer counties assist in the education of our children. Chilton County gets about 86 per cent of its school money from the State.

Approximately 29 million dollars must be raised from a new tax if our schools are to complete this term. The so-called Goodwyn bill (amendment No. 1 in the December 6 election) provides a fair way of raising the money. A person pays a reasonable tax on income. This tax is small if the income is small and larger if the income is larger. A person making $1,000 or less after all expenses of making it are paid pays no tax. A person who has $5,000 left after business expenses pays only $29.50.

Every citizen is urged to weigh the value of an improved education system against the small amount of money it would cost him.

CHILTON COUNTY PROSPERITY—

We have noticed around the county lately an ever-increasing number of new businesses and a noticeable change in attitude toward the prosperity of our fa County.

Up around Thorsby and Jemison, any number o new businesses are prospering in the light of new e nomic changes and are pleasing the public with good merchandise and fair prices.

In Jemison, to name one, is the Cobb Brothers new furniture addition to their old and reliable hardware store. It is complete in every detail and has, in connection with their hardware store, just about anything you need.

Proving our point in Thorsby and vicinity is the newly established Toyland or Toy Store in which Mr. Rob Robinson, as he is known, throughout the county, is doing his best to please the people with a lay-a-away plan that can't be beat, he says. He also says, "That he has a complete line of kids toys for Christmas and invites his many friends in to see his newly opened establishment."

Also in the Thorsby area are others who have either remodeled their previous stores or added new lines to their already public-pleasing stock.

Over around Maplesville and vicinity we find many establishments which are thriving. Many on competition, others on scarce items, but thriving. The majority of the merchants in and around Maplesville, have in recent months, made some major renovation in their stock or store to further help the farmer in his choice of merchandise.

And in Clanton, a good representative of the upward trend would be the many merchants who have given their old store fronts face-lifting recently to improve the looks of the town in general and to show the public that the economic health of our country and county is showing up not only in the increased business, but in the improved appearance of the business house.

We're proud of all new businesses in and around our County and hope that they will join right in with the old stand-by merchants in making Chilton County the advertisement we want it to be to the state and the country. Co-operation is the key, and we all have one if we'll use it.

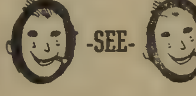
Things we -SEE- and Hear



by "Tuck"

We travel over the county a good bit and we always regret to see a proprietor of a store or business of any type who doesn't have the business sense to treat customers with respect. We also want to say that we can count the persons we know with this particular liability, on two hands and we're proud to be able to say this.

Howsomever, we feel that these few whom we do know should realize the fact that they sometimes run customers off by being unfriendly and hostile to them. Customers like to be treated with respect same as a fellow who goes to Chruch or Sunday School. The point is, if you don't tell these folks their worst fault how are they going to correct it; This we do not know, but we do know that folks should at least try to see themselves as others see them, hard task that it is, so they'll know wherein their shortcomings lie.

Fella was tired of the little kid asking so many questions so he thought up a gem of an idea that would put the kid off his guard and he wouldn't have a comeback. He put it to the test. "Whatcha doin'" said the wise little kid. "I'm eatin' a bar of soap" said the wise little man. "What kind" said the wiser little kid.

Talked with a fella the other day nd the only thing he said with any merit to it was, "Every man is entitled to his own opinion." This is true enough, and we believe it, but he surely hasn't convinced himself of it, face to face. In other words, so long as it's his opinion...

They tell me that the 'Phenix City Story" which showed at the Clanton Drive-In Theatre, drew such crowds the first of this week that it was pretty hard to get in. We wish that same bunch would go to church sometimes next Sunday. Wouldn't that be a sight to see.

Friend Bobby Lane informed another friend the other day that he ran across a fella who was completely unaware of the "Good Neighbor Policy." He says his car stalled outside of town a ways late at night and he didn't have any way in which to start the thing. When he asked the fella to give him a push with his truck the fella said 'Heck naw" (or something similar) and when he asked him to push him by hand, he said (something similar again). Well, thus frustrated, Bobby had to hike it to a telephone and needless to say he is not advertising in this guy's favor. That just goes back to what we said above about treating customers with respect. One customer can lose you a lot of business or gain you a lot of friends, depending on the way in which you treat him. I don't blame Bobby, I'd have been sore as "heck" too. At least you don't ind many folks like that nowadays. Thank goodness.

Congratulations from us to Raymond Popwell and Joe Brown and all the other winners in the "News Contest" that was drawn to a successful close last Saturday afternoon. Raymond and his wife worked like beavers, hard, and long and they deserved what they earned and vice versa. So did Joe Brown and all the other contestants worked hard and we are proud to have worked with them in the contest. Our circulation has grown considerably and we hope our list of friends as well as subscribers has taken a healthy climb.

Mr. Sam Mims, whom we called on last Monday morning early, said just that. We called on him too early. In other words, Mr. Sam was telling us that he is a victim of the Monday blues. We don't share in his condition but we sympathize with him and we know a great number of folks who suffer from the same malady. It's a hard life, but as they say . . . it's fair, Mr. Sam.

Looks like the only dogs that are being caught these days are the ones that have been smashed on the highways. We'll have to commend somebody for keeping the highways and streets of town clean of run-over animals. Whether it's the city or the neighborhood good Samaritan, it's a good thing.

Letters to the Editor

MR. GLETTY WRITES OPINION

Dear Mr. Tucker:

I would like to say a few more words about God and religion in government. It was not my intentions to imply that you contend that the church should take over the government. I do not believe you would like that any more than I. But it is being done more or less all over the world, and there is much more danger in this country than most people realize. In fact, there are places in this country where a certain sect is taking over our public schools and teaching their doctrines at the expense of the public, already.

About the difference in God and religion, my dictionary defines Religion—any system of belief in a supreme or superior being; love and obedience toward God; piety To me it seems inconceivable to have a God without religion, or a religion without God. Therefore in the case under discussion, I consider them one and the same.

You must understand I believe any person including politicians should have a right to pray when ever they feel they should, but Christ tells us how to pray in Matt. 6:1-8 and I believe any true Christian, or any claiming to be should follow his teachings. I do not believe God or God's name should be used for commercial or political purposes as we see and hear every day.

The Indivisible under God in the pledge to our flag was not put there by our forefathers who had had experience with religion in government, but was placed there very recently. The pledge was grand as it was and we grew to be a great nation under it, and in my opinion it should have been left as it was. As the editor of the Sacramento Bee says, There are many fine citizens who do not believe in the Bible, or even in God, and they have a right to believe as they see fit, but to force one of these persons to swear allegiance to God along with the flag is forcing him into a hypocritical act.

Neither did our fore fathers place In God we Trust on our coins or postage stamps. It was just recently put on our postage stamps along with the change in the pledge. The first coin to bear this motto was a two cent piece issued in 1864. Now we are placing it on most anything. These things are but small wedges that eventually force an opening large enough for a particular sect to worm into power a litlte at a time.

I, like you, do not believe the light bulb will get Mr. Edison into Heaven, but I feel you belittle him. The light bulb, as great a boom as it is to humanity, is a very small percentage of the many, many things he gave us, and neither do I believe he will burn eternally in Hell for giving these many things to humanity.

—Wes Gletty.

NEW "GERM-FIGHTER"

Pretty Peggy Smith of Chicago was first person to try the newest thing in oral hygiene, an actively antiseptic toothbrush which remains germ-resistant for up to four months in use.

Three times a day for two weeks Peggy brushed her teeth with the new "Germ-Fighter," then took it to the Dr. West laboratories for tests to determine whether or not the brush had retained its anti-bacterial qualities. Chemical Engineer Kedzie Teller placed Peggy's brush on a slide with bacteria cultures. The following day she looked at the brush head on a bacteria colony counter.

There she saw scientific proof (lower photo) that the "Germ-Fighter" was effective. Around the bristles was a wide, clear, entirely germ-free area due to the action of the anti-bacterial agents with which the brush is impregnated. (This is shown in the actual, unretouched photo.) The new toothbrush can be seen at local stores.

FARM BRIEFS

It's a lot of hay! Statistics show that if all the hay harvested in the U. S. were baled and stacked, it would fill a thousand baseball stadiums the size of New York's Yankee Stadium to a height of 200 feet.

The U. S. Department of Agriculture has announced that it will conduct experiments at the Southern Research Institute in Birmingham to improve the springiness of cotton yarns used in some floor coverings.

Few businesses can suffer a one-third loss from inventory and continue to operate. Yet the average hog producer loses about a third of all baby pigs farrowed. Saving big litters of healthy pigs is necessary for best profits.

County P-T.A Council Held First Metting Of Season

Mrs. R. C. Williams Honored With Life Membership

Mrs. R. C. Williams, President of the Chilton County Council of Parents and Teachers Association, was honored by the Council at the regular meeting held in Jemison Tuesday night, with a State Life Memebrship in the Parent Teachers Association. Mr. J. H. Boockholdt, Sutp. of Education presented Mrs. Williams with this award and pin.

State Life Memershipb is the highest honor that can be given by the Alabama Parents and Teachers Association and is merited by Mrs. Williams for her interest and untiring efforts on behalf of children and youth not only in PTA work but also through her civic work throughout the county.

She has served as chairman of many civic drives; served as president of the Music Appreciation Club for two consecutive years; held many offices in the Methodist Church and Sunday School, including that of Supt. of Bible School and taught Sunday School for several years; at present she is serving her fourth term in a responsible office in the Womans' Society of Christian Service and was recently honored with a Life membership in this organization. She has held many offices in the local PTA including that of president and at the present time is serving her third term as president of the Chilton County Council of Parents and Teachers.

She has helped others to value the child and to bring about a closer relationship between the Parent and the Teachers. Through her leadership, every local PTA in the County is a member of the Council for which the Council received an award from the State and for each year the Council has received a Certificate of Merit from the State for having achieved the Standards of a Council. She has worked to make our PTA's honest in all endeavor, abiding by the policies of the State and National and upholding the objects to develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

Mrs. Russell A. Williams, served as State Life Membership Chairman for three years, and it was through her recommendation that the Council honored Mrs. Williams with this award.

An easy marshmallow "meringue" for a pie can be made by placing cut marshmallow in a baked pie shell before pouring in the hot filling. The marshmallow will rise to the top.

HAPPY BIRTHDAY TO . . .

Bo Eiland Who Is Six Years Old

Little William B. Eiland Jr. (Bo) celebrated his 6th birthday on Tuesday Oct. 18, when his mother, Mrs. William B. Eiland gave a party honoring him at the Eiland home.

In decorating for the party Mrs. Eiland used the colors green and white and the Haloween motif was repeated throughout the party.

The children enjoyed games of which Jack Moore won a prize and enjoyed singing Happy Birthday to Bo as he opened his many lovely gifts.

Those helping Bo celebrate his birthday were: Laura and Jack Carlisle, Jane Cox, Beth Maddox, Tommy Powers, Larry Bodden, Leigh Easterling, Jack Moore, Mary Clyde Chism, Willie Kay Jones, Guy Higgins, Chick Wade, Danny and Paul Eiland, brothers of the honoree and also his grand parents, Mr. and Mrs. Crit Jones, and Dr. and Mrs. J. D. Eiland.

Each child was presented with a halloween party favor before leaving the party.

Laura Ann Klinner Who Is Four

Monday, October 17, was a red letter day for Laura Ann Klinner when she celebrated her fourth birthday with a party at 3:30 in the afternoon at her home on the Lay Dam Road.

Laura Ann is the daughter of Mr. and Mrs. Charles Klinner.

The party table in the dining room was covered with a white linen cloth and was centered with the birthday cake. The white cake embossed with pink flowers was topped with a doll dressed in pink nylon tulle. The full skirt was edged with a ruffle and covered with sequins. Burning candles were in four cup cakes in front of the cake. The birthday motif was used in the party plates and napkins.

The little guests enjoyed a candy hunt and games on the lawn which were led by Mrs. Durwood Nolan. Then the guests were invited into the dining room and seated. They were served ice cream, cup cakes and pink lemonade. The cup cakes were iced with white and embossed with pink flowers with green leaves.

After this Laura Ann had the thrill of opening each pretty gift wrapped package. A jar of bubble soap and blower were carried home by each little guest as party favors.

The little ones helping Laura Ann celebrate were: Debbie Carol Fulmer, Benny Joe Williams, Gary Godwin, Brenda Kay Lecroy, Woody Fulmer, Bobby Godwin, Jimmy Walker, Larry Godbold, Donna Williams, Linda Cagle, Mike Carlton, Mike Williams, Fara Payne, Skipper Reynolds, Pete Johnson, Barbara Morrison, Sparky Williams, Edwin Johnson, Brenda Godbold, Maynard Cagle, Nancy Walker, Nicky Stokes, Steve Belk, Debbie Amason, Linda Mims, John Morgan Foshee, Jr., Mike Payne, Alison Walker, Duke Heflin, Gail Littlejohn, Ronda Patterson, Kay Amason, Butch Carter, Larry Ellison, David Johnson, Judy Littlejohn, Danny Carter, Amelia Bolton, and Louise Bolton.

Among the grown-ups present were Laura Ann's two grand mothers, Mrs. G. B. Taylor and Mrs. O. P. Klinner.

Several mothers present shared in the affairs and enjoyed the delicious refreshments.

Headley Family Holds Reunion

Mr. Orman T. Headley of Sanbornville, N. H., former Chilton County resident, was a recent visitor with his family and friends On Sunday evening October 9th at the home of his brother, Wilburn Headley, a family reunion was held. A delightful time was enjoyed by the family. Those present were Mrs. J. E. Littlejohn, Mr. and Mrs. Marvin Headley of Jemison, Mrs E. L. Jones of Clanton, Mr. and Mrs. Marion Headley and sons Jimmy, Larry and Randy, and Mr. and Mrs. Wilburn Headley.

A Cake to Please Hobgoblins

BE SURE TO FEED THOSE HOBGOBLINS well this All Hallows Eve. Then good luck and fortune will follow you the rest of the year, or so the saying goes. And, of course, everyone knows that their favorite feast is cake — golden rich layers made instantly with a cake mix. In the picture above a flavorsome apricot-coconut filling is spooned between the layers, the top of the cake dusted with confectioners' sugar and an amusing face, made of the filling, grins away atop the cake. Try it — see if your hobgoblins don't approve.

HALLOWE'EN CAKE WITH COCONUT FRUIT FILLING

1 package Instant Swans Down Devil's Food Mix
1 cup cooked dried apricots
1 cup drained canned crushed pineapple
½ cup sugar
3 tablespoons orange juice
½ teaspoon grated orange rind
¾ cup shredded coconut
Confectioners' sugar

Prepare cake mix as directed on package. Bake in 9-inch layers. Cool.

Combine apricots, pineapple, and sugar in saucepan. Cook over low heat, stirring constantly, 5 minutes, or until fruit is clear. Cool; then add orange juice, rind, and coconut. Chill well.

Set aside ¾ cup of the filling. Spread remaining filling between layers. Cut a pumpkin shape from waxed paper; place in center of cake. Sprinkle confectioners' sugar over cake — around paper pattern. Carefully remove pattern and fill in center with reserved filling. Use finely chopped coconut to make eyes, nose, and mouth on pumpkin face. (ANS)

Scott-Nelson Vows Are Solemnized

The marriage of Miss Nancy Virginia Scott to Guy W. Nelson Jr was solemnized at 8 p.m., Friday October 7, at the East LeGrange Baptist Church.

Arrengements of Oregon fern centered with a large basket of white gladioli and chrysanthemums formed the background for the ceremony. Burning white tapers in two seven-branch candelabra tied with white satin bows flanked the rostrum. The family pews were marked by white satin bows.

Miss Janelle Daniel, soloist, and Miss Ann Bassett, organist, rendered the music. The Reverend Heflin Daniel performed the double-ring ceremony.

The guests were seated by James Nelson, the bridegroom's brother, and William Wallace, who also served as groomsmen.

J. B. Ray served as the bridegroom's best man.

Miss Bobbie Veal was the bride's only attendant. She wore an aqua and black two piece suit, featuring a short box jacket. She also wore a matching aqua hat with a short veil and black accessories. She carried a bouquet of pink asters tied with matching satin streamers.

The petite bride, given in marriage by her father, J. B. Bowles, wore a powder blue two-piece faille suit featuring three quarter cuffed sleeves and a jewelled yoke. Her white velour hat was embossed with jewels and trimmed with a short veil. Her other accessories were navy. She wore a purple throated orchid corsage and carried a lace covered prayer book showered with valley lilies.

Mrs. J. B. Bowles, the bride's mother, wore a teal blue two-piece suit, black accessories and a corsage of pink carnations.

Mrs. Guy W. Nelson of Clanton, Ala., the bridegroom's mother, wore a black faille suit, black accessories and a white carnation corsage.

Following the ceremony, Mr. and Mr. J. B. Bowles entertained at a reception at the Calumet Community Center.

The bride's table was overlaid with a lace cutwork cloth and centered with a three-tiered cake embossed with white roses, banked with fern and chrysanthemums and flanked with burning candles in two-branch silver holders.

Mrs. J. B. Ray served punch from a cut-glass punch bowl banked with fern and chrysanthemums and placed on a table overlaid with a hand crocheted cloth.

Miss Lucille Nelson, the bridegroom's sister, kept the register of guests.

Following a short trip the couple will make their home in Clanton, Ala.

Plantersville Trips Jemison, 14-13

In a well played contest, the Dallas County Green Hornets reversed their form of a year ago and squeezed out a 14 to 13 win over the Jemison Panthers last Friday night.

The Panthers took the opening kick off on their twenty and in five plays moved the ball to the Hornets 39 where a pass interception, a penalty and a 45 yard pass completion to H. B. Boris Levine resulted in Plantersville's 1st TD. Levins dashed over for the extra point.

In the second quarter Milton Harrison, Hornet RH, slammed through on an off tackle play for a long run for TD No. 2. He also converted. After this 14 point deficit the Panther defense shut the door and the Hornets threatened mildly only once more. Jemison scored in the second quarter when they took a punt on the Hornets 37 yard line, and long drive made up of three first downs, two penalties, one incomplete pass which placed the ball on the Plantersville 13. From there Norman Porter, HB, completed a pass to Billy Ray LE, into the end zone. FB Jr. Rhodes banged through for the point. Their second TD came in the middle of the last quarter when they held the Hornets on their own 8 yard line for downs, thus taking over and on 11 plays they marched ninety two yards when QB Robert Langston went over on a beautiful quarter back sneak. On a signal mix up the Panthers failed on their conversion attempt, thus went glimmering their chance to tie it up. Coach Ezell brought in a team sporting a 4 win, 0 loss record and left with a 5 and 0 record. Dallas County High had been scored on only once, but the Panthers cracked their tough line twice, but couldn't upset 'em. Your reporter wishes to commend Coach Ezell on a well coached team, their fine sportsmanship while they were our guests. They drove hard to win this game but not once did I observe a single unbecoming act on the part of either team. Our beloved Panthers wanted to win this game, they fought hard, but a host of penalties wrecked their chances.

Look for announcement elsewhere in this paper for tomorrow's (Friday) game.

Jemison High Meets Maplesville High

Coach Kelly brings his dashing bunch of Red Devils to Jemison High tomorrow night (Friday), October 21 to do battle against the JHS Panthers. The Maplesville High gridders have always been tough for us to defeat, but the Panthers are bubbling with confidence this season, so it looks like another real grid-iron fracas is in the offing. Lets go out to the ball game. Kick off 7:30 p.m.

Clanton Is Overrun By Prattville, 14-7

Taking the kickoff, Prattville, a hard little team from Autauga, gan to advance on the CCHS Tig-e.s. With the Clanton line holding Prattville passed to their end, who in turn lateralled to the half-back who went down to the seven. Then working to the third they made their touchdown. With drop kick for the extra point the game was on.

Late in the second quarter, Payton's pass was intercepted for another touchdown for Prattville, w a drop kick for the extra point. The score was then 14-0. The Tigers fighting back were looking a foothold. It came when a from Payton to Powell went a touchdown, but was called back for an off side penalty.

Everything looked black for Clanton when they took the field the second half. But the Tigers' spirit kept up and with an end a-round over Wilson made the score with Payton making the conversion.

The last quarter was a game fought by both teams from one end of the field to the other. So the game ended 14-7 with a sa hearted Clanton team looking forward to this Friday night when they meet the undefeated B. B. Comer team at Sylacauga.

HAVING THE WORST TIME OF THEIR LIVES

By all odds, the young years should be the best. By all traffic statistics, they're the worst.

The facts: young people—15 to 25—*have, proportionately, more accidents, kill more people, are themselves killed and crippled more than any other age group up to 65.*

This is a national tragedy that the youngsters can do most to erase.

How? By matching grown-up activities with grown-up attitudes. By learning early to be expert drivers. By policing their own. By making known to "cowboys" that show-off driving is resented, not admired.

Level-headed young people—the vast majority—are doing just this in many communities.

RABBIT FEVER

With the coming of the hunting season, great precautions should be attempted against tularemia, one of the severe diseases transmitted by animals to man. The popular term "rabit fever" for this condition is actually wrong, since the infection is spread not only by rabbits, but by rodents, ticks fleas and lice.

Hunters, marketmen, housewives and others who dress wild rabbits and other wild animals with their bare hands are particularly susceptible. The germ may enter the body through a cut or abrasion in the skin, thus getting into the blood stream and internal organs. A severe ulcer may form at the wound, no matter how slight in size. The lymph glands become inflamed, and the patient is intensely sick, having a severe headache, chills and other pains as well as a very high temperature.

Hunters have been advised to protect their hands by wearing gloves, since the skin can be torn by barbed wire and briers. However this precaution is not completely safe, because scientific evidence s available indicating that tularemia is transmitted to man even though the skin is unbroken.

All persons handling rabbits should be cautious; and the animals should be properly cooked, since thorough cooking will destroy the infection.

Although some of the newer drugs have been effective in controlling the germs causing tularemia, many deaths still occur among human beings. Pneumonia is also a complication of the disease; and convalescence from a seige of tularemia is slow, often requiring several months.

Rabbits are noted for their quickness, so those who are slow in moving and obviously sluggish should be suspected. So, hunters and others handling animals should take great care. Beware of the sick rabbit and the hare.

Rice won't stick to the pan in which it is cooked if a tiny bit of lard or other fat has been added to the cooking water.

Unpleasant white scum will never form on the liquid in opened jars of pickles and olives if a spoonful of olive oil is added when the jar is first oened.

Large Enrollment In---

Jemison Vocational Homemaking Class

Vocational homemaking classes at Jemison High School will have a total of 65 pupils this fall, according to Miss Richards, vocational homemaking teacher.

Miss Richards explained that the pupils selecting the vocational home making classes will study about the various phases of the homemaker's responsibilities. The pupils will study problems concerning personal appearances, clothing, relationships foods and nutrition, child care and development, home care of the sick, and housing.

In addition to class experiences the pupils plan home experiences which help them supplement their class experience and learnings. The home experiences help the pupils actually put into practice the things they have learned in the homemaking class.

Some number of these pupils are members of the Jemison chapter of the Future Homemakers of America. This is the national organization for pupils in homemaking classes in the U. S. and Territories. There are 260 chapters in the Alabama Association with total membership of 12569. These chapters are sponsored by the high school Vocational Homemaking Departments. The national organization, Future Homemakers of America, is sponsored by the Home Economics Education Branch of the Office of Education, Department of Health, Education and Welfare.

The main purpose of the organization is learning to live better today in order that the homes to-morrow will be better. This purpose is highlighted in the theme of the State Association for 1955-56 —"Builders For Better Homes."

Vermont School

The Vermont PTA met in Mr. Williams' room on Tuesday night of last week. Mrs. Vera Hayes, the president, called the meeting to order at 7 p.m. The meeting opened by singing, Amazing Grace. The devotional was given by Mrs. Flossie Wells. She used as her subject, Our Opportunities. The minutes of the last meeting were read by the secretary, Mrs. Maggie Bice. The treasurer's report was given by Mr. J. E. Short. The committees' reports were given. Mrs. Flossie Wells membership chairman, reports 26 PTA members. This is more than the PTA had last year. The association voted to have a Hallowe'en festival on Thursday night, Oct. 27 at the school. See special announcement elsewhere in this issue.

Miss Louise Foshee of Maplesville was guest speaker, and made an interesting talk on PTA work. She insisted that more people join the PTA.

Vermont basketball girls and boys did it again! They won both games last Friday afternoon when they played Stanton teams at home.

The enrollment continues to grow at Vermont. However, we have lost the 3 boys of Mr. Arcue Roper; Arron, Tom and Jim Roper. They moved to Detroit where Mr. Roper is employed.

He was born in Detroit, Mich., July 12, 1861 and graduated from the Detroit Medical College, practising medicine for a period of 68 years, forty-eight of this period being in the state of Alabama. Twenty-five years in Chilton County; 18 years in Wedowee, retiring from the practise in October, 1954.

He is survived by his widow, Stella, Fisher Mastin; a daughter, Charlotte Horne; three sons, Frank and Walter of Thorsby, and Orville of Baton Rouge, La.; seven grandchildren; thirteen great-grandchildren and one great-great-grandchild.

Funeral services will be held Thursday, October 20, at 11 a.m. at Martin's Chapel in Clanton.

POPLAR SPRINGS

Next Sunday and Sunday night will be our regular preaching day. We are hoping all our members and friends will be present.

Mrs. John Cox is still sick at this writing, remember her n prayer.

The RA's met on Wednesday night with their new counselor, Mrs. Louise Messer and five members were present. They have started out the new year with the Star Standard of Excellence wall chart and are trying with every effort to complete it.

Mr. E. W. Hill and Dorothy spent Saturday night with Mr. and Mrs. Linza Hill and family at New Site, Ala.

Mrs. John Cox and Lee had as their guest Sunday afternoon Mr. E. J. Foshee and boys of Birmingham. The Foshee's moved away from this community several years ago. We always enjoy seeing our old friends visit with us after moving away.

Mr. and Mrs. C. T. Horn and family from Roanoke, Ala., visited relatives here this week end. Mrs. Hettie Gross returned with them after spending some few days here.

The Poplar Springs Home Dem. Club met last Friday afternoon at the home of Mrs. Louise Messer with a good attendance.

The vice president, Mrs. E. R. Dennis presided during the absence of the President, Mrs. Aubrey Smith who had gone to Birmingham with her husband. Mr. Smith is here from his job in New York. Mrs. Gladys Glenn gave the devotional. The story of our Hymn "O God, Our Help In Ages Past," was given by Mrs. W. S. Cox. The roll call was answered by "How I Have Helped Some One Recently." The Club has as their project to put blocks around the Church and plant flowers and shrubbery. The election of new officers for the new year was completed.

The hostess served a nice plate and coffee to Mrs. Ruby Penton, Mrs. Flora Wilson, Mrs. Pearl Dennis, Mrs. Henry Lee Jones, Francis Patterson, Buhler Jones, Bell Moore, Ester Cox, Gladys Glenn, Bertha Stewart and Decie Wells.

Family Night will be next Wednesday night, we hope every one will make a very special effort to come.

COOPER NEWS

Mrs. Eva Jones

Chestnut Creek

We had a wonderful ervice at our church Sunday. I am sure everyone received a blessing by coming out to worship on the Lord's Day.

Our Sunday School begins at 10 a.m. and preaching at 11 a.m., with our pastor, Rev. C. M. Clinkscale, bringing the message. Our attendance for the morning services was 94. We are hoping for better attendance and we pray that our members will come out and let's fill our place in church every Sunday.

We welcome our visitors at all times. Our song leader for the morning service was Mrs. Lois Taylor accompanied by Mrs. Elbert Glenn.

Training Union began at 6:30 p. m. and preaching at 7:30 p.m.

The ladies in the Adult Class No. Two gave Mrs. C. M. Clinkscale a little love gift. Mrs. Clinkscale has been a wonderful and faithful worker in our class and church during this past year.

We wish to thank some of our members for the beautiful flowers that were brought to the church Sunday.

Visiting our church Sunday were Mr. and Mrs. Willie Rush, Mr. and Mrs. Bill Carter, Mr. and Mrs. L. D. Sanson, Ed Day, Mrs. Martin and Nancy Langston.

We were esecially happy to have Mr. and Mrs. Eaves back with us after having been away all summer visiting relatives in Montana. We miss our members when they are away.

Our attendance was one hundred-twenty five Sunday morning and 53 at Training Union. Let's pray that this number will continue to increase.

We want to thank the ones who were so faithful in helping to clean the cemetery Saturday.

Our Study Course ended Monday night, Oct. 17th. This certainly was an interesting book and we wish many more could have attended. Our thanks go to Bro. Adams and Mrs. Frances Gregg who have been so faithful and kind in teaching this book. I'm sure each one received a blessing from this.

Again we want to remind you that work is still needed on our pastor's home.

SECOND SECTION

CLANTON, ALABAMA THURSDAY, OCTOBER 20, 1955

Whose Farm Is This?

Here's a house that should be easily identified and it's located on this week's "Mystery Farm." Now your only problem is finding out who owns it.

All you have to do to win prizes in the Chilton County News "Mystery Farm" series is to tell us who owns the farm pictured. Your answer must be turned in at the News office before four o'clock next Saturday afternoon for you to be eligible. You can guess every week if you like and you won't lose a thing if you guess wrong.

We have a glossy framed photograph of the above pictured farm or its owner if he will come by the News office and give us a little information about his farm.

"Everybody Wins" Contestants Thank Subscribers For Support

I wish to thank every one who subscribed with me during the contest, sponsored by the Chilton County News. I enjoyed working in the contest with Mr and Mrs. Bill Gupton, the contest managers.

—Mrs. Edna W. Gilbert.

U. S. Navy Offers Training In One Of Sixty Trades

Today's Bluejacket learns 1 of more than 60 modern trade skills—alertness on the seas is vital to the United States. The modern fleet can only be as effective however, as the men the U. S. Navy trains to handle its new and highly scientific equipment. Today's sailor is accordingly schooled, not only in the ancient seagoing art, but also as a trained technician. More than 6 seperate trade fields are now available. Aviation, electronics, engineering, photography, ordnance. These are but a few of the broad categories in which Navy enlisted men receive the very best of training.

Where do you apply? At your local Navy Recruiting Station in the Post Office building in downtown Clanton, each Monday.

What is the age requirement? Men between the age of 17 and 30 (inclusive).

Young men. If you are a U. S citizen, and are able to meet the Navy's physical standards, and are of good character—why delay! Call or better yet, visit your local Navy recruiter next Monday.

'56 Plymouth Goes On Showroom Floors Tomorrow

PLYMOUTH OFFERS WIDE SELECTION OF 1956 MODELS

There are now four seperate lines and 15 models. Added to the Plymouth line-up are a four-door hardtop in the Belvedere line and a two door hardtop in the Savoy line. The Suburbans are now a seperate line of cars.

Plymouth is building three types of Suburbans—the four-door Sport Suburban, two-door and four-door Custom Suburban and two-door Deluxe Suburban. The four-door models are available with a third seat which increases passenger capacity to eight.

There are five models in the Belvedere line—four-door sedan, four-door hardtop, two-door club sedan. two-door hardtop and convertible.

Plymouth's middle line, the Savoy group, is made up of a four-door sedan, twodoor club sedan and two-door hardtop.

The Plaza group, priced lower than the Belvedere and Savoy, is composed of a four-door sedan, 2-door club sedan, four-door club sedan and three-passenger coupe.

Plymouth convertibles are powered by V-8 engines. All other models are available with V-8 or six cylinder engines.

Fullen Named Unemployment Advisor Here

The Secretary of Labor, through his Field Representative, Harvey Driscoll, Atlanta, Georgia, has designated R. L. (Bob) Fullen as Reemployment Rights Adviser through the fiscal year ending June 30, 1956.

The Designation dated August 22, 1955 reads as follows: "United States Department of Labor, in recognition of his patroitic desire to aid in the reemployment of those who have served in the Armed Forces of the United States and pursuant to Section 9 (h) of the Universal Military Training and Service Act, Robert L. Fullen is hereby designated a Reemployment Rights Advisor through the fiscal year ending June 30, 1956 As a representative of the Bureau of Veterans Reemployment Rights, serving without compensation, he is authorized in connection with their reemployto advise and assist ex-servicemen ment rights, subject to applicable laws and in accordance with the policies and procedures established by the Department of Labor for the reemployment rights program." Signed by the Secretary of Labor, Director, Bureau of Veterans' Reemployment Rights and Field Representative.

Fullen stated that he would be glad to confer with any veteran or employer regarding reemployment rights. His office is located over Teel Hardware in the Wade Building.

Polio Program Resumed In County

We have a fresh supply of polio vaccine for all children who have reached the age of five and have not had their tenth birthday. This vaccine is safe in every way, will not make him or her sck or in any way interfere with shots they have had or may have in the future.

If you prefer having your family doctor give the vaccine the Health Department will furnish him all the vaccine he needs and he will charge you a nominal fee for giving it.

The vaccine will be given in all schools in regular school visits, at the Health Office on Thursdays (all day) and Saturday mornings until it has been made available to all children of Chilton County.

Be sure to have your child protected against this awful disease.

CARD OF THANKS

The kind expressions of sympathy shown us by our friends in the death of our mother shall always be remembered. Her Children, the Campbell Family.

18 Chiltonians Attend Howard College This Fall

Eighteen students from Chilton County are enrolled at Howard College this semester and make up part of the largest enrollment that Howard has ever had—1678 students.

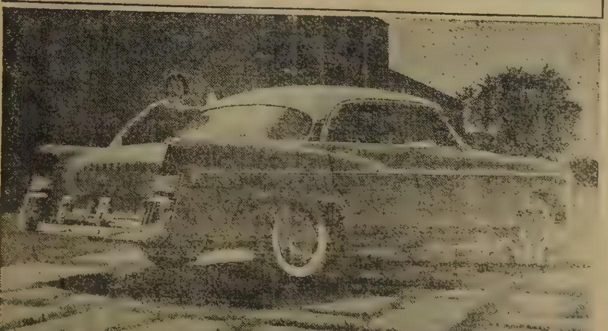
Dean P. P. Burns said enrollment for the day division with 1438 was up 111 students over the Fall figures of 1954. The evening division has 240.

Although the large faculty apartment building on Rugby Avenue was converted into a women's dormitory during the Summer, all available rooms for women were taken by July 15. Faculty residents of this building moved to the new faculty apartment building on the new campus.

The student body already is pointing to the big football game of the season. For the first time in several years the Howard Bulldogs will return to Legion Field on October 22 in a return engagement with the University of Mexico. This will also be Homecoming Day for Howard alumni and friends.

The students from Chilton County who are attending Howard include Nelma Jo Boockholdt, freshman, religion major; Omer G. Cost, freshman, physical ed. major; Evelyn Grant Crossley, freshman, elementary education major; Lance Lloyd Franklin, pharmacy major; James H. Fulford, junior, social studies major; Sadie Lou Gore, fresh., nursing; Horace A. Headley, soph., pharmacy major; Carol Howard, sr., English major; Frank Jones, soph., B. A. major; Jimmie C. Jones, jr., pharmacy major; James A. Lowery, soph., personel management; Joel B. Lucas, sr., religion major; Earl H. Mims, fresh., B. A. major; Joe Bob Mizzles, fresh., general; Wallace W. Neeley, sr., B. A. major; Kathryn Rich, soph., home economics major; Rufus R. Webster, fresh., chemistry major; Judith A. Williams, jr., education-English major.

1956 CHRYSLER FEATURES FLIGHT-SWEPT REAR FENDERS



The Chrysler New Yorker for 1956 offers new flight-swept rear fenders which emphasize the low, slim, taut lines of the car. It features a new 280-horsepower FirePower V-8 engine, fully-automatic push-button drive, new center-plane brakes and super-safe LifeGuard door latches as standard equipment. Chrysler New Yorkers are available in a new four-door hardtop, six-passenger sedan, Newport hardtop, St. Regis hardtop, convertible coupe and high-style Town and Country Wagon.

Last Week's "Mystery Farm" Belongs To D. L. Burkhalter

Last week's "Mystery Farm" was identified as that of Mr. D. L. Burkhalter of Rt. 2, Clanton. Mr. Burkhalter is the owner of his farm which is located 3 miles north of the Enterprise School on Enterprise-Clanton Road.

The Burkhalter's started their farm in 1947 and have 80 acres where they mostly farm truck crops, cotton, corn, watermelons Their livestock consists of 35 hogs and 4 cows. They try to use modern farming methods as much as possible and have a tractor which they rely on for heavy duty work.

Mr. Burkhalter and his wife Ethel were married in 1934 and have two children. They are Betty Jean and Wayne Burkhalter.

This family is just another example of the enterprising farm families we have in Chilton County.

Fall Revival At First Baptist Here To Feature Laymen

Fall Revival services will be conducted at the First Baptist Church beginning Sunday, October 23rd, and continuing thru Sunday, Oct. 30th. This will be a Layman's Revival and will be sponsored by the Brotherhood and all of the men of the church. This does not mean that the revival will be for men only, but will be for everyone in the community. As evangelist and song leader, two outstanding laymen have been secured.

Dr. Harold E. Ingraham, an outstanding layman of Nashville, Tenn. will be the evangelist. Dr. Ingraham has been outstanding as business leader of the Sunday School Board and in the Sunday School work of Southern Baptists. He is also successful as a revival preacher.

Mr. John Williams, also of Nashville, and also in the employment of the Sunday School Board, is a Welshman. The Welsh people love singing and are great singers. Mr. Williams is no exception to the rule and he will do a wonderful work in leading the song service and in promotion of the revival.

Mrs. Harold Ingraham will also be on the team and will work with the Juniors during the revival. Mrs. Ingraham has given her life to this type of work and the First Baptist Church is most fortunate in having her work in the promotion of their revival.

A program of visitation will be carried on during the revival. During the week of the revival the following organizations will be recognized: Monday, Sunday School Night; Tuesday, Training Union Night; Wednesday, Family Night; Thursday, WMU Night; Friday, Brotherhood Night; Saturday, Young People's Night. Observing these seperate organizations will give all the organizations of the church special opportunities to work on particular nights and also for the revival in general.

"Attendance is a very important feature of a revival," said Dr. Hutchinson, "and we feel that we have an outstanding meeting planned for our community. We certainly want everyone to come and receive a blessing during the week. The best preparation for a revival is prayer. We urge every member of the church and every person interested in the salvation of souls to be earnest in prayer for the revival meeting."

A cordial invitation is extended to every one in the variety to attend the servces.

Heart Ailments Are Alabama's Biggest Killers

Birmingham, Ala.— Heart and blood vessel diseases led the list of killers in Alabama during the first half of the year.

The Alabama Heart Association reported today that new Health Department figures showed cardiovascular diseases killed 6,216 men, women and children in the state—49 per cent of all deaths.

State Health Department figures show that the heart death toll was about four times greater than cancer's 1,577 deaths, next ranking killer, and 2.3 times greater than the next six causes of death combined.

Following cancer, in order, were accidents, 889; pneumonia, 408; kidney disease, 253; tuberculosis, 184; diabetes, 133; and influenza, 122.

Rheumatic Heart Disease and Rheumatic Fever cost the lives of 121 Alabama children in the first six months of this year, followed by polio, 8; whooping ciugh 7, diptheria, 4; and measles 2.

Alabamians Have Lightest Tax Load In Nation

Most people are made unhappy with the thought of taxes. However, there is one bit of tax information that should make all Alabamians feel beteer. That is the fact that the Alabama taxpayer pays the least amount of state and local taxes of any taxpayer in the nation. Alabama's per capita tax is the lowest in the Nation, according to the best reliable information.

This fact is not altogether due to the low income of Alabamians. Alabama is next to the lowest in the South in percent of income paid as taxes.

Alabamians should remember these facts as we consider additional revenues needed to improve essential state functions. At present, Alabama's contribution to the education of its youth is next to the lowest in the nation.

Fall And Winter Lights Increase Egg Profits

Auburn, Ala.—Use of lights in the laying house is one of the easiest ways for a commercial egg producer to increase his profits. Although lights can be used to get more eggs in any season, they are of greatest benefit during the fall and winter, when eggs generally bring higher prices but when production usually drops off.

Favorable egg prices make this year an especially good time to employ lights, according to API Extension Poultryman Hoyt M. Warren. By bringing late-maturing pullets into production earlier bringing old hens back into production after moult, and getting the last eggs from old hens before they are marketed, lights can help the poultryman have more eggs to sell.

Speaking in Auburn this week Warren said hens that have been under lights previously may be further stimulated by increased brightness or longer exposure.

Lights are generally turned on during the early morning hours for pullets. With old hens, they are burned all night. Bulbs hung in poultry houses should be equipped with reflectors and arranged to shine on both the roost and feeding area. Space lights 10 feet apart and use two o rmore rows in wide houses.

Nationally, hogs are the third largest single source of farm income They account fo 11 and one-half per cent of all farm earnings.

Broilers need at least a square foot of floor space per bird.

Farm machinery and implements should be stored in a shed or building away from livestock and chickens.

Selective Service Calls One For November Quota

Following a nation-wide quota hike, Alabama's November Selective Service call will also be given a substantial boost. A total of 581 Alabama registrants will be needed during November to answer the national call.

However, only one will be called from Chilton County according to reports from the State Selective Service headquarters.

CARD OF THANKS

Wife and children of Mr. Earl L. Bone wish to take this opportunity to express our thanks and appreciation to everyone showing kindness to the deceased prior to his death; also appreciate the kindness of neighbors and friends and to everyone for the beautiful flower offerings; to the Spigener Funeral Home of Clanton for their efficient service; to Rev. A. W. Nix, Rev. Rasberry and Rev. Johnsor for words of comfort and to those who rendered music and songs at the church. May God richly bless all.

—Family of Mabel Bone.

IN MEMORY OF EARL BONE

Who passed away Sept. 13, 1955

In memory of someone we loved so dear,
Who has passed away and is no longer here;
He is gone to Heaven, we all should know,
With Jesus there, on the Golden shore.

His sufferings over, his debt is paid,
In Heaven his treasures, he has laid;
There'll be no pain, or sorrow there,
Only happiness and glory, in which he'll share.

So don't weep for him, just live for God,
And over his path someday we'll trod;
We'll meet him in Heaven, on the Golden Shore,
And live with him there, forever more.

The new 1956 Pontiac models which go on display in dealers' showrooms Friday (October 21), introduce a General Motors "first," a completely new Hydra-Matic transmission. Called Strato-Flight Hydra-Matic bv Pontiac engineers, the new transmission is designed to provide smoother, quiter shifting of gears.

The Pontiac Strato-Streak V-8 engine, introduced last year, is larger in 1956 with horsepower upped to 227 in the Star Chief and 205 in the 870 and 860 series. Fifteen new body styles, longer by 2.4 inches, include six "hardtop" Catalinas, 3 of them four-door and three two-door. "Hardtop" models are available in all three series, the Star Chief, 870 and 860.

There is a choice of 57 new colors in "Vogue" two-toning or solid colors. Interiors utilize new fabric and leather in a wide range of colors.

"Pontiac is proud to be the first to introduce a big and vital General Motors first—Pontiac's new Strato-Flight Hydra-Matic transmission," R. M. Critchfield, General Motors Vice President and General Manager of Pontiac Motor Division said today. "In over two million test miles this revolutionary transmission demonstrated smooth, effortless shifting. This new Strato-Flight Hydra-Matic transmission combined with Pontiac's more powerful V-8 engine will give Pontiac owners a new experience in positive efficient performance. There is no interruption in transmitting power to the rear wheels and gear action is barely noticeable. This positive action insures unhampered acceleration for quick, safe maneuvering.

"The longer and lower look of Pontiac's new body styles combine with big-car riding comfort in the new series," Critchfield pointed out. "The rich colors of Pontiac Vogue two-tones are picked up in the luxurious interiors. Exciting new fabrics are colorful with durabilty, cleanablity and slideability."

Foremost among the mechanical improvements in the 1956 Pontiacs are the new Strato-Streak V-8 engines—bigger and sturdier than ever and upped in horsepower to 227 in the Star Chief series and 205 in the 870 and 860 series. The upsurge of horsepower comes from the increased displacement, higher compression ratios up to 8.9:1, and improved carburetion.

REA Sponsors Talent Contest At Annual Meet

Plans are now under way for a big talent contest to be staged at the annual meeting of the Central Alabama Electric Cooperative in Prattville on Saturday morning, October 22nd. Some 1,000 members and families are expected to attend.

Contestants do not have to be members of the co-op but do have to live in the areas served by it. Included are Coosa, Autauga, Elmore, Chilton, and portions of Perry, Bibb, Dallas and Tallapoosa counties.

The contest is again being sponsored by the power use committee. Members are Mrs. Ernest Klinner, Maplesville; Mrs. F. C. Gibson, Maplesville; Mrs. W. A. Levins, Wetumpka; Mrs. Peyton Langford, Autaugaville; Mrs. J. W. Thomas, Jones; Mrs. E. A. Fischer, Plantersville; Mrs. Ed Rogers, Prattville; Mrs. J. S. McEwen, Rockford; Mrs. J. M. Sellers, Alexander City; Mrs. Gordon DeRamus, B' "h.

Contest blanks may be secured from the sponsors or from the office in Prattville. There is no entry fee and the contest is open to all non-professinals in instrument, vocal, monologue, and dancing. Prizes of $15.00, $10.00 and $5.00 will be awarded. Deadline for entries is October 20th.

Lee A. Popwell Writes On "Ever Shining Light"

Jeremiah received this light while being conceived in his mother's womb, Jr. 1:5. John received it exactly three months before he was born, Luke the first chapter. Jesus Christ received it when he entered into the womb, also Luke chapter one.

We all have to have the annointing of the Holy Spirit to know any thing, 1 John 1:20-27.

We all missed it before we were born so it must come to us by repentance, faith, and obedience.

We that do not have within our own heart the Holy Spirit, why not get it today?

Then when we read not only the book of Luke but from Gen. 1:1 to Rev. 22:21, it all unfolds and comes to us in magnified works and truths.

We do not even have to ask for it, it is a free gift. The Holy Spirit told Luke that Jesus said He would give the Holy Spirit to all that would obey Him. Read Acts 5:32.

You have been told that Jesus said I will never leave nor forsake you. True it is, the Holy Spirit told Ezra that Jesus said and I quote: If thou seek Him he will be found of thee, but if thou forsake him he will cast thee off forever, 1 Chron. 28:9. When you are annointed with the Holy Spirit you are sanctified and sealed with a seal, Eph. 4:30.

Friends, I have given you this like it came to me, it surely is the truth and is no lie. If you cannot understand, please do not criticize. Bring to me and I will explain with more scripture, testimony of Jesus, Luke 1:70.

Yours in Christ,
Lee A. Popwell.

USMC Fall Drive For Volunteers Gets Underway

The U. S. Marines are starting their annual volunteer-only fall drive with the added incentive of a three year enlistment.

This was learned today when Sgt. Collier, Marine recruiter for this area stopped by the newspaper office and left the whole plan for enlisting in the Marines.

"Every year about this time," Sgt. Collier said, "we try our best to offer something different to prospective applicants who desire a career with the Marines.

"For instance, it has been a long time since we were able to enlist a number of young men for three years. But now it's a fact. A young man can enlist and leave immediately. We are continuing to stress high qualifications for our applicants. That's why we are still an all-volunteer group with plenty of get-up-and-go.

Sgt. Collier said that he would be at the post office building from 9 a.m. until 4 p.m. to talk to young men who are interested in enlisting in the Marines. Sgt. Collier will vsit Clanton each second and fourth Thursdays.

U. S. farmers buy seven million tons of steel each year—more than the amount going into all automobiles made.

Shelby County Observes First Industry Day

Montevallo, Ala. — Wendell B. Barnes, Administrator of the Small Business Administration, Washington, D. C., will be the principal luncheon speker at Shelby County's first Industry Day, Thursday, October 20.

The day-long series of meetings, discussions, displays, exhibits and addresses will be held on the Alabama College campus at Montevallo.

Mr. Barnes, a native of Ponca City, Oklahoma, was nominated by President Eisenhower to be Administrator of the Small Business Administration in February of 1954 He was confirmed by the Senate and took his oath of office ten days later. Prior to becoming Small Business Administrator he served as Acting Administrator and General Counsel to the agency.

A graduate of Culver Military Academy, Culver, Indiana, and Brown University, Mr. Barnes received his law degree from the University of Michigan.

Prior to entering Government service, he was a practicing attorney in Tulsa. While in Tulsa he organized and managed several small businesses. He also served in the House of Representatives of the Oklahoma legislature from 1950 to 1952.

As general counsel for the Tulsa, Oklahoma plant of Douglas Aircraft Administrator Barnes negotiated prime contracts with the Air Force and supervised and approved thousands of purchase orders and subcontracts for supplies from small businesses.

Announcing the Fabulous '56 Pontiac
THE STAR CHIEF 4-DOOR CATALINA

Introducing A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST"!

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

With all that's newest in glamour—*and all that's greatest in "go"*—the fabulous '56 Pontiac, now on display, awaits your hands on the wheel.

And when you drive it, you will get the biggest thrill in all your motoring experience—because this car is *really* loaded!

The big and vital General Motors "First", which heads its long list of look-ahead features, couples the two most advanced high-performance developments in the industry:

1. An all-new, big-bore Strato-Streak V-8 engine that puts 227 blazing horsepower at your toe-tip.

2. A completely new Strato-Flight Hydra-Matic that delivers this terrific "go" with a smooth surge of power at any speed.*

You now sweep from take-off to top performance with the ease of a sailplane.

You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort.

You may have had it smooth before—but never like this! It literally must be experienced to be believed.

That's plenty—but there's much more to make this a date to be long remembered.

There's smart, new beauty and luxury for America's most distinctive car. There's the safety of big brakes and road-hugging length . . . the security of a smooth new ride and sure-footed cornering.

There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample the results of its fabulous General Motors "First".

Sure as you enjoy thrilling action, here's your next car!

Wage-Hour Exam To Be Repeated

Birmingham, Ala.—Another U. S. Civil Service examination is soon to be held to provide more eligible for possible selecton as Wage-Hour Investigators, according to an announcement made today by Regional Director Homer E. Krog, of the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions.

Mr. Krog said not enough people passed former examinations to fill the jobs which will be open early next year.

The positions, which carry a starting salary of about $87.00 per week, will be filled before the new minimum wage of $1 per hour becomes effective on March 1, 1956 Mr. Krog stated.

"Special Wage-Hour training schools will be held right after the first of the year,' he continued, "men who are selected and go thru the training school will be capable of making investigations by the time the minimum wage is raised."

Krog pointed out that indivdual with varied experience might meet the high standards set by the Civ Service Commission. Present investigators come from the ranks of accountants, labor consultants, economists, some bookkeepers, and others.

Applications for examination should be obtained from local post offices or from the Executive Secretary, 1007 Comer Building Birmingham.

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

HEART DISEASE

Each year more deaths occur from heart disease than from any other single cause.

Acting like a pump, the heart circulates the blood through the body. The heart itself is composed of a mass of muscles forming four chambers which receive the blood brought to it from all parts if the body through the veins. This blood is first pumped to the lungs, where it receives fresh oxygen, and goes back to the heart, from which it is again passed out to every part of the body through the arteries. After it has distributed its oxygen and other essential substances to the individual organs, it is collected into tiny vessels called capillaries, which feed it into the veins and thus back to the heart. The essentials of the circulation of the blood were discovered in 1615 by William Harvey, an English physician.

The six most important causes of heart disease are rheumatic fever, which may damage the valve system; ;high blood pressure, which may overload the heart; sclerosis or hardening of the coronary arteries which supply blood to the heart muscle itself; syphilis, which especially affects the first part of the great artery, theaorta; subacute bacterial endocarditis, due to inflammation of the inner lining membrane and valves of the heart by a germ, Streptococcus viridans; and congenial defects, meaning those existing at birth. Other conditions may damage the pericardium, or outer covering of the heart.

Thus certain diseases may cause damage, slight or great, to the heart. Among specific heart conditions are angina pectoris, a pain in the chest which sometimes extends down the arm and which is caused by interference with the blood supply to the heart muscle coronary thrombosis or occlusion caused by a clot of blood forming in a hardened artery ti block off the flow of blood to the heart muscle; myocarditis, or inflammation of the muscular walls of the heart; and chronic valvular disease of the heart. Various conditions can be responsible for so-called heart murmurs, or irregular heart beat.

WMU MEETINGS—

Crcle I

Miss Mary Clements was hostess to Circle 1 of the WMU Monday afternoon, October 10th. Mrs. Lillie Rogers, chairman, was in charge of the program, Laborers in the Harvest.

The group joined in singing, There is a Fountain. These five members read scripture, Miss Clements, Gen. 8:22, God's promise that the season never fails; Miss Ola Rogers, Joel 3:13, a plea for all to be busy in the harvesting of souls; Mrs. Bonnie Willis, Prov. 10:5, Are lazy Christians an embarrassment to God?; Mrs. Nell Jones, Jeremiah 8:20, a person to whom no one told the story of Jesus' love; Mrs. Lillie Rogers, Matt. 9:37-38, and Luke 10:2, a command to look on the fields white unto harvest. Miss Miriam Harvey led in prayer.

Mrs. Edna Reynolds gave the part, What is an Agricultural Missionary; Mrs. Lois Woodley told of the Kate White Domestic School in Corrente, Brazil; and Miss Harvey gave the part, Impressions of the United Nations.

During the business session a free will offering was made to purchase literature for the circle. Names were drawn for rosebuds for the year. Miss Clements closed the meeting with prayer. She served refreshments to the group.

Mrs. Hale Hostess to Class—

The Junior Sunday School class of the Baptist church were delightfully entertained on Thursday night, October 13th by their teacher, Mrs. L. L. Hale, at her home. Both quiet and active games were enjoyed, then refreshments of sandwiches, cup cakes and drinks were served.

The Halloween motif was carried out in the decorations, and refreshments.

Those present were Lois Ann Woodley, Carol Brasher, Della Cost, Rena Blackmon, Martha Jo Willis, Braxton Lenoir, Dwight Cobb, Larry Cobb and Harry Hale.

Mr. and Mrs. Hale carried the group to their homes.

Ve'era Nell Is Six

Velera Nell Pate enjoyed a lengthy birthday celebration, beginning on Friday, October 7th, when her parents, Mr. and Mrs. Lester Pate took her to the Fair. There she had lots of fun at the Circle Six Ranch, was served pancakes with the Yellow Label Syrup, saw Mr. Doodles Show.

On Monday, October 10th was the day of the regular party. Enjoying this affair with Velera Nell were Darlene Collins, Patricia and Cynthia Vines, Sandra Rogers Murray Glass, Jr., Janelle Lenoir and Donna McNeill.

The lace covered table was centered with the birthday cake. The cake was decorated in white, was inscribed with Happy Birthday in pink. A large figure 6, holding 1 candle topped the cake. The cake was surrounded by Dutch Girl candles. As Velera blew out the candles the little guests sang the Happy Birthday song. The gifts were placed on the table and the honoree had a happy time opening and displaying them.

Velera further enjoyed her day when she was the guest of Mr. and Mrs. John L. Hayman at the Jemison Cafe.

Mrs. Hayman told Velera she could do anything and eat anything she wanted. For lunch she selected roast beef, mashed potatoes, prunes big limas, cheese and a cake. She requested cranberry sauce, but this was overlooked, so Velera said for that she would just stay for supper.

Mrs. Hayman said that for every time her guest got mad she would play the record Davey Crockett. My, Velera was surely in a temper, for the record was played 11 times. About two hours after lunch, Velera requested a banana split but failed to eat all of it. For supper she had a hamburger and a drink. A splendid celebration for a six year old.

You may owe your life to a CONCRETE PAVEMENT

You can see farther and stop in a shorter distance on concrete, the safety pavement because:

1. Concrete's light-colored surface reflects up to four times more light than dark-colored pavements. You see pedestrians, obstructions and other driving hazards sooner and have more time to slow down or stop.

2. Concrete's gritty surface has uniformly high skid resistance, wet or dry. Your tires get a firm, tight grip, permitting quick stops without skidding.

Your license fees, gas and other taxes pay for roads and streets. Insist that they be paved with the safest possible pavement—*concrete*. It may save your life.

Gasoline Tax Exceeds Five Million

The 7c State Gasoline Tax produced over five million dollars in revenue in September, for the first time since this tax was imposed nearly thirty-two years ago, according to Jim Britton, Executive Secretary of Alabama Petroleum Industires Committee. This increase made the Gasoline Tax the leading producer of state revenue last month

He stated that this was a 33 per cent increase over the September collections from this same source last year.

Britfon said that, although increased registration of motor vehicles accounts for some of this increase, a large proportion is attributable to the higher state gasoline tax, which was increased from 6c to 7c per gallon on March 1, 1955, thus giving Alabama one of the highest State Gasoline tax rates in the Nation.

In addition to the 7c State Gasoline Tax the Federal Government imposes 2c per gallon gasoline tax, and over 200 Cities and Towns and 12 Counties impose local gasoline taxes, Britton concluded.

Chilton County High School Bandmaster Reports Finances

Several weeks back a group of Band Boosters asked me to make a financial report of the band. They said many people may wonder where the band gets what money it spends. So to inform everyone of the wheres and hows I am presenting this article to you.

Last school year (54-55) the band had not budegt or bank account. With the cooperation of Mr. Waters and the Band Boosters Club it was decided that all adult tickets at home football games would be raised from .75 to $1.00 with the band receiving the quarter. The band's budget and account was set up from the $605.00 taken in from the games. This amount is around 15 per cent of the total gate. This 15 per cent will be an annual source of money for the band.

The band sells needs, oil, march books, etc, to its members, thus providing a small profit of 20 per cent on all articles except books, which is 10 per cent. This account made $388.45 last year.

Every trip made by the band was paid by the students. Transportation to ball games, entry fees, to festival competition and state contest receipts were $154.83, concert, $250.00, candy sale $460.0; magazine $46.00. Total money received into band account for 54-55 school year, $1,904.28.

The expenditures of the band are vast. New concert and march music is a must to keep the band members playing music that is equal to their ability. New equipment is needed, and replacing or repairing old equipment and instruments, is constant.

Paid out for music, repairs, replacement, equipment and new bass horn, Forms, $76.16; Austin Music Co. $405.26; first payment on bass horn, $400.00; Arts Music Co. $26.68, Educators Music Supply $94.76; Others $24.00. Total paid out $1,025.86.

Transportation paid $88.94; paid fees to contest and festival $64.15; total $153.09.

Cook Candy Co. $300.00; Farm Journal $46.00; Alabama Power Co. $5.15; Tiffin Furniture Co. $7.90; total $417.05.

Bank note, $225.00 final payment on uniforms. Total expenditures for year $1,821.00 by the band; Baud Boosters Club, Uniforms paid $3,175.00, total $4,996.00.

Our band has an inventory that will be surprising to most people. I have asked several people around town what they thought our band was worth in dollars and cents. Most guessed around $3,000. The band owns twenty seven instruments, valued at $4,840.50 (replacement). Equipment in band room, $758.00; school owned concert and march music $381.75; 60 new uniforms at $57.00, $3,420.00; 40 old uniforms at $5.00, $200.00, total inventory since April 3, 1953—$9,580.25 Inventory before April 3, 1953, $3,781.50, an increase of $5,8[illegible]. To the best of my knowledge and ability the previous figures are correct.

With an inventory of near $10,000.00 the band still lacks proper instrumentation. Many basical instruments are missing which will always keep our ratug down at state contests. Other basical instruments are needed to let children whose parents could never afford a four or five hundred dollar instrument to supply them with a musical education. Noted Psychologist have stated, If a Child blows an instrument he will never blow a safe.

As director and a home town boy, I am asking for your help. To our civic clubs, Kiwanis, Lions, J. C.'s, Chamber of Commerce, Pilots, Garden and others. To our PTA and to every citizen, City Council, County Board of Revenue, consider their band. Around $5,000 is needed in the next two years to put the proper instruments into the hands of your children.

When you see a band member selling candy, tickets and other things, don't turn him down. Every dollar you give the band will be returned to you in the form of a band, all Clanton and Chilton County can be proud of.

Lamar DeLoach, Band Director

NEW SALEM BAPTIST

We had two wonderful sermons brought to us here at New Salem Sunday and Sunday night. Our attendance was off a little Sunday We urge each member to be present as much as possible. Each of us have a place in the church and we should strive to fill this place.

Lets everyone remember to pray for our pastor that he will always have the strength and courage to continue for the cause of God. Our pastor heeds our prayers. Prayer is a wonderful thing, it is a communication with God. We should ever fail to offer our thanks up to God for the many blessings.

Everyone remember to pray for our church and the entire membership that it might go forward.

Future Farmers Use Modern Methods

THEY LEARN ABOUT TRACTORS—It takes plenty of know-how to operate a farm today. Not only must a boy know all about soils, crops and fertilizer but he must be a mechanic as well. The above members shown studying tractors are members of the Chilton County High School vocational agriculture department. Teacher is J. Reed Thompson. Boys are Eugene Martin, Paul Johnson, Marshall Popwell, Clyde Edwards, Eugene Cleckler, Rayford Caton, Baurice Brown, Jimmy Puckett, Jimmy Oaks, Jerry Patterson, Gordon Noah and Lonnie Jones. 50% Increase In Pulpwood Industry

Auburn, Ala.—Alabama's pulpwood industry is getting ready to swell to half again its present size.

Construction of new plants and enlargement of existing plants during the next five years will send the state's productive capacity from 2,000 to 3,000 tons of pulp per day, according to Windell W. Vickery, API Extension forest products marketing specialist. Vickery said this week three new mills are to be built in West Central and North west Alabama.

Explaining that over 70 percent of all pulpwood cut in the state comes from woodlots, the Extension expert said private landowners now get more than $5 million each year for stumpage. Over $10 million more is paid for harvesting and delivering this wood to market.

How Bible Principles Apply To Your Life

Do you think Bible principles apply today, that they are a sound guide for your life? Some people will admit that they do not think these principles are practical. Other people, while not admitting this will show by their course of action that they do not believe such principles apply now. But let us assure you that the Bible's principles really do work, that they will make your life a healthier, happier, longer and more enjoyable one.

For example, delinquency could be elliminated thriugh following the Bible's principles on child raising. Divorces and broken homes can be saved through following its principles on family life. Feelings of anxiety, hostility, inferiority, envy, etc., can be overcome through following its instructions. Even further, religious differences are abolished when the Bible really is accepted by both sides. These are practical matters; they concern your everyday life. But they are only the beginning of the information that the Bible has for you. That further information will be considered in this article after we first see how it is thatthe Bible's principles really will improve your daily life.

The instructions the Bible gives about family life, are pointed, simple and clear. Anyone can understand and apply them. Note, not the part that applies to the rest of the family, but the part that applies to you. Apply it, and your family life will be a much happier one; "You wives, be in subjection to your husbands, as it is becoming in the Lord. You children, be obedient to your parents in everything, for this is well-pleasing in the Lord. You fathers, do not be exasperating your children, so that they do not become downhearted," Col. 3: 18-21, NW.) Do you say there is no reason for you to apply this instruction to your life because the rest of the family does not? Then remember, their part of it is not your responsibility; your part is. Would the rest of the family's attitude change if yours changed? Are you setting the right example, or the wrong one? Following this right instruction that puts everything in proper order will overcome contensiousness and reduce personal family dissensions. Try it; it really does work!

The instructions about child training? The responsibility is upon the parents to train the children in the right way. "Train up a child in the way he should go, and even when he is old he will not depart from it." Proper parental authority must be exercised: Withhold not from the child; for if thou beat him with the rod, he will not die. Thou shalt beat him with rod, and shalt deliver his soul from Sheol." However, this should never be in anger, just to ease the parent's emotions, but should be tempered with mercy, justcie and love, and should be consistent, just as Jehovah tempers his discipline with mercy, justice and love and is always consistent. To parents who themselves set the right example, and who properly discharge this obligation, delinquency is no problem. Prov. 22:6; 23: 13, 14, AS.

What about adult morals and the increasing crime that fills our prisons to overflowing? Following the one command, "You must love your neighbor as yourself," would solve the entire problem. The people do not follow that command. Their their religious leaders have fallen down in teaching the real importance of following such principles today, as the previous article shows. True Christians really do follow that instruction. Further, they remember Paul's instruction to the Corinthians: "What! Do you not know that unrighteous persons will not inherit God's kingdom? Do not be misled. Neither fornicators, nor idolaters, nor adulterers, nor men kept for unnatural purposes, nor men who lie with men, nor thieves, nor greedy persons, nor drunkards, nor revilers, nor extortioners will inheit God's kingdom. And yet that is what some of you were." Yes, any previous course can be changed to the high standard that the Bible commands. And if one wishes to be a true Christian he has no choice but to conform to those high principles. Matt. 19:19; Cor. 6:9-11, NW.

BELL LANE NEWS

(Too late for last week)

We had a wonderful service both Sunday and Sunday night. Our new Young Adult Class got off to a fine start. Their teachers have really worked this past week and the church is very proud of them and what they are doing. The teachers are Mr. Alton Sanders and Mrs. Austin Rhodes.

The ladies Adult Sunday School Class had their business meeting and social hour at the home of Mrs. Foster Bean on Tuesday night, Oct. 6th. We have named our class the Willing Workers Class. Each one enjoyed the fellowship and the delicious refreshments. They will meet again on Thursday night before the second Sunday at the home of Mrs. Arthur Headley.

Next Sunday, October 16th, we are having Laymans Day. Everyone is welcome to come and see our men working for Christ. Mr. Arthur Headley will be bringing the Layman's message at the 11 o'clock hour. Mr. Burber Bean will teach the Adult Women's Class; Mr. Alton Sanders will be with the Young Adults; G. C. Bolton will be with the Young People; Mr. Houston Littleton will be with the Intermediates; the Junior Class will have Dennie Wood; and the Primary Class wll haye as their teacher Morris Padgett; Beginners will have Mr. Zedard Bolton, and the nursery will be cared for by Mr. Lessie Bean.

We will begin redecorating the church on Thursday of this week. The work will be done day and night until finished. You who are interested come help, painting will be gong on, also we plan to do some work on the yard and cemetery. The work at night will begin at 7:00 o'clock, or any time you can come.

You are always welcome to come and be with us at any and all services.

Alabama Baptists To Convene In Birmingham

The Alabama Baptist Convention will hold its 134th session November 15-17, at First Baptist Church, Birmingham. Presiding will be Dr. Henry L. Lyon, Montgomery, president.

Convention preacher will be Dr. Hampton C. Hopkins, Gadsden. His alternate is Rev. J. B. Marlow, Talladega.

Reports will be given on all phases of the Conventions' work, as well as their affiliate, the Southern Baptist Convention. A Pastors' Conference will precede the Convention session.

Vice-presidents of the body are Pat Roberson, Pell City, and Rev. J. W. Lester, Enterprise. Secretaries are Rev. Grover O. Walker, Birmingham, and Davis Cooper, Jr., Montgomery.

Dr. A. Hamilton Reid, Montgomery, is executive secretary for the Convention's Executive Board. Approximately 100 persons from every section of the state compose the board's membership.

Visiting speakers will appear on the three-day program, representing the several denominational agencies. An estimated 1500 "messengers" will attend.

The body last year reported 2,697 churches, with a combined membership of 597,913. These churches gave $2,398,010.55 to missions with aggregate gifts of $18,590,694.60 to all causes.

Iowa Team To Shear Ala. Lambs

Auburn, Ala.—A team of 12 Iowa shearers will come to Alabama this fall to take wool from a big crop of feeder lambs. Working in small groups throughout the state, these experts will be able to shear thousands of feeder lambs currently being placed on Alabama farms.

According to API Extension Livestockman W. H. Gregory, shearing will start when all of the 48,000 western lambs ordered under a new Extension plan have been received. Delivery may not be complete until the first of November. By having the meat animals shorn, Gregory explained, o[illegible] can get an extra saleable [illegible] and enable the lambs to make [illegible]ter gains. Their profits from wool will include a government incentive payment.

Gregory said those who wish to have sheep shorn may notify their local Extension offices. Shearing fees will run approximately 40 cents per lamb, and shearers will sell wool sacks to those who want them

Agronomist Notes New Drouth Consciousness

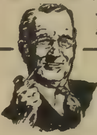
Auburn, Ala.—Much of Alabama is dry again. Many growers have been waiting for weeks now for enough rain to get their winter crops planted.

Remembering last year and a succession of drouth years before that, farmers are giving new thought to better ways to withstand long periods without rain. Livestock producers, especially, are tending to prepare for the worst while hoping for the best.

"Drouth consciousness marks the current thinking of farmers and Extension research people throughout Alabama," said API Extension Agronomist J. C. Lowery, this week in the country, as well as right here in comment on this trend. Precautions against drouth cut feed supplies are getting more attention than ever before. And where such preparedness has been tested, it has paid off. Reports from Missouri estimate that improver roughage programs there saved farmers an additional 50,000 carloads of imported hay in 1954.

All over the nation, farmers are trying to strengthen permanent pastures through the use of soil treatments, reseeding, and controlled grazing. Lowery pointed out. Silos appearing on thousands of additional farms are used to store surplus spring growth of pastures, small grains, and early cutting of hay crops. In some states, farmers are beginning to allow extra land for pasture and feed crops that can be stored.

Drouth-resistant crops end varieties are getting more attention too, the Extension expert went on. Sudan grass, millets, sorghums, lespedeza, alfalfa, and lonf-lived vrasses such as bermuda are all being pointed out. And in some areas emphasis on irrigation is aimed at providing both drouth insurance and extra big yields in good seasons.



From where I sit ... by Joe Marsh

Handy's a "Glad Hand"

Farmers always complain about how hard it is to keep hired help. Good hands drift off to cities—to high-paying jobs with regular hours and no Sunday chores.

The other day it occurred to me that Handy Peterson has worked on the Roberts farm since back in the thirties, and shows no signs of wanting to quit. So I mentioned it when I saw him.

"Well, I get every other Sunday off here," explained Handy, "and two weeks' vacation. But mostly I stay on because I like the friendliness here — and the respect I get for being an experienced farmer. Here I'm important. In a town job I'd just be a number."

From where I sit, *showing* respect is the best way of *getting* respect from your employees, your friends . . . or your customers. Notice how tirelessly Andy over at the Green Garden Inn works to keep his place neat and orderly — co-operating with that Self-Regulation Program the Brewing Industry sponsors — out of respect for his patrons. A smart attitude to "employ."

'56 Chevrolet sets new Pikes Peak record in top-secret test!

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR* certified record—the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving *safer* and more fun. So wait for the car that beat the King of the Mountains!

FHA Loans Reached All-Time High During 1955 Fiscal Year

Loans made and insured by the Farmers Home Administration in fiscal 1955 totaled $293,190,000 and reached the highest level in the agency's history, Ervin L. Peterson, Acting Secretary of Agriculture, said today.

In 1954 approximately $292,462,000 was advanced or insured. The 1954 volume of loans represented an increase of 28 percent over the $228,600,000 loaned in 1953.

The insured farm loan program was greatly expanded during the year and a soil and water conservation loan program was introduced.

Private lenders provide the funds for insured loans. The Farmers Home Administration makes and services the loans, and guarantees the repayment. The volume of insured loans rose from $9.500.000 in 1954 to $47,402,000 in 1955 due to increased participation by lenders and the use of insured loans in financing soil and water conservation. Previously only farm ownership loans were made on an insured basis.

The soil and water conservation loan program which began about October 1 provides for soil conservation; water development, conservation and use; and drainage.

Loans may be made for such improvements as construction and repair of terraces, ponds, waterways and erosion control structures, ditches and canals for irrigation and drainage. Also sodding, subsoiling pasture improvement, brush removal, land leveling, tree planting, well drilling, and the purchase of pumps, sprinkler systems and other irrigation equipment.

During fiscal 1955 approximately 135,000 loans were made to farm families compared to 131.000 in fiscal 1954. Including farmers who already had loans, some 248,000 families worked their farms with Farmers Home Administration credit during 1955.

In Alabama Production and Subsistence loans to operators of family-type farms for the purchase of farm equipment, livestock, fertilizer, seed and other farm and home operating expenses totaled $3,842,800.

With the aid of these fnuds owners and operators of family-type farms developed balanced farming systems and made full use of their resources. Approximately 60 percent was invested in farm equipment, productive livestock and other capital improvements.

Farm Ownership loans for the purchase of and development of family-type farms in Alabama, including the construction and repair of farm houses and other essential farm buildings, totaled $1,878,498 of which $1,133,496 was provided thru the insured loan program. Both the total amount loaned and the amount insured set all-time records.

In Alabama Soil and Water Conservation loans totaled $179,610.

Approximately $1,554,460 was advanced to permit Alabama farmers to continue normal operations under emergency conditions including $62,230 for special livestock loans.

Loans made by the Farmers Home Administration are available only to farmers who cannot obtain the credit they need from other sources. Borrowers are required to refinance their loans as soon as they are able to do so.

With production and subsistence farm ownership and some type of soil and water conservation loans the borrowers received the assistance of the agency's county supervisors in preparing farm and home operating plans, in keeping farm records, and in obtaining advice on farm problems.

Applications for loans are made at Farmers Home Administration county offices located throughout the State. Eligibility of applicants is determined by local county committees composed of three members, at least two of whom are farmers.

During fiscal 1955 collections on principal and interest amounted to $6,417,925.

Soil Conservation Practices Continue In Chilton County

Ray miller has prepared land, fertilized, limed and sowed five avres of Kentucky 31 Fescue and White Clover.

Hoyt Freeman states, "I want you to go to see my Bahia grass I planted in the spring." You know, I think it is the best grass that I have ever planted. In fact, I think enough of it that I have bought two hundred more pounds to plant next spring." Hoyt is overseeding his Bahia with Reseeding Crimson Clover this fall.

A. R. Hayes planted ten pounds of three-year old Kudzu seed and got a very good stand. A. R. will leave plants enough to cover the area where the seed were planted and dig enough seedlings to plant additional acreage next spring.

Claude Harper has fertilized 15 acres of Reseeding Crimson Clover with 400 pounds of 0-14-14 per acre.

Anyone planning to install an irrigation system in the next year or two shoul check the water supply closely. During a dry season as we have had recently is a good time to make this check.

Stop and think what one small match used carelessly will do! Millions of dollars worth of property have been lost during the past year from fire. Let's be careful and keep our property. October 9-15 was designated as Fire Prevention Week, but let's all clean up our property and keep these useless fires from occuring any week.

Wash Foundation Garments Often

Frequent launderngs lengthen the life of foundation garments, for perspiration weakens rubber and fabrics alike.

API Extension Clothing Specialist Kathleen Thompson, who says that girdles and brassiers need washing after every other wearing (in warm weather, after every wearing), gives thefollowing method for laundering foundations: Close all fastenings; then soak the garment in mild, lukewarm suds for no longer than 10 minutes. Squeeze the garment gently in the warm suds and remove spots by rubbing with a soft brush. Rinse several times in clear, slightly warm water. Roll the garment in a turkish towel to absorb moisture before hanging it to dry.

Under The Study Lamp

SOW A HABIT—REAP A DESTINY

"Pray without ceasing." II Thessalonians 5:17.

A casual reading of this brief admonitiin gives one the impression that he is expected to do the impossible. That is to say if he spends every hour of every day on his knees he will not have time to do the work necessary to support his family.

It must be kept in mind however, that the Bible is a commonsense boik, and does not put burdens upon us that are too heavy to be carried. Therefore while it says, "Pray without ceasing," it also says, "Six days shalt thou labor and do all thy works." Any inconsistency there? Not the least. Well then, what does our text mean? Simply that every professed believer is to cultivate the habit of prayer. That is not too hard to do.

A fey days ago a traveling salesman came to see me and in the course of the conversation told me that it is his delight to keep in touch with God; that out on the road alone in his car he finds himself thinking about the spiritual privileges that are his, and praying for daily guidance.

Some people have an idea that the help of the Lord should be sought only in times of emergency. But we are sure that the Almighty does not appreciate being thought of as a kind of errand boy, to do our bidding only when occasion arises.

Abraham, a distinguished Old Testament character, is mentioned in the New Testament as being the Friend of God. It is no wonder then that Abraham looked to his divine Friend for deliverance when tragedy threatened his house, and that his prayer was miraculously answered.

One of the most appealing parables that Jesus spoke was that of the friend who got out of bed at midnight in order to help a beloved neighbor.

In the deep darkness of soul distress God is pleased to answer the prayers of those who keep company with Him while the sun is shining. That was what the Apostle had in mind when he offered the sensible advice, "Pray without ceasing."

You have heard of the little girl who told her mother that she prayed every night for God to take care of her, but that she did not need to pray in the morning because in the daytime she could take care of herself. How many Christians are just like that.

Folks and Things ABOUT TOWN

—By Ben

October beauty everywhere
The golden days are here.
All nature wears a "Jacobs Coat"
And Autumn skies are clear.
The many colored trees proclaim
Thanksgiving time is near.

Was talking to Adjutant General Billy Partlow Tuesday and he told us that he would be here for the big celebration at the Armory on November 11th. General Partlow will speak at Birmingham that same day at the Memorial Day program there and then fly to Cianton for his appearance here. Alabama never had a more popular or likable Adjutant General than Gen. Partlow and he has scores of friends in Chilton County who will be glad ti see him Nov. 11th.

Probate Judge M. D. Tingle asked us to pass this "thank you" note along to all you readers. He says that Mrs. Tingle is much better now and well on her way to being up and about again. He and Mrs. Tingle want to thank the many friends who came to their aid when Mrs. Tingle was at the hospital the other week. Especially do they wish to thank the State Highway Patrol who rush the blood from Birmingham, the Doctors, the nurses at the hospital, and many others, too numerous to mention. Judge and Mrs. Tingle have another boy you know which makes it two girls and two boys. They are very appreciative of the thoughtfulness of their friends in Chilton County.

Some people thirst after knowledge, some after money and some after fame; but everybody thirsts after a peanut butter sandwich.

The young father, pushing a baby carriage, seemed quite unperturbed by the wails emerging from it.

"Easy now, Albert," he said quietly, "control yourself. Keep calm."

Another howl rang out.

"Now, now, Albert," murmured the parent, "keep your temper."

A young mother passing by remarked, "I must congratulate you! You know just how to speak to babies—calmly, gently." She patted the youngster on the head and cooed, "What's bothering you, Albert?"

"No, no," said the father, "his name is Johnny. I'm Albert."

A good place to eat your supper next Monday evening will be the Chilton County High School gym. So they haven't added eating to the "reading, writing and arithmetic," but the CCHS Parent-Teachers will serve a course or two, or three, or four, all depending on how many light at their Fun Fair. Serving will start at 5:30 o'clock and you get a floor show with your supper. (We would say dinner but we wouldn't know what we were talking about). That's not all you can get that night at CCHS. There will be plenty of entertainment for all ages and you are cordially invited. Come and bring your pocket book. It was Ben Studdard, or Hollis Jackson nor Referee Lineberry, or somebody that added the "bring your pocket book."

Mayor Writes Editor On Cooperation Of Citizens

Dear Ben:

The City Officials are grateful for your complimentary statement contained in your paper of October 13th, on our Street improvement and paving. Strange as it may seem, we are human, and any kind word of praise lifts us out of a depressed feeling, leaving us with a broad smile, a better opinion of ourselves and of the world.

I am prompted to write this letter for the reason I want the owners of property abutting on streets being paved to share in the praise. With very few exceptions, they are co-operating splendidly. The City does not extend credit, or assess the cost to property—cash in advance, or no paving. Judge Tingle and the County Commissioners have been good neighbors and helpful by use of the County Asphalt Paving Machinery at a reasonable charge. Then, too, there is the City Council, who, first had to approve of the new Street Paving Plan submitted to them by the Mayor, which removed the most unfair distribution of cost of public improvement I have ever known. Had these men not been progressive and unafraid, they, too, would have refused to adopt my plan.

I asked them to make a great departure from the Age Old plan

In Experiment---

Selden Asks Peach Insurance For Chilton

Last week Manager C. S.Laidlaw announced that the Federal Crop Insurance Corporation may experiment with crop insurance on peaches in a few Southern counties in 1957. Mr. Laidlaw said such insurance would protect growers from frost, freeze and other weather, insect losses.

Since Chilton County was not included in the announcement, Rep. Selden today urged Mr. Laidlaw to strongly consider the inclusion of Chilton County in any experimental peach crop insurance plan that may be put into effect by the Department of Agriculture. Congressman Selden pointed out to Mr. Laidlaw tha Chilton County is the largest peach-growing county in Alabama and that the county suffered a tremendous loss this past spring when the late freeze totally destroyed its peach crop. Mr. Laidlaw assured the Congressman that Chilton County will receive every possible consideration should this program be put into effect by the Federal Crop Insurance Corporation.

First Methodist To Hold 8th Annual Bazaar, Nov. 8th

Not qute two weeks left for you to get your plans all set and your tickets bought for the Bazaar and Turkey Dinner at the Clanton Methodist Church, on November 8th.

There are so many beautiful flower arrangements and so many gifts of all kinds, being made, that you just can't afford to miss being on hand.

The general chairman, Mrs. Clara Mullins and the co-chairman, Mrs. Joe Mullins, are hoping each and every person in the vicinity of the City of Clanton, will come and view the handiwork of the women of the church.

There is going to be lots of good things to eat, also fun for everyone, especially the children. The Young Matron's Circle will be serving coffee, milk, hot dogs, home made cakes and pies, and there will be plenty of home made candy on sale from 10 a.m. 'til?

The Bazaar Gift Booths will be open a 10 a.m. with lovely gifts for all ages.

Assemblies Of God End Enlargement Month With Report

As October is enlargement month for the Assemblies of God, Rev Ward will give a report on his revival time broadcast, on Sunday night, October 30 as to the number of people attending Assembly of God Sunday School on Sunday.

At the Temple church we will have a radio set up and immediately following preaching, at 8:30, we will be privileged to hear Revival Time and also the report which Rev Ward will give at that time.

The pastor, Rev. Troy B. Helms, invites all to attend this service.

Beginning New Fiscal Year---

Tingle Reports County In Excellent Financial Condition

Following is a progress report made by Probate Judge M. D. Tingle for the 1955 fiscal year, October 1, 1954 through September 30, 1955:

October 1, 1955 was the beginning of a new fiscal year for Chilton County and I am happy to report that Chilton County closed out September 30, 1955, with the county in excellent financial condition. The County still does not owe any interest bearing debts such as bonds, warrants or loans. All phases of our County government, in my opinion, are being operated systematically and economically.

Rapid progress is being made in improving County roads in Chilton County.

Roads Paved During Fiscal Year—

1. Mineral Springs—Lay Dam Rd. 4.431 miles.
2. Lay Dam Road to Pinedale Church 4.83 miles.
3. Alabama Highway No. 22 to Isabella 2.56 miles
4. Alabama Highway No. 22 to Tom Littlejohn Road 3.01 miles.
5. Wessington — Providence Church Road 1.70 miles
6. Re-surfacing Jemison—Mineral Springs Road 7.0 miles

Bridges Completed During Fiscal Year—

1. Waxahatchee Creek Bridge.

Clanton To Be Considered As Sight For Helicopter School

On October 3, 1955, Judge M. D. Tingle sent a telegram to Brigadier General Carl I. Hutton, Camp Rucker, Alabama, asking that Clanton be considered for a location of a helicopter school.

In reply, Judge Tingle received the following letter:

Headquarters
The Army Aviation Center
Office of the Commanding General
Camp Rucker, Alabama
— October 5, 1955

Honorable M. D. Tingle
Judge of Probate
Clanton, Alabama

Dear Judge Tingle:

This is in reply to your telegram of 3 October 1955, proposing Clanton as a possible site for the Army Civilian Contract Helicopter School.

No requests for proposal have been mailed to prospective bidders as yet. When these requests are mailed, it is presently planned to inclose each letter a list of communities who have expressed an interest in having the school located in their area. Prospective contractors would select a site and submit their proposal based on that location.

I will be glad to place Clanton on our list of possible sites.

Your interest in this project is appreciated.

Sincerely,
-s- Carl I. Hutton

Fullen Urges Observation Of Veterans' Day

. . . calls upon all ctizens to observe Friday, November 11th, 1955 as Veteran's Day—a day of commemoration of those who sacrificed to preserve our nation and rededication to the task of achieving an enduring peace—The proclamaton so states that "it is altogether fitting that a grateful nation should set aside one day each year to pay a special homage to the veterans. . . who fought to preserve our freedoms." All public buildings will display the United States Flag on that day.

Accordng to R. L. "Bob" Fullen, plans are coming along fine for the parade and the barbecue to be held on Friday, Nov. 11th. Fullen stated "that all concerned would please take this news article as a personal invitation to join in the celebration. We would be most happy to have every business firm in Chilton County represented."

Other details of the Big Day will appear next week in your Chilton County News.

If you wish to have, and do not have a flag to display contact Bob Fullen at 392 or Bill Popwell at 831.

First Baptist Church—

Pastor, Rev. B. B. Burks
Church at Study at 9:45 a.m.
Morning Worship at 11:00 a.m.
Church in Training at 6:00 p.m.
Evening Worship at 7:00 p.m.

To visitors and friends we extend to you a cordial invitation to worship with us any and all times you come our way.

Thursday Night at 7:00 officers and teachers meet. The factors in building a great Sunday School largely depend upon an officers and teachers meeting and a visitation program.

Friday at 7:00 is the time set aside for visitation. (P.M.) Mr. Mims, Supt. of visitation, has obtained the services of a committee to serve refreshments promptly at 8:30. Visitors will receive assignments at 7:00 and return at 8:30. If you have not had the joy of being a part of a systematic visitation program you are missing something nothing else can take its place in church activity. The pastor, the Sunday School Supt. and the one promoting visitation look forward to having the joy of working with you.

Baptsmal service next Sunday night, followed by commemoration of the Lord's death. The committee on this ordinance will please be prepared and our Minister of Music will have a program arranged approprate for the occasion.

Remember in prayer the following who are sick: Mrs. Elsie Payne, Mrs. Eiland and Mr. E. P. Smith.

Congratulations to Mr. and Mrs. Charles Riggins upon the arrival of a baby girl, Mary Ann.

This column extends sympathy to Mrs. Eiland and Mrs. Anna Culpepper in their great loss, Mr. Frank Foshee. May the Lord bless them is our prayer.

Mrs. Malcolm Manning left Saturday night for Spencer, Tenn. to visit her mother, Mrs. Laura Cook. She also plans to visit her daughter and family, Mr. and Mrs. Al Henderson and son in South Carolina.

Mrs. Mary Salter, Mr. Clarence Pearson returned home Saturday from a visit in Huntsville. They have been gone for two weeks. Mr. and Mrs. Bobby Huffman, and Mrs. Margaret Huffman returned home with them and spent the week-end.

Miss Margaret Ward of Birmingham spent Saturday here on business.

Mrs. Gladys Ray, Bessemer, spent Sunday afternoon here with relatives.

Mrs. Otto Allstott of Torewell, Ind. visited her sister, Mr. and Mrs. V. J. Littleton, also Mr. and Mrs. Ralph Boone dropped by to see Mr. and Mrs. Littleton, enroute to Little Rock, Ark.

A-3c and Mrs. Glen Hayes Marcus left Saturday morning for their home at Eglin Field, Fla. Mrs. Marcus has been visiting here while Glen has been away taking special training.

Lutheran Church News—

Services at 3 p.m. Sunday afternoon with the Rev. J. R. Boggs bringing the message. You are cordially invited to attend.

Women of the church met at the home of Mrs. Frank Nelson on last Wednesday afternoon and was well attended. Lt. Loretta Petersen gave a most interesting talk on her experiences as a flight nurse while on duty in Japan, Korea and the Phillipines.

The Rev. Dexter Moser will preach his farewell sermon on Nov. 6th. The Rev. Moser has accepted a call to one of our Lutheran churches in Houston, Texas. It is hoped that a good crowd will attend this service.

Mr. and Mrs. Thos. . Rogers returned Monday from Hickory, N.C. where they went to attend the marriage of their nephew, James Biggs, Jr.

Miss Nell Werness was complimented at a birthday dinner given her by Mrs. A. E. Reagan on Sunday. Mrs. . Berlin was also a guest. Nell did not say how old she was, only glad that she is still pretty spry and well as ever.

Those attending funeral services for Dr. O. C. Mastin, formerly of Thorsby, were: Mrs. C. S. Howard, Mrs. Nels Petersen, Naemi Turnquist and Malcolm Manning. Dr. Mastin died in North Carolina and was buried at Clanton last Thursday. We extend sympathy to the famly who have many friends in Thorsby.

Miss King Becomes Bride of Howard Minor—

Miss Mona Jane King, daughter of Mr. and Mrs. J. Paul King of Waynesburg, Pa., became the bride of Howard Minor, of Mt. Lebanon, Pa., son of Mr. and Mrs. Robert N. Minor of Thorsby, Ala. on Sat. October 1st, in a double ring ceremony in the Presbyterian church of Waynesburg.

The ceremony was pearformed before the church alter which was decorated with bridal greenery and bronze and yellow mums and candelabra.

The bride, given in marriage by her father, wore a gown of white chantilly lace made with a fitted bodice, long pointed sleeves and scooped neckline with the full skirt falling into a chapel train. Her veil of illusion fell from a crown of seed pearls. She carried a bouquet of white orchids and stephonitis.

Miss Jane Hood of Pittsburg was maid of honor and bridesmaids were Patricia Hoge and Kathryn Levois. They wore bronze dresses and carried yellow and bronze Fugi mums.

The bride's mother wore a mauve ensemble and a corsage of pink roses.

Miss Ann McKenna of Waynesburg, organist, played a recital of nuptial music. During the ceremony she played the Lord's Prayer.

Robert Minor, brother of the groom, of Dickson, Tenn., was best man and ushers were Raymond Cogswell and Dave Miller both of Pittsburg, Pa.

A reception followed the ceremony in the Fort Jackson hotel.

A southern wedding trip was their honeymoon route and for traveling the bride wore a brown two-piece ensemble with gold accessories and she wore an orchid corsage.

The new Mrs. Minor is a teacher in the Castle Shannon Schools in Pittsburgh. The groom is district sales manager for the Srteeter Amet Co. of Chicago, Ill.

McCary and Turner Vows Said—

The living room in the home of Mr. and Mrs. James A. Turner, Sr. was the scene Oct. 21, 1955, of the marriage of Miss Shelby Jean McCary and Mr. James A. Turner, Jr. The Rev. Belan Friday performed the double ring ceremony in the candlelight service at 5 p.m. for the daughter of Mr. and Mrs. David McCary and the son of Mr. and Mrs. James A. Turner, Sr. The bride wore a slate grey suit with brown accessories. She carried a white prayer book and her corsage was white carnations. Miss Frances Beasley, a cousin of the bride, was maid of honor and was dressed in a black suit with black accessores. Mr. Farrel Tidwell was Mr. Turner's best man. The ushers were Miss Gloria Turner and Carolyn Scott. Miss Lenay Harris and Barbara Gordon lit the candles.

Miss Judy Scott registered the guests in the brides book at the door. Traditional wedding music was played by Miss Charlotte Harris. All wore white carnations.

The color scheme throughout the house was pink and white. Chrysanthemums, dahlias and other mixed flowers against a background of greenery made up the improvised alter.

Immediately following the ceremony the guest proceeded to the dining room where a small reception was held. The dining table was covered with a white satin tablecloth which was tucked on each side and each end with a pink carnation. The punch bowl was surrounded by zinnias and fern and the tierred wedding cake was white with miniature brde and groom on top. Misses Caroiyn Scott, Judy Scott and Carolyn Thornton assisted with the serving.

The bride's mother wore a navy dress of brown with white trim and black accessories.

Out of town guest were: Mr. and Mrs. Paul Beasley and children, Frances, Ben, Jane and Cory also Mrs. S. D. McCary all of Thorsby.

After a short wedding trip the couple will be at home in Alexander City, Ala.

Mr. and Mrs. David McCary are formerly of Thorsby and now of Alexander City.

Miss Annie Laurie Chambers of Alabama College spent last week end with her parents, Mr. and Mrs. J. U. Chambers. She brought several friends along with her but was unable to get their names.

Sims--Kelley Wedding—

Carrie Jean Sims, the daughter of Mr. Cleve Sims and Fred Kelley, son of Mr. and Mrs. W. W. Kelley, of Maplesville, were married Thursday afternoon, October 13, 1955, at Clanton, Alabama, by Reverend Paul Oden.

Immediately after the marriage they left for Nashville, Tennessee. They spent the night in Birmingham, and went on to Nashville, Friday where they spent the remainder of their honeymoon. They attended several broadcasts at radio station, WSM, and were interviewed at Breakfast at the Opera, broadcast over the same radio station of activities they attended the Saturday morning. After a full day Grand Ole Opry, TV show that was broadcast for one hour over a coast to coast TV net-work from the Ryman auditorium and by the way this same TV show was filmed and rebroadcast over channel six, Birmingham, Saturday night Oct. 22, 1955, from eleven o'clock until twelve, and Carrie Jean and Fred tells me they saw themselves in the audience during the show. While in Nashville, Fred and Carrie Jean also attended the Grand Ole Opera radio show that is broadcast every Saturday night over WSM, Radio. After the Grand Ole Opera, Fred tells us he had the pleasure of guest playing and singing on The Earnest Tubb Mid-night Jamboree, that is broadcast direct from Ernest Tubb Record shop over WSM, in downtown Nashville. This show reaches out over a big part of the United States. Several people have told Fred they heard him on the show. Fred and Carrie Jeaen tells us they had a wonderful honeymoon, and the return to Maplesville, was equally as enjoyable.

Fred Kelley is now doing a dee Jay show over WKLF, Clanton, Alabama every Saturday afternoon, and follows it up with a live show on which he invites local talent in to take part.

Tingle Reports-

2. Yellowleaf Creek Bridge on Mineral Springs—Lay Dam Road.

Roads Under Construction—

1. Verbena—Enterprise Road 6.8 miles. Tuscaloosa Contracting Company was awarded the contract on June 28, 1955. The contractor has cleared, graded, completed drainage and is now getting the road ready for base material. This road will be paved early next springs.

2. U. S. Highway No. 82 via Sprott to Perry County. Newell Brothers Contracting Company and George A. Dozier Contracting Company were awarded the contracts in June of 1955. Newell Brothers has completed the clearing and grading and an additional contract will be let for basing and paving. George A. Dozier is making rapid progress in completing the three bridges, which are approximately 102 feet each. This road should be paved early next spring.

3. Verbena to Verbena Cemetery to be paved. This road should be paved in the near future.

Cooper-Enterprise School Road Being Advertised for Contract—

This road from Cooper to Enterprise is approximately 5.34 miles and is being advertised for letting on November 4, 1955. There will be two contracts let, one for paving and one for bridges. This road should be under construction by December 1, 1955 and completed early next summer.

Thorsby - Collins Chapel - Union Grove Road Plans Being Completed

This road will be the next road to be paved. This will consist of approximately 10 miles and two large bridges. This project should be ready to be advertised for bids around the first of the year and should be completed before the end of next summer.

Buildings Completed During Fiscal Year

1. Chilton County Hospital
2. Chilton County Armory

Chilton County Airport

Most of the grading and drainage has been completed on the County Airport runway and the paved runway should be completed this next spring.

Chilton County Courthouse

The furnace boiler at the courthouse rusted out and burst and a new gas fired boiler has been installed.

Public Health Building

I have renewed Chilton County's application for a public health building and have been notified by Mr. Clay H. Dean, State Health Department, that Chilton County has been placed in second position for a new health building after July 1, 1956. The approximate cost of this building will be $66,000.00, with a Federal Aid maximum of $44,000.00. The cost to Chilton County will be contingent upon a constitutional amendment to be voted in December 6, 1955 as to whether the State of Alabama will participate in approximately one-sixth of the cost, or $11,000.00. Thus if this amendment is ratified by the voters, the net cost to Chilton County for a public health building will be approxmately $11,000.00, otherwise, it will cost Chilton County approxmately $22,000.00.

I would like to take this opportunity to thank each and every citizen in Chilton County for the cooperation you have given me during the past fiscal year. If I can be of service to you, please call upon me at any time.

Thanking you,
M. D. TINGLE,
Judge of Probate, Chilton County, Alabama

Mayor Writes-

of financing street paving. That it was not right, and would never be, to require a property owner to pay the full cost of such expensive improvement for public benefit and the public not pay any portion of the cost is certainly unreasonable and unfair.

I requested that the City with our regular street crew and supervisor, prepare the street bed, or base at the expense of the City, and the City assume one-third of the cost of the Asphalt finish, and the owners of property abutting on street being paved, pay two-thirds of the asphalt cost.

The City Council agreed, and we paved two miles in August and Sept. of 1953, our first experience. It cost the property owners with property abutting on the two miles of street only 25½ cents per lineal foot.

This summer we have paved two miles under the New Plan, but the City is not sharing in the cost of Asphalt Finish, therefore, the cost to the owners of property along the way is 55c per lineal foot. The advance cost to them is higher cost of material and labor and assuming one third for City.

The new plan saves contractor's profit, cost of assessing property, advertising for bids, local legal advice, contests, paying interest, special Bond attorney fee for certifying our bonds were legally drawn and are good. All of which is charged to paving cost.

When a street is paved under our new plan, there is no mortgage or assessment on the proprty and no one owes anything on the paving.

Now, Mr. Editor—my friend Ben, do you agree with me that improvement to streets is the responsibility and obligation of the entire City, and not the duty of the individual owner of property to pay the cost of paving?

Respectfully,
C. Fenn Jones, Mayor

Board of Education-

by the Legislature to education:

NOW, THEREFORE, BE IT RESOLVED that the Chilton County Board of Education endorses both the Building Bond Issue and the adjusted gross income tax bill and urge the people of Chilton County to vote for and work for the passage of both amendments in the election to be held on December 6, 1955, and

BE IT FURTHER RESOLVED that copies of this resolution be given to both newspapers published in Chilton County and that every other effort possble be made to publicise these sentiments of the Board.

Rev. William F. Rasberry Says:

Christ Must Be Lifted Up

(First in a series of three articles)

INTRO:

This refers to the last miracle wrought by Moses on the borders of the promised land—and the Lord sent fiery serpents among the people, and they bit the people; and much people of Israel died. Therefore the people came to Moses, and said, We have sinned, for we have spoken against the Lord and against thee; pray unto the Lord that he take away the serpents, from us. And Moses prayed for the people. And the Lord said unto Moses, Make thee a fiery serpent, and set it upon a pole; and it shall come to pass, that every one that is bitten, when he looketh upon it, shall live. And Moses made a serpent of brass, and put it upon a pole, and it came to pass, that if a serpent had bitten any man, when beheld the serpent of brass, he lived.—Numbers 21:6-9.

And as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up; here we have the very mission of Christ and that is to seek and to save the lost. He came to seek and to save the children of men from death, and recover them to life. Jesus Christ came to save us by healing us, as the children of Israel that were stung with fiery serpents were cured and lived by looking up to the brazen serpent.

I want us now to make a comparison between the lifting up of the serpent of brass and the lifting up of Jesus Christ—It was a serpent of brass that cured them. Brass is bright; and we read in Rev. 1:15 of Christ's feet shining like brass. Brass is durable; Christ is the same. He has always been and always will be. He changes not. It was made in the shape of a fiery serpent and yet had no poison, no sting, fitly representing Christ, who was made sin for us and yet knew no sin; was made in the likeness of sinful flesh and yet not sinful; as harmless as a brass serpent. The serpent was a cursed creature; Christ was made a curse. That which cured them reminded them of their plague; so in Christ sin is set before us. The serpent was lifted up upon a pole and so must the Son of Man be lifted up.

Christ was lifted up in His crucifixion. He was lifted up upon the Cross. His death is called his being lifted up—And I, if I be lifted up from the earth, will draw all men unto me. This He said signifying what death he should die.—John 12: 32, 33. He was lifted as a spectacle between earth and heaven. This is the real meaning of the verse.

Christ is lifted up in His exaltation. He was lifted up to the Father's right hand. He was lifted up to the Cross to be further lifted up to the Crown.

Christ is lifted up in the publishing and preaching of His everlasting gospel. The serpent was lifted up that all the thousands of Israel might see it. And this is the thing we want to notice or emphasize — that as Moses lifted the serpent where it could be seen; it is our duty today as Christians and as missionary believing people to lift up Christ where the world may see Him and believe in Him and be saved. This involves personal evangelism and world redemption.

Why Should We Evangelize?

There are many reasons why the world should be evangelized. Among some of the mare: First, Christ died for all. All have sinned and come short of the glory of God. The Bible states, "Neither is there salvation in any other, for there is none other name under heaven given among men, whereby we must be saved. Second, God is not willing that any shoud perish. And last but not least, because Jesus said so—The very last words of the Lord Jesus Christ upon this earth were, "but ye shall receive power, after that the Holy Spirit is come upon you; and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth," Acts 1:8. And again we read in Mark 16:15, "Go ye into all the world, and preach the Gospel to every creature." It was the great commission and supreme task of the Christian church and still is. Jesus has never rescinded, that command. He did not say that it was a good idea to go, nor did He suggest that we go, but He has Commanded that we go. A new father looking at the babies through the glass of the hospital nursery noticed that every baby was crying. "What's the matter?" he asked a nurse. "If you were only a few days old and owed the government $2050.00, you'd cry too, she replied.

Our huge national debt has a mortgage on each American, young or old. The new born Christian also starts his spiritual life with a debt —but not the debt of sin. The debt each Christian owes is expressed in the words of Paul: "I am debtor both to the Greeks, and to the Barbians; both to the wise and unwise. So, as much as in me is, I am ready to preach the gospel to you that are at Rome also. Rom. 1:14, 15. Every Christian is under obligation to preach the gospel "as much as in him is," to the unsaved, especially the millions who have not yet heard it. Yes, we are commanded to go.

Dr. Fred Jarvis, Director of the Evangelistical Alliance Mission in Japan, gives us these words in an article from the Christian Digest God's Global "GO" must grip our least, the last and the lost . . . Jesus is necessary for all or He is not necessary at all . . .All of us must go, let go or help go. . .'To be filled with the Holy Ghost is to be filled with a holy "Go." If more of us were abiding in the will of God, fewer of us would be abiding in America. . . We must put the "Go" back in "Go - - spel" and hasten it to the ends of the earth!" End of article.

NEW HARMONY NEWS

There was a nice attendance for Sunday School and church services Sunday. Due to the fact that he was having trouble with an afflicted leg, Brother Oliver did not preach Sunday morning, but he brought a wonderful message Sunday night. Let us all remember to pray that his leg will continue to improve.

Bro. and sister Oliver took Sunday dinner with Mr. and Mrs. W. M. Smtherman.

Mr. and Mrs. O. B. D. Williams had as their Sunday dinner guests Mr. and Mrs. Pete Williams and family, and Airman 3-c James Wilson, who is stationed in Texas.

Mr. and Mrs. Paul Headley and family, passing through on their way from Michigan to their home in Florda, are stoppng over to visit her parents, Mr. and Mrs. Lawrence Lttleton, and other relatives in this community for a few days.

Mr. and Mrs. J. A. Littleton took Sunday dinner with her brother and family, Mr. and Mrs. Marshall Williams.

Mr. and Mrs. James Smith and children are visiting here for a few days.

Mr. and Mrs. Carrol Chason visited relatives in this community for a short time last week before going to Georgia to visit his parents. They will be making their home in Florda.

We are glad to see Miss Myra Smith back home spending some time out in Missouri.

Mr. Julian Baker and Mr. Melton Short attended the General Assembly of the Emmanuel Hoiness Church which was hed in Georgia, Saturday.

We would like to urge every one to take part in the coupon raising which is being put on by our movement to help to raise funds to build an orphanage. The young person who collects and sends in the most coupons will receive a prize. We think that this is a very worthy cause and should receive our full cooperation.

Remember our regular Sunday School and church services next week-end and don't fail to attend.

Amendment No. 2 Would Help School Building Program

A fact that is alarming to every Alabamian is the fact that Alabama ranks lowest in the nation in providing buldings and facilites in the education of our children.

Everyone is convinced that something must be done. In order to keep from penalizing the children in school today, whatever is done should be done right away. Today's children are on their way through public school. They will be there only once. It is up to us to see that immediate action is taken, so that those in school now will get some of the benefits.

Amendment number two in the election of December 6 will give the citizens of Alabama a chance to begin immediate action. This amendment provides for a bond issue that will provide a part of the money so badly needed in the construction of classrooms, sanitary toilets, needed lunchrooms, auditoriums, etc. Chilton County's portion of the money provided in this bond issue will be around $750,000. Although this is considerably less than the amount needed, it will go a long way toward relieving the present bad situation.

In our own County of Chilton we have the following deplorable condition existing today:

1655 pupils in 16 schools are using unsanitary outdoor privies.

1101 pupils in 12 schools are using smoking coal space heaters.

350 pupils ride school buses 16 years old.

300 pupils are attending school in subnormal classrooms.

24 classrooms are needed to relieve crowding and provide desirable space for all pupils.

The bond issue amendment is dependent upon the tax amendment (no. 1) in that the tax amendment provides the money to pay off the bonds. In a sense, they are companion amendments and voters should consider both carefully. Whether or not Alabama improves its comparative position in educaton depends on how ts citizens react

MYF Members Observed UN Week With Program

The Methodist Youth Fellowship of First Methodist Church Clanton, celebrated United Nations Week with two impressive programs.

On October 16th they were hosts to four foreign students who are attending Alabama College at Montevallo. The students were Samira Kahki, Egpt; Ratna Murthy India; Young Hi Kim, Korea; and Keiko Nakada, Japan. They were accompanied by the Alumnae Secretary, Miss Helen Newton.

Upon arrival at the Methodist Church, the young ladies were introduced to the ofifcers of the MYF and then escorted into the basement of the church for a typical American supper. Those who enjoyed the period of fellowship were Rev. and Mrs. M. K. Vickers, Mrs. Joe Campbell, Miss Helen Parrish, Maryetta Propst, Holley Griffin, Carolyn Tucker, Marvin Vickers, Jr., Billy Miller, Patricia Traywick and Dennis Goodwin.

Following the meal, the group adjourned to the MYF room for a series of interesting talks by the foreign students. They spoke briefly on their countries, with special emphasis on their religons. Miss Kim from Korea showed colored slides of native dances and answered questions from the MYF students and their guests. Everyone present felt a closer bond of friendship with these foreign students at the end of the evening.

A second program on the United Nations was presented on October 23 during the evening worship hour. The History and Accomplishments of the UN were presented by Kenneth Messer, John Hollis Jackson, James Studdard and Carolyn Tucker.

Following the services, the congregation viewed a display of symbols which are characteristic of the great religions of the world. Those participating in the tableau showing the Confucius regleon were Carolyn Tucker, Billy Miller, Gloria Ann Deason and Dennis Goodwin; the Buddhist religion was portrayed by Maretta Propst and Holley Griffin; the Hindu religion was depicted by Minnie Mae Swanner, Pat Traywck, Robert Traywick and Thomas Swanner, the Jewish religion was represented by the Star of David; and the Christian religion was shown by a lighted Cross. The membership of the Church viewed the work of these young people and then adjourned to the basement for refreshments. The United Nations programs were under the direction of Miss Helen Parrish, who was serving as UN Chairman for the Pilot Club of Clanton.

Mulberry Baptist News—

The Mulberry Baptist Church is happy to report a new member, Miss Audrey Mae Baker. Audrey united with our church by baptism. The Ordinance of Baptism will be observed at the Evening Worship Service Sunday Night.

The offerings at Mulberry have been exceptionally good during the month of October. The offerings Sunday will all be put on the building fund. All members are urged to give what they feel that they can, as the fifth Sunday has been designated as building fund day and "Catch-up" day.

The Youth Fellowship will meet Sunday Night after the Evening Worshiv Service. The place of the meeting has not as yet been announced, but will be announced Sunday.

Wednesday Night of next week will be Family Night at Mulberry. All men, women, and children are invited to be present for this meeting. All organizations of the W.M.U. and the Brotherhood will meet at that time.

The attendance was off slightly last Sunday from the average. However, the Lord blessed in all services. Sunday Morning the pastor preached on the subject, "The Family of Noah, the Man Who Stood Alone For God." Sunday night the subject was "What Is Hell Like."

The Laura Williams Circle met with Mrs. Jack Tucker on Tuesday, October 18. Plans were made to purchase a heater for the Adult Womens class and some tables for the church auditorium. A program on Missions was given by several members, taken from the Alabama Baptist magazine.

Refreshments were served before the meeting was called to order at 3:45 by the hostess.

We still have plenty vanilla flavoring for sale.

If you have any bocks you have finished reading, return them so others may enjoy them. We have a lot of good reading material in our church library. The librarians are always glad to help you select a book.

Isabella School News—

The Isabella Mustangs played a good game at Calera last Friday night, although the score was 21 to 13 in favor of Calera.

They will play Maplesville, here, this Friday night, Oct. 28. The Hallowe'en King and Queen will be chosen at this time. Each room has a king and queen in the contest. Come out Friday night and vote on your favorite for King and Queen.

On Nov. 4, Isabella will play Billingsley here. Let's all go out and show our interest in our team by supporting them.

Mrs. Lefstead's fifth grade will have chapel program this Friday, Oct. 28. Next week, Nov. 4th, Mrs. Cummings' fourth grade will have charge of chapel program.

Pictures have been made of all students at Isabella. We will be looking for them to come back soon. Tell mom and dad to be ready to buy them.

Beta Club—

The Beta Club of Isabella High has thirteen new members. They are: Sue Culp, Hubert Cummings, Alice Dennis, Anita Lockhart, Francis Owens, Juanita Popwell, June Bean, Shelby Jean Chandler, Walton Henley, Odell Higgins, Roscoe Nabors, and Lamar Bice. Congratulations to all of you.
